GIFT OF SILVER PLATE

FROM BOARD OF TRADE TO L. L. HENDERSON

On the Occasion of His Removal to Montreal—H. W. Richardson Re-elected President of the Board by Acclamation.

At a special meeting of the Board of Trade, on Monday evening, the nomination of officers for the ensuing year took place. All were elected by acclamation, with the exception of the council. The annual meeting will be held on Tuesday evening, May 4th. The nominations were as follows: Hon. president, Hon. William Harry M.P., and W. F. Nickle, M.P.P. President, H. W. Richardson, (acclamation).

First vice-president, C. A. Macpherson, (acclamation).

Second vice-president, J. S. Turner, (acclamation).

Council (elected to be elected), F. R. Anglin, C. Livingston, C. Birmingham, R. Crawford, D. G. Laidlaw, H. W. Snelling, F. G. Lockett, Dr. Ryan, B. W. Robertson, W. T. Mimes, E. T. Steacy, John Hewton, E. E. Horsey, M. S. Sutherland, R. H. H. Francis, King, Elmer Davis, J. P. Hanley, James Swift, G. Y. Chown, John Smith, F. C. Ireland, H. D. Bibby, John McKay, J. M. Farrell, James A. Minnes, W. R. Givens, N. E. O'Connor, William Cook, N. C. Polson, Jr.

A pleasing event then took place—the presentation to L. L. Henderson, who moves from Kingston to Montreal as general manager of the Montreal Transportation company, of a piece of silver plate on which was this inscription:—Presented to L. L. Henderson on his departure from the city by the Kingston Board of Trade, April 26th, 1909.

The presentation was made by the president, H. W. Richardson, who expressed the regret of the board and the citizens generally, at the removal of Mr. Henderson from the city. Mr. Henderson had become the manager of the largest transportation company in this part of Canada, and Kingston was proud of his promotion as one of its sons. Mr. Henderson, he said, was one of those who were instrumental in forming the new Kingston Board of Trade.

Mr. Henderson expressed his gratefulness to his comrades of the board for their gift and the president's words of appreciation. He regretted leaving Kingston, his native city, but the business interests of his company rendered it imperative. He had many warm friends here, and would always feel at home in coming back here in time to come.

Afterwards, refreshments were served by Caterer Belsom, of the Frontenac Club, and the board members had a sociable time.

MARRIED IN TORONTO.

H. M. Davy, of Odessa, Weds Miss Irene E. Shaver.

The home of Lemuel J. and Mrs. Shaver, 62 Wilson street, Toronto, was the scene of a pretty wedding, last Wednesday evening, when their only daughter, Irene Ellawayne, became the wife of Henry Mowat Davy, of Odessa. The house was prettily decorated and the ceremony, which was performed by Rev. J. B. La Flair, of Dunaville, took place under an arch of apple blossoms and white bells. Miss Florence Gillies played Mendelssohn's march as the bridal party entered the parlors. The bride, who was given away by her father, was becomingly attired in a gown of ivory satin, trimmed with pearls and children. She wore a full veil and carried a basket of carnations and roses. Ross Shaver, of Dundas, the bride's cousin, was groomsmen.

Following the ceremony a dainty supper was served, after which Mr. and Mrs. Davy left for Montreal and on their return will reside in Toronto. The esteem in which the bride is held was shown by the large number of handsome and costly gifts which she received. The bride's travelling costume was of wine-colored broadcloth. The groom's gift to the bride was a gold bracelet; to the groomsmen a gold ring; to the bridesmaid a pearl link; to the pianist a gold pin, and to the flower girl a pearl brooch.

The out-of-town guests were: H. S. and Mrs. Davy, Odessa, parents of the groom; Mr. and Mrs. A. W. Bell, Mr. and Mrs. J. W. Milne, Toronto; Mrs. Bessie Devesy, Miss Laura Davy, Odessa; Miss Olive Bonham, St. Catharines; Mr. and Mrs. John Jamieson, Westover; Mr. and Mrs. R. W. Rolofson, Galt; Mr. and Mrs. Charles Shaver, Miss Minnie and Ross Shaver, Dundas; Miss Hazel Hataway, Toronto; Miss Pearl Hamilton, Strabane, and Miss Etta Smith, Westover.

What All Burglars Should Get. New York, April 27.—Following his imposition a week ago of a forty-two year term in Sing Sing prison on Hyman Grizhandler, for attempted burglary, Justice Dike, in the county court at Brooklyn, yesterday, imposed a sentence of thirty-four years upon Meyer Krinick, Grizhandler's partner in various burglaries. The two men, who were caught picking a lock of a policeman's apartment in Brooklyn on April 3rd, are charged by the police with being perpetrators of more than 100 burglaries in various parts of Brooklyn.

THE DAYLIGHT BILL

COMMITTEE FAVORS PRINCIPLE OF USING SUNLIGHT.

Likely to Be Postponed—Government is Asked to Press It, But Hasty Action is Depreciated.

Ottawa, April 27.—The special committee of the House of Commons named to consider E. N. Lewis' daylight saving bill, reported the measure, with a couple of amendments.

One provides that the hands of clocks be advanced an hour from the first Sunday in April to the first Sunday in November, instead of April 30th to October 30th, as provided by the bill.

Another amendment is to designate the time as "standard" time, instead of "local" time, as proposed by Mr. Lewis. The committee of which H. Y. McLean of Huron was the chairman, received scores of resolutions passed by boards of trade and other public bodies in favor of the adoption of the principles of the bill. The objections received were few and far between.

While the committee is desirous of seeing the bill passed by parliament this session, it is doubtful if the government will consent to this. It will probably be pointed out that the British parliament, which has had a similar measure under consideration for a longer period, has not yet passed it. The advisability of the matter receiving more consideration will also be urged. Even if passed, the bill would not come into force for a year, there being a provision in it to that effect.

Mr. Lewis and Mr. F. A. Monk waited on Sir Wilfrid Laurier this morning, and asked him to make the bill a government order, and pass it with this session of parliament.

NEW ACCIDENT INDEMNITY Issued By the Fidelity and Casualty Co.

The Fidelity and Casualty Co., of New York, in presenting their new life indemnity policy of accident insurance, believe that they are giving an opportunity to insure under a contract that is far and away ahead of any accident insurance proposition hitherto placed before the public.

The change from old-time contracts is radical and absolute. For instance the weekly indemnity is payable while the assured lives and suffers total disability. No other company in the world is as liberal.

This is a statement expressed in a few words, but the world of meaning it contains is almost beyond expression. For instance, suppose a man thirty years of age should receive injuries that would disable him for life. Under a \$5,000 policy he would get \$25 a week, \$1,300 a year. In four years he will have had more than the principle sum of the policy, and just after his birthday he will have had the principle sum of the policy ten times over. The policy itself will be just as young and vigorous as it ever was. Put the same proposition into larger policies and at other ages and its liberality will astonish the thinking man.

The rates are low and any person contemplating putting on a policy should call or see W. J. Fair, agent, Kingston, Ont.

Prince Edward's Cheese. Prince Edward county has thirty-six factories, with 3,100 patrons, says the Gazette. To these factories Inspector Whittam made 325 calls during the season. The number of cows from which milk was obtained for cheese making was 24,565, yielding 67,836,056 lbs. of milk. The average yield of milk per cow for the season was 2,761 lb. The number of pounds of cheese made from May 1st to November 1st was 6,435,175 and 3,472 tests for adulteration were made, and five samples were found to be adulterated. Eleven factories manufactured whey butter. Fourteen factories have curing rooms in which the temperature can be controlled. Twenty-five factories made improvements to their buildings and plants, at an estimated cost of \$7,050. With cheese at 12c. it means that \$772,221 was realized by the patrons.

Taxicabs For Kingston. It was stated to-day that it is the intention of the company operating the taxicabs in Toronto to run five of them in Kingston and three in Brockville. The taxicabs would certainly prove a great boon for the summer tourists and would be gladly welcomed by everyone. Although they have only been running a short time in Toronto they are giving great satisfaction. With taxicabs and an up-to-date automobile line to Napanee Kingston will certainly be in the "swim" all right.

The Late George V. Dulmedge. The death occurred at Sydenham on Monday of George V. Dulmedge, at the age of ninety-four years. Deceased was born in Kingston in 1815. His father was Elias Dulmedge, at one time jailer of Kingston. The late Mr. Dulmedge was a teacher for many years. For a long time past he lived a retired life in Sydenham. He was the oldest man in the township of Loughboro.
