THE WOMEN CUT OUT.

The garbage question is being handled in a very gingerly way by the city What a pity it is that there has not Stove Pipe and Grate & council. There is no more important matter for civic treatment, and seeing that it is associated with the clean liness of the city should be left with the board of health. The new board may not desire to deal with the is sue, but its members are business men le with a serious emergency when it tario.

> One thing is quite certain, namely, that only a limited service can be undertaken with the appropriation. There may be a vast improvement upon present conditions—it would be school for scandal or fisticuffs. remarkable if this improvement did not take place-but to secure a Comregular visitation of every part of the bers have protested against the print- stroke several days ago, died peace- but his attempt to produce Strauss'

Perhaps for the time being, and as popular one. feature of the initiation of this scheme, a small tax can be levied upon the individual, or householder in addition to the amount which is paid by the council. In that way the city will perform a superior work at a minimum of cost, and no one can appreciate the effect it will have upon the public health. It is a regrettable circumstance that the wo men who stirred up the interest in the subject, and really forced action upon the council, have no hand in its treatment now. They studied the situation thoroughly, made an honest at tempt to determine what it demanded, and would have been most helpful in developing the plans for which the aldermen are not showing very much

NOT ENTITLED TO MERCY. Cowardly insinuations against an one should not be permitted in the

did not bring distinction to himself when he charged that an ex-member of the government and a present a western land deal. He was quickly called to account by the speaker cres, or 130 per cent. and then attacked the premier Saskatchewan, declaring that he had put through a deal for the Saskatchewan Valley and Maritoba Land Valley company and been given stock to the value of \$10,000. The abuse of a man who could not defend himself is about the most contemptible business in which one can engage During the Saskatchewan campaign ble information of the opportunities, Mr. Scott had to meet the slanders in the way of undeveloped resources, y fashion, Glen Campbell would not say of Mr. Scott anything in James Campbell, place where he could be called to account. He is privileged to introduce wheat lands for every one informed it in parliament, though why this privilege should be is contrary to the average man's sense of fair play and justice. A man who indulges in slander anywhere should be subject to correction. A member takes his political life in his hands, metaphorically, when he makes charges against an These Paints are the best preservatives other, and does it in good faith, alfails to make good his allegations. A member should similarly take his political life in his hands

Publicity Pays Handsomely.

aturday Post. Southerners are raising the slogan, Organize and Advertise." "Due to lack of intelligent exploitation," says one, "the south is less understood and more misunderstood than any other region of our country. From Canadian parliament. Glen Campbell 1880 to 1900 the amount of farm land inder cultivation in twelve old southern states increased twenty-three milion acres, or thirty-three per cent. In the same years the amount of farm member of the house had profited by land under cultivation in six new western states increased fifty-eight million

Since 1900 there has been a notable rain, Southern bank deposits increasng 140 per cent., against 110 per cent. or the middle west. That the south still suffers from lack of organized, nergetic advertising such as the new vest enjoyed, is, however, a growing conviction. With this idea the Southrn Commercial Congress, having headquarters at Washington, has been instituted. It believes that relatively ewer investors and settlers have relin the south than in any other secion, and it purposes to remedy that ondition. We hazard a guess that here are ten farmers in the middle! west who are posted on Canadian oncerning southern agriculture; and ve are quite persuaded that it pays communities, as well as individuals, to advertise.

A Growing Pension List.

A feature of militarism not to be verlooked in considering whether, we hall give way to it is the military pension list. All these years after the ast war waged by the United States, the Congressional Record, number after number, swarms with private bills or the grant or increase of pensions. in the last number there are fourteen columns of them. The cost which at the close of the war with the south cannot prove. He is not entitled was reckoned at twenty-five millions, is now reckoned at a hundred and fifty-three millions, with a prospect once and hardly smelt powder are "veterans" for the rest of their days ion put to it at the last meeting, and claim pensions, while laboring It men who often have plied more danwas in connection with the institute gerous, as well as more beneficent trades, contribute to the taxes out of gymnasium, which was alleged to which the "veterans" pension is
