

LUCKY MR. BROWN.

If it had not been for "Fruit-a-tives," Mr. Lemuel Brown, of Avondale, N.B., would still be living on stale bread and porridge, and suffering tortures with indigestion.

His stomach was so weak that he had to give up all kinds of meats, potatoes and other vegetables, and even deny himself the comforts of a cup of tea.

Fortunately, Mr. Brown read about "Fruit-a-tives," bought a box and was so much improved by taking the tablets, that he used four boxes altogether.

"I have been a great sufferer from indigestion for fifteen years. About two years ago, I read about Fruit-a-tives and concluded to give them a trial. I used nearly four boxes of "Fruit-a-tives" and they have made me feel like a new man. I can eat all kinds of hearty foods and enjoy tea and coffee."

This is not a rare case, but the regular experience of everyone who uses "Fruit-a-tives" for Weak Stomach, Indigestion and Dyspepsia. Try them. 50c a box, 6 for \$2.50, or trial box, 25c. At dealers or from Fruit-a-tives Limited, Ottawa.

Will U. S. Annex Canada?

Uncle Sam has about as much chance to do so as a cheap acid corn salve has of curing a corn. Nothing gives such satisfaction as Putnam's Corn Extractor, which cures painlessly in twenty-four hours. Use only "Putnam's."

A scientist says the cholera germ looks like a comma. Possibly, but when it gets into a man's system it is apt to put the final period to his existence.

Vague Pains Point To Rheumatism.

There is no disease more sneaking, treacherous and insidious than rheumatism—to-day you're well—to-morrow perhaps in bed. The pain may settle in your back, arms, legs, thigh bones, knees, fingers—not even the heart is exempt.

Nerviline is the cure—a few vigorous rubbings with this trusty liniment proves what wonderful healing powers a good medicine can possess. Deep into the aching tendons and muscles, right through the bones and sinews goes the penetrating, pain-destroying properties of Nerviline. Failure is impossible—Nerviline always cures rheumatism, sciatica, neuralgia and lumbago—in fact there is not an ache or a pain that a liniment should cure that won't yield quickly to Nerviline. Don't hesitate to try "Nerviline"—it has restored thousands of despairing, broken-down men and women, has astonished physicians with its rapid cures, and in your case, as in others just as bad, Nerviline will cure quickly. Refuse substitutes—use "Nerviline" only. Large 25c. bottles. Sold by all dealers.

EACH MEAL AN AGONY.

Dr. Williams' Pink Pills Cure Obstinate Indigestion.

"When I was first troubled with it, I thought it would pass away naturally. But instead of doing so it developed into a painful chronic affection, which in spite of all I did, grew worse and worse until I had abandoned all hopes of ever getting relief."

"I used to rise in the morning," said Mrs. McKay, "feeling no better for a night's rest. I rapidly lost flesh and after even the most fragrant meal I always suffered severe pain in my stomach. I cut my meals down to a few mouthfuls, but even then every morsel of food caused agony. My digestion was so weak. Some days I could scarcely drag myself about the house, and I was never free from sharp piercing pains in the back and chest. I grew so bad that I had to limit my diet to milk and soda water, and even this caused severe suffering. In vain I sought relief—all medicines I took seemed useless. But in the darkest hour of my suffering help came. While reading a newspaper I came across a cure that was quite similar to my own case, wrought by the use of Dr. Williams' Pink Pills. I thought if another person had been cured by these pills of such suffering as I was experiencing, surely there was hope for me, a supply of these pills. The first indication that the pills were helping me was the disappearance of the feeling of oppression. Then I began to take solid food with but little feeling of distress. I still continued taking the pills with an improvement every day, until I could digest all kinds of food without the least trouble or distress. I am in splendid health to-day and all the credit is due to Dr. Williams' Pink Pills."

Dr. Williams' Pink Pills go right to the root of indigestion and other troubles by making rich, red blood which tones and strengthens every organ of the body. That is why they cure anaemia, with all its headaches and backaches, and sideaches, rheumatism and neuralgia and the special ailments of growing girls and women of all ages. Sold by all medicine dealers or by mail at 50c. a box or six boxes for \$2.50 by writing The Dr. Williams' Medicine Co., Brockville, Ont.

WOLFE ISLAND DEATH.

The Late Michael Lacey, Aged Eighty Years.

Wolfe Island, April 26.—On Saturday morning the death occurred of one of Wolfe Island's most respected citizens, in the person of Michael Lacey, at the home of his daughter, Mrs. Herbert Dawson, at which place he had been since last September. Deceased had been ailing all winter and death was not unexpected. He passed peacefully, surrounded by all his family. He was aged eighty years. His wife predeceased him about three years ago. He is survived by five children, P. Kane, Mrs. Matthew Flynn, Wolfe Island; Mrs. E. Cough, Watertown, and Mrs. Otis Robinson, Cape Vincent, and two sons, Daniel and John, on the island. The deceased gentleman was also a brother-in-law of James McGlynn, treasurer of the Conservative Association. His funeral took place this morning at the Church of the Sacred Heart, and was one of the largest ever seen on the island.

SOUTHERN MANITOBA

IS AFFLICTED WITH PEST OF ENORMOUS RATS.

Immense Amount of Damage Done to Grain and Chicken Industry and Buildings Riddled.

Winnipeg, Man., April 27.—In Southern Manitoba a most remarkable phenomenon has occurred in the shape of an invasion of rats. The pests are of a large size and are most destructive. A despatch from Gretna says they are doing a vast amount of damage just now, more especially amongst the chickens, the raising of which is quite an industry in the district. One farmer said it was almost impossible to tell the extent of the damage as there is so much covered up that does not appear on the surface. One of the residents of the town showed a correspondent where they had gnawed holes in the studding and sills and rafters of a building. Very little more of the same work would make the building unsafe. They also worry hogs, horses and chickens.

Some idea of the numbers in which the rats infest this district can be gathered from the fact that in one trap set nine large rats were caught one night. The next night seven were caught in the same trap, in the same place. Another resident caught nine with a large trap. The town of Morris is worried by the pest. R. C. T. Collins, one of the councillors, has interviewed the authorities here on the subject. He says farmers around Morris are catching from eight to twenty rats per day. The vermin are similar to those found in the old country. They are doing much damage to farmers' granaries and also to dwellings. They first appeared in Emerson. Then they were found at Gretna, and now they are at Morris, and are moving north. "We are overrun with rats," said Mr. Collins, in an interview. "and the pests are marching on to Winnipeg. They will reach your city this summer."

The matter is so important that the deputy minister of agriculture has been sent south to make enquiries, and Mayor Sanford Evans has announced that the city will take action.

HARROWSMITH HAPPENINGS.

Oddfellows Service—Two Victims of Rheumatism.

Harrowsmith, April 27.—If the weather keeps fine a few days there will be a lot of seeding done. The syrup season was very short this spring and lots of people failed to get their supply. William Davidson left for Fort William on the last of the month. Jackson Bros. are about to commence the stone work for a new summer cottage at Sydenham. J. F. McKim, postmaster, is laid up with rheumatism. A. Walls, of Verona, is filling his position.

Charles Stewart, who had been confined to his bed for the past three weeks with rheumatism, is not improving very fast. D. Buek, who also has been laid up all winter with rheumatism, had a serious attack on Friday night, but has recovered sufficiently to be moving around. Jackson Bros. have been building fences for Alexander Thompson, who has recently moved to the farm he purchased some time ago from William Watts. The infant daughter of Mr. and Mrs. George Nolton, who was seriously ill last week, is convalescent. C. Garrison, of Colebrook, has been canvassing for well drilling.

The Oddfellows turned out in goodly numbers on the 25th to attend their anniversary service in the Free Masonic church. An able sermon was preached to them by the pastor, J. P. McInnis, assisted by Rev. Mr. Lillstone. The church was well filled. Lillian Burton is painting and papering in Sydenham. A. Cook has opened up a jewelry business in Sydenham. Marl Ward, express messenger on the C.P.R. at Ottawa, is home on a touch. J. Hawkie and wife, Percy Shibley and wife, are at Anson Hughes'. Mrs. J. Woodruff and D. Graves'. G. Hogan at James Trousdale's.

John Corbin, New York, the judge, places as close second the Conservatoire La Salle, Montreal, whose play was "Les Precieuses Ridicules." The Margaret Anglin gold bracelet, for the best actress, was won by Miss Nancy, of Le Cercle Litteraire St. Henri, Montreal. She played the part of "Lionette" in La Princesse De Bagdad.

Forgive, Dear Heart.

Forgive, dear heart, dear love—forgive. That I so lean upon your strength. For in your soul my soul would live. It leans and strains its bridge-length. Through all the busy noon I fend a dream of you that sits apart. But when the hours their labors end It knocks and enters in my heart. And there the long, still night it lies. So close and warm upon my breast, As bird that flies to alien skies At even flutters to its nest.
