UNDER PROTECTION

MISS KINRADE CAN SAFELY ATTEND INQUEST.

This is Statement of Her Counsel—Lacked That, Inquest Will Be Carried on in Private.

Hamilton, Ont., May 1.—J. Lynch-Staunton, counsel for the Kinrades, and Thomas Hobson, had a conference, this morning, and drew up a long letter, which was sent to the attorney-general of the province. The letter starts off with the following statement: "We have just been notified that Miss Kinrade has now been served with a crown office subpoena to attend the coroner's inquest, and we have advised her that she is now under the protection of that court, and can safely attend for examination."

The letter proceeds to point out that Chancellor Boyd expressed the opinion that the young woman would be examined on the ground already gone over and not along a line tending to lay a charge against her. The letter states that it is the intention of Miss Kinrade and her mother to attend in compliance with the high court subpoena. It further says that they had no desire to evade proper legal examination, but that they felt they should be under the protection of the high court.

Another paragraph in the letter is: "We also request, on behalf of the afflicted family, that you will instruct the coroner to hold the remaining sessions of his court in camera, and that adjournments be made as is usual in other courts."

The final paragraph points out that Crown Attorney Washington has made the statement that an act of parliament should be passed, prohibiting newspapers printing anything about a case like this until the final trial.

GROWING BOYS AND GIRLS. Need Pink Pills to Give Them Health and Strength.

Growing boys as well as girls need such a tonic as Dr. Williams' Pink Pills to keep the blood, rich, red and pure, and give them health and strength. Mrs. Edward Koch, post-mistress at Prince's Lodge, N.S., tells the great benefit her little son has derived from the use of this world-famous medicine. Mrs. Koch says: "My little son, Reginald, had been troubled with anemia almost since birth. He was always a sickly looking child, with no energy and little or no appetite. His veins showed very plainly through his skin and he had several serious attacks of stomach and bowel trouble, and on one occasion his life was despaired of by two doctors who were attending him. His little body was slowly wasting away until he was nothing more than a skeleton. He was peevish and fretful and a misery to himself. Having read and heard so much about Dr. Williams' Pink Pills, I determined to try them in his case, and after giving them to him for a couple of months, they certainly worked wonders with him. To-day he is fat and healthy looking; he has a hearty appetite, is able to play like other children, and is bright and energetic. Instead of dull and listless as he used to be, Dr. Williams' Pink Pills have changed my puny, sickly child into a rugged, hearty boy."

Dr. Williams' Pink Pills cured this sickly boy because they went down to the root of the trouble in his blood. This is what they never fail. Bad blood is the cause of all common diseases like anaemia, (bloodlessness) economy, paleness, headaches, indigestion, kidney trouble, neuralgia, rheumatism and the special ailments that only growing girls and womenfolk know. Dr. Williams' Pink Pills don't bother with mere symptoms, they cure disease through the blood. They stay cured for a day—they cure to stay cured. Do not take any pills without the full name, "Dr. Williams' Pink Pills for Pale People," on the wrapper around each box. Sold by all medicine dealers, or by mail at 50c. a box or six boxes of \$2.50, from the Dr. Williams' Medicine Co., Brockville, Ont.
