The director was obliged to give in.

All the lamps in the place had been the table making pitiable manifestations mental suggestion of which he was once

sugges ion and gave much attention to psychology of disease. At that time, mind have more to do with developing the body and phases of temperament than I would to-day. A broader
observation, the study of many people,
both collectively and individually, and
many studies and works on tuberculosis and other diseases, has convinced
me that nutrition practically has everything to do in developing the body,
and much to do with the mental qualiand much to do with the mental quali

FUTURE OF HIS COUNTRY.

England's "Mistake" As Kaiser

London, May 1:- An interview is reported to have taken place between the kaiser and a representative of Shipping Truth. The kaiser is reported to have

"You English make the one big mistake of always imagining my people are seeking to spoil your trade supremacy on the seas. All my people want is a share of it—of course, as large a

one as possible.
"That I and my people are sincerely desirous of having nothing but the annicable relationship with the English peoples may not be believed in your country, but we are used to being misof great regret to me hat, notwith-standing all my protestations and the official statements of my ministers, it should still be possible that your people should cherish so deeply hostile an attitude to my people in their trade

relations. "Why should your people imagine that, by some divine right, the oversea specially intrusted to them, to the exclusion of all other nations in general and the fatherland in parsicular? Am I not to be excused for thinking that your shipowners' hatred of our great mercantile marine is solely based on their fear of losing still more of the

"You ask me to what I attribute the to my people's competition. All comto meet it; but your shipowners are noises. Mr. Wigglesworth had a screen angry because the days of ten, twenty drawn across the room to hide the and thirty years ago are gone from them for ever. Then they made great

profits-exortionate profits. "Why, you English people ought to thank my people for the very competi-tion of which you complain. It has reduced transit costs to you and all other nations as they would never otherwise have been reduced,

"But you English; you are selfish and suspicious, and you make the mistake of not so encouraging your shipping men, by state assistance and by honoring your parriotic ones, so that with swords was fought between two there shall be some other aim for them well-known men of letters yesterday than mere money gain. You see, I am morning at the Parc aux Princes, just generous, for in telling you this I tell you the secret of the development of The combatants were MM. Charles my people's mercantile power on the Henri Hirsch, the novelist and dram- seas.
