GOOD-BYE TO SOLDIER. Q. M. S. NEWNHAM OF THE HORSE ARTILLERY.

Entertained at the Sergeants' Mess—He Goes to Halifax—Has Served in the Artillery For Twenty-Six Years.

On Friday evening the sergeants' mess at the Royal Canadian Horse Artillery brigade, was a gay place, when a farewell smoker was given to Quartermaster-Sergeant Newnam, who leaves shortly for Halifax.

On Friday evening, all Sergt. Newnam's brother-officers gathered together in the mess for a few hours' companionship before the departure. The smoke was curling towards the ceiling, stories were going the rounds, the piano was giving forth sweet music, and the best of good fellowship prevailed.

The programme opened with "Huk Britannia," rendered by the company. Songs were rendered by Q.M.S.I. Cliff Ford, G. M. Hailey, W.O. Q.M. Sergt. Farr, Sergt. Crowley and C. Stroud.

Some excellent musical numbers were rendered, including a piano solo by L. Marchand; saxophone solos by A. E. Hunt; cornet solos by Corp. Huberland. Recitations were given by J. J. Evans, Sergt. Harte, and one, entitled "Good-Bye, Little Boys, Good-Bye," by Sergt. Newnam.

During the programme many stories of old times were related, and many good selections on the banjo and memory again. Before the affair broke up, with the singing of "Farewell to a Jolly Good Fellow," everyone wished Sergt. Newnam long life and happiness in his new position.

MARINE NEWS.

What is Found About the Wharves.

"Just so thick, you could cut it with a knife." A marine man made the above statement this morning, when asked about the fog, and others expressed a similar opinion.

The steamer Ralph cleared for Oswego, to go in the dry dock. The vessel has been waiting here, for a chance to go in the government dry dock, but owing to pressure of other work there, could not get the required work done, so had to go to the other side, as valuable time could not be wasted.

The steamship Westport cleared yesterday, with her cargo of grain and freight, for Rideau canal ports.

On Thursday, the steamers Wolfe Islander and the Strangers made the trip from Kingston to the foot of Wolfe Island at the same time, and on Thursday last, the two indulged in a friendly race, which was quite an attraction. It would be unfair to pick the winner, as they both went home.

A Slight Accident. The K. & P. Railway train, due in Kingston about 4 p.m., met with a slight accident two miles this side of Parham, Friday afternoon, and delayed traffic for a few hours.

Put Out Poisoned Cheese.

What might have been a serious case happened at Cressy, Ont., when some person placed poisoned cheese outside the door of Henry Whitney's house. It was picked up by his little children and they were about to eat it when it was taken from them by their mother and burned. Later on through the day a dog became the victim of some of the deadly poison.

Preceptory Officers.

At a regular assembly of Hugh de Baysy, held on Friday evening, the following officers were elected for the ensuing year: Rev. R. J. Craig, eminent preacher; W. H. Macnee, chaplain; W. J. Renton, registrar; John Hewton, treasurer; William Jackson, constable; J. E. Singleton, marshal; D. J. Evans, sub-marshal.

MATTHEW R. DAVIS, Government Inspector of Hulls, at Kingston, and one of the very best in the service of the Marine Department.

Entertained Her Friends.

A pleasant affair was given, last evening, by Miss Kathleen Newell, at the home of her uncle, Thomas Walsh, lagot street, when she entertained about forty-five of her friends. The evening was spent in dancing and games. Music was furnished by Norri's orchestra. At midnight refreshments were served, after which dancing continued until three o'clock, when all departed, delecting Miss Kathleen an excellent hostess.

Grand Encampment For Province.

On Thursday a grand encampment for the province of Quebec was initiated in Montreal by A. H. Blackey, special deputy grand sire. He was assisted by Robert Meek as grand high priest. The session was concluded with a banquet. Senator Berkeley, Brockville, deputy grand master of Ontario, and R. Meek, Kingston, grand secretary of the grand encampment of Ontario, were among the speakers.

Sandersons Heard Of.

D. S. Sanderson, Freewater, Oregon, formerly Rev. D. C. Sanderson, pastor of Brock Street Methodist Church, has been appointed editor of the Times there. Charles B. Sanderson, chief clerk in the office of the Jewelling number company, of Spokane, is about to be married to Miss Ethel Loub Jewelling. George P. Sanderson has been elected noble grand of the Freewater lodge of I.O.O.F. Stanley B. Sanderson is making a name for himself as a soloist.

Stole Ice Cream.

On Thursday night, a prominent awyer and his better half, entertained a number of their guests at their home. The refreshments included ice cream, which was left in a cool place in a shed, at the rear of the house, until required. When the time came for the ice cream to be served, it was found that it had disappeared, and the disappointment of the host and hostess can well be imagined. Some mischievous lads in the neighborhood are blamed for the theft. This game has been worked quite frequently in Kingston recently.

"Parsifal" Is An Attraction.

The great success attending the tour of "Parsifal," under Martin and Emery's management last season, has emboldened these enterprising impresarios to present the Wagnerian piece on a still grander scale this year. This will be done at once apparent, both in the stronger cast and in the extraordinary scenic embellishment of the production.

Now that playgoers are more familiar with the characters and possess a clearer knowledge of the purpose of this great religious festival drama, a finer appreciation of the stage creations by the Martin and Emery company and a truer estimate of the great difficulties attending a worthy production can be made. More especially will an intelligent conception of the characters of Parsifal, Kundry and Kinglor make a direct and definite appeal to the audiences. So, too, will become better understood the singular power of Kinglor over Kundry, her profound dual character, the victory of Parsifal over the Grail Community. At the Grand Wednesday, May 12th.

The rule governing the time of commencement last season will prevail during this engagement. The performance will begin at 7:45 promptly and conclude at 11:15.

HAD A TEST FIRE RUN GOOD TIME MADE BY BOTH STATIONS.

The Streams Were Satisfactory—Some Deficiencies Found—To Advertise For a New Fire Chief.

After the civic fire committee adjourned, at half-past four o'clock, yesterday afternoon, Ald. Rigney, chairman, ordered two cabs, and the committee members, with the mayor, city clerk and press representative, sped away to the Grove Inn, a distance of over a mile, and rang the fire alarm box at the corner of Beverly and King streets for a test run. Ald. Nickle smashed the glass and turned the lever, and Ald. Chown acted as official timekeeper.

It took the chemical engine grey team from No. 2 station just five and a half minutes to reach the box; the ladder wagon team from the same station, six minutes, and the hose wagon, from No. 1 station, six and a half minutes. This was good time, even had the roads been dry, but they were decidedly muddy and heavy. On time, the brigade is decidedly efficient. The fire machines continued on their way up the hill to the old malt house, where the actual test took place. After climbing this hill, only nine and a half minutes had elapsed from the ringing of the alarm until two hydrant streams were playing into the malt house grounds. It was eleven and a half minutes when the Chatham engine arrived. While the committee members were satisfied as to the time, they made a few valuable discoveries which will be of use in their re-organization scheme. The test was not without beneficial results. The stream thrown by the Chatham engine was quite satisfactory. The chemical engine was also given a workout. The committee had a good view of the brigade handicapped by four of their number being required to look after the horses.
