Some Hints to Keep People Well. Ninety-nine per cent, of the ordinary sicknesses are caused by the bowels,

the kidneys or the skin.

As you know, these organs are the great purifiers of the human system. They filter impurities from the blood and pass them from the body. If the kidneys, bowels or skin weaken or get tired out or fail to do their regular work—then the blood becomes laden with impurities and poisoned. If it be the fault of the kidneys, then the skin is overworked in its efforts to throw off the excess of urea or waste matter.

The glands become inflamed and enlarged—pimples break out—and there and showing such appreciation of the may be a rush or eczema of the skin.
