**THE SPORT REVIEW**

**EVENTS SCHEDULED FOR THIS AFTERNOON.**

**Two Road Races and a Baseball Match—Victoria Day Motor Boat Race—New Motor Boats in Local Circles.**

The ten-mile course was laid out by William McFridgic, donor of the handsome shield, on Thursday afternoon. The course lies straight out Princess street for five miles, bringing the turning point near what is known as the Five Mile house. The first race for the shield will be run this afternoon. Cadet Watts, holder of both the five and three mile city records, and Gr. Skippen, of the R.C.H.A., are the only starters. Both men are in good condition and should put up a good race. Watts is favorite for this race.

The Y.M.C.A. harriers had a good run on Friday evening. Quite a number of runners were out, including Day, LaRush, Marchand and McCartney. Day and LaRush will tackle the three and five mile course again soon, to try and lower the present records held by Watts.

**City League Opened.**

The first game of the Kingston Amateur Baseball League was played at the cricket field, this afternoon, between the Victorians and the C.L.C. The game was counted on as a good one and a large crowd was expected. The new diamond was in fairly good condition, and after a few games and a few good rollings, will be second to none in this district.

**Motor Boat Race.**

The open motor boat race, on Victoria day, should be a big attraction. A number of fast ones from down the river will likely compete, and the fast boat owned by the Davis Dry Dock company will also be entered. This boat can step along about twenty-five miles an hour.

**New Motor Boats.**

The fine weather is making the motor boat men smile. Several new boats are noticed around the harbor. L. C. Lockett is having a new boat built at Rockport, and John C. Sutherland is having one made at Brockville. Both are very speedy boats, and, no doubt, they will be able to put up a good race.

**Asking For Blanks.**

Thomas W. Stafford, of the Toronto Y.M.C.A., has written Secretary Martin for blanks for the Victoria Day race. They will be forwarded at once and some good ten-mile men will likely come down.

**Sporting Notes.**

Howard, of Shamrocks, gets \$500 for two lacrosse games with Regina. Toronto baseball team has won four of the six games at home, and five of the last seven games played.

**There is talk in Regina of running a special train to New Westminster for the supporters of the team to the coast for the Minto cup matches.**

Some funny looking wrestling stunts have been pulled off in Toronto during the past season and the Toronto World wants the police to institute an investigation.

Horsemen are pretty well agreed that the winner of the King's Plate, to be run on the opening day of the Ontario Jockey Club's spring meeting, will be furnished by the Seagram, Valley Farm or Dymont stables.

Longboat declares he will quit running rather than compete for Powers. The Vancouver Lacrosse Club has accepted the terms of "Bones" Allen, and he will play on the coast this season.

Toronto Telegram: Leave it to a Hamilton man whether "Bobby" Burns or "Bobbie" Kerr occupies the larger place in history, and you'll discover that no matter where the Ambitious City may be, it is not situated in Scotland.

The Ontario Jockey Club meet in Toronto promises to be the best yet. It is regarded as the greatest social and sporting event of the year. Kingston always sends up a good quota "to play the races." For dope on the King's Plate, all one has to do is to apply to Harry O'Brien, of the Randolph hotel, who generally cleans up a couple of hundred dollars by his correct guessing. "Hank," it is understood, has picked a Seagram horse to win.

**\$1 lb. Patterson "Private Stock."** Chocolates. Edwards & Jenkin.

Edith Wharton's "Tales of Men" appears in Scribner's Magazine, and a novel venture in modern fiction in that no women appear in the action of the stories, although their influence is felt. In the June Scribner the second story of this series is entitled, "His Father's Son"—a study of contrasts in temperament between a father who lives in Brooklyn and a son who is socially ambitious in New York.

**Will Be Full Strength.**

The first meeting for the season of No. 3 company, Canadian Army Service Corps, was held in the Armouries on Friday night. A large number of men were out, including many new recruits. The full strength of the corps is 100, and Capt. George Gillespie states that there will not be any trouble in getting that many. "More men and better men are turning out this year than ever before," said Capt. Gillespie, this morning.

Mills, Ottawa; Arthur Terroux, Montreal; Richard Fitzgerald, Ogdensburg, N.Y.; R. Fenest, Cornwall; C. R. Woodburn, Ottawa; R. N. Ahern, Montreal; J. A. Stephenson, Galt; L. McGill Allan, Toronto.

**Chinaman Thrown From Wheel.**

A Chinaman, one of the few that ride bicycles, had a bad fall on Brock street on Friday evening, about seven o'clock. The Celestial was riding up the street at a fast clip, and when near Barrie street, where some young men were playing ball, he never slowed down but kept on going. One of the ball players took a half with the result that he put his foot in the hind wheel of the chink's bicycle, and the sudden jolt put the rider over the handle bars in no gentle manner. He hit on his stomach in the middle of the road, and lay there for some minutes. He finally revived, but instead of riding home started to walk.

**Vaudeville Prize Winners.**

There was a large attendance at the Grand Opera House last evening, to witness the varied attractions presented by the T. E. Kyle Comedy company. The amateur contest was one of the best yet given, the number of contestants was large, being composed of singers, dancers, athletes and wire performers. Little Miss Anderson, a dainty tot, sang a pretty song, but unfortunately was not given a prize by the audience. The prizes were won as follows: Ives Wallace sang, "I Am Tying the Leaves So They Won't Blow Down," and was awarded first prize. Miss Andrews took the second prize for her artistic skirt dancing. "Bill" Quick did some expert work on the slack wire, and got third prize. To-night the company will present an entire change of programme, with two new vaudeville sketches.

**"An Englishman's Home."**

No such interest has been shown for any theatrical offering of recent years as has already been manifested for "An Englishman's Home," which will be presented by Charles Frohman at the Grand on Monday, May 17th, for the first time in this city.

The play, which will be offered by the same company which has recently appeared in Toronto and Montreal, and will be given a perfect duplication of the London production and will be acted by the same English company which has been playing it for the last eight weeks at the Criterion theatre in New York.

"An Englishman's Home" has caused more discussion than any play produced in recent years. Its reception in London amounted to an ovation at each performance and its influence and its lessons have been impressed upon all Englishmen with the result that there has been a sudden and violent awakening of British patriotism such as even the lessons of the Boer war were not able to bring about.

**SATURDAY MORNING BLAZE.**

**Fire in Cellar at Simmons Bros. Store.**

Fire, which broke out at 8:30 o'clock, on Saturday morning, in the cellar at the store of Simmons Bros., hardware merchants, Princess street, did considerable damage, but the quick work of the fire department prevented a serious fire. One of the employees was "downed" a match into some of the stored goods. The fireman made a record run to the store, and in half an hour had the blaze out. Most of the damage was done by smoke and water, and part of the flooring had to be torn up, in order to get to work at the blaze. Quite a large crowd was attracted to the scene, as it looked at first as if it would turn out to be a very serious blaze. The smoke was something awful for the firemen to work in, but they went at it in great style. The firm occupies the two stores, 211-213, and the damage was confined entirely to the store at 213. Members of the firm stated, this morning, that they could not say what the damage would amount to.
