GIVE TIT FOR TAT

THIS IS WHAT MR. RICHARDSON SUGGESTS.

If the United States is Made Prohibitive to Canadian Goods Let Canada Play the Same Game.

The proposed duty on feldspar by the United States may close up the industry here, which has been very remunerative to Kingston. The mineral is mined at Bedford, on the line of the Kingston & Pembroke railway, and is used for annealing purposes at china works in the States. The senate of the United States is now suggesting a duty, in fact has endorsed it, and the free importation will likely cease, and probably the tariff will prohibit exportation.

H. W. Richardson, owner of the mine, is a strong protectionist and he avers that Canada must arouse itself and meet the war on Canadian goods by the United States. Canada imports largely, and if there is to be no reciprocity, then tariffs must be arranged to make the United States sit up and think. His impression is that Canada has been too meek in accepting the dictum of the United States; commercial men that Canadian goods are not wanted there. Let Canada play the same game.

Campbell Bros' Straw Hats. Are the popular hats. See them.

Meeting of Conference. The Methodist session of the Montreal Methodist conference will open at Pembroke June 2nd, and the conference, lay and clerical, June 4th.

1000 Islands—Rochester. Steamer North King leaves on Sundays at 10.15 a.m., for Thousand Islands points, and at 5 p.m. for Rochester, calling at Bay of Quinte ports. J. P. Hanley, agent.

Do Not Change At Brockville. The engines hauling the through trains on the G. T. R. now run between Montreal and Belleville without changing at Brockville.

The Commission Organized. W. F. Nickle, M.P.P., is in Toronto attending the organization of the provincial commission to investigate the milk problem. The commission will likely have a sitting at Kingston.

Just Plain Corns. Your corns are no different from other people's corns. If you haven't been able to cure them it's because you haven't used Peck's Corn Salve. In big boxes, 15c., at Wade's Drug Store.

Summer Hotel Proposition. The board of trade hotel committee expects to meet, Thursday, and discuss with D. Roy Smith, of Boston, his summer hotel scheme. Mr. Smith writes that he has a proposition that will satisfy everyone concerned.

Making Good Progress. Constables Davies and Timmerman are making good progress in their inspection of yards. Many have been found to be in an unsanitary condition and orders have been given to have them cleaned up at once.

Barrieffield Case. Justice of the Peace George Hunter had a case to deal with in Barrieffield, on Tuesday, in which he proved himself an able peace-maker. A woman charged one of her neighbors with using abusive language, and after the taking of evidence, the case was amicably settled between the two parties.

What Men Should Wear. Every man should wear a pleasant smile and a nobby summer hat. Wearing Campbell's hats makes men look pleasant, for they fit so well, look so well, and are so light. Straw salons, 50c. up; genuine Panama hats, \$1 up, at Campbell Bros', Kingston's hat store.

Removed To Pen. Gilbert Oliver is one of the latest additions to the roll at the penitentiary. He was sent down from Toronto, for committing an aggravated assault, causing bodily harm, upon William Gordon, committed on April 17th. He and Gordon had been drinking together, and then got into a quarrel.

Watch Was Stolen. A man named Butcher, living on Collingwood street, has reported the theft of a silver watch from his home. The watch was in a room upstairs and it is believed that it was taken by some person who entered the house by the back way, while members of the household were sitting out at the front door.

Get A New Flagpole, "Jim." A citizen writes, asking why the post office flagpole was here on Victoria day. Is there no spirit of patriotism there, he asks? Postmaster Stewart says that a flag can no longer be hoisted on the old pole, as it is rotten, and the halyards can't be fixed. If that is the case, surely the post office department can afford to erect a new pole.

Death Of Mrs. M. Dobson. Mrs. Maria Dobson, widow of the late Stephen Dobson, passed away, on Tuesday evening, at her residence, 229 Earl street. The deceased had been ailing for some time and the last call was a welcome relief from long suffering. The late Mrs. Dobson was born in London, England, eighty-nine years ago, coming to this country when quite young. She was an Anglican in religion.

Barrieffield In Danger. The 14th Regiment will not have another parade until Tuesday evening next, the Victoria day review and march being a sufficient "workout" for this week. Next Tuesday evening, tactical manoeuvres will likely be held at Barrieffield, which the regiment will endeavor to take, and it will, no doubt, succeed, the Portsmouth philosopher says, since local opinion is now in force there. Others think the 14th will have its work cut out, for Barrieffield can produce a fine lot of scrappers, both in and out of court. On the evening in question, the regiment will turn out at 7.30 o'clock, and make for Barrieffield heights.

Presentation To Church Worker. On Monday evening several of the members of the Presbyterian mission of Portsmouth gathered at the home of Mr. Hamilton, a student in the faculty of education at Queen's university, who for the past two years has resided in the village, and is leaving this week intending to enter upon his profession in the west. An address was read by J. A. Shaver, P.A., the mission pastor, expressing appreciation of the very active service which Mr. Hamilton had given to the mission during his residence here, not only as superintendent of the Sabbath school, where he labored faithfully, but also as a member of the Christian Endeavor society and an able member of the choir, and indeed in all parts of the work. The congregation and people generally regret the departure of Mr. and Mrs. Hamilton from their midst. Accompanying the address was the presentation of a gentleman's silk umbrella as a gift from the congregation. Mr. Hamilton made a suitable reply. Messrs. A. Atkins, R. A. Caughey and William Kerr spoke briefly expressing their appreciation of Mr. Hamilton's work and their regrets at his not being able to remain longer with them.

MAY ERECT BUILDING FOR THE TREATMENT OF THE WHITE PLAGUE.

General Hospital Governors Considering the Question—The Ontario Government May Make a Grant Towards the Building.

A committee of the general hospital governors will report at the next meeting of the board on the question of the erection of a tuberculosis building. For some years, the general hospital has had a couple of shacks on the grounds for the use of patients in the incipient stage of tuberculosis, and much good has resulted from them. Now it is necessary to have a building that will accommodate a number of patients.

No definite plans have yet been made. The committee is as yet just getting information. One thing it has to find out is what aid the Ontario government will give if a tuberculosis hospital is erected in Kingston. The government of Ontario is interested in the question, and would, no doubt, make a grant.

The people here, with the Daughters of the Empire as leaders, are becoming interested in the fight against the great white plague, and none too soon, for, although few people think of it, tuberculosis daily stalks through the streets of Kingston.

THE SUM OF \$1,100 Is Needed By the City Property Committee.

The city engineer has furnished the chairman of city property with a statement asked for by the finance committee, showing what money the former committee needs to put portions of the city buildings in decent condition and do other work on other city property. For the city buildings, \$736 is required. The total amount needed is \$1,100.

The finance committee is wondering where the money is to come from. Ald. Angrove says he doesn't care where it is secured, so long as his committee gets it, but he declares he'll beg from council no longer. If the council wants to give it to his committee, all well and good.

An alderman was met, this morning, who says he knows where a good portion of the money can be got, and he will move that the \$750 appropriated for the installation of a garbage plant be handed over to the city property committee, which, like the man with his talents, will turn the money to good use, so that it will yield pleasure, comfort, durability and value.

GIVING THE LAST TOUCHES

To the City Hall Dome, Clock and Bell.

The removal of the scaffolding around the dome of the city building was begun today, and the work of putting in the fourth clock dial facing Brock street was accomplished. The clock manufacturers' representative wished to get away to-morrow, having been here over two weeks installing the clock and bell. Only for freight delays the installation would have been completed last Saturday at the latest.

The dome will be complete as soon as two belfry columns are set in. The chairman of city property intends to paint the base of the dome a stone color, from the walls up to the base of the columns, at a cost of about \$50. This painting is not included in the contract, and it is necessary.

"Only six more days" you can join the Tabard Inn library for \$1 at Gibbons' Red Cross Drug Store. Join today.

The American gunboat Nashville is due up to-night, on her way from Montreal to upper lake ports. The steamer left Montreal on Tuesday. "Many picnic parties" on the holiday enjoyed Nelson's ice cream bricks, from Gibbons' Red Cross Drug Store. Phone 230.

The Y.M.C.A. men who carried off the honors at the Belleville sports, were warmly congratulated by the other members here. The boys made a fine showing.

Claiming The Reward. As two persons are laying claim to the \$85 reward offered by the Terrace Park cottage owners for the arrest and conviction of the Peterson brothers, who looted summer homes at the park and were later sentenced to Kingston penitentiary for five years, it is likely that the courts will be called upon to decide who is entitled to the money. Constable Edward Farrell, Morris-town, N.Y., is the man who chased the Petersons across the river in the face of a storm and arrested them on a Canadian soil. Another Morris-town man named John Daniels claims some of the reward on the ground that he saw the Petersons at work robbing the cottages and notified Constable Farrell.

The cottage owners, it is understood, are inclined to recognize Farrell's claims, but as long as there is a dispute they will withhold payment until the difficulty has been straightened out.

Stocking The Lakes.

The fish and game committee of the board of trade has been busy endeavoring to secure fry for the back lakes. They have succeeded and today 100,000 salmon trout fry reached here from Newcastle and were at once taken to Loughboro Lake for disposal. To-morrow 50,000 more salmon trout will reach here for Knowlton Lake. The committee hopes to stock many of the back lakes during the next few years.

PERSONAL MENTION.

Movements Of The People—What They Are Saying And Doing.

Robert Long, of Montreal, has returned home, after spending a few holidays in the city, the guest of John Hall, Ontario street.

Maxwell Moutray, of "Farnham" Stella, was in the city for the holidays, visiting friends, and returned to his home yesterday.

Mrs. George Dawson, Fellows, returned home to-day after spending a few days with her daughter, Mrs. Henry Wiskin, and other friends.

The many friends of William Pillar are pleased to see him around again after a serious illness with appendicitis. He has not yet fully recovered but is rapidly regaining his strength.

"TOWN CLOCK" BELL STRIKES

For the First Time at Noon on Wednesday.

Kingston's "Big Ben" tolled out the noonday hour Wednesday from the belfry of the city buildings. This was the first time the bell was in commission, its installation having been completed just before noon. The tone is much deeper and more melodious than that of the old bell. It will be five or six weeks, the clock manufacturers' representative says, before the real tone of the bell is heard, as the hammer has to wear a clear surface on the side it strikes. At present the surface is a bit rough. When the hammer hangs away for some weeks the sound will be louder and the tone better. The strokes will be slower than they were when the old bell was in commission. Slow strokes throws the sound better.

Officers Elected.

Catarqui lodge, No. 10, I.O.O.F., had its semi-annual election of officers, on Tuesday evening, and with these results: J. A. Minnes, N.G.; A. Lemmon, P.G.; R. M. Douglass, recording secretary; W. H. Graham, financial secretary, and A. McLean, treasurer. The installation of these officers takes place the first week in July. The representatives to the grand lodge, which this year meets in Ottawa, are: R. Meek, A. T. Hatch and Dr. Richardson. The lodges are, this week, electing their delegates to the district committee, which meets on June 9th, in the city. Catarqui lodge, with its present membership of about 500, is entitled to ten members on the district committee, and these were elected at the meeting which took place last evening.

Rented Smelter Property.

Alderman Angrove, chairman of the city property committee has leased to the Davis Tannery company, the city's smelter field for \$95 a year, the best rental that has ever been secured for the field. The highest rental secured before was \$35 for pasture, and this was not paid. The concerns that had options on the property have lost their right.

Valuable Articles Found.

The gold bracelet, set with an amethyst, and advertised in the Whig as lost, was to-day returned to this office. It was found on the street by little Miss Wilma Patterson, corner of King and Centre streets. A pearl necklace, advertised for in the Whig, yesterday, was soon after returned to its owner, a University avenue lady.

Awarded The Prize.

Miss Beatrice Tandy, as "Priscilla," received the largest number of votes at the Grand Opera House on Tuesday evening. The vote was taken among the audience for the prettiest young lady in the characters represented in "The Bachelor's Dream Of Fair Women."

Building Permits.

These building permits have been taken out at the city engineer's office: M. Kenny, for a brick veneered dwelling on part of lot 29, east side of Division street. L. Spooner, for a frame house on Wade's Lane.

Going To Montreal.

A special train leaves for Montreal, at noon, Thursday, carrying the cadets, the members of the R.C.H.A., and others, who will take part in the military tournament. The R.C.H.A. will put on the musical drive and the cadets free gymnastics.

Are Making Tile.

The prisoners at the county jail commenced work, this morning, making tile for the county. The work is being carried on under Foreman Leatheband, of Catarqui. A fine line of tile will be turned out by the prisoners.
