### DIOCESE OF ONTARIO

#### REPORTS PRESENTED BY THE OFFICIAL AUDITORS.

##### Full Apportionment Secured For the General Mission Fund—Other Reports Laid Before the Executive Committee of the Synod.

The committees of Ontario diocese have been in session for two days and on Thursday morning presented their reports to the executive committee, presided over by the bishop. The mission board reported upon the sustentation of churches within the diocese voluntarily giving of \$6,965, an increase of only \$640 in answer to a fervent special appeal. Though \$2,500 was recalled from capital there still was an overdraft of \$248. The income, including endowment interest, was \$8,132; the expenditure, owing to the call for general synod expenses, being \$8,702. In three years a deficit of \$4,823 having accrued there is call for a strong movement among the laymen. The grants voted for the coming year, in all \$6,506, or \$181 less than 1908-9, included these: \$150, Tweed, Lansdowne Front, Rev. J. W. Burton, \$200; Ernestown, Marmora, \$250; Augusta, Marysburg, \$300; Shannonville, Selby, Westport, \$350; Loughboro, Parham, Sharbot Lake, \$400; Bancroft, Clarendon and Palmerston, Bannockburn, Maynooth, \$500; North Addington. Special grants, Pittsburg, Coe Hill, 100 each; Edwardsburg, Sharbot Lake, Marlbank, \$50 each; Simcoe Island, \$25. The mission of California \$145 for summer work.

The official auditors reported the accounts to be strictly correct. The current accounts committee, owing to the call for general synod expenses, went behind \$444. The general mission receipts were \$5,051, full apportionment asked, though twenty-six parishes did not quite fill their quotas; others exceeded it. The Sunday schools advanced from \$573 to \$872. The clergy trust fund paid \$5,100 to thirteen annuitants. The weak clergy superannuation fund, a supplement to the preceding fund, received \$936 and spent \$880. The Widows and Orphans Fund gave \$3,825 in annuities, and has an overdraft of \$2,509. To clear this off a canvass will be made. On diocesan augmentation \$435 was paid in. The diocesan mission secretary, Rev. W. W. Burton, visited fourteen parishes and received pledges of \$7,074 for stipends and of \$1,207 for the mission fund, a comparative increase of \$2,953.

The Lord's Day committee regretted a gradual growth of indifference, in social and business circles alike, as to proper observance of a day of holiness and of rest. Employers were selfish in demands. Railway trains for Sunday excursions were run upon trivial excuses. Appeal was directed to the railway commission and Lord's Day Alliance. The educational committee reported five students aided in training, and a slim balance of \$44 on hand. Over a third of the parishes did not contribute. The Sunday school commission was heartily approved of and diocesan organization in support commended. The investment committee were enjoined to call in considerable arrears of interest upon mortgages. The leasing of the Barbara Hook grave plot, at the Blue Church, to the Methodist church, by the vestry of St. John's, Prescott, was approved. Archdeacon Carey and the rural deans made reports upon the state of the churches. Permission to sell the old rectory and farm on Wolfe Island, was granted, on conditions.

Commencing May 27th, van will leave Mellisham's, 290 Princess street, 2 p.m., daily, except Mondays and Saturdays, for Cataract cemetery. Repairing and upholstery attended to at James Reid's. See Bibby's special \$18 suits.

### CITY AND VICINITY.

#### Board of Education.

The Board of Education has been called to meet on Friday evening, to decide upon continuing the model school next fall and to complete the pedagogy agreement with Queen's University.

#### 1000 Islands—Rochester.

Steamer North King leaves on Sundays at 10.15 a.m., for Thousand Island points, and at 5 p.m. for Rochester, calling at Bay of Quinte ports. J. P. Hanley, agent.

#### Four Walks Already Laid.

Already four concrete walks have been laid, and before the first of June arrives two more will be completed. This is a record for so early in the season. Eighty walks will be laid before the middle of next October.

#### Appointed To School Of Mining.

Messrs. H. W. Richardson, R. V. Rogers, T. W. Nash, Kingston, and Prof. Miller, Toronto, have been appointed by the Ontario government as its representatives on the board of governors of the School of Mining.

#### Rockmen Are Needed.

The work of diverting the Earl street sewer to the William street slip will be begun at once. The city engineer's department is looking for rockmen, who seem to be scarce. The water-works department is also after rock destroyers.

#### City Council Special.

A special meeting of the city council will likely be held next Monday evening, to transact the business which the aldermen neglected on Tuesday evening, by failing to attend the meeting then called. City business has suffered this year by lack of quorums.

#### Rebuilding Of Roads.

A start may be made next week at road construction, if things are in readiness. The board of works contemplates re-building eight macadam blocks, but it is doubtful if enough money will be available for all these. Seven, however, may be constructed with the \$3,000 it has for the purpose.

#### To Have A Camp Meeting.

Rev. W. Tompkins is expected to return to-morrow from the semi-yearly conference of the Holiness Movement. Quite a number of Kingston people will attend the camp meeting at Wilton, commencing Sunday, May 30th, and ending June 6th. Rev. Mr. Warren will be in charge of the entire camp meeting, assisted by all the preachers of the district.

#### Everybody Works, Also Father

Workmen of all trades are very busy this season, on account of the unusual amount of building going on in the city. Permits for the erection of new dwellings are being issued every day at the city engineer's office, and it is now hard to get workmen of any kind, for masons, carpenters and building laborers are particularly busy. Next year's assessment should be a quarter of a million dollars more than it is this year.

#### Dog Bit A Girl.

Lillian McDonald, a young girl, residing on Colborne street, was the victim of an unfortunate accident on Wednesday afternoon. The girl was looking into a jeweller's window when a dog, a fox terrier, owned by the proprietor of the store, bit her on the leg. A nasty wound was inflicted. Dr. Hanley was called and dressed the child. Thursday morning the girl was better, and no serious results are feared. The dog was shot by Constable Arniel.

#### Were Excellent Helpers.

That credit may be given where credit is due Miss Mabel Gidderleeve is anxious that the share that Miss Marion Redden had in working for the success of the "Night of Entertainment" from its very beginning, should be known. Most energetic helpers, too, the night of the performance, were Miss Sadie McAdam, Miss Loretta Swift and W. W. Gibson. These all should share in the praise being given the instigators of the performance.

#### A Young Man's Death.

A message from Winnipeg, this morning, announced the death of Frank Renton, son of John L. Renton, formerly of this city. His father left him well when he came here to attend the funeral of his mother; to-day he would arrive home to find himself so sadly bereaved. The deceased was a second year student in Manitoba college and had succeeded in winning scholarships in each of his years. No details are known though it is thought his death was due to spinal meningitis.

#### For Senior Members.

The regular tri-weekly athletic events for the senior Y.M.C.A. members was held at the athletic grounds, on Wednesday evening. There was a large crowd and some good events were pulled off. W. A. Bearance won the hammer throw and the 100 yards dash. H. Edgar won the mile, half mile and high jump events. The boys will be out again on Friday night. On Wednesday night next the regular handicap contests for seniors and intermediates will be held at the same grounds. Some fine events are billed for that date.

#### Out Of The Running.

Alexander Borland, chief of the Woodstock fire department, is out of the running for the Kingston chairship, the Woodstock council having advanced his salary to \$1,000. The Sentinel Review says: "The chief visited Kingston on Saturday and saw the officials as the result of which he was quite certain of getting the position at a salary of \$1,200 if he would let his name go to the council. The chief did not ask for an increase here; on the contrary, aldermen asked the chief if there was anything short of \$1,200 a year that would keep him in Woodstock. The chief told them he would stay for \$1,000." He was given it.

The less said about the age of a woman and canned goods the better. A woman's heartbreaks are almost as bad as a man's indigestion.

### WHAT WILL BE DONE?

#### WILL FRONTENAC HOTEL GET LICENSE?

Commissioners to Meet to Decide—It Looks As If One of the Other Hotel Licenses Might Be Cut Off.

There is much speculation as to whether the liquor license commissioners will grant a license to the Frontenac hotel, which is to be re-opened next week, after being unoccupied for some years. The Frontenac has been fitted in a manner to make it the most hospitable in the city, but at present it has no bar license, and one is needed for the tourist trade to which it will cater. The license commissioners will probably meet to-morrow evening, to consider the question.

As stated in Tuesday's Whig, the license commissioners referred the question to the department at Toronto, whether they could issue more licenses than the municipality authorized, and the answer came back that they cannot. The city council, three years ago, fixed the number of tavern licenses for Kingston at twenty-eight, and that number cannot be exceeded, even for the purpose of issuing an extra one or two for tourist trade, as the statute allows under certain conditions.

What the commissioners will do is difficult to tell, but it is said that some arrangement will be made whereby the Frontenac will get a license. The commissioners at their last meeting withheld licenses from eight hotels for various reasons. These were: the Ottawa, Congress, Ontario, Anglo-American, American, Provincial, Revere and Iroquois. Some of these had their licenses extended for two and three months. Required re-conditions and better behavior were the chief reasons for withholding the licenses. The commissioners can cut off any one of these eight if they wish, and it looks as if such action might be taken.

See Bibby's tony \$18 suits. The street railway ten-minute service is not due till June 15th, but if the weather keeps good and warm, it could easily be begun next week. It will be two weeks before Lake Ontario park is formally opened for the season. A meeting of the Kingston lacrosse club will be held in the Frontenac Business College on Friday evening at eight o'clock. The main item up for consideration will be the new St. Lawrence River League. The players all seem anxious for the league and it should be a great success.

#### A Colebrook Death.

Colebrook, May 26.—The funeral of James Shangraw was held to the Methodist church, here, last Monday afternoon. The deceased had a severe attack of kidney trouble, this spring, and got well enough to be around. He then had a severe stroke, which ended in his death. The funeral cortege was the largest that passed through this place for years.

James Goudy was appointed superintendent of the Sabbath school, to take the place of John A. Bell, who, after many years of faithful service, resigned. A dog show has pitched its tent here, and intends to remain two or three weeks. A large picnic was held up the river bank, here, on the 24th. George D. Lucas has sold his lot on the west side of the street to Willet P. Bean. Hiram Lucas is somewhat better. Mrs. John Shangraw is able to be around again. Mrs. A. C. Warner has returned home, after waiting on her mother for five weeks. Her mother is now quite well again.
