The People Back of
Sunshine Furnace

Sunshine Furnace is the triumph of sixty-one years' experience—growth from a small tinshop to 10 1/2 acres of floor space, from a half dozen artisans to 1,500, from an annual wage sheet of \$4,000 to one of \$670,000, from a capital of energy to one of \$3,000,000, from obscurity to recognition as Largest Makers of Furnaces in the British Empire.

SUNSHINE FURNACE

was placed on the market the first furnace to be wholly and solely designed by a Canadian Company.

We employ a consulting staff of furnace experts, who are continually experimenting with new ideas in order that Sunshine Furnace shall not have to travel on its past reputation for goodness.

We buy materials in such large quantities that its quality is guaranteed to us. We have our own testing rooms, so that supervision of construction is exercised down to the finest detail.

COOK WITH GAS.

READ WHAT CHIEF ELMER SAYS:

To the Manager of the Light Department, Kingston, Ont.

Dear Sir—

I write without solicitation to recommend to one and all to fall in line and use the gas for cooking, washing and ironing. By so doing you will save both time and money. It makes a quick, clean fire with no ashes to empty. Our family consists of nine and this quarter, that is the past three months, cost us \$3.00.

I trust this testimonial will do some good and influence some people who are prejudiced against the use of gas. We advise all to give it a trial especially in warm weather as there is very little heat from the fire.

Yours truly,
(Signed) JOHN ELMER.

A Wise Mother's Story

Let All Mothers and Daughters Read Carefully and Profit By It.

"I am convinced," writes Mrs. A. B. Hopeford from St. John, "that a majority of young girls who die of consumption do so because their mothers neglected their health at the critical time when carefulness insures vigor and sound health. If a girl's health is neglected from her eleventh to sixteenth year her body will be weak and she becomes a ready victim of typhoid, anaemia, and in many cases consumption itself. In her sixteenth year my youngest daughter showed signs of failing strength. Some dyspeptic troubles developed, her heart became weak and palpitation frightened her dreadfully. She was irregular in the important bodily functions and rapid loss in weight and a ruddy complexion pointed to a rapid decline. She disliked making her troubles known to our doctor, a feeling I felt I should respect, and so by good fortune I was led to use Ferrozone with most gratifying results. My neighbor next door, Mrs. Woods, had found Ferrozone so good in nervousness that she persuaded me that it would restore Flossie's health, and from the time the second box was commenced her improvement was constant. She is now a big, strong girl, ruddy and plump, able to study hard and to take her share of household duties. I am an earnest advocate of Ferrozone. We all use it now as a tonic and it is certainly woman's best friend."

All dealers sell Ferrozone, 50c. per box or six boxes for \$2.50, free a supply to-day.

reside with his daughter. He leaves another daughter, Mrs. Smith, Hartington, and three sons, John, Stafford and William.

A number of Methodists met, Sunday morning, at the Sunday school near, and organized an adult Bible class for men and women, with a charter membership of twenty. The class will meet Sunday mornings, in the league room. The officers are: J. B. Sanderson, teacher; K. N. Storms, president; L. L. Gallagher, secretary; Weston Babcock, treasurer. Mrs. Wellington Babcock, Colebrook, spent a few days, last week, visiting friends here. Mr. and Mrs. James O'Hara, Camden East, were visiting at James Forsyth's to-day.

YARKER WEDDING.

Miss Gertrude Connolly Was the Bride.

Yarker, June 2.—The farmers are about through seeding, many having finished. Only planting remains to be done. Pastures are good. The report of a gun scared Albert Saulsbury's dog, which ran in the house and under the bed. Mrs. Saulsbury undertook to drive the dog out with a broom when the animal bit her finger and the side of her face. The dog was killed by his owner. A simple-minded man named Dunn, wandering through this section, was removed to Napanee by Constable R. Curl. Rev. Mr. Batstone left to attend conference on Monday. Mrs. T. Burgess is seriously ill at her home here. Alexander Henry, of Toronto, spent a day here, as also did Henry Benjamin, of Alexandria Bay, N.Y.

William Burke, of Kemptville, and Miss Gertrude Connolly, of Yarker, were married Wednesday morning in St. Anthony's church, by Rev. Mr. Spencer. They left for New York City.

Miss Lizzie Finley, of Stratheona, gave Yarker a call Monday. Mrs. J. Warner has gone to Toronto as delegate for the C.O.C.F.

WESTBROOK OCCURRENCES.

Axe Causes An Accident—A Fire Extinguished.

Westbrook, June 2.—J. A. Sproule received a telegram from Clarks, Alberta, announcing the serious illness of his daughter, Mrs. Norman Bradshaw. A later despatch conveyed the news of her improvement and was joyfully received by her many friends here. John O'Grady was removed to the Kingston General Hospital on Saturday, suffering from tonsillitis. Mrs. H. Christopher, seriously ill, was removed to Corbett's ambulance to the general hospital on Monday.

James Robinson met with an accident on Friday last. An axe he was carrying caught in the limb of a tree and cut a deep gash in his head. Mrs. Newton Ames spent Tuesday last with Mrs. Sarah Macdonald at Colton Bay. Miss Smith, of Woodbine, and Miss Schoales, of the village, attended the teachers' convention in Kingston. The many friends of George Hyland are pleased to see him around after his recent illness. On Monday afternoon, fire started in the roof of P. M. Grass' residence, but was extinguished before much damage was done.
