COOK WITH GAS.

READ WHAT CHIEF ELMER SAYS:

To the Manager of the Light Department, Kingston, Ont.

I write without solicitation to recommend to one and all to fall in line and use the gas for cooking, washing and ironing. By so doing you will save both time and money. It makes a quick, clean fire with no ashes to empty. Our family consists of nine and this quarter, that is the past three months, cost us \$3.00. I trust this testimonial will do some good and influence some people who are prejudiced against the use of gas. We advise all to give it a trial especially in warm weather as there is very little heat from the fire.

Yours truly, (Signed) JOHN ELMER.

To Be Dyspeptic Is To Be Miserable.

Dyspepsia is the prevailing malady of civilized life. It is largely due to gross errors in diet, over-eating, too free indulgence in stimulants and over-taxing the stomach with indigestible food, eating too rapidly without chewing the food sufficiently, indulging in hot biscuits, pastry, pickles, confectionery, etc.

Constipation, headache, heartburn, sour stomach, distress after eating, belching of wind, faintness, and fullness and distention of the stomach are a few of the many distressing symptoms of the food, weary dyspeptic. Burdock Blood Bitters regulates the stomach, stimulates the secretion of the saliva and gastric juices to facilitate digestion, removes acidity, purifies the blood, and tones up the system to full health and vigor, and thereby cures dyspepsia and all its tributary diseases.

Mr. Amos Sawler, Gold River, N.B., writes:—"I was greatly troubled with dyspepsia, and after trying several doctors to no effect, I commenced taking Burdock Blood Bitters and I think it is the best medicine there is for that complaint." For Sale at all Druggists and Dealers.
