LIVINGSTON'S

FOUR DEACONS MADE WORTHY YOUNG MEN SET APART BY BISHOP.

The Duties of Their Office—Dean Bidwell Preaches Wise and Helpful Sermon and Commands Them to the Peoples' Progress.

Four young men were admitted to the diaconate in St. George's cathedral, by the Bishop of Ontario, on Trinity Sunday. Matins having been said at 10:15 the ordination service, at eleven o'clock began, as is the custom, with the sermon, by Dean Bidwell, from the text, "Jesus Said, Follow Me And I Will Make You Fishers of Men." In the words "Follow me" were contained the fact of the divinity of Christ, for no good man would make this tremendous demand upon his fellowman. Christ's call then and now holds out no promise of material reward to those whom he asks to work for Him and His people, and it is well that it is so. For the young man who hears it can be sure that in answering it, he is prompted by an thought of worldly prosperity, of ease or of luxury. The dean pointed out the gifts of wisdom, sympathy, diligence, and love needed by those who serve in the sacred ministry that they may be successful fishers of men and urged that they be free from all party bias, thinking only of serving, in the best way, the Lord and Master.

The sermon ended, the litany was sung and the office of holy communion was proceeded with, the bishop celebrating, Canon Starr epistoller. The bishop then came to the chancel step, and there bestowed on the candidates the lowest order of the ministry with the words: "Take thou authority to execute the office of a deacon in the church of God, committed unto thee. In the name of the Father, and of the Son, and of the Holy Ghost." And presenting each with a New Testament he said: "Take thou authority to read the gospel in the church of God, and to preach the same, if thou be thereto licensed by the bishop himself."

In the words of the ordinal, "It appertaineth to the office of a deacon in the church where he shall be appointed to serve, to assist the priest in divine services, and specially when he ministrereth the holy communion, and to help him in the distribution thereof; to instruct the youth in the catechism; in the absence of the priest to baptize infants, and to preach if he be admitted thereto by the bishop. And furthermore, it is his office, where provision is so made, to search for the sick, poor, and impotent people of the parish, to intimate their estates, names, and places where they dwell, unto the curate, that by his exhortation they may be relieved with alms of the parishioners." "Will you do this gladly and willingly," asks the bishop.

The bishop and clergy then returned to the sanctuary, the gospel being read by Rev. W. J. McAndrew, an honor which always falls to the candidate passing first in his examination for deacon's orders.

In the procession, walking with the chancellor of the diocese of Ontario, Judge McDonald, who was in convocation robes of scarlet, was Mr. Saunders, chancellor of the diocese of Massachusetts. The dean preached at evensong, on the mystery of the Blessed Trinity, and at the close said, "I cannot leave this place without commending to your earnest prayers the four young men made deacons this morning. They will need many gifts which can only come from prayer. We know, or we should know, the power of prayer. To be a minister in the church of God a man needs much wisdom, tact, forbearance, sympathy, and these men, who have to-day gone forth, are well fitted for their high office. I ask your prayers to-night, and perhaps often again, that these brave young champions may purchase to themselves a good degree, by their labors in the harvest field of their Lord and Master."

For Synod Week. The synod of the diocese of Ontario will begin with celebration of the holy communion, in St. George's cathedral, on Tuesday at 10:30 a.m. The bishop will deliver his charge at 3 p.m. The service known as "the synod service," evensong, with sermon by Dean Bidwell, will be at 8 o'clock, and at this time the pastoral staff will be given the bishop, and the Patton memorial window, in the apse, dedicated by him. On Wednesday and Thursday mornings there will be holy communion at 7:30; evensong at 5:30 p.m. On Wednesday evening the usual missionary meeting will be held, addresses being given by some noted speakers.

A local cabman's horse made a lively sprint on Ontario street, this morning, and ran against a telephone pole. The cab was damaged.

MARINE INTELLIGENCE.

The Coal Boats Are Anxious to Get to Work.

The steamer Tacoma touched on her way up, Saturday. The steamer Dunellan passed, on her way up, from Montreal. The steambarge John Randall arrived from Oswego, on Sunday evening, with coal for the Rideau.

The tug Queen, with dredge No. 1, and scows, arrived from Alexandria Bay, and will be at Davis' dry dock for a week. The steamer Corona, of the Niagara Navigation company fleet, is at the dry dock for repairs. The Corona is a very large boat and will just enter the dock. She will be scraped and painted.

M. T. Co's Steamer Windsor cleared for Oswego to load coal for Montreal, steamer Winona cleared for Fort William, Saturday night, after unloading 90,000 bushels of wheat. Swift's Steamer Dundas, down, Sunday; steamer City of Montreal, down, Sunday; steamer North King, down, Sunday; steamer Kirkcubbin, from Ottawa, Saturday night; schooner J. B. Kitchen cleared for Buffalo to load grain for Richardson's, after unloading coal from Oswego.

CITY GETS BACK LAND

That Had Been Enroached on By Old Building.

As the result of a survey by Thomas W. Nash, P.E.S., the city gains some ground on the corner of King and Johnson streets, where Dr. Woods is erecting several buildings. An average of eleven inches is gained for Johnson street and twenty-seven inches for King street, as the old buildings on that corner encroached on the two streets.

City Engineer Craig finds street encroachments every day. Where a new walk is to be laid on Wellington street a couple of buildings encroach nearly two feet. Only when building fronts are to be remodelled, or where buildings burn down, can the city get back what belongs to the streets, for would be rather expensive to require owners to take down their buildings for street encroachment. Perhaps fifty years hence the city's street lines may be close to what they should be.

Latest reports from the scene of the disaster at Lake Ponchartrain, La., put the death list, as the result of the collapse of a pier in Lake Ponchartrain at Mandeville, Sunday night, at nineteen. So far ten bodies have been recovered. Five hundred persons were injured at Oracou, Poland, according to messengers received on Monday. An explosion occurred Saturday evening. Fifty houses were blown up and it is believed many dead are under the ruins.

Jenkins, to-day, purchased Farina, the fine boy mare owned by W. F. Kelly, Farina is one of the best bred mares in this district, and has a good future before her.

The little daughter, of Lewis Martin, King street, was bitten by a dog, this morning. Dr. Bogart was called and dressed the injuries. It is likely that the animal will be shot. The adjourned juvenile case against a young boy for assaulting a little girl came up for hearing this morning. The boy was found guilty, and given a good taste of the cat-o-nine tails.

One hundred carrier pigeons were let loose by the Canadian Express company, Kingston. The pigeons are owned by a firm at Lynn, Mass., and it is expected that they will make good time travelling there.

HON. ALFRED DEAKIN. Who has been called upon to organize a new government in Australia.

MUST CANADIANIZE.

The Foreigners Flocking Into Ontario and Quebec. Rev. C. J. Cameron, B.A., Toronto, field secretary of the Baptist Home Mission work, in Ontario and Quebec, occupied the pulpit of the First Baptist church, yesterday morning, and gave a very interesting account of Baptist home mission work in these two provinces. New Ontario is the great field of opportunity and of need at the present time. The G.T.P. under construction passes through a district of first-class farming land, known as the "clay belt," 500 miles long and 100 miles wide. This is rapidly being taken up. Mining interests in other parts have caused the great influx of population. Thriving towns spring up with almost mushroom growth. In the mad rush for earthly gain there is a tendency to forget God, and the need of gospel influence is very great.

Strange to say there is a settlement of Indians in the Lake of the Woods district, some forty miles from Kenora, of 3,000 in number, who are absolutely Pagan. The Baptists now have one missionary at work amongst them. So far as known to your secretary this is the only gospel work that is being done amongst them. The great influx of immigrants brings to our door another call for mission work. During the summer months they come to Canada's shores at the rate of about 1,000 a day. In Toronto there are 30,000 foreigners. The Baptists and Presbyterians have each one missionary to the Jews and the Baptists have one Russian missionary who has opened two mission stations, and is doing excellent work amongst Russians, Bulgarians, Macedonians and others whose language he can speak. In Montreal, exclusive of English and French, there are 25,000 foreigners and very little gospel work is being done amongst them. A similar state of things is found in other towns and cities now. We must Canadianize these foreigners, said Mr. Cameron, or they will forego us, and the greatest agency in influencing these for good is the gospel missionary.

A startling case of suicide occurred Sunday afternoon, at St. Nicholas, Que. A young man, about twenty-five years of age, so far not identified, was being driven along the road by a Lewis carter, when he suddenly jumped from the carriage and threw himself into the river.

CITY AND VICINITY.

To Inspect The 14th.

Maj.-Gen. Lake, C.B., will be in Kingston on Wednesday, June 16th, to visit the Barrfield military camp. On that evening he will inspect the 14th Regiment on the cricket field.

My Valet. French cleaning, dyeing, repairing, pressing Ladies' or men's garments, curtains, draperies, leathers, gloves, rugs, furs, etc., etc., cleaned or dyed by experts. Prompt delivery. Warwick Bros., phone 650.

A Conference Arranged. A conference between the civic light, heat and power committee and the street railway company officials regarding power supply for the railway has been arranged to take place on Tuesday evening.

Wreath For Sir John's Grave. Sunday was the eighteenth anniversary of the death of Sir John A. Macdonald, Canada's first prime minister. The Kingston Conservative Association sent out a wreath to be placed on the great statesman's grave. There was no ceremony, as in past years.

Brigade To Be Reorganized. The Church Boys Brigade, at one time such a flourishing organization in St. George's cathedral, will be reorganized. Canon Starr has called all boys in the cathedral, of twelve years and over, to meet him, in St. George's hall, at 7:15 o'clock next Friday, and talk over the holding of camp in August.

Work For T. F. Harrison. The laymen of the Montreal Methodist conference, considering the claim that many of the clergy are insufficiently paid, are recommending the appointment of a special lay official, with representative in every circuit, to pay special attention to this. T. F. Harrison, Kingston, is suggested as head of what will be a special lay executive council.

The Dean's Address. From now until he enters his home, 49 King street, in August, the dean of Ontario, can be found at Miss Macdonald's, Wellington street. He will shortly have a telephone installed. Mrs. Bidwell and her family have been ordered by the doctor, to the sea, and will be there after the closing of Bishop's College school, Lennoxville, till some time in August, when they will all come to Kingston.

City Council This Evening. The city council meets this evening. The chief business before it will be the appointment of a fire chief. Only one name will be submitted by the fire committee, that of James Armstrong, chief of the Port Arthur department, and it is expected that the council meet will be made with little discussion. It is possible that the by-law to regulate the operation of gramophones on the streets at night will also be considered.

Taken In Charge. The police this afternoon took in charge a young man who was found gathering up old scrap iron in the local railway yards. The goods were confiscated but no charge was pressed and the young man was released. The warning is given out by the railway companies that people must not pick up scrap iron along the tracks and future offenders will be prosecuted. The young man arrested by the police to-day had a large-sized bag almost filled with old bolts and pieces of iron.

War And Wild West. A big war drama, and a big wild west drama, are the attractions at the Bijou Theatre to-day and Tuesday. The war drama is entitled "A War Time Sweetheart." Rivals in love leave civil life to take part in the American civil war. The favored one enlists as a private, while the other becomes colonel of the regiment. He uses his position to oppress and humiliate the younger man, and after the latter has gained a commission by gallantry in the field, he assigns him to a post that seems to mean certain death. The charge is somewhat similar to that of the Light Brigade at Balaclava, but the young man wins the fight, and eventually after many thrilling adventures, wins the girl. "A Cowboy's Bride" is a curious drama, filled with hard riding and hard fighting, the hero cowboy being opposed to a band of Mexican robbers, defeating them in all their plans, finally rescuing his sweetheart and her crusty old uncle, after they have been bound to trees and are about to be killed by the bandits. James Douglas Bankier appears in illustrated songs.

SEASON LOOKS BRIGHT. Good Business Expected on the St. Lawrence. Howard S. Folger, general manager of the Thousand Islands Steamboat company, and the St. Lawrence River Steamboat company, with headquarters at Clayton, in speaking of the season just opening, said to-day: "The outlook is more than usually good and I believe that all Thousand Islands interests will have an excellent summer. York Commandery, K.T., of New York, will make a side trip to the river on June 13th and 14th in connection with the convalescence of the Grand Commandery at Syracuse, the Association of Railroad and Steamboat agents of Boston will be here June 17th and 18th, and the Hugh De Payne Commandery, K.T., of Buffalo, on the same date; the thirty-ninth annual convention of the State Superintendent of Poot will be held at the Hotel Columbian, Thousand Island Park, for four days, beginning June 22nd. The annual convention of the American Institute of Electrical Engineers will occur at the Frontenac commencing June 28th. The business booked for the month of June is away ahead of any year for the past six or seven seasons."
