Everything She Ate SEEMED A BURDEN TO CARRY.

HAD STOMACH TROUBLE FOUR YEARS

When your food has not been properly digested, your body has not received the benefit it should. The exertions of the gastrie juice have been confined entirely to removing the unmasticated undigested portions of food which they cannot properly digest as speedily as possible from the body, thereby only giving the blood a small percentage of nourishment with which to feed the tissues. Burdock Blood Bitters you have been described by the blood, tones the stomach, and thus restores perfect health and strength to the debilitated system.

He gave his name as T. Maher. The trustees have purchased a new Mbrary for the school. Rev. R. Babcock and family are attended the lawn social at Harrowsmith. Mrs. J. D. Walker is able to return to her daughter's, Mrs. J. W. Redmond's. B. Ewing is still in a serious condition. Miss Edith Martin has gone to Sydenham to learn dressmaking. Mrs. J. Ewing isited the city vesterday. Mr. and Mrs. J. D. Walker are visiting at John Walker's, Portsmouth.

Mrs. D. A. Francisco, Rossland, R.C., writes: "I was suffering from stomach trouble of the worst kind for about four years. Everything I ate seemed a burden to carry. I always arose in the morning with a sickening and feverish taste in my mouth and was also troubled with swellings in my hands and feet, which my physician said was due to the disordered state of my stomach. I tried everything that was purchasable, and also consulted two or three physicians, but could find no relief until one of my neighbors told me of a wonderful cure by Burdock Blood Bitters. I used altogether ten bottles and am now perfectly cured. I wish to recommend B.B.B. to anyone who may be so unfortun-

Quite an ex- ders on Lake Ontario. We are on the main road between Toronto and Hamilton, known as Dundas street. Having been a resident here for over six months I shall venture to give you a description of at least the prospects of the country.

The crops are looking fine, considering the late spring, but a / little rain just now would ensure an abundent harvest. The land along the lake hore is somewhat sandy, but coming ier, but even the heavy clay-loam seems wonderfully adapted to the growth of fall wheat and clover. I have seen some beautiful fields both. Fruit also seems to do well in this soil. There are some very fine orchards. One of my neighbors, Mr. Hutt, has forty acres of young trees (chiefly apples) from two to four years old, which would be hard

to heat anywhere. Then the buildings here, especially the barns, would indicate that the soil must be very productive. The Northbrook, June 12.-Rain is much barns average about lifty by seventy. eded in this vicinity, as the crops (some very much larger) nearly all he drouth. J. bothers - while others banish both with that perfect floor finish:

> It makes floors sanitary and handsome, with a crackless, wearproof coat of glossy enamel, in any of ten pretty colors. Apply it yourself, quickly, easily; it dries hard in one night A gallon covers 500 square feet with a waterproof surface that will stand hardest usage. Good for porch and veranda floors, steps, etc., too. Get Floorglaze (in tins, from pint to gallon) from your dealer. Send for free booklet. Imperial Varnish & Color Co., Limited, Toronto.

Sold by W. A. Mitchell and A. Strachan, Kingston, Ont.

We go about the Shoe business in a way very different from other shoe

stores. Most stores that are not makers, themselves, buy shoes that the manufacturers offer just as they are, or with very slight changes. There are but few makers of whom we buy in this way. Some of our shoes we plan almost from the beginning. The reasons are three:

1. Some of the best looking shoes are not honest inside. 2. Some of the honestest shoes don't fit the wants of the people. Our store comes in contact with many, many feet, and we are more than usually watchful.

3. We can save money-yours and ours-by bossing the making of our shoes. Try our kind of shoes.
