## Our Way

We go about the shoe business in a way very different from other shoe stores. Most stores that are not makers, themselves, buy shoes that the manufacturers offer just as they are, or with very slight changes. There are but few makers of whom we buy in this way. Some of our shoes we plan almost from the beginning. The reasons are three:

1. Some of the best looking shoes are not honest inside.
2. Some of the honestest shoes don't fit the wants of the people. Our store comes in contact with many, many feet, and we are more than usually watchful.
3. We can save money—yours and ours—by bossing the making of our shoes. Try our kind of shoes.

## HEARD THE REPORTS

### OF WORK OF WOMAN'S MISSIONARY AUXILIARY.

An Interesting Review of the Meeting With Happy Details—The Impressions of Delegates.

More than a hundred people took advantage of the invitation of the president of the Woman's Auxiliary of the diocese of Ontario, Miss Macaulay, to meet at her home, on King street, on Tuesday, and hear brief reports of the Prescott annual meeting. Miss Annie Muckleton, president of St. George's cathedral church, was in the chair. Mrs. Havlock Price, the new diocesan recording secretary, gave a talk on the meeting in general, which by its informality gave opportunity for the mentioning of interesting details which would have been omitted in a written report.

Various diocesan officers spoke on their respective parts of the work, and Mrs. Thomas Tandy and Mrs. F. Welch, of St. James' church, gave their impressions. The former dwelt on the delight her hearers felt at Mrs. Heber Hamilton's talk. Irene J. O. Crisp, from St. John's, Portmouth, and Mrs. R. S. Forneri, diocesan treasurer, from St. Luke's, spoke of the encouragement the annual meeting had brought to their branches.

Miss Macaulay touched interestingly on several points she had asked Canon Starr to close the meeting. Before doing this she said he had been much struck with the simple directness of the reports given, and of the appeals made, and especially commended the spirit of prayer in which the auxiliary's works are carried on.

After the meeting, which was enthusiastic and enjoyable, those present had a cup of tea, Miss Deacon presiding at the table, and some of the younger auxiliary workers, there, assisting her.

**SAYS HE MURDERED WOMAN.**  
**Confession Not Believed By the Authorities.**

Winnipeg, June 16.—Charles S. Hordeck, a farm laborer and barn boy, who was employed by C. P. Wastie, near Oak Bluff, Manitoba, has confessed to having murdered Mrs. Louis James at her home, Dominion street, here, on the afternoon of April 22nd last. He was placed under arrest by the provincial police. There is every reason to believe that the confession is the result of a disordered imagination, and that on investigation it will be proved that Hordeck knows absolutely nothing about the murder—further than what he has read.

**Bourassa A Failure.**

 He has badgered the Quebec government and quite supplanted the opposition, but he has not generated a feeling in the province that the taxpayers would like to see the present ministers carried out and a Bourassa cabinet installed in their places. **AT THE PORT OF ENTRY IF IT IS DESIRED.**  
 And at the Destination if Consignee Wishes, For Which He Will Pay If There is No Shortage.  
 Ottawa, June 16.—An judgment, announced to-day, by the railway commission, gives a notable case to the Retail Grocers' Association of Ontario. As the railways have been complaining of a marked increase in the weight of cargoes of coal as set forth in the bill of lading and the weight upon delivery, an application was made for an order compelling railways to weigh coal at port of entry. The case was argued in Toronto, as well as Ottawa. Companies will now be compelled to weigh coal free of charge at the port of entry on the application of a consignee. The latter may also demand the weighing of the coal on reaching its destination, the charge to be five cents per ton, but nothing if the shortage is over 500 pounds.
