

COFFIN NAILS

Would Cut Them Out of the Navy.

JACK TARS BETTER

IF THEY HAD NO CIGARETTES TO SMOKE.

Admiral Schroeder Believes They Impair the Health of the Men and Interfere With Efficiency—Probably He's Right.

Washington, June 18.—Cigarette smoking by the enlisted men of the United States navy should be discouraged as much as possible, in the opinion of Rear-Admiral Sinton Schroeder, commander-in-chief of the Atlantic battleship fleet.

Admiral Schroeder desires to see a ban placed on the habit, and has recommended to the secretary of the navy that no cigarettes be sold at the ship's stores in any of the vessels under his command. It is probable that Secretary Meyer will take action on Admiral Schroeder's recommendation. With this procedure began his observation as to the effects of cigarette smoking by the jacks at different times while he was executive officer of several of the ships of the navy. He believes that cigarettes impair the health of the men and do not increase their efficiency.

COST HER \$10.

Woman Kissed Fifteen Men at Her Front Gate.

Milwaukee, June 18.—"Just think of it, no kiss in three months, and just because I kissed fifteen men at a stretch he arrested me for being disorderly," said Agnes Sobasak, charged with kissing fifteen men, one after another, at the front gate of her home. Patrolman Loetzinger made the arrest.

"Was she a good kisser," asked Judge Neelen.

"Well, she was certainly going some when I saw her. One would have thought she had not kissed in ten years," replied the patrolman. "She kissed more sorts of kisses in thirty minutes than I ever knew existed. She cannot be beat at osculation."

"It is true, judge," tearfully sobbed Mrs. Sobasak, "but I had been at the workhouse for three months without a single kiss."

"Ten collars and coats," answered the judge.

During her workhouse sentence the woman's husband procured a divorce.

It's Hard To Understand.

Most people wonder why it is that we are giving so much better values in summer hats than they can get anywhere else. There are reasons why we can. Come in and see the values we are showing. Campbell Bros., Kingston's hat store.

A despatch from Vancouver states that there is a likelihood of large iron works being built in that city by Messrs. J. C. and A. J. Macdonald, proprietors of Grand Forks Machine and Structural Iron Works.

Robertson Bros.

Fourteen hundred boys took part in the annual review of school cadets at Winnipeg, and thirty thousand people witnessed the spectacle.

REPORT ON GAMBLING.

Hughes' Committee Gives Result of Investigation.

New York, June 18.—The report of the committee appointed by Governor Hughes to investigate speculation in securities and commodities and the organizations used in dealing therein has been made public. The New York stock, the consolidated stock, the cotton, the produce, the coffee, the mercantile, and the metal exchanges, and the curb market were thoroughly investigated, and recommendations looking to improvement of existing conditions were made at length by the committee. The most drastic finding is that affecting the mercantile and metal exchanges, as follows:

"Under present conditions we are of opinion that the mercantile and metal exchanges do actual harm to producers and consumers, and that their charters should be repealed."

Concerning speculation in general, the committee declares that it may be wholly legitimate, pure gambling, or something partaking of the qualities of both, that in some form it is a necessary incident of productive operations; that it tends to steady prices, and that for the merchant or manufacturer the speculator performs a service which has the effect of insurance.

"In law," says the report, "speculation becomes gambling when the trading which it involves does not lead, and is not intended to lead, to the actual passing of hand to hand of the property that is dealt in. The rules of all the exchanges forbid gambling as defined by this opinion, but they make so easy a technical delivery of the property contracted for, that the practical effect of much speculation in point of form legitimate is not greatly different from that of gambling."

The committee makes no presentment against short selling, but declares its tendency of such selling is to steady prices. It is recommended that the minimum margin should be twenty per cent, and strong disapproval is expressed of branch brokerage offices which supply liquor and resort to other improper means to induce speculation.

SHOULD NOT IMPERIL PEACE.

Colonies Ready to Fight Side by Side.

London, June 18.—When the press delegates were entertained at dinner by the lord mayor of Sheffield, Mr. Dufou, Winnipeg, in responding to the toast, "Our Guests," said the conference would have important results, because all the public men in England who have spoken with the responsibility of office, accepted in its entirety, that view of imperial development, which was held strongly throughout the colonies. That opinion was that the strength of the empire was the colonies themselves. He was a man of peace, and though they, as newspaper men, ought to recognize that they should do nothing to imperil the peace of the world, yet if Armageddon should come, there should be no question that our dominions over seas would fight side by side.

KEPT GOING OFF.

Milroy Hadn't Control of Revolver.

Knox, Ont., June 18.—In the assize court the prosecutor in the Milroy murder case has nearly all his evidence in. Witnesses examined swore that the men in the house on the night of the shooting surrounded Milroy and demanded that he put up for the drinks. Apparently to defend himself, he drew a revolver. His hand was grabbed and in the scuffle, the gun being automatic, shots were fired which did the wounding and killing while the prisoner had no control of the weapon by reason of such holding of his hand.

No evidence has been put in yet to show that Milroy shot anyone, while he had control of the weapon.

CAUGHT BY A PHONE WIRE.

Switched Off Box Car and Badly Hurt.

Orangeville, Ont., June 18.—A remarkable accident happened in the yards of the Superior Portland Cement Co. here, causing serious injury to Edward French. He was on top of a box car which was being shunted. The car was run over John street crossing, where a private telephone wire crossed the track, and the wire caught clear of his feet. For a moment he dangled in the air and then tumbled over the car fifteen feet, head first, striking the timbers of a culvert. Several ribs were broken, and his head, side and arms were bruised. He may recover.

Gets Twenty Lashes.

Belleville, June 18.—James Smart, a Mohawk Indian, for perjury, was given six months in the Central Prison. Wm. Babcock, Belleville, for unlawfully wounding one Joseph Bolster, was given six months in the county jail. Richard Simpson, of Madoc, was given one year in the Central Prison and twenty lashes, for carnally knowing a girl under fourteen years and escaping from custody.

McGill Professor Weds.

Brookville, Ont., June 18.—The largest and most fashionable wedding of the season was celebrated in the First Presbyterian church, yesterday, when the minister, Rev. N. MacLeod, assisted by Rev. D. Strachan, united in marriage Alexander M. Thomson, professor in classics, at McGill University, and Miss Anna Purkis, youngest daughter of Mr. and Mrs. John M. Gill.

NO REPORT

Of Russian Ship Firing on British Steamer.

AN EXCESS OF ZEAL

NEWSPAPERS' OPINION IF IT DID HAPPEN.

Strict Orders Issued Not to Allow Any Ship, on Any Pretext Whatever, to Get Near to the Imperial Yachts in Vicinity of Viborg.

London, June 18.—No report yet has reached the foreign office here of a British steamer having been fired on by a Russian torpedo boat in the vicinity of Viborg. No such steamer as the Northburg appears on the British shipping registers.

No Official Report.

London, June 18.—As yet no official report of the firing of a Russian torpedo boat on a British cargo steamer Woodburne has reached the British government. The incident is taken calmly by the London newspapers, and is ascribed to an excess of zeal by an individual officer.

It is known that the strictest orders were issued, to the effecting fleet at Royal, not to allow any ship, on any pretext whatever, within a certain distance of the imperial yachts. It is stated that in addition to these precautions the Standard and Hohenzollern are equipped with submarine bells, so as to be automatically warned of the approach of any vessel.

Royalty Meets.

Helsingfors, June 18.—The German imperial yacht, Hohenzollern, with the German emperor aboard, met the Russian squadron, yesterday morning. The czar immediately boarded the Hohenzollern and exchanged greetings with the kaiser. The ships were dressed in high style for the occasion. The customary salutes were fired.

According to a despatch, telegraphed from the czar and the kaiser was as hearty as it could be.

DEMAND FOR TITLE.

Colored Bishop's Daughter Insisted on Prefix "Miss."

Memphis, June 18.—Indignation over the determined efforts of a negro girl to force white women to address her as "Miss," came to a head in Greenville, Miss., and resulted in a hasty departure from that city of the family of E. W. Lampton, bishop of the African Methodist Episcopal church.

The girl is the nearly grown daughter of Bishop Lampton. For some time she has vainly insisted that the title be used by the women in stores and by telephone operators.

On Saturday the negro girl was unusually insistent for her title, and after sharp words addressed to one of the telephone operators declared that her father would force white hirings to speak to her in a becomingly respectful manner.

Shortly after this threat Lampton called at the telephone exchange, and in an interview with the manager demanded that all the young women employed there be forced to address his daughter as Miss Lampton.

The manager declined to issue any such order, and on his making the interview known an indignation meeting was held by the ladies, who gave Lampton five hours to take his family from the city. They departed promptly, the girl for Oberlin, Ohio, and Lampton for Cincinnati.

KIRK SITE FOR MATHESON.

Ladies Pay Compliment to Provincial Treasurer.

Perth, Ont., June 18.—A neat compliment is being paid to the provincial treasurer, Col. the Hon. A. J. Matheson, by the ladies of St. Andrew's Presbyterian church in this town. The fair members of the church have asked him to select a lot in the town of Matheson suitable for a site for a Presbyterian church. They intend to purchase the land and assist in the erection of a new church as soon as possible. Two lots on Fifth avenue, the main street of the town, have been selected. They overlook the McDougall's Chutes Falls and command a fine view of the river.

CHOLERA CASES.

Twenty-Four New Cases and Seventeen Suspects.

St. Petersburg, June 18.—The number of cholera cases in the Russian capital is increasing daily. Twenty-four new cases and seventeen suspects were admitted to the municipal hospitals during the past twenty-four hours. It is now believed that the filtration beds have become infected as the districts of the city served with water from the same source are furnishing a larger percentage of cases than the two districts that get their water by direct pumping.

Will Be Anti-Temperance.

Hamilton, Ont., June 17.—Hamilton is to have a new daily paper, an official conservative organ that will support the government's hydro-electric project, and be strongly anti-temperance in its views. This is the outcome of the attitude pursued by the Spectator in bitterly opposing the government's power scheme and knifing conservatives who fought the Cataract Power company, of which William Southern, president of the Spectator, is a director.

LOCK-MASTERS IN CHARGE

Of Vessels Passing Through Canadian Canal.

Ottawa, June 18.—The disabling of the Soo canal in a few minutes by an engineer's mistake has caused the department of works to consider precautions that will make such an accident impossible again. It is proposed not to allow vessels to pass in or out of the locks under their own steam, but to place them absolutely in control of the lock masters. The recommendation has not yet been submitted for official consideration.

Not Convicted.

Tokio, June 18.—It is unofficially stated that the court-martial which has been sitting on the Galveston has exonerated the two petty officers accused of having stolen about twelve hundred pounds of gun fittings. There was lack of evidence against the accused men.

The Headquarters.

WANTED GIRLS.

Unsafe For Them to Go to Cities Unprotected.

Toronto, June 18.—"It is unsafe for a girl to go alone to any of our cities unless she knows exactly where she is going and the kind of place it is. Even the means of conveyance are not safe." So said Dr. O'Edward Janney, of Baltimore, Md., president of the American Purify Alliance and chairman of the Friends' general conference, in his address on "The Nation and the Traffic in Women," at the platform meeting in Zion church, under the auspices of the Genesee yearly meeting's purity department, of which Miss Charlotte Talcott is chairman. Dr. Janney told of the alarming extent to which this infamous trade is carried on, in its international, national and domestic aspects. Women are recruiting agents for it, and thousands of men in the cities of this continent make their living by it. It is part of the great system of graft. The political boss devotes a large part of his profit from it, Montreal, said the speaker, is a point from which many girls are taken into the United States, evading the vigilance of the officers, who are doing all they can to stop the traffic.

HENRY BIRKS. Whose firm made the generous donation of \$25,000 to the Y.M.C.A. Building Fund, Montreal.

DUTY ON PAPER.

The Senate is Sending Up the Tariff.

Washington, June 18.—Pulp and print paper were the principal subjects considered by the Senate yesterday. A committee amendment was offered by Senator Aldrich, imposing a duty of \$4 a ton on print paper. This rate is an increase of \$2 a ton over the rate fixed in the house bill. The Dingley law imposes a duty of \$6 a ton on print paper. Senator Brown, Nebraska, proposed an amendment making print paper free of duty, and Gaynor, the two men convicted seven years ago of fraud in government contracts. They jumped their bail in 1902, and fled to Canada. There, after a bitter fight, they were held for extradition, but they carried the case up to the British privy council before they gave up their stubborn fight. It cost the United States government \$200,000 to win, but it did.

GET GAYNOR-GREENE BAIL.

Government May Recover the Forfeited \$80,000.

New York, June 18.—A decision handed down by the United States circuit of appeals, affirming the ruling of Judge Hough, probably means that, after one of the most stubbornly contested suits on record, the government will be able to obtain the forfeiture of the \$80,000 bail in the case of Green and Gaynor, the two men convicted seven years ago of fraud in government contracts. They jumped their bail in 1902, and fled to Canada. There, after a bitter fight, they were held for extradition, but they carried the case up to the British privy council before they gave up their stubborn fight. It cost the United States government \$200,000 to win, but it did.

MAN SHOTS HIS WIFE.

"I Have Just Killed My Wife. God Help Me."

New York, June 18.—"I have just killed my wife; God help me," was the cry with which William Westervelt, a prosperous mason and builder of Tenack, near Hackensack, N.J., yesterday fell in the neck, killing her instantly. Westervelt is forty years old and his wife was two years his junior. They had no children, and had to all appearances lived a quiet, contented life together.

The coroner is investigating the circumstances of the tragedy. Westervelt told the authorities that he had the gun in the house which is comparatively isolated, for use against burglars.

SLUGGED A STENOGRAPHER.

Notes in Police Enquiry Stolen From Girl.

Kansas City, Mo., June 18.—Miss Annie Lee Owen, official stenographer in the investigation of the police department to decide whether illegal reports are allowed to do business, was slugged, yesterday, while working in her office. Stenograph notes reporting seven years ago of fraud in government contracts. They jumped their bail in 1902, and fled to Canada. There, after a bitter fight, they were held for extradition, but they carried the case up to the British privy council before they gave up their stubborn fight. It cost the United States government \$200,000 to win, but it did.

Canadian Boy Gets Pastorate.

Chicago, June 18.—Rev. P. H. Barker, pastor of the First Congregational church, of Maywood, who has introduced a brass band of fifteen pieces as a feature in his services, and who spoke to 1,000 people in Maywood park, yesterday afternoon on "A Fight for Character," is the successor of Dr. Frank T. Lee, who resigned in March, 1908, to become the dean of Washburn College, Kansas. He is twenty-four years old and a native of Richmond Hill, Ont., Canada. During the fifteen months of his pastorate he has built up the congregation to the largest membership in the suburb. He is a firm believer in the efficacy of a good brass band as a moral tonic, and says the church should be aggressive in reaching the masses during the summer months, when church services are likely to be neglected.

Two London seedsmen are being prosecuted under the Pure Seeds Act for keeping unclean seeds for sale.

Charles J. Britnell, a prominent contractor of Birmingham, was killed when his automobile turned turtle.

A local inventor at Berwyn, Neb., dropped 3,500 feet in a crippled aeroplane without being seriously hurt.

A brewery wagon was prevented from entering London camp grounds, under the new prohibition relations. The cornerstone of the new \$400,000 Y.M.C.A. building, to be erected in Mexico City, was laid on Wednesday.

While despondent, a young married woman named Leak attempted suicide in the Red River near Winnipeg.

Faraday Hall, one of the old buildings connected with Victoria University, at Cobourg, is to be torn down.

Three hundred and fifty British warships, under command of Vice-Admiral Sir William Henry May, are assembled for their annual manoeuvres.

Constable Bortwick has been advanced one year in the service at Brantford for the sensational capture of Burgess Smith some weeks ago.

The earnings of the Grand Trunk railway system for the week ending June 14th show an increase of \$20,997 over the corresponding period of last year.

Charles Becing, a married man of Berlin, committed suicide by drinking carbolic acid. His daughter made a brave effort to stop him and was burned by the acid.

The acting police captain of the detective bureau at Albany, New York, must go to jail for thirty days for disregarding court's order in arresting a banker.

The earnings of the Canadian Pacific railway company for the second week in June show an increase of \$306,000 over the corresponding period of last year.

William Summers, of Toronto, was drowned at Toronto by the upsetting of a canoe. He had been staying at Bala since winter. He was about fifty-five years of age.

A permanent organization to urge the deepening of the Welland canal was formed at a conference of business interests of Toronto, Kingston, etc., held in Toronto.

The steamer Asia is making all possible speed from China to San Francisco, hoping to land her cargo of a thousand tons of tea before the Payne tariff bill goes into effect.

A. A. Ingram, St. Thomas, son of A. B. Ingram, of the provincial railway and municipal board, Toronto, has been appointed M.C.R. solicitor, to succeed W. B. Kingsmill, who returns to Toronto.

May Be Possible Location of Pulp Mills.

Boston, June 18.—Leading news print authorities expect to see the International Paper company move fifty per cent of its present capacity of 1,600 tons of newspaper per day to Canada within the next three or four years.

This is on account of the developments of tariff legislation in this country and the recent policy of the Canadian provinces. For some years the province of Ontario has prohibited the exportation of pulp wood cut on crown lands.

If the new tariff bill allows the duty on news print to stand at its recommended rate of \$2 per ton the International company would be able to save enough through the lower cost of production in Canada, to meet the duty and still show as low or lower cost of production per ton than at present.

LEE CHU ESCAPES.

Disappeared While Officer Was Waiting For Him.

Halifax, June 18.—Lee Chu, the Chinaman, for whose arrest a warrant was sent here from Montreal, five days ago, is charging subornation of perjury, is committed for trial on a charge of assault on another Chinaman, and was arraigned, yesterday. When the prosecution announced that there was no evidence to offer Lee Chu was discharged. An officer was present from Montreal, but before he could execute the warrant Lee Chu was arrested by another Chinaman. He was hustled out of court to a place where the capias was settled and then disappeared from public view.

Heavy Damages.

Vancouver, B.C., June 18.—A verdict for the heaviest damages for personal injuries that have been recovered in a Vancouver court for many months, was awarded to James C. Farquhar, son, by the supreme court jury. Farquhar was suing for damages as the result of injuries sustained in a train collision last fall at Cedar Cottage. The verdict was for \$11,500.

"Moving Picture" Liquor.

Three worthies from out of town were stopping at a small Kingston hotel. The evening came, and one of the three suggested to his companions that they visit a five-cent moving picture show of perjury on your lot, replied one of the others. "All I have to do is to take two drinks of the liquor they sell in this house, and I can see better moving pictures than they show over on Princess street."

The See Of Ottawa.

Ottawa, June 18.—The Roman Catholic see of Ottawa is likely to be made into two, that portion in Quebec to be made into an independent diocese, with circles. The present Catholic province of Ottawa has grown steadily recently, especially on the Hill side, and this long-thought-of division is being more and more considered.

DOWN IN GANANOQUE.

Kingston Man Takes Over the Palace Theatrum.

Gananoque, June 18.—The first searchlight excursion from here for this season was taken out last evening under the auspices of the citizens' band, on board the steamer St. Lawrence, which brought a load over from Clayton.

The coal schooner Horace Taber arrived yesterday with a cargo.

The Palace Theatrum, operated for some time past by J. H. Gorrie, has changed hands. It is generally understood here that it has been taken over by the proprietor of the Kingston Bijou. Miss Lola Baker has been engaged to sing the illustrated songs.

Harmony Lodge No. 15, Daughters of Rebekah, went over to Clayton, N. Y., yesterday afternoon for a friendly visit with their sisters. The degree team accompanied them to exemplify a degree at the session.

In town this week in the interests of freight traffic for their respective companies are: F. Conway, K. & P. Ry., Kingston; F. J. Watson, district freight agent, G. T. Ry., Montreal; C. P. R., Toronto; George Collins, general manager, C. O. Ry., Trenton, and J. F. Chapman, general freight agent, B. & O. Ry., Deseronto.

The following P. G.'s of Gananoque Lodge, No. 114, I. O. O. F., represented in Kingston last evening: Robert Chadwick, Thomas Baker, Jos. Mills, Charles K. Cotton, George Dowsley and W. S. Bowden.

Rev. Charles E. Britton and Deputy Reeve John B. McNulty attended the session of the counties' council for Leeds and Grenville, in Brockville.

George Kelsey, an old offender, was taken in charge by the police yesterday on a charge of being in an inebriated condition and somewhat boisterous.

Rev. Henry Gracey attended the meeting of the Presbytery in Kingston this week. Mr. Gilbert Orser, Charles street, is spending a couple of weeks with Brockville friends. W. J. Bullock, who has been undergoing treatment in Brockville General hospital, has returned to town. Mr. and Mrs. George Taylor, Sydenham street, have returned from a two weeks' trip in Alberta and Saskatchewan.

Miss Bertha Ormiston, spending the past two weeks with her parents, Mr. and Mrs. Wm. Ormiston, has returned to Mount Clemens, Mich.
