# \$1 a Cake Could Buy No Better Soap

If you were to offer us \$1 for a single cake of soap, we could make no better than our Infants'

For we have put our very best into this cake. We go to the gardens of France for pure vegetable oil. There we pay often double what we might pay. We bring cocoanut oil more than 12,000 miles from the isle of Ceylon. Then we mix these oils and boil them doubly long.

After this we send them through our own special milling process - one that we have perfected only in our 43 years of experience.

From here they fall like flakes of snow into huge bins and are then crushed under a weight of 30 tons to press out the moisture. Then they pass through granite rollers and

come out in miles of silky ribbons, after which they are dried eight times. The result is the most perfect and delightful soap. It is so pure and clean that it leaves the skin fair as an infant's. So we call this soap Infants'

Delight. Order one cake today and see for yourself how different it is. Note the rich, creamy lather and see how it leaves the skin as soft as velvet and as

smooth as silk. Note the dainty perfume - it comes from Bulgaria and costs us \$100 a pound. But it requires 3,000 pounds of rose leaves to make a single ounce of this Otto of Roses. The fragrance is simply exquisite. Please try it and see.

At All Dealers

How to Manicure

File your nails to the desired length. Then soak them in warm water with a thick lather of Infants' Delight. Remove your fingers from the water and push back the cuticle at the base of the nails until the white crescent appears. After this, trim and polish the nails

## A Decidedly Original New Biscuit-Novelty

A NOVELTY that will interest the children more than toys-their Nursery Rhyme friends in biscuit form. Designs are not merely stamped into the biscuit-they are raised above the surfaceembossed, making Nurser Rhyme Biscuits beautiful and unique.

Nursery Rhyme Biscuits are a health-giving food, too. They contain the correct portion of that famous medicinal ingredient, ARROWROOT (SAME FORMULA AS OUR FAMOUS ARROW. ROOT BISCUIT). They aid digestion and assimilation, strengthen babies' digestive glands, purify the blood, and make healthy, robust children. About 70 to the pound.

MADE ONLY BY McCORMICK'S
