### FORESTERS PICNIC

#### A FINE OUTING HELD BY COURT CATARAQUI I. O. F.

At Lake Ontario Park on the Holiday—Irishmen Defeated Victorians in Baseball Match—A Baby Show, Races and Dancing.

With good weather, a record crowd, and a fine lot of sports, the picnic held at Lake Ontario park, on the holiday, was a great success. It was given under the auspices of Court Cataraqui, No. 342, Independent Order of Foresters. The park is an ideal place for picnic parties. There was a nice, cool breeze all day, and this was a fine treat, after the heat of the city, the fore part of the week. The street railway carried large crowds to the park, both morning, afternoon and evening. There was a baseball match, baby show, and running races. In the pavilion, there was dancing both afternoon and evening.

#### Baseball Match.

Irishmen, 7. Victorians, 5. The baseball match between the Victorians and the Irishmen was the big feature of the day, and was very largely attended. It was a close and exciting match all the way through, and in fact, a very good game, but the Irishmen, by timely hitting, managed to pull out a victory. The Irishmen started off with two runs in the first innings, made it three in the fifth, and in their fifth the Victorians evened up the score. Gillespie was the slab artist for the Victorians, Bernier doing the work for the Irishmen, and both were hit up quite freely. Crawford was first up for the Victorians, and he fanned, but warmed up later, and in the fifth, by some speedy work, had the honor of scoring the first run for his team. Nicholson made a nice hit over in the left garden, and made a pretty steal of the second base. McMahon got first, on a good hit, and Cotman was retired at first and Dick likewise. Nicholson got as far as third, but could not score. Ewart made a heavy drive to left field, and got two bags. Stokes had his batting clothes on, and punched the ball for a two-bagger also, and Ewart scored. Anderson was sent out on a small hit in the field. Dehany scored Stokes, but was himself put out at first. Bernier put a fly in McCartney's mitt.

There was no scoring in the second, third and fourth innings, although the Victorians in each inning had a man left on third base. In the fifth, Gillespie, Moore and Crawford did at first. For the Irishmen, Hunt, Joyce and Coyne were retired in one, two, three order. In the third innings, Bernier gave Nicholson a pass, and he made a score.

cond, in a grandstand slide. McMahon was retired. Dick made a heavy swing, but could not beat it out to first, and Nicholson, who was running the bases, was left at third.

Tilson made safe hit and Ewart also got a bag. Stokes flew to McMahon, who made a line catch. Followed by a double play. Nicholson to McCartney nipping Ewart. Anderson was put out at first. There was nothing doing for either side in the fourth. In the fifth, Victorians chalked up three, Crawford, Cotman and Dick passing over the plate. Crawford led off with a hard drive to left field, and was scored by McMahon. Cotman got first, stole second, and came running home on Dick's fine hit. A fumble of Gillespie's hit to infield allowed Dick to score the third. Joyce knocked a fly which Gillespie put away nicely. Coyne was caught at first. Tilson got first, stole second and scored on Ewart's good work. No runs were scored in the sixth.

#### FIRE BUG AT WORK?

#### BELIEVED QUEEN ST. HOUSE WAS SET ON FIRE.

Blaze Was Started at the Front Door, But Luckily Fire Died Out—Discovery Was Not Made Until the Morning.

Is there a fire bug at work in Kingston? Evidence secured at the home of Patrick McArdle, 79 Queen street, on Friday morning, would go to show that such is the case. Early in the morning, when one of the boarders at Mr. McArdle's home was about to leave for his work, he was very much surprised to find that the front door had been set on fire, and when an investigation was made pieces of burnt paper were found scattered about and further evidence was also found of either wood alcohol or turpentine having been splunked around. Quite a portion of both the screen door, as well as the other door, had been burned, but, luckily, the fire had died out without doing any serious damage. Everything pointed towards the paper having been pushed in between the two doors, and it is thought that this was the means of preventing what might have turned to a fatal serious fire as it prevented the fire from getting the wind and thus saving it from spreading. The house is owned by Thomas McGuire, who lives next door, at 81, the building being made into a double house, and to a Whig representative, who called, Mr. McGuire said that he
