Mid-Summer Furniture, Carpet and Curtain Sale

So far its double what it was in 1908. It's bargain and better. We got together many more lines specially for this sale.

We got 50 Meat Choppers, they're not in our line and we don't intend carrying them, and you can have them at a price, they're the best American style made. Regular large \$2.00 size, for \$1.25, we offer for 60c. Our Hammocks went out as soon as advertised. These will go same way.

Phone 90. Yours,
T. F. Harrison Co.

Genuine Clearing Sale.

After an unusually successful Spring's Business, for which we thank the citizens of Kingston, and wishing to begin the Fall Trade with an entirely new stock, we offer the remainder of our Carpets, Rugs, &c., at prices lower than they can be replaced for.

R. McFAUL,
Kingston
Carpet Warehouse.

Stable Values

The person who has saved up a few hundred dollars and is seeking an investment, should choose one in which the element of speculation is absent.

For the average person whose knowledge of stock values must be picked up second hand, such investments are pure speculations.

The man with a little money cannot afford to speculate, because he cannot afford to lose.

Buy Kingston real estate. It is stable, "sound as a dollar." In selling real estate we make it a business to secure for our clients the best value for their money.

ORANGEMEN AT CHURCH

ATTENDED A SERVICE AT 'PRINCESS ST. CHURCH

Rev. Bro. R. B. Nelles, Deputy Grand Chaplain, Ontario East, Preached a Stirring Sermon—Fine Music was Rendered by the Church Choir.

There was a good turnout of Orangemen, at the annual service of district I.O.O.F., No. 1, held at Princess Street Methodist church, on Sunday morning. The members met at their lodge rooms and marched to the church, via Princess street, headed by the Klitties band. The weather was ideal for the march, perhaps a trifle warm, but this did not prevent a good attendance. The pastor of the church, Rev. F. H. Sprout, welcomed the Orangemen, and the sermon was preached by Rev. Bro. R. B. Nelles, deputy grand chaplain of Ontario east. The church was filled to the doors, and the special programme for the service included a number of fine selections by the choir. The anthems were, "The Lord is in His Holy Temple," and "O Worship the King." In the latter, the sweet voice of Miss Grace Mitchell was heard to great advantage. Miss Mitchell also rendered a solo, with fine effect. "Stand Up, For Jesus" was the title of a selection ably rendered by the male quartette. The hymns selected for the service were, "Onward Christian Soldiers," "Soldiers of Christ Arise," and "Blest Be the Tie That Binds." The latter was the closing hymn, and afterwards the congregation joined in the singing of the national anthem.

Rev. Bro. Nelles chose as his text, II Peter, chapter 1, 16th verse: "For we have not followed cunningly devised fables, when we made known unto you the power and coming of our Lord Jesus Christ, but were eyewitnesses of his majesty."

In opening, Rev. Mr. Nelles said that he considered it a great honor to have the opportunity of speaking to a body of Orangemen, and referred to the history of the order. In continuing, he pointed out that the members must not allow the work to drop behind; they must not be content in recalling the things which had been accomplished by their fathers, and let the work rest. If they did this, they would be untrue to their colors. The one great question that came up for consideration, was that of continuing on in the work. Would the members be satisfied to allow it to lag behind, or would they prepare the foundation for a far more glorious future? The speaker came, today, with a message which faced all the members of the order, providing they desired to be true to their colors. Canada, to-day, occupied a unique position, with the eye of the whole world upon it. It was indeed a great country, along commercial lines. Canada was welcoming to its shores men of all nationalities and religions. In this city, the church of Rome had not been found to be so aggressive, yet in the great North-West this had become a most important question. In the west, the church of Rome had laid the foundation for a new asset. The speaker did not wish to criticize, but the order was face to face with this question. In Canada the church of Rome stood out against light and success was measured by enlightenment. Religion was a business proposition, and the order was not facing this situation. The old word was, "Reason together." The light must shine. Where does Rome stand on the question of liberty? She would put a ban on everything we hold sacred, and veto everything that binds us together. Rome, denied the right of private judgment. Canadians loved to be free, and resented everything which appeared to bind and keep them down. Rome was opposed to the things which stamped men as free as the air they breathed. Rome was against education. Men, standing with the colors of the order could see this, and in fighting against it, they were not fighting on personal grounds, but against a system which they did not consider just. The only true idea of a Christian world, was the idea which stood for freedom of religion in education. Rome denied the freedom of one's own mind. It was a notorious fact that a child, attending school in Quebec for five years, had been known to come out of the school unable to either read or write. For these schools there was a recommendation, that the trustees be men of education, but this was struck out. What did this mean to Canada? What did it point to in Canada? It simply meant that the outcome was to make Canada the home of an established church. Now was the time to take a stand for the liberty that we have.

The speaker said that when in Quebec recently he witnessed a procession which was headed by men who had been expelled from their native land because their influence had been against the welfare of the country. In Canada would we welcome such men to our shores, and allow them to lay such a foundation here? To-day there was a movement to introduce into the province of Ontario the same things which had given the Roman church the grip in the province of Quebec. If the public school was gone the separate school would be introduced. The speaker did not wish to infer that he was pessimistic, as he was far from it. He wished to point out that it was time all these things were forced by the Orange order. It was time that we should cease to be questioned. Canada, to-day, was the easiest work for the Roman church. Speaking generally there appeared to be a sort of indifference to the matter. The speaker did not speak as an alarmist, but would ask whether or not the members realized the situation, and faced it as sane men; or whether they were going it blindly. It would be suicide to let a nation be taken away, while the order was asleep in a fool's paradise. The speaker did not say all this to be sensational. In the lodge room all the members' lodges were the words, "No Surrender." What were the members doing? The speaker was not sufficiently acquainted with the local order to express an opinion as he had stayed with the order he had first joined. He would say, however, that what the Orange association needed was less men, written in small letters, and every man with capitals—manly, earnest and strong men. The Orange association had too long been used as a stepping stone for greedy politicians. All these things should be thrown off, and the members should stand as a body of men.

At the close of his address the speaker asked all who would remain true to the colors and right of the order to rise to their feet and the members immediately arose in a body.

SHOULD NOT REFUSE OFFER OF THE CITY GIVING IT THE DATA

From Which to Figure Cost of Power—Ald. Elliott Tells What the Light Committee Will Do For the Street Railway.

Ald. Elliott, chairman of the light, heat and power committee, does not think the street railway company has been unfairly dealt with in regard to the proposition to have the actual cost of power apply to the railway figured out. He says the company should accept the offer of the city council allowing Prof. A. K. Kirkpatrick all data in the light plant office as to the plant's workings, and allow Prof. Kirkpatrick to figure out what he thinks the cost of the street railway power is. Then his figures can be compared with those of Manager Folger. If the two cannot agree, then, Ald. Elliott says, the light, heat and power committee will, at its own expense, call in an outside uninterested expert to go over the figures of Manager Folger and Prof. Kirkpatrick and pass his opinion. If he says that power can be supplied as low as one cent a kilowatt hour to the street cars, without loss to the city, then Ald. Elliott says, the committee will be big enough to recommend to the city council that power be sold to the company at that rate. In the meantime, however, he thinks that the company should allow its representatives to go ahead and figure upon the data that the city offers to place at its disposal.

Sydenham Street Opening.

The feeling seems to be that the city council will not extend Sydenham street from Brock to Princess. There is a likelihood, however, that the land from Johnson to Brock will be acquired and a sixty-six foot street made. The land can be secured for \$5,000, and another \$1,500, perhaps less, will build the street and walks. The block from Brock to Princess street could be opened and a forty-foot street made for probably \$17,000. In years to come, the street might be widened to sixty-six feet by acquiring additional land.

Many citizens think that the Hotel Dieu corporation might well grant the land between Johnson and Brock streets to the city as a gift in view of the fact that the lane can never be wholly closed to traffic.

Collection Of Garbage.

The civic finance committee has set aside \$500 for garbage collection this summer. Tenders for collecting the garbage in the section of the city north of Princess street will be received this afternoon, and it is expected that the work will be done for the same money as asked for collection on the south side of Princess street. The \$500 will cover garbage collection for the whole city for two months. At that rate it would cost probably \$2,300 for yearly collection of the city's garbage.

NEW PICTURE POSTCARDS.

There's no city in Canada that produces so many picture postcards as Kingston, and this week quite a number of new local and district scenes are issued in the postcard department. A local firm, which leads in the issue of picture postcards, orders them in batches of five thousand, and is always on the lookout for new scenic pictures. One of the prettiest of the new cards is a picture of the Yacht Club House, taken from the water by a member of the Whig staff. It shows a scene of yachting activity at the club house and wharf. Some fine Thousand Island and Rideau scenes are among the new cards, and the Thousand Island scenes are properly labelled "Canada," for it is a habit of the Yankers to issue Canadian river scenes with a "Thousand Island, New York," label.

The Square Deal Pays.

And square with the enemy every man gets when he separates himself from his corns by Putnam's Corn Extractor. For fifty years "Putnam's" has cured every man it treated—no "Putnam's" only—it's a painless and sure.

Members of the battery were out for a ride around the city this morning.

Queen St. Methodist picnic, Wednesday, to Staley's Grove.

Will Not Go Haying.

Police Constable Samuel Arniel will not go haying this summer. He generally harvests the crop of the Sunbury district, but on reading in the Whig that hay was yielding only a quarter of a ton to the acre, Samuel Arniel has decided that he will not be required in the field this month. He declines to boil in the sun for such a meagre crop.

Welcomed Rainfalls.

The rain of Saturday afternoon and night did a great deal of good to the surrounding district. It was the first good rain in some weeks. Sunday was quite sultry after the rainfalls. The showers on Sunday night and Monday morning were most opportune.

Great Clearing Sale.

Prevost, Brock street, has made a great reduction in prices in the ornamental and ready-made clothing department. Also in the gent's furnishings to make room for his fall and winter importations.

Great Thoughts for July (Smith's Publishing company, London) contains articles upon and portraits of Canon. Ainger, Sir Isaac Pitman, Lieut. Shackleton, Lord Houghton, Anthony Trollope, G. K. Chesterton, and other distinguished men. While the magazine does not seek to be "topical," it devotes attention to the great men of to-day, as well as to the giants of the past. Its interviews are always interesting, and its miscellany a household treasure.

On Friday evening, the Life Insurance Underwriters' Association, of Kingston, and district, had a lunch in the Frontenac hotel grill room. Don't forget Queen St. Methodist picnic, Staley's Grove, Wednesday.

CORRIGAN'S.

NOT A BACK NUMBER

BI CYCLING IS A POPULAR SPORT THIS SEASON

Story Told By Dealer Goes to Show That the Wheel is Not Taking a Back Seat—Fine Cup Offered For a Bicycle Race.

"Is bicycling now a back number, to what it used to be a few years ago?" Perhaps there are not as many wheels in use in Kingston this season as in other years, but there is one sure thing and that is that the old wheel is not taking a back seat, by any means.

The Whig to-day called upon some of the dealers to get an opinion on the matter.

"Bicycling dying out?" said one in great surprise. "Well, I guess not, I have sold more wheels so far this season, than I did all of last season. Do you know there appears to be quite a stir in the business."

"I have sold thirty-eight new wheels already this season," said another dealer, with a broad smile, "and I am looking forward to a grand season. Last year I only sold about twenty wheels altogether."

The repair shops appear to be rushing with work, too. This season many old wheels have been hauled out, and with a little work placed in good condition for the road.

Will Offer A Cup.

The bicycle races, which were to have been held on Dominion day will probably be held on the day of grocers' picnic, or on the occasion of the visit of the Toronto Old Boys here, on Civic holiday. In connection with these races, Harvey Milne made a most pleasing announcement, stating that he would offer a cup for a two mile race for all who had purchased wheels from him this season, either a Cleveland, Rambler or Fulton. The cup is a handsome one.

Games Arranged.

An interesting game of baseball will be played, on Thursday evening, when the "Scranton Live Coals," from Swift's, will play the Kingston & Pembroke nine. Capt. Mueckler, of the Live Coals, has signed Peter Clarke for third base. The game will be played on the cricket field.

The next lacrosse game will be played on Wednesday afternoon at the fair grounds between the Kingston and Brockville teams. The locals hope to pull out another victory over Brockville and make it three in a line.

Have Entered Race.

Messrs. Cummings and O'Brien, the well-known runners at Gananoque, have entered the Marathon race, to be held by the grocers, on Wednesday. It is believed that a fast runner, from Clayton, N.Y., will also enter.

Sporting Notes.

If there is any strength in numbers, Pittsburg should easily win the National Baseball League pennant this season. Manager Clarke is carrying thirteen pitchers.

Thirty-five thousand people saw Pittsburg win twice from New York on Friday. Ten thousand were denied admittance.

Vancouver police force have entered the two Gillies cousins for the police sports to be held in Ottawa on July 28th. They will also take part in the Toronto and Hamilton police games.

"Jack" Toft, the old Toronto back stop, has received an appointment as umpire in the Eastern Baseball League.

Chicago Americans have bought Shortstop Blackburn, of Providence, for \$9,000 and two players.

Ketchell is guaranteed \$20,000 win, lose or draw; for his finish fight with Langford, who gets \$5,000.

The Lake Yacht Racing Association meet at Cobourg will be one of the biggest boating events ever held on Lake Ontario. The local committee, which is composed of J. M. Sutherland, secretary-treasurer; J. D. Hayden, Major Harry Field, William Burnett, William Hoey and others, are working actively to make the local arrangements and provide for social events. Several brilliant balls will take place in regatta week, and other affairs are being arranged for. On Tuesday, August 3rd, the cruising races take place from Charlotte here, and Wednesday is the opening day of the Cobourg events. Kingston yachts will participate.

Confirmation At Penitentiary.

Archbishop Gauthier held confirmation service in the Roman Catholic chapel at the penitentiary on Sunday, when nineteen prisoners were confirmed. The archbishop was assisted by Rev. Fathers McDonald and Halligan. His grace addressed the prisoners both in English and French.

The steamer America had a goodly number of passengers on its trip to Cape Vincent, yesterday.

The Best I Ever Saw
