Eminent Toronto Physicians

Failed to Cure Rheumatism.

Miss Flora Chapman Vividly Describes Her Sufferings and Ultimate Cure With "Nerviline."

"After being an enthusiastic user of Nerviline for years, I feel it my duty to tell you personally what your wonderful preparation has done for me. I suffered torture from rheumatism and heart trouble, tried scores of so-called remedies, consulted for weeks and months with Toronto's most eminent physicians, but derived only slight benefit. A friend insisted on my using Nerviline, and to my surprise a vigorous rubbing of this powerful liniment eased the pains and reduced the stiffness in my joints. I continued to use Nerviline and was permanently cured. I am now perfectly well, and for three years have had no rheumatism at all. I know many families where no other medicine but Nerviline has kept it so, useful in minor ailments like earache, toothache, neuralgia, coughs, colic, lumbago and sciatica. I call Nerviline my "Life Guard," and urge all to try its merit."

COLD KILLS THE GERM.

Lieut. Perry Says There Are No Bald Heads in the Arctic Region.

The people who come back from Klondike testify to the fact that no native bald heads are there. The evidence is that the cold climate kills the germs that eat the hair off at the roots. Lieut. Perry, who went to the Arctic Regions, gives the same evidence. Newbro's Herpicide has the same effect as the cold climate. It kills the germ that eats the hair off at the roots, and the hair grows again. Herpicide is the first hair remedy built upon the principle of destroying the germ that eats the hair off. Its phenomenal sale demonstrates the correctness of the scalp germ theory.

Sold by leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detroit, Mich. One dollar bottles guaranteed. G. W. Mahood, special agent.

JUDGE FOR YOURSELF.

Suppose you need help, or out of employment, or have something to sell. Go from door to door and state your case, or better still send out a circular or a letter and then see what your returns are. The man or woman who gets there, who is making money, has long ago discarded these obsolete methods of accomplishing things. They all rely on British Whig Want Ads. to tell their story to that part of the public whom they want to reach and interest. As the newspaper to-day is the swift teller of the day's news, so it also is the swift teller and filler of the day's wants, be they what they may, and the best medium to tell your wants is the British Whig.
