WORMS

"Cascarets are certainly fine. I gave a friend one when the doctor was treating him for cancer of the stomach. The next morning he passed four pieces of a tape worm. He then got a box and in three days he passed a TAPE-WORM 45 FEET LONG. It was Mr. Matt Freck of Millersburg, Dauphin Co., Pa. I am quite a worker for Cascarets. I use them myself and find them beneficial for most any disease caused by impure blood." Chas. E. Condon, Lewistown, Pa. (Mifflin Co.)

STOP IT!

Don't be a slave to circumstances. Don't be satisfied to drift along in the same old way year after year and just "live." Get out of the rut that keeps most men poor.

IF YOU ARE PAYING RENT Right about, face! Remember this, that the rich man can afford to pay rent, but the man who is poor or in modern circumstances cannot.

The first move in the right direction is usually the purchase of a lot. Get that paid for and it will be easy to finance the building of a home upon it, which you can settle for in monthly installments in lieu of rent. And every dollar you put into that home will be a dollar saved!

Now in regard to the lot. We have them in all localities and at reasonable prices.

THE SPORT REVIEW

LACROSSE TEAM LAGGARD AT PRACTICE.

Play Prescott Here on the 26th—This Afternoon's Baseball Match: Between Victorias and Locos.

The Kingston lacrosse team had a fairly good practice at the cricket field on Friday evening, although only a few players were out in uniform. The players should all turn out every practice night and do some hard work. The local team has a good chance to win the league if the players take enough interest in the game to get out and play as they have played before. Prescott is the only obstacle that now stands in front of the pennant, and the Kingston team plays the easterners on Monday, July 26th, here. That will make just an even four weeks since the last game, and that is quite a long time for the players to wait, as they are liable to get a little stale.

Which Will Be It?

The team which wins the C.L.C.-Victoria game at the cricket field, this afternoon, will likely land the pennant and silverware. The two teams are now a tie for first place and the battle will be a keen one. A large crowd will gather to see the game if the weather is favorable.

Off On A Cruise.

A number of the local yachts will leave this afternoon on a cruise to Clayton and other river points, spending Sunday among the islands.

Sporting Notes.

Sherring is backing Svanberg to defeat Longboat. In Krause, the Philadelphia Athletics have the pitching find of the season.

Neal Ball has delighted the Cleveland fans with his brilliant work at short stop. John D. Marsh is endeavoring to arrange a Marathon Derby at the Pacific coast.

Longboat states that he will give Sherring a match should he succeed in defeating Svanberg. Ban Johnson is behind the scheme for the amalgamation of the National and American ball leagues.

Ty Cobb, of Detroit, has stolen more bases this year than any two men in the American League combined. The Summers-Britt twenty-round bout has been postponed until July 31st. Articles signed provide for a \$500 side bet.

It is announced that Zhyseo, the Galician wrestler, has been secured to appear in Chicago, and will start for America soon. Zhyseo was first mentioned as the opponent to be brought out for Gotch before the Hackenschmidt match was arranged. He is twenty-six years old, five feet nine inches tall, and weighs about 252 pounds. Langford failed to knock out the Chicago negro, Klondyke, in a six-round bout at Pittsburgh. Klondyke weighed forty pounds more than Langford, who tried to land a knockout at all stages of the proceedings. He put the Chicago fighter down for the count of nine six times and administered a terrific beating. But Klondyke's head was so hard that he refused to go to sleep.

Reports are now in circulation on the American League circuit that "Wild Bill" Donovan, the Detroit star pitcher, will be of little use to the Tigers for the balance of the season. Since the start Donovan's salary has given him considerable trouble, the terrific strain of the 1907-8 campaigns having told on "Wild Bill's" good right arm. In the three games he has pitched this season Donovan has shown none of the form that made him famous. Twice he has been hit out of the box.

Baseball players and experts on the technicalities of the national game agree that a decision by Empire Clarence Owens, at Toledo, which gave Louisville the winning run, is unique. Peitz was at bat for Louisville, with two on bases, and McCurdy, pitcher for Toledo, after a conference with Catcher Land, decided to give Peitz his base. Three wide ones were thrown to Peitz, and before the fourth was pitched Land deliberately stepped "out of line" and received an exceptionally wide throw. Owens promptly called it a balk and signalled Sullivan, on third, to come in with what proved to be Louisville's winning run.

Efficiency Pay Shooting. This afternoon was the last chance members of the 14th Regiment had to shoot at the butts for their efficiency pay. The general shooting by the regiment has been very good, considering that the men have had no range for practice for years. Practice shooting at the butts will take place every Wednesday and Saturday afternoons from now till the end of September.

Kingston Chinese Enraged. A large poster bearing the title "How the Chinamen of New York Treat White Girls," was displayed in front of the Bilou theatre, yesterday, to call attention to the drama "Lost in Chinatown." During the supper hour the poster was destroyed. A new poster was in place this morning and the play is in progress to-day.

Stake Ran In Boy's Foot. Vincent Lloyd, a young lad, was brought to the Hotel Dieu, Friday evening, suffering from a severe wound in his foot. He was playing near the cotton mill in bare feet when he stepped on a sharp stake, which went into his foot some distance. The wound was dressed by Dr. Hanley.

MR. STOCKDALE RETIRES.

He Takes Position in Leamington High School.

Kingston is shortly to lose another of the younger men of enterprise and ambition in the person of T. N. Stockdale, who for the past four years has been in charge of the Frontenac Business College. Mr. Stockdale has been attracted to another field of practical work by the strong inducements now offered by so many of our high schools and colleges to men able to organize and conduct a commercial department. He has accepted an appointment as principal of such a department in the Leamington high school in Western Ontario. He has disposed of his interest in the Frontenac Business College to W. F. Shaw, the well-known Business College man of Toronto. Henceforth the school will be conducted as a branch of the Central Business College, of Toronto, and it is understood the management will inaugurate some important changes which will prove most advantageous to the patrons of this important local institution. We regret to lose Mr. Stockdale as a citizen, but wish him success and happiness in his new home.

AT KINGSTON MILLS.

A Jolly Picnic Was Held There on Wednesday.

Kingston Mills is an ideal place for a picnic and one of the loveliest held there this summer was that given on Wednesday afternoon when Miss Floeste Knapp entertained a number of her friends on the occasion of her birthday. The trip to and from the Mills was made in the fine gasoline launch, Eva, and the trip was most enjoyable as the weather was perfect. An early arrival at the picnic grounds gave ample time for amusement, and the party enjoyed themselves to the limit. The girls provided an excellent spread, baskets and boxes being brimful of many good things, and everybody was happy, even to a couple of stray-way chickens, who managed to steal into the ring and made off with a couple of fine salmon sandwiches. But then, no one begrudged the poor things a bite to eat, and besides the supper was so tempting that they simply could not help it. There was a snout and a pig, however, and the little fish got theirs, too, and without any solicitation. At five o'clock, just when the mosquitoes were having the biggest picnic of their career, the party left for home, tired but happy, voting the outing one of the best they had ever had the pleasure of attending.

Vacation Trips.

The Grand Trunk Railway System, recognized as the tourist route of America, is the only line reaching all the "Highlands of Ontario" resorts. Circular tours via Penetang and the 30,000 islands of Georgian Bay, returning via the charming Muskoka Lakes. A trip to the Lake of Bays, including the new "Wa-Wa" hotel, the Magnetawan River, the crooked, but beautiful river, the French River, and incomparable "Temagami Lake," Lake Simcoe, Severn River, etc., are all worth a visit.

Efficiency Pay Shooting. This afternoon was the last chance members of the 14th Regiment had to shoot at the butts for their efficiency pay. The general shooting by the regiment has been very good, considering that the men have had no range for practice for years. Practice shooting at the butts will take place every Wednesday and Saturday afternoons from now till the end of September.

LATE J. MACDOUGALL

CITY REFUGE SUPERINTENDENT IS DEAD

Deceased Was For Many Years With W. R. McRae & Co.—He Made a Capable Head of the City Refuge.

On Friday afternoon, John McDougall, superintendent of the city refuge, passed peacefully away at his home. The deceased was taken ill about seven weeks ago, and was removed to the general hospital, where for four weeks everything possible was done to stem the disease, but without avail, and when it was seen he was sinking he was removed again to his home, where he lived for two weeks, death coming peacefully on Friday.

The late Mr. McDougall was well-known in the city, having lived here for many years. He was born in Tisbury, Argyleshire, Scotland, fifty-seven years ago, coming to this country when a young man. For a number of years he was connected with the grocery store of W. R. McRae & Co., leaving there four years ago to take the position he held till his death. Six years ago he was married to Miss Helen MacInnes, Ottawa, who survives him. One sister, Miss A. McDougall, Scotland, also survives.

The death of Mr. McDougall came as a great blow to his many friends and acquaintances in the city and vicinity. During his stay at the city refuge he proved himself a splendid man for the position, and did much for the betterment of the institution. His death has left a gap that will be exceedingly hard to fill by the management.

The late Mr. McDougall was a Presbyterian in religion, attending St. Andrew's church. The funeral was held this morning to the Grand Trunk station, whence the remains were sent to Finch, where they will be laid beside his kindred. The sympathy of friends is extended to Mrs. McDougall, and to Miss McDougall, far away over the seas, in their bereavement.

Had A Fine Outing.

The visiting pressmen had a trip down the river, on Friday, on the staunch steamer Caspian as guests of the Lake Ontario and Bay of Quinte Navigation company. They were delighted over the beauties of the Thousand Islands region, a number of them seeing it for the first time. The Caspian made fast time and everything conspired to make the outing most enjoyable. Dinner of a very tempting character was provided and appreciated as the breeze gave zest to appetite. The pressmen, on the way, found time to discuss business and to fraternize together. They passed resolutions expressing thanks to the boat's management for the outing and also to Messrs. Pense and Givens for overwhelming kindnesses while in Kingston.

Kingston's Milk Good.

The last official test made by the government food inspector of milk supplied in Kingston gave the milk a percentage of .100, the highest in the province. The dairies herabouts supply good milk, and the strict regulations of the board of health have had a great deal to do with this.

Promises Were False. Four Kingston laborers were engaged by a railway construction boss here to go to Georgetown, where they were guaranteed \$1.50 a day and board for \$3.50 a week. When they reached their destination they were informed that they would be paid only \$1.25 a day and charged \$5.50 a week for board. The Kingston quartette just packed their valises, told some persons to go to the dark place, and left for Paris and Brantford, where they secured work.
