IN THE NICK OF TIME

FIVE PEOPLE PRECIPITATED INTO LAKE ONTARIO

Four Women and a Man Capsized and Rescued Near Six Town Point.

Watertown, N.Y., July 21.—Miss Elizabeth Hayden, of this city, together with Miss Emma Denny, Miss Anna Duty and Miss Jessie McGilvery, of Sacket's Harbor, with Samuel Bible, of the same place, passed an exciting fifteen minutes in Lake Ontario waters, late yesterday afternoon, near Six Town Point, when a sudden squall overturned their sailboat and precipitated the whole bunch into the heavy sea. With the exception of Miss McGilvery, all the occupants of the boat managed to cling to the overturned craft. She failed to reach the craft until she had gone down twice, when luckily Miss Denny grasped Miss McGilvery's hair and pulled her to the boat's side, to which she managed to cling.

Ernest Vorce and David Heath, fishing nearby, saw the accident and managed to save the five members of the overturned craft just in the nick of time.

WAS A FINE AFFAIR.

Lawn Social Held by Princess Street Church.

A very successful lawn social was held on the spacious grounds surrounding Princess street Methodist church, on Thursday afternoon and evening. The grounds were tastefully decorated with flags, bunting and colored lanterns. Numerous booths were scattered around the lawn, where tempting articles were offered for sale, and all were well patronized by the large crowd present. The 14th band was present both afternoon and evening and dispersed fine music, which was much enjoyed.

The different booths were in charge of the following: Mrs. Henry Wilder, the Misses Wilder, Miss Kate Gardner, and their assistants, Rev. Mr. Sproule was present, and gave everyone a cheery word of welcome. A neat sum was realized by the social, which was one of the most successful in the history of the church.

OLD TIME RAILROADING.

Crew Had to Use Hand Brakes on Express.

Toronto News.

The passengers of the Grand Trunk train which left Montreal, Sunday evening, at ten o'clock, for Toronto, were given a unique experience as the train reached Napanee, twenty-five miles west of Kingston.

The engineer's attempt to work his air brakes quickly showed him that something had gone wrong. The next roundhouse being at Belleville, it was necessary to reach that city before any change could be made. In order to keep the train under control, the entire train crew was distributed among the coaches, each in charge of a hand brake. By obeying the signals of the engineer's whistle, the down grades, and station stops were taken without trouble. At Belleville a necessary engine was in waiting, which brought the train to Toronto.

Came From Newburgh.

The excursionists left at 2:30 o'clock on the steamer America on a tour of the islands, and will return home by train at 9 o'clock, to-night.

IN AN INSANE WARD

MYSTERIOUS PLAGUE APPEARS IN CHICAGO

Some of the Patients at the Dunning Asylum Are Afflicted With Pelagra.

Chicago, July 21.—Pelagra, a mysterious plague as fatal as leprosy and usually found only in the Southern States and in tropical countries, has been discovered among inmates of the insane wards at the Dunning asylum. Three middle-aged women are now suffering with the dread disease and six other women have succumbed to the disease within the past year. At the time of their death Dunning physicians were mystified by the nature of their ailments. A suspicion that pelagra was affliction of the women was confirmed, yesterday, by Dr. C. H. Lavinder, a surgeon of the United States public health and marine hospital service, who for the past two years has been doing an exhaustive study of the baffling disease at a laboratory at Columbia, S.C.

"Pelagra is one of the most mysterious diseases known to science," said Dr. Lavinder. "Its cause is not entirely understood and no certain cure has been found for it."

"Most authorities attribute the disease to the use as food of spoiled or damaged corn or its products but no one is able to state that corn in a certain condition will cause the disease, nor can anyone guard against it."

"Pelagra eats out the body and mind, but is a chronic disease and not acute and usually when insanity is caused the patient is depressed and moody rather than violent."

"The disease is not considered communicable and effort is made anywhere, either in Europe or in the United States to quarantine the cases."

MADE BIG HAUL.

Diamond Rings of Great Value Were Stolen.

Special to the Whig.

Ottawa, July 21.—A daring robbery occurred on Sparks street, in the city's business section, to-day, when four men entered McMillan's jewelry store and stole diamond rings worth from \$8,000 to \$10,000. One man asked to see nail files, another to see umbrellas, thus engaging the attention of two clerks in the store, while the other two took trays out of the window, in each of which were fifty diamond rings. The police are investigating.

Proceedings were instituted, to-day, by Protestants, to prevent Henry Simpson, also a Protestant, taking his seat on Toronto board of education in place of the late H. A. Kent. The reasons for the suit are that in the election by the board to fill the vacancy the chairman ruled that Mr. Dineen, one of the appointed Catholic members, had a right to vote in filling such a vacancy, although it was a public school supporter who had to be elected.

Work On Subway.

Good progress is being made on the work on the new subway at the outer junction. The contract calls for the work to be completed by August 1st and it is believed that it will be finished by that time. The work has been rushed along as speedily as possible and quite a large number of men have been given employment.

Old Boys Coming.

A good crowd is expected on the Old Boys' excursions, which will arrive in the city on Saturday, from Ottawa and Toronto. No official programme has been arranged for the visitors, but it will simply take the form of a home-coming, when the old boys and girls will be welcomed back to the old town. Mayor Couper and members of the council will meet the trains, and give the city over to the visitors.

Will Offend The Knockers.

Financial arrangements have been made by which the Frontenac lead mine will be purchased under the option to the organizer, of the Canadian Lead Mining and Smelting company, of Kingston, R. F. Cushman. The shareholders now have an assured property, a free and clear mine, including buildings and machinery. Operations will be begun in September and October. The disparagers of the project will be sad.

Was Again Remanded.

In the police court this morning Patrick Hamilton, the young man arrested for theft, was given a further remand for a week. It will be remembered that early in the morning he was found on the street by a constable with an alarm clock and a roll of butter, taken from the steamer Pierpoint. The accused is of unsound mind and efforts are being made to have him sent to Rockwood asylum. This was the only case before the court this morning.

Car Struck A Waggon.

Car No. 24, on the depot line, in charge of Motorman Armstrong, hit a rig between Bay and Orleans street, on Tuesday afternoon. The car was coming up and Blakely's cartage waggon went to cross in front of it with the result that the two came in collision and the waggon was overturned. The accident happened so quickly that the driver did not have time to get off the cart and when it was righted he was found under death on his hands and knees. Luckily he escaped without serious injury.

Devil's Dancing Girls.

The Devil's Dancing Girls form a pretty feature of a 16th century drama now on at the Lion, entitled "The City Hall Clock" or "The Watchmaker's Secret." The play recalls Kingston's recent disaster but in this case the new clock is built by the advice of the devil instead of Prof. Dupuis. The costumes and scenery are magnificent, the scene being laid in Italy, and the words done by the celebrated Italian film-makers, "Italia Gives." There is also a thrilling drama presented entitled "The Convict and the Girl," or "The Crystal Ball." A great fire and clairvoyant's prediction are features of this drama. J. Douglas Bankier in illustrated songs.

WIFE LEFT HUBBY

And Came to Kingston With Gentleman Friend.

Charging that his wife had deserted him a Watertown man was in the city making inquiries about her. It is alleged that she left Watertown with a well-known young Kingstonian, and came over to this city. She has, according to the report, been keeping company with the Kingstonian and when located the husband refused to have anything more to do with her, and returned home. It is understood that he will now take steps to secure a divorce. It appears that the parents of the young Kingstonian who figures in the case were not aware of the fact that the woman was already married and to-day were the means of cutting the friendship of the two. The wife is still in the city and the husband across the border.
