

ONE ON THE DOCTORS.

Madame J. Rioux, St. Moise, Que., says:—"Fruit-a-lives cured me of severe Liver Disease. Neither doctors nor any other remedy did me any good, but Fruit-a-lives promptly cured."

"Fruit-a-lives" always cure Liver Troubles, Biliousness and Constipation because they act directly on the liver. They stimulate the secretion of Bile, which decreases the quantity of blood in the liver and thus relieves the congestion or Biliousness. With plenty of Bile to move the Bowels, there is an end to the Constipation.

"Fruit-a-lives" are a positive cure for all troubles arising from a disordered liver.

"Fruit-a-lives" are the juices of apples, oranges, figs and prunes—prepared by a newly discovered process, and combined with valuable tonics and antiseptics. They are, without doubt, the most popular remedy in Canada to-day.

50c a box, 6 for \$2.50, or trial box, 25c. If you can't get "Fruit-a-lives" in your neighborhood, these wonderful tablets will be sent postpaid, on receipt of price by addressing Fruit-a-lives Limited, Ottawa.

NEWS OF DISTRICT

LOCAL NOTES AND THINGS IN GENERAL.

The Tidings From Various Points in Eastern Ontario—What People Are Doing And What They Are Saying.

J. H. Keech, Bardolph, shows a spear of oats measuring 5 ft. 6 inches with 80 heads.

Arthur McDermott and Lulu Wiloughby, both of Cape Vincent, N.Y., were united in marriage on Friday.

Rev. Dr. Crumley and family, Toronto, are with his mother, at Frankville. The doctor and family leave for his new charge in Winnipeg early in September.

Main Street Methodist church, Picton, was packed to the doors at the Sunday services, which marked the formal opening of the handsome new \$2,500 pipe organ.

At Victoria, B.C., on July 2nd, 1909, Miss Christina Stewart, was married to Noah John Bailey, of Edmonton, son of R. Bailey, Albert street, Belleville.

John F. Yates, a former well known resident of Elizabethtown, died at the home of his son, Philander, near Williston, North Dakota, Wednesday morning, aged 76 years.

At Stanwood, Ont., on July 21st, at the home of Joseph McKeown, their daughter, Mrs. Margaret Kennedy, of Stan Ste. Marie, was married to Charles H. Egan, Belleville, formerly of St. Catharines.

Miss Donella McRae, Perth, has been appointed to the staff of the St. Catharines Collegiate Institute. Her sister, Miss Carrie McRae, has been engaged to teach in the Stirling high school.

On July 16th these occurred at the family home in Augusta, the death of Annie M., second daughter of Robert and Sarah Perry Henry. Death came suddenly following only a few hours illness.

Ex-sheriff Thompson, Perth, has entered on his ninety-eighth year and is still able to take his daily "constitutional" which is of great service to health as regards almost essential to health as daily food.

William Turner, a farmer who resides near Oxford, sustained a painful accident while feeding his horse. The animal turned suddenly upon him and a kick broke Turner's leg below the knee in two places.

Miss Josephine Deacon, Brockville, has received word of the death, at Winnipeg, on Tuesday, of her eldest sister, Mrs. William Bredin, formerly of Appling, Ga. Mrs. Bredin was also a sister of Mrs. Giles.

On Monday morning, at St. Francis Xavier's church, Brockville, Very Rev. Dean Murray solemnized the marriage of Miss Ethel Margaret, second daughter of Mrs. Charles Reynolds, to Harold Robinson, both of Brockville.

The death occurred in Trenton on Saturday of Mrs. Katherine Murdoch, widow of the late Michael Murdoch, a one-time farmer near Picton. She had been in feeble health for some time, due to her advanced years. She was aged eighty-six.

The friends in Lenox county of A. C. Wood, Toledo, will learn with deep regret of the death of his wife, Saturday last. She had been in poor health for some time, but her death in the end was sudden and came as a great shock. She leaves behind her husband one son, C. A. Wood, Jr., postmaster at Toledo. She is also survived by two brothers and one sister, Albert Eaton, Carthage, N.Y.; C. W. Eaton, Kirby and Mrs. Louis Johnston, Lynn.

The Achievements Of Canada.

Earl Grey at Dominion Day Dinner in London.

I am continually amazed, as I go through Canada at what a population equivalent to that of Greater London has achieved in a continent the size of Europe. The Canadian Pacific railway, which was only finished a little more than twenty-five years ago, was made out of a contribution of public money amounting to one hundred million dollars. Who is there that can say that that money put into ten dredges would have been of equal value to impeded deference?

There are two more transcontinental railways under construction, and my hope is that we may see Canada advance in population, in strength, in prosperity and in spirit. But whether with a small population of a great one I have seen enough of the temper and the spirit which animates the people of the dominion from one end of Canada to the other to be convinced that the prime minister, Sir Wilfrid Laurier, was more than justified in saying that if it was necessary to maintain the naval supremacy of the crown, Canada was prepared to spend her last dollar and to give her last man.

My eyes bulged out and the veins in my forehead stood out like whip-cords.

* My cries attracted a neighbor, who came to my assistance, and in a moment or two handed me half a teaspoonful of Nerviline in some sweetened water.

It seemed as if an angel had charmed away the pain. In ten seconds I was well. Nerviline has a wonderful name in this locality, and is considered best for cramps, diarrhoea, flatulence, stomach and bowel disorders. I urge all my friends to use Nerviline.

* MANLEY M. LUGRADE,
Williamsburg.

No home is safe or can afford to miss the manifold advantages of having Nerviline on hand in case of accident or emergent sickness. 25c. per bottle, five for \$1. All dealers.

Miss Kate Kennedy, who disappeared from Brockville, has returned to the city with friends having left town to avoid appearing in a wages case in the police court.

Mrs. Mary Olin, Cape Vincent, N.Y., died at the home of her daughter, Mrs. W. H. Young, on Wednesday, at the age of 96 years.

ed. 88.40 to 88.50; Yorkers, 88.35 to 88.45; 14.25, 88.15 to 88.25; roughs, 87.10 to 87.40; stags, 86 to 86.50; dairies, 88.20 to 88.35.

Sheep and lambs—Receipts, 5,000 head; slow and lower lambs, 84.50 to 87.25; yearlings, 85.25 to 85.75; wethers, 85 to 85.10; ewes, 84.25 to 84.50; sheep, mixed, 82 to 85.75.

MONTREAL PRODUCE MARKET.

Prices Paid For the Various Products.

Montreal, July 27.—There was a very good export demand for cheese last week, and as a result one of the largest shipments made so far this season left the port of Montreal, the total aggregating about 110,000 boxes. The prices paid, however, were not quite as those current the previous week, and dealers here were obliged to meet the cut in prices as it was impossible to get prices up in the face of the blue cables from the other side. The week closed with a better tone to the trade, and resulted in firmer markets in the country with higher prices ruling at the boards on Thursday and Friday. The bulk of the cheese offered sold at 11c., to 11c., the top price for the week having been paid at Picton again where the entire offerings fetched 11.9-16c. The demand was largely for colored cheese last week, and they sold everywhere at a premium over white. These offerings, however, were large and they are not held so high as after this week.

The demand this week is very fair, and there is every indication of firm markets ruling throughout the country. The trend of prices will depend upon the extent of the demand from Great Britain this week. If there is any increase from the present demand we may see prices ruling higher in the country, as there is no stock here ready, as though about, and most dealers will be forced to go to the country to fill any large orders.

At Campbellford this morning the offerings were sold at 11c., this market, as has been, the case for a number of weeks, opening with a slow demand from the buyers. There was a slight improvement, however, noticeable at the Stirling board in the afternoon, and prices were slightly advanced there, the offerings having fetched 11.5-16c. These will probably be the lowest prices of the week, as far as can be judged from the present outlook.

The market is keeping up remarkably well, and the receipts into the city last week were very heavy, amounting to 120,415 boxes, as compared with 50,511 boxes for the corresponding week last year. This brings the total for the season up to 776,973 boxes as compared with 768,511 boxes a year ago, showing a very slight increase for this year. Reports from all parts of the country indicate that we are past the flush of the market, but that the output is fully up to last year, and in some cases slightly heavier.

The market for butter is quiet and steady, with prices practically unchanged from last week. There was a fair-sized shipment of butter made to Great Britain last week, almost 5,000 boxes, and represented the trading of over four weeks, during which time there has been no refrigerated steamer to Bristol, which port took over four-fifths of the shipment.

The local demand for butter is good, and there is evidently a little of the speculative element in it, as the demand was sufficient to keep prices from declining any further.

Last week's country markets sold at from 22c. to 22c., and this was rather more than most buyers were prepared to pay.

The market for butter is well maintained, and for the first time for several weeks the receipts into Montreal show an increase over last year. This is not likely to continue, and the total production is still behind that of last year, so far as the receipts into Montreal can serve as a guide.
