## DIED IN WEST

### Hugh Milling Was Well Known Napaneean

## BEEN IN ILL-HEALTH

### YOUNG COUPLE MARRIED AT TAMWORTH.

### The Groom Came From Saskatchewan to Carry Off a Bride—Peoples Leaving For the North-West—Teachers Leave Napanee to Become Principals of Schools.

Napanee, July 30.—Word reached here, yesterday, of the death, at Indian Head, Sask., of Hugh G. Milling, for a number of years proprietor of the Campbell House. Deceased was well and favorably known in Napanee and very highly respected. Owing to ill health he gave up the hotel business a number of years ago and went west for the benefit of his health. He leaves a wife and one son, Henry Milling, to mourn a loving husband and father. The remains will be brought to Napanee for interment and are expected here Monday afternoon for burial in the family plot, Riverside cemetery. Henry, John and Edward Milling are brothers of deceased. Mrs. Flounoy, California, now visiting friends in this vicinity, is a sister.

Harold E. Martin, son of Mrs. S. Martin, Napanee, was married in Tamworth on July 28th, to Miss Myrtle Mary Woods. Rev. H. S. Spence tied the nuptial knot in the presence of only the immediate relatives of the contracting parties. Mr. and Mrs. Martin are spending their honeymoon among the Thousand Islands. They will leave next week for Raymore, Sask., where the popular young groom has a thriving business.

Miss Florence Johnston arrived home last week from a three months' visit with friends in Toronto, Orangeville, Buffalo and Scranton, Pa.

R. A. Crockery, of the Collegiate staff, and T. C. Smith have resigned their positions. Mr. Crockery has accepted the head mastership of the Lindsay Collegiate Institute and Mr. Smith goes to Harrison as headmaster of the high school.

Miss Florence Gibbard left this week to spend the summer with friends in St. John, N.E. J. W. Johnston and wife, New York City, spent a few days this week visiting his sister, Mrs. Henry Lane. W. L. Johnston, London, also spent a few days with Mrs. Lane, Mrs. J. Lane, and Mrs. Mrs. (Dr.) Sills and her mother, Mrs. Parvis, left Monday for a couple of months in the west. Thomas Murphy left Monday for a couple of months' stay in the prairie province.

Mrs. E. Huff and children are the guests of her parents, Mr. and Mrs. George Grieve.

Rev. H. Cairne, Mrs. Cairne and Miss Clara Cairne leave next week for a three months' visit in Saskatchewan and Edmonton. Mr. and Mrs. Ira Pringle left, yesterday, to visit their son in Chicago. R. G. Wright and Miss Leila Wright left this week to visit friends in Brandon.

### Winning of Canadians.

London, July 30.—Sergeant Blackburn, a Winnipeg, heads the list of prize winners among the Canadians at Biscy, with a total of £180, or about \$900. This amount is his individual winnings, as he was not a member of the regular team.

Adding this to the total won by the team, the Canadians bring away altogether some £326, 9s., or about \$1,600. Last year they won about \$4,100. Of this amount \$475 comes to Toronto. Winnipeg shots take home \$1,200 and Hamilton gets \$680.

A good story is better than solid facts from a literary point of view.

## DAILY MEMORANDA.

Men Are coming by boat. And they're coming by rail. To attend Campbell Bros. Big Straw Hat Sale. Steamer America to Thousand Islands, 2:30 p.m., Saturday. Vendors for Market No. 2 Tolls received by City Clerk till 11 a.m., Saturday. City League Baseball, Irishmen vs. Victoria, Cricket Field, 3 p.m., Saturday. Bion Theatre—"Cab 218," or "Saved by Sherlock Holmes"; "Attacked by Redies"; or "Children of Platin"; "The Tramp and the Wooden Indian." George Mills & Co's half-price sale. Should interest every Kingston man. Prices chopped in two, are facts. We certainly have used the axe. (See midsummer sale announcement on next page.)

## GEM JARS

ALL SIZES

Robertson Bros.

## GOVERNMENT PENSIONS.

### Civil Service Allowances Were \$372,841 For Year.

Ottawa, July 30.—The government paid out last year in superannuation allowances to retired members of the civil service, inside and outside, the sum of \$372,841. The receipts on superannuation abatements, together with interest, amounted to \$84,245 for the year. The largest receipts from any one department were those from the post office department, namely, \$3,787 from the inside, and \$17,504 from the outside.

It is considered not improbable that the superannuation system, which was abolished by the present government, will eventually be restored. The feeling is that the discontinuance of superannuation was a mistake, in view of the fact that corporations such as banks and railway companies, are providing means for the support of time-expired employees. More than one member of the cabinet has expressed the opinion that the government of Canada should not be less considerate of its retired servants than the industrial and financial institutions of the country.

## A PENITENT THIEF.

### Restored Jewellery Stolen, But Kept Money.

Ottawa, July 30.—A conscience-stricken thief left in the shed in the rear of the house of John Williamson of Woodroffe, three miles from Ottawa, jewellery valued at \$80, stolen from the residence a fortnight ago. A gold watch and chain, two gold rings and various other articles were brought back during the night by the thief, who, however, neglected to show complete repentance by retaining \$30 in cash which he also stole.

HON. JOHN DRYDEN. Former minister of agriculture for Ontario, died in Toronto, on Thursday.

## SWIMS OVER A MILE

### In Main Channel of the St. Lawrence River.

St. Lawrence Park, N.Y., July 30.—Miss Ruth Remington, the twelve-year-old daughter of Mr. and Mrs. Charles H. Remington, of Watertown, performed a difficult aquatic feat at St. Lawrence Park, yesterday. With Frank O'Connell, Watertown, she swam from the dock at St. Lawrence Park to the dock at Point Vivian, a distance of more than a mile, in the main channel of the river, in the quick time of forty minutes. She was in excellent condition when she reached Point Vivian and wished to swim further.

## COMPLETE ANARCHY IS THE CONDITION IN BARCELONA

### Troops Cover Principal Streets—Many Shot on Both Sides—Said Insurrectionists Have Surrendered.

Lisbon, Portugal, July 30.—The Diario de Noticias states that complete anarchy reigns in Barcelona. Troops, with guns, have been placed in all the principal streets and are continually sweeping them with shot. The populace behind the barricades, in windows and on roofs return the fire, with deadly effect. The killed and wounded are numerous on both sides. The booming of the guns can be heard for many miles. Huge flames are visible at different points, where buildings are being destroyed.

## Insurrectionists Surrendered.

Madrid, July 30.—It was officially announced, last night, that the cavalry, engaged at Barcelona, succeeded in driving into St. Martin Square, the principal bands of revolutionists against whom the artillery opened fire, causing great losses. The survivors surrendered. The official statement further says it now remains only to master small groups of revolutionists in the village in the vicinity of Barcelona.

## Address Of Pretender.

London, July 30.—A special despatch from Madrid, says there is a persistent report in Carlist quarters, that Don Jaime, the pretender, is about to issue an address to the powers, and a manifesto to the Spanish people, maintaining his claim to the Spanish throne.

## Royalty In France.

Bayonne, France, July 30.—Queen Victoria and the queen mother left San Sebastian yesterday, in an automobile, for Bayonne, to pay farewell visit. Their departure from Bayonne, however, is said to depend on events, and they have made preparations for every contingency.

## STRONG CRAFT

### Alleged To Be Worked By Chicago Police.

## NEARLY \$1,000,000

### COLLECTED IN FIRST DIVISION EACH YEAR.

### Many Subpoenas Have Been Issued—Inspector McCann Indicted on Ten Charges and Case Will Come Up.

Chicago, July 30.—Stupendous graft, amounting to nearly \$700,000 a year, is collected annually in the first division precinct of the Chicago police department, according to information received by States Attorney Wayman. The enormous task of uncovering the vast horde of politicians, police officials, ward heelers, and professional grafters who are dividing these spoils which come from one of the richest "graft districts" in the world, has already been begun by the states attorney, and more than 200 subpoenas for inhabitants of the south side "under world" are lying in the criminal court building awaiting a favorable time to serve them.

With the west side graft expose still sputtering and exploding, and hundreds of witnesses running this way and that, in a wild endeavor to get "under cover," States Attorney Wayman is going ahead with preparations to uncover conditions on the south side, which are declared to be infinitely worse than the conditions which were brought to light on the west side and which led the grand jury to indict Inspector Edward McCann on ten charges, and his right hand man, Detective Jeremiah Griffin.

According to reliable information sent to the states attorney's office, two big political men, several high police officials, and a horde of small fry collect and distribute the ransom demanded from the violators of the law. The collectors of this graft are in charge of certain lines and see to it that the men and women operating in these lines pay their full measure of toll. With the placing of Inspector McCann's case on call in Judge McCann's court and the indicting of thirteen more dive keepers of the west side, States Attorney Wayman announced that he had got through with the bulk of the graft investigation on the west side and would begin to take up other sections of the city as rapidly as possible. Inspector McCann's case will, of a necessity, be postponed, but it is hoped by rapid action to have everything in readiness for a trial in September or October.

In the meantime friends of Inspector McCann are rushing enthusiastically to his defence and declaring their belief in his innocence. John R. Morren, a member of the board of education and a warm personal friend of Inspector Basse's, who has known the accused inspector for a number of years, came to McCann's aid in a substantial way today. Mr. Morren told the inspector that he would hire him the best legal talent that could be had and that he would pay the bills out of his own pocket. Another friend who kept up the work of aiding the indicted official was Dean Walter T. Sumner, of the South Side Cathedral of Peter and Paul, which is located almost in the centre of the west side vice district.

## INJURIES FATAL.

### Woman Who Jumped From Burning Building.

Montreal, July 30.—Mrs. Ferdinand Therrien, fatally burned in a fire in the tenement building in which she resided, at 352 Machoula street, died in a hospital. Both she and her husband were asleep at the time of the fire and when they were awakened their escape was almost completely cut off, forcing her way through the flames with Mr. Therrien by her side, the woman made her way to a gallery, with her clothing a mass of flames, and jumped to the street, a distance of fifteen feet. She was terribly burned and sustained internal injuries in her fall, which resulted in her death. Mr. Therrien remained on the gallery until rescued by firemen. He also was badly burned, but will recover.

## Had A Rare Malady.

Norwich, N.Y., July 30.—Mrs. Martha Thomas is dead at her home, at North Fitcher, of a rare malady, which caused her to gain flesh steadily until at the time of her death she weighed more than 400 pounds. She was seventy-five years old and had been a slender woman, of about 120 pounds, until a few years ago.

## Japan Will Be Represented.

Tokio, July 30.—Japan will be represented by royalty at the tricentennial of the discovery of the Hudson river, according to the belief current here. The Japanese probably will be represented by Prince and Princess Kuni, who are now touring Europe. The couple will leave London for New York on August 25th.

## A Horrible Accident.

Hamilton, Ont., July 30.—M. Erony, an Italian, met with a horrible accident at the west end plant of the Hamilton Steel and Iron company, Thursday morning. His right arm was cut off by a pair of hot shears used in cutting iron bars, and his legs were exposed. He is now in the hospital, battling for life, but the doctors think he has little chance of recovery.

### A Big Drop.

In the price of summer hats, at Campbell Bros., clearing sale.

## CHURNED SUNDAY, PUNISHED

### Woman's Husband Took Law Into Own Hands.

Flint, Mich., July 30.—Mrs. August Smith, who, yesterday, applied for a warrant for the arrest of her husband on a charge of assault and battery, says that August gets peevish quite often and that he takes unique methods of expressing his dissatisfaction with his wife and the world in general. The latest outbreak was a religious one, she alleges, he having come home Saturday afternoon and found her churning. After voicing his displeasure at the desecration of the Sabbath, he secured a hammer and proceeded to reduce the churning outfit to broken bits of churn floating about the floor of the Smith residence in five gallons of sweet cream. Then, according to her story, he gave her a severe beating.

## JUST CANNED FRUIT.

### That Was Why Woman Sued For Divorce.

Lansing, Mich., July 30.—The divorce suit of Lenora Adams against William J. Adams was heard before Judge West. One of the allegations of the complainant was that her husband had been extremely cruel, the specific charge being that she had been forced to can 150 quarts of fruit and 200 quarts of tomatoes. Judge West delivered a short lecture on the ways of the mothers of half a century ago, saying that the old-time housewife would have frowned at such a statement.

PRESIDENT J. MONTEZ OF BOLIVIA.

## HOLLOW TREE TELEGRAPHY.

### Colombian Natives Able to Signal For Miles.

London, July 30.—Capt. Whiffen has arrived here after years of exploration in southeastern Colombia. Among his discoveries is a secret system of telegraphy employed by the natives. Hollow trees are selected of various thicknesses, which give out high or low notes when struck. The sound travels from thirty to forty miles. No code is employed, but the native recognize the words intended from the different musical notes.

## WHAT IS REQUIRED TO MAINTAIN THE POSITION OF GREAT BRITAIN

### The Supremacy of the Seas Must Be Kept By the Nation—Without It Subjugation Is Possible.

London, July 30.—In the House of Commons, yesterday, Prime Minister Asquith, announcing the result of an enquiry substituted at the urgent request of Field Marshal Lord Roberts, by the committee of national defence regarding the possibility of an invasion of England, said the conclusions arrived at by the committee were that, so long as the naval supremacy of Great Britain was adequately assured, an invasion on a large scale, such as by 120,000 or 150,000 men, was utterly impossible. If, however, the command of the seas should be lost, Great Britain's subjugation, by an enemy, would be inevitable, whatever the strength of its military organizations might be.

## A Peculiar Death.

Pittsburg, Pa., July 30.—A dog's mounds, which at a mistress's door resulted in the finding of Mrs. Annie Graham dead in her trunk in her home last evening. She was a widow, aged 55, and lived alone, and was last seen last Friday. Coroner's deputies reported that she fell accidentally from a being broken by striking a trunk into which her body tumbled.

## New Governor Sails.

St. John's, Nfld., July 30.—His excellency the administrator received a despatch from the colonial office stating that the new governor of Newfoundland, Sir Ralph Williams, left Liverpool for St. John's by the Allan liner Carthaginian, Wednesday. The original idea was that he should leave on July 6th, but he has probably been delayed by reasons of the imperial defence conference.

## Mr. Kinrade To Retire.

Hamilton, July 30.—It is said that T. L. Kinrade, head master of Cannon street school, on leave of absence since his daughter was shot last February, will not apply for reappointment for the coming term, but will retire.

## Panama Hats.

Come early and secure one of the greatest bargains ever offered in Kingston. Campbell Bros., clearing sale of summer hats.

At Hamilton a dog, thought to have been mad, almost tore the scalp off a child. The child's condition is critical. Several people have been bitten by vicious dogs recently, despite the fact that over a hundred dogs have been destroyed. A woman has been made superintendent of Chicago's school system.

### President Gomez has annulled contracts for the purchase in France and Germany of artillery and rifles for the Cuban army.

### Daniel McKenzie and Albert Ross were arrested, at Glace Bay, on the charge of attempting to blow up Manager Simpson's house.

### It is said about 100 municipalities will, in January next, vote on local option. Two cities are on the list, Peterboro and Brantford.

### At the public coastwise convention a resolution was passed protesting against criticism of the sweat box and third degree methods.

### Suspicion is entertained, at Markstay, that G. A. Ardell, the C.P.R. brakeman, whose body was found on the railroad track, a few weeks ago, met with foul play.

### The disorders reported from Guimeljara, Mexico, a few days ago, are, according to a later report, nothing but "student enthusiasm," and said enthusiasm, it is predicted, will be repressed in short order.

### The Transcontinental railway commissioners say the Winnipeg and Lake Superior section of the line will be ready to lease to the G.T.P. carls in September, thus enabling the company to carry at least a portion of this year's crop.

## SHE HIT AN ICEBERG.

### S.S. Montrose Was Considerably Damaged.

Quebec, July 30.—With the plates on the upper portion of her port bow considerably damaged, the steamer Montrose, of the C.P.R. line, arrived in port at eight o'clock, last evening, and moored at the breakwater.

The Montrose left London on the 8th inst., and proceeded to Antwerp, leaving the latter port on the 14th inst., for Quebec and Montreal, with over 300 passengers and a general cargo. It went well until near Newfoundland, where dense fog was encountered. The steamer's speed was reduced to almost dead slow. At 11:30 o'clock on the morning of Friday, 23rd inst., the fog being very dense at the time, the steamer's port bow struck the east end of a huge iceberg, a glancing blow, receiving the injury above described.

Capt. Griffiths, the steamer's commander, was on the bridge at the time, and, immediately after the accident, ran forward to ascertain what damage was done. He then whistled for the emergency boats, and three minutes later were all in the water fully manned. There was no confusion or panic on board after the collision, as in a few seconds the passengers were aware that there was no danger of the vessel foundering. When the boats were hoisted on board the Montrose she proceeded slowly on her passage.

Capt. Griffiths gives a direct denial to the story, sent from Newfoundland, that the H.M.S. Brilliant stood by the Montrose for four days and assisted in her repairs. He states that the Brilliant was never nearer his ship than sixty miles. He imagines that story must have got abroad from the fact that the Brilliant was in wireless communication with the Montrose at the time of the collision.

Captain Griffiths says that the iceberg which his ship touched was 180 feet out of the water, and was aground at the time. Captain Welsh, marine superintendent of the C.P.R. line, and Captain Griffiths, say that the damage is not serious and that it is all above the water line. It can be repaired without the ship going into dock.

Some of the passengers stated that, although at first they were badly frightened, the perfect discipline on board the Montrose was the means of assuring them that there was no danger and in a few minutes all was quiet on board.

After landing the passengers, this morning, the Montrose will proceed to Montreal to discharge her cargo, and the necessary repairs will then be made.

The only person hurt on board the steamer was a fireman, who had his head cut by being thrown out of his bunk. The Montrose's cargo suffered no damage.

## TO FINALLY DECIDE

### As to Where Science Building Will Be Erected.

Another meeting of the School of Mining governors has been called for this evening to further consider the question of site for the two new buildings to be erected. As the Orphan's Home directors refuse to sell their Union street property for less than \$27,500, and as the university authorities refuse to pay that price, it looks as if the buildings would be reared on the Union street campus, though efforts have been made to preserve that ground by purchasing the Orphan's Home property. The directors of the orphanage are considered as taking an unwise course in refusing the sum offered by the university. The meeting of the Mining School governors this evening is for the purpose of taking final action, as there can be no longer delay. Already six weeks have been lost in the present negotiations.

## WAS A DISCREPANCY

### Between Cash on Hand and Books.

Sidney Keech, agent of Bay of Quinte railway at Stoco, as well as agent of the Dominion Express company, has been committed for trial for wrongfully converting express funds for his own use. The shortage is \$225. Defendant declares that on July 5th he put packages of money in a waste paper basket for safety; next morning his wife emptied the contents of the basket into the stove and started a fire. The money was burned.

SENATOR PAT McCABREN.

Democratic boss of King's County, New York, who is in Philadelphia studying the uniform primary law. Discussing the possible candidacy of former President Roosevelt for mayor of New York, he said "it would be undignified for a former president to run for mayor."

## Old Age Marries Youth.

New York, July 30.—Count Robert De la Barge de Casteau, fifty-three years of age, of Paris, France, and Miss Jennie Bell Woolrath, of No. 672 Burlington avenue, Los Angeles, Cal., were, today, granted a license to marry here. Miss Woolrath gave her age as thirty and her birthplace as Buffalo, N.Y. The couple said they would be married in this city before August and leave for Paris immediately after the ceremony.

## WED TO GET MONEY

### WOMAN MARRIED MANSHE MET ON STREET.

Courtship, Wedding and Recovery of \$3,500 All Crowded Into One Hour—Couple Then Separated—Never Met For Fourteen Years.

Appleton, Wis., July 30.—Curious details came to light in court of an occurrence here fourteen years ago, in which within one hour were packed the wooing, the marriage, the recovery of \$3,500 worth of property and a separation, in which record transaction Miss Lucinda Bush, Chicago, and a Kaukauna man figured as principals.

Upon the application of Miss Bush Judge Goodland annulled her marriage to John Russell, who became the bridegroom assumed at the time of the marriage. The couple separated immediately after the marriage, and neither had since seen the other until they met in the court room here.

According to the story related in court, Miss Bush, in order to receive \$3,500 worth of property which she was promised as soon as she became a bride, stopped the man on a street in Appleton and asked him to marry her. He did, but under the assumed name of John Russell.

The couple never lived together. Miss Bush is a daughter of Frederick Bush, and at present is residing at Park Falls, Wis.

## Coming To Kingston.

Marsden Kemp, specialist in piano treatment and tuning, has nearly finished a ten weeks' engagement in Picton, and will attend to his orders here in a few days. Mr. Kemp has not canvassed in over eighteen years, and his engagements run all the year. Orders at Uglows.
