 Mr. Glasco, of Toronto, wrote us on May 13th last:
THE COLEMAN MEDICINE CO.,

 Dear Sir,—
 I wish you would send me another box of your "Little Digestor". As the members of my family have been using them and have obtained the most satisfactory results.
 I congratulate you on your success in putting up a tablet for the cure of indigestion. I suffered for years and tried everything that was recommended to me. Nothing gave me relief, until I was persuaded to try "Little Digestor". Now I never suffer from indigestion. I enjoy my meals and am not afraid to eat, because I know a "Little Digestor" after each meal will digest my food. I recommend them to all my friends who suffer from indigestion and would further say that you may publish the above if you wish. I know there are thousands of people suffering from indigestion who will be glad to know there is a safe and sure cure for them.
 Yours very truly,
 (Signed) E. S. GLASSCO.

IF SICK--WHY PAY
 Unless Health First Returns.
 Here is what should and can be done!
 Now you would not willingly pay for food that was worthless—would you?
 They who pay for medicine until that medicine first proves to you its actual worth.
 Possibly knowing what Dr. Shoop's Restorative can do for the sick. I say to all "don't pay unless health first returns." And I back my Restorative with a signed and sealed "No Help, No Pay" contract.
 I positively pledge to the sick everywhere that "Dr. Shoop's Restorative is absolutely free if it fails." Let others do the same or else pass their prescriptions by.
 If you need more strength, for more vitality, more vigor or more vim, use my Restorative a few days and note the immediate improvement.
 When the Stomach, Heart, or Kidneys go wrong, then test Dr. Shoop's Restorative. I do not dose the stomach nor stimulate the Heart or Kidneys, for that is wrong. I cast away that mistaken idea in medicine. The books below will best tell you how I am succeeding.
 These books will open up new and helpful ideas to those who are not well. They tell how to weak or failing limbs receive their "inside" or power nerves. They tell how the Restorative was especially made to reach and revitalize these weak or failing limbs. All of these facts tell why I am able to say "It is free if it fails."
 This is why I say "Take no other medicine while you use my Restorative. It is free if it fails."
 So write me today for the order.
 I have appointed honest and responsible druggists in every community to issue my medicines to the sick.
 But write me first for the order.
 All druggists sell Dr. Shoop's Restorative, but all are not authorized to give the 30 day test. So drop me a line please—and thus save disappointment and delay. Tell me also which book you need.
 A postal will do.
 Besides, you are free to commit me as you would your home physician. My advice and the book below are yours—and without cost.
 Perhaps you are two from me will clear up some serious ailment. I have helped thousands upon thousands by my private prescription or personal advice plan. My best effort is sure worth your simple request. So write now while you have it fresh in mind, for tomorrow never comes. Dr. Shoop, Box 12, Racine, Wis.

 New York Telegram: Had O'Hara been able to maintain the pace that he set early in the year, with the addition of a little luck which it would be imagined might fall to him some time, he would have been the man of the place, but both luck and skill at the bat seem to have deserted him recently, and if the team is to win it must be rounded up in such a manner as to make runs.
 The augmentation of the Royal Canadian Yacht Club fleet by the acquisition of new boats from across the sea has again brought to the front the question of the payment of duties upon these additions to the fleet. The matter has been brought to a head by the collector of customs at Toronto, Mr. Bertram, who proposes to make a test case and have the matter decided once for all. In the case of yachts purchased outright of course, there is no question about their liability to the twenty-five per cent. duty imposed by the tariff, but in some instances yachts have been brought in under a ninety-nine year lease, thus evading the twenty-five per cent. duty.

Makes the Glassware Fairly Sparkle

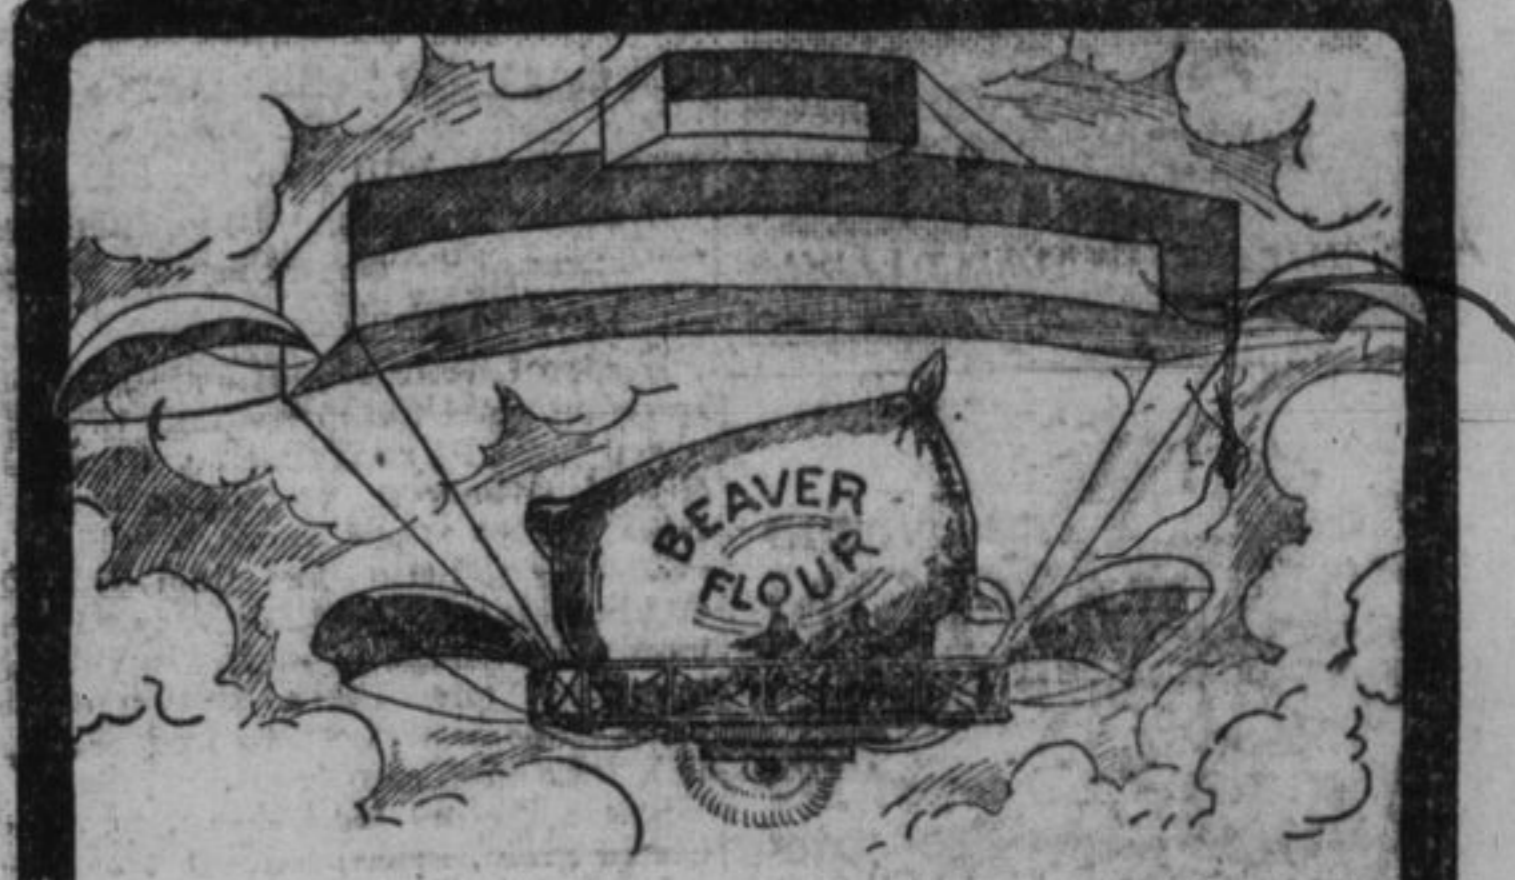

Mirrors and glassware are hard to clean with ordinary soap. The oily matter often leaves streaks and spots that are hard to remove.
 But with Taylor's Borax Soap the result is wonderful. The surface is left without a single streak—it glitters and sparkles as though it were diamond.
 And your work is only half as hard. For this soap reduces rubbing to a minimum—it works almost like magic.

Taylor's Soap

Borax is the most powerful cleanser in the world. It does wonders that are almost unbelievable until you see the results for yourself. When you spend an hour cleaning the bath room, the tub, the wash bowl and the mirrors, you have wasted just half an hour. You would have done less than half the rubbing and finished in half the time with Taylor's Borax Soap.
 For this soap does more than any other soap you have ever known. It loosens every bit of dirt instantly, it destroys every possible germ and leaves everything both clean and sweet. Hard water often hardens the hands—it leaves them red and rough. But this delightful borax soap softens the water and so softens the hands—they remain whiter and daintier than ever before.
 We use only the finest of coconut oil in this soap. We guarantee that 12,000 miles to the file of Ceylon just to be sure this oil is pure and fresh. Then we boil it doubly long and run thousands of gallons of pure water through it to remove every impurity. It is the cleanest and purest of soaps.
 It requires twenty-one days to make a single cake. The labor of more than 200 persons is needed.
 Yet this soap costs no more than the ordinary. We make millions and millions of cakes every year and are thus able to buy at the lowest of prices.
 Why use the ordinary soap any longer when this wonderful soap costs no more?
 Try a bar this very day—learn for yourself its real merits.
