NOT HEREDITARY.

Baldness Due to a Living Germ. Many people, even unto the present day of grace consider baldness due to hereditary influence.

Nothing is further from the truth—Baldness is caused by the onslaught of a minute organism which secretes itself beneath the scalp and attacks the roots of the hair—causing it to lose its life and fall out.

This organism cannot be got rid of except by the free and persevering use of Newbro's Herpicide.

No matter how badly the scalp is affected the Dandruff surely disappears and hair health is restored when Herpicide is applied.

Destroy the cause you remove the effect. Sold by leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detroit, Mich.
