"LITTLE DIGESTERS" SURPRISE PEOPLE

They Make Even Chronic Dyspeptics Forget Their Stomachs

When a man who for years has been unable to eat a square meal without being thoroughly miserable afterward-who has tried doctors and medicines without relief-who is, in fact, a chronic and almost hopeless dyspeptic-when this man finds that by taking a "Little Digester" regularly he can eat 3 hearty meals a day, and feel good over it, he is nearly as much surprised as delighted.

The number of those who have had this experience with "Little Digesters" is steadily growing. More are hearing of them-trying them-being cured by

them-every day. The makers have such complete confidence in them that they guarantee them to cure any case of Sour Stomach. Heartburn, Indigestion or Dyspepsiaor you get your money back.

"Little Digesters", with this absolute guarantee, cost 25c a box at your druggist's, or by mail from the Coleman Medicine Co., Toronto.

Save 25 Bars of Soap

Ordinarily you use at least one bar of laundry soap every week-more than fifty bars in a year. That's twice as many as you need, for Taylor's Borax Soap goes twice as far as any

other soap. Please prove this for yourself-we invite the test. Try one bar of this soap with one bar of any other. See which soap lasts the longest-learn which is the cheapest.

We know what the result will be, for we have made this same test many times overour soap lasts twice as long.

Don't think that all soaps are alike-there is a wonderful difference in Taylor's Borax Soap. Let us show you some of the ways in which this soap differs from others. First we use only the purest cocoanut oil from the Isle of Ceylon. Then we boil it doubly long and mix in the borax. While boiling we run thousands of gallons of clean water through the soap which carries away all impurities.

We require twenty-one days to make a single cake. The labor of more than 200 people is needed. We crush every bar under a weight of 30 tons to press out the moisture. We put every bar through an ageing process equal to standing six months in your pantry. So you don't have to age this soap.

When finished the bar is hard and firm, so it wears much longer. The borax softens the water which also reduces the

amount of soap by almost half that ordinarily required.

This pure soap is utterly harmless to the skin—it leaves the hands whiter and softer than ever before. If it is so harmless to the skin, then think how harmless it must be to the clothes. This soap comes to you absolutely pure with the creamy tint of the cocoanut oil. It lathers with the greatest abundance and leaves the clothes as pure and white as the foamy suds itself. Try a bar this day-it costs no more than common soaps but does more than any soap you have ever known.
