TO BE TRIED

At The Fall Assizes In Brockville

INTEREST IS INTENSE

OVER THE TRIAL OF GRACE HENDERSON.

The Preliminary Hearing In Brockville on Monday—On Charge of Misappropriating \$500.72—Miss Henderson Is Sent Up For Trial.

Gananoque, Aug. 10.—Great interest has been centred in the preliminary hearing, at Brockville, of the case of alleged misappropriation of funds of the Thousand Island Railway company by its ex-cashier, Miss Grace Henderson. The prosecution was conducted by County Crown Attorney Brown, and the defence by Messrs. Jackson, of Gananoque, and Hutchison, of Brockville. For the prosecution, Messrs. E. R. Chapman, ex-agent of the Thousand Island Railway company; Charles Sheets and Henry Abrams were the main witnesses. Mr. Chapman's interests being looked after by Mr. Botsford, of the legal firm of Botsford & Buel. Three specific charges were made: First, the appropriation of the amount of a cheque for \$500.72 from the Gananoque Spring and Axle company for her own use; second, the appropriation for her own use of a cheque for \$92 from McLellan & Shaneman, and, third, the theft, at various times covering a period of some six months, of sums amounting to \$2,000. The first two charges were dealt with on Monday, and the third will have a hearing this morning. On the first charge Miss Henderson was committed to stand her trial at the fall assizes. Judgment on the second charge was reserved. Miss Henderson returned home, last evening, quite cheerful over the outcome of the first day's proceedings, and feels confident of establishing her innocence to the satisfaction of the jury when the case comes up.

In the police court, on Monday afternoon, Joseph Bezie, wife of M. J. Bezie, King street, was arraigned on a charge of harboring disorderly characters and keeping a house of ill-fame. She pleaded guilty and sentence was reserved for a week.

The case of Frederick Brennan vs. Charles La France, the former charging the latter with the theft of one dollar, was after a short preliminary hearing, enlarged until Monday next. The steamer America took out a large excursion party to Kingston, last evening, under the auspices of the Citizens' band, leaving here about 7:45, giving one hour in the Limestone City, and returning about midnight.

Today is the last day allowed, under the new regulations, for the registration of dogs. Those found on the streets without tags hereafter will meet with the rights of the law.

Gananoque lodge No. 114, I.O.O.F., is being represented at the grand lodge session in Ottawa, this week, by P.G. George Thomson, Jesse Smith and George Dowse; Gananoque encampment No. 89, by P.C.'s William Timney and W. P. Bradley, and Harmony lodge No. 15, Daughters of Rebekah, by Mrs. Frank Stoliker.

At the last session of the town council, the sum of \$30 was voted to furnish an outing for the delegates to the provincial convention of the Daughters, which will meet here September 25th-30th.

The Gananoque Canoe and Motor Boat Association has made arrangements whereby it, with the Citizens' band, will put on its summer carnival at Thousand Island Park, in charge of Prof. Dolan, on Monday evening next, and Miss A. De Witt spent several days during the past week in Kingston, guests of Mrs. Reid. Frederick Hatlas, Boston, has joined his wife and family, who have been guests of Mrs. Hatlas' father, John Bedard, River street, for the past week. James Foley, Hamilton, formerly of the firm of Scott & Foley, of this town, is renewing acquaintances here. Mrs. (Dr.) Jackson, of Brockville, has taken possession of the cottage on McDonald's Island, for the balance of the season. With her are the Misses Hague and Hart, of Kingston, and her father, Judge Herbert S. McDonald. Mrs. R. De Wolfe, Chicago, has left

for a visit with her sisters, Mesdames Stevens and Bailey, at Alexandria Bay. Walter Gray, Schenectady, N.Y., is the guest of his parents, Mr. and Mrs. William Gray, King street. Mr. and Mrs. Ashley, Kingston, are spending a few weeks in town with friends. Miss Nina Middleton, King street, is spending a few days with friends in Brockville. Miss Spence, Ottawa, and Miss Hubbard, of Staten Island, N.Y., are the guests of Mayor and Mrs. Donevan, Victoria avenue.

IN A DIRIGIBLE BALLOON.

Across The Atlantic Ocean One Year Hence.

Berlin, Aug. 9.—Joseph Brucker, president of the "Europe-America Aero Navigation Society," of New York, attended the International Aeronautical exposition at Frankfurt-on-the-Main for the purpose of making arrangements for his ship flight across the Atlantic next year. He hopes to traverse the region of the northern trade wind from Lisbon or Cadiz past Madeira and the Canary Islands to Porto Rico, thence to Havana to New Orleans, thence overland to New York, a total distance of 6,258 miles.

Mr. Brucker has selected for his flight the season which is free from hurricanes in the West Indies and from the north-west winds which are so frequent in the south of Spain during the winter. He thinks he can negotiate the stretch of ocean between the Canaries and Porto Rico in four days.

"During my stay at Frankfurt," says Mr. Brucker, "which will extend over two months, I will take every opportunity to confer with aeronauts and balloonists, and the sun and substance of their advice will be carried out in my transatlantic expedition."

When I have decided what system of dirigible airship and what equipment is best for my project, estimates of cost will be submitted by different airship builders and the contract awarded to the lowest reasonable bidder. I shall spend the next autumn and winter in the United States lecturing on aeronautics in general, and the transatlantic trip in particular, returning to Germany in February, 1910, to complete the final arrangements for the flight which will be made late in May or early in June."

Mr. Brucker will go to Friedrichshafen before leaving Germany for a series of conferences with Count Zeppelin, who has expressed his unequalled belief in the feasibility of crossing the Atlantic in an airship.

Will Probably Recover.

Watertown, N.Y., Aug. 10.—With a section of her skull gone, through which a portion of the brain had passed as a result of a bullet wound self-inflicted, Mrs. Laura Quinn, wife of Melvin J. Quinn, landlord of the Everleigh house, at Sackett's Harbor, is still alive and will probably recover. Mrs. Quinn's attempt was made early yesterday morning, in her room in the hotel. Mrs. Quinn, who is about forty-five years old, is said to have been in poor health for some time and her ailment is supposed to have been the result of her trouble.

GAGGED AND BOUND

AND ROBBED OF ALL THEY POSSESSED.

Cruel Robbers Ill-Treat Aged Couple—Both Were Unconscious When Found—There Were Four Robbers.

Wilkesbarre, Pa., Aug. 10.—Pete Bradley aged 88 years and his wife, two years his junior, were bound, gagged and almost killed in their humble cottage at Preston, Hanover township, last night and robbed of about \$300. Bradley, although nearly four score and ten, is a man of good physique, and managed to work a small piece of land, which provided for him and his aged helpmate the necessities of life and a little surplus. Bradley and his wife lived alone. Last night they retired at their usual hour, about 8:30, and a neighbor saw the couple a short time before they closed the house for the night. That was the last seen of them until about eleven o'clock this morning when a man named Gregory was passing through a field near by. He thought he heard groans coming from the Bradley home. He went to the house, and finding the front door open, walked in, and entering the bedroom found Bradley and his wife securely tied to the bed.

The aged husband had succeeded in getting the gag out of his mouth, but his wife was still gagged and unconscious. Gregory gave the alarm, and neighbors soon gathered in large numbers.

Mr. Bradley came partly back to consciousness in a short time, but was very feeble from the terrible ordeal he had passed through. He said that some time last night, he could not tell the hour, four masked men entered the house, and one of them carried a lantern. They talked a little, but Bradley could not understand.

The four then proceeded to bind the old man and his wife securely to the bed, and after they had accomplished this they gagged their victims. They then made a search of the house and in a bureau drawer found \$146, which they carried away with them. The robbers beat a hasty retreat after they had secured the money and in going out failed to close the front door.

As two of the men were binding Mrs. Bradley her husband heard the ringleader say: "Don't hurt the old lady." Mrs. Bradley went into a swoon as soon as the strange men began to put the ropes around her.

In trying to free himself from the ropes Bradley cut himself in several places, and when found he was pretty well covered with blood. It was thought at first that he had been shot.

CHINA FEELS

Her Relation With Japan Keenly.

SHE IS DEFENCELESS

TO PREVENT JAPAN GOING AHEAD.

And Constructing the Antung-Mukden Railroad—Will Waive Her Objection if Japan Will Waive Claim to Policing and Mining Privileges.

Pekin, Aug. 10.—The Chinese foreign board and the grand council have been in consecutive conference with Prince Chun, the regent, since the issuance of Japan's note announcing her intention of proceeding immediately with the reconstruction of the Antung-Mukden railroad without China's co-operation. The regent showed great anxiety at Japan's attitude of coercion, which was supported by Great Britain.

China, in her formal reply to Japan's note, offered to waive her objection to the road being made of standard gauge, provided Japan waived her claim to the policy of the railway as well as her mining and other privileges in the region. However, the note said if Japan was determined to go ahead with the reconstruction of the road, China was defenceless.

BANK ROLL IN SHIRTWAIST.

Customer of Milliner Makes Valuable Purchase.

New York, Aug. 9.—Every legitimate dealer and some that are otherwise have been used by merchants to bring trade to their individual shops, but Mrs. Annie Wasserman, owner of a dry goods store in Williamsburg, unintentionally, to-day, adopted a method which, if put into practice, would bring a rush of customers to her shop and likewise bankrupt.

Mrs. Wasserman had an early morning customer, who wanted a shirt waist. After going through a number of boxes before she could decide just what she wanted she selected a regulation "peck-a-boo," valued at \$85.

This Mrs. Wasserman wrapped up, but while doing so also ceased to be a customer. A bank book containing \$410 in bills and \$15 in checks, which she had placed on the counter while attending to the purchase. She discovered her loss a few minutes after the young woman with the shirt waist left the store. Then Mrs. Wasserman sallied forth in search of her savings, but too late. She reported her loss to the police of the Bedford avenue station, with a meagre description of the valuable customer.

Chinamen In Bond.

Montreal, Aug. 10.—Something like two hundred Chinamen are lying on their backs dreaming the dreams of the East, or squatting on their haunches and chattering their staccato language over interminable games of dominoes, at the Chinese immigration quarters at the Windsor street station. They are travellers bound for all quarters of the globe—some to the British West Indies, some to Cuba, some to Mexico and some back to their old homes in China—and all of them are in bond, which means that during their transit in Canada they are prisoners.

Old Country Cattle Prices.

Liverpool, Aug. 10.—John Rogers & Co., Liverpool, quote: United States steers from 12c. to 12c.; Canadian, 12c. to 13c.; ranchers, 11c. to 12c.; cows and heifers, 12c. to 13c.; bulls, 10c. to 11c. Trade is very slow.

Glasgow, Aug. 10.—Edward Watson and Ritchie report 771 cattle on offer, with trade slower and prices tacked owing to rather large supplies. Top steers are 13c.; secondary, 12c. to 12c. per lb; bulls, 11c. to 11c. per lb.

What Shooting Affair Revealed.

Poughkeepsie, N.Y., Aug. 10.—During a quarrel among men employed on the New York aqueduct at High Falls, Ulster county, last night, Sarah Long, colored, was shot in the temple and taken to the hospital. At the hospital it was found that Sarah Long was a man who had been masquerading in female attire in the vicinity for the past ten years. It is believed "Sarah" will recover. Edward Blue, who did the shooting, made his escape.

Stockholm Without Papers.

Stockholm, Aug. 9.—Stockholm was without newspapers to-day, the result of the printers joining the strike yesterday. Most of the newspapers of the city issued small bulletins during the day, which were set up by cub printers not belonging to the union. The suspension of newspapers, it is believed by the strikers, will do more than any other thing to force an arbitration of the differences between the employers and employees, for which King Gustave is now at work.

In Jail For Using Nets.

Brockville, Aug. 10.—Josh Calhoun was arrested at Grindstone Island by Game Officer Northrup for the use of nets. The offence having been committed on the American side of the river he was tried and sentenced to forty days in the Watertown, N.Y., jail. Several other parties have recently paid \$10 fines for catching pickerel and having them in their possession under twenty inches long.

It is reported in London that Count Zeppelin is dead.

THE HARVEST IS READY.

In The Canadian West Before The Laborers.

Winnipeg, Aug. 10.—Reports received from all parts of the west show that the weather has turned warm and dry after the storms of last week, and the crops are coming with a rush that will have the west in the midst of harvesting sooner than expected. The reports are all exceedingly favorable, and the hail damage apparently was very local. Oats and barley cutting are already in full swing, and in many districts wheat cutting has already started. Carman reports that wheat cutting has started and will be general to-day. The wheat is ten days earlier than expected. Wheat will average twenty bushels and is good sample. Carman is hardly in need of men and it is feared now that the harvest excursions will not reach the west in time enough.

HON. E. P. MORRIS, Premier of Newfoundland.

ELLA GINGLES DEPARTED.

Members of Women's Clubs Kiss Checks Of Irish Girl.

Chicago, Aug. 9.—After being held up in a sensational manner before the courts and the public, Ella Gingles, the young Irish lace maker, who came here from sweet county Antrim to earn the bread, unwillingly departed for her home on the Green Isle this afternoon.

Miss Gingles did not lack sympathy in her departure. Committees from women's clubs crowded around her, imparting kisses upon her cheek, while a guard of honor of both men and women accompanied her to the station. A subscription of \$1,500 was raised for her, and Mrs. Grace Van Duser Cooke will sail with her from New York on the Campania to help her explain everything to her parents in Ireland.

THE SEXES SEPARATED

AND NO LOW NECK DRESSES ALLOWED

At the Celebration In Honor of the Sixth Anniversary of Pope Pius X At Rome On Monday.

Rome, Aug. 10.—In recognition of the sixth anniversary of the coronation of Pius X, solemn mass in the Sixtine chapel, yesterday, was attended by sixteen cardinals and members of the diplomatic corps. The pope, in his sacerdotal robes, sat at the right of the altar on a throne covered with rich crimson velvet. The abbo, Domenico Perosi, conducted the choir, which sang one of Palestrina's masses, after which the pope delivered the apostolic benediction.

POPE PIUS X.

It was noticeable that on this occasion the sexes were rigorously separated, even in that part of the chapel reserved for persons specially invited to attend the ceremony. This was due to stringent orders issued by the pope. In accordance with the same orders no low-necked dresses were allowed.

Her Grave In The Lake.

Chicago, Aug. 10.—While hundreds of passengers bound for St. Joseph, Mich., sang "Nearer My God To Thee," the ashes of Mrs. Rosa Peyton were lowered, at noon, in Midland, Sunday, from the steamship City of Chicago. It was the woman's dying wish that she might be buried near the spot in the lake where her husband lost his life when the ill-fated Alpena sank, twenty-nine years ago.

A tickling or dry cough can be quickly loosened with Dr. Snoon's Cough Remedy. No opium, no chloroform, nothing unsafe or harmful. Sold by all dealers.

Loose leaf and all other kinds of binding done at Whig office. Customers tell us that our prices are very moderate.

TO PARTICIPATE IN RACE.

Between Mail Carriers and Miners For \$10,000.

Spokane, Wash., Aug. 10.—E. F. Smith, a mail carrier in Alaska, who won distinction by driving a team of malamutes from Nome to Washington, D.C. four years ago, when he was received by President Roosevelt, is in Spokane with four of the original ten dogs to make final preparations to participate in the race between the mail carriers and miners for a purse of \$10,000. Smith believes the carriers will win, as they are used to long drives and are thoroughly familiar with every part of the country in the northland through which they will travel. He said that Alaska is attracting much attention this year, adding that thousands of persons from various parts of the east, south and middle west are going into the district this summer. He has been in Alaska since 1891, when he joined the mail service, and declares he could not be induced to stay for any length of time in another part of the world. Mrs. Smith, who is with him, will make the return trip by rail, while he will travel over the trail.

URGED TO BREAK UP.

The Black Hand Society of Spokane, Wash.

Spokane, Wash., Aug. 10.—Chief of Police Sullivan, of the local department, has received a score of letters and personal calls from prominent Italian business and professional men in this city, urging him to break up the so-called "Black Hand Society" of Spokane, members of which have threatened the lives of those making the appeal. In their communications to the police the writers say they are in constant fear of bodily harm at the hands of the undesirable element, composed entirely of former residents of Italy. Chief Sullivan said the police have known of the existence of a secret society of thieves and blackmailers in the west for some time, but this is the first time that an appeal for protection has come from their own countrymen. The police believe they have located the leaders of the band and it is likely that arrests will follow, as soon as Chief Sullivan receives assurance that the persons making complaints will appear as witnesses against the accused.

Laurier Invited To West.

Ottawa, Aug. 18.—Hon. Charles Murphy and W. A. Gallagher, ex-M.P., went down to Montreal and formerly tendered an invitation to Sir Wilfrid Laurier to make a political tour of the west this fall. No definite answer was given, but one was promised on the premier's return to Ottawa on Aug. 23rd. Sir Wilfrid is now at Arthursville.

Turkey Sends Soldiers.

Constantinople, Aug. 10.—Turkey rushed 10,000 more soldiers to the Greek frontier and is also reinforcing the frontier garrisons. All preparations possible are being made for hostilities over the Cretan crisis.

HOUSEWIVES IN PANIC

A RAID ON THE GROCERIES IN BERLIN.

Tariff on Number of Articles of Common Use to Be Increased—Result is An Enormous Temporary Demand For These Commodities.

Berlin, Aug. 10.—It is not often that economists get the opportunity to observe an entire nation suddenly trying to adjust itself to an abrupt increase in many of its most ordinary living expenses. This is the interesting spectacle which Germany has been presenting during the week, owing to the introduction of the new system of taxes and tariffs, the new provisions of which are now being brought into effect.

The result has been to create something like a panic among German retailers and consumers. To just what extent the social and domestic life of the nation will be affected when all the new regulations are in force is yet to be determined; but, from calculations made by experts, it is easy to foresee that the average German household in which coffee, tea, beer, cigars, gas lamps, and matches are used is likely suddenly to find its outgo swelling out of all proportions to its income.

The first consequence of the new laws has been an enormous temporary demand for these articles. For days the good houses of Berlin have been loading up with advance supplies of the commodities on which the tax falls most heavily. The demand for matches, for instance, the price of which will rise from two and a half cents to seven and a half cents, has been so great that the shops are unable to supply it in spite of the fact that more than one hundred carloads of matches have been shipped into Berlin in the last few days.

At the shops of tea and coffee dealers the police in some cases had to be called on to pacify the mob of anxious customers, some of whom came with hand-carts, in order to get a sufficient supply.

Dressy Southern Women.

Alexandria Bay, N.Y., Aug. 10.—When it comes to "classy" gowns, the southern women seem to have it on their northern sisters, judging from the display of good looking togs seen about the Thousand Island house. There is a large number of decidedly handsome southern women stopping at the hostelry, who seem to vie with each other in a display of dressmakers' costly creations. Such was particularly noticeable at Saturday night's ball.

"10c. to \$5." Bath sponges, Gibson's Red Cross Drug Store.

WEATHER PROBABILITIES

Toronto, Aug. 10.—(Ottawa Valley and Upper St. Lawrence)—Fresh north-west wind, fair and cooler today and Wednesday.

A GIBB MURDERED.

Criminally Assaulted In A Rochester Cemetery.

Rochester, N.Y., Aug. 10.—The body of Anna Schumacher, seventeen years old, was found half buried in a secluded spot in Holy Sepulchre cemetery yesterday morning. The girl had been murdered. She left home Saturday afternoon to decorate the grave of a relative. Since then the family and police had been searching for her.

A superficial examination by police officials resulted in the announcement that Miss Schumacher had been criminally assaulted. The discovery of the body was made by Constable Fieldman, who immediately notified the sheriff's office. The dead girl lived with her mother, Mrs. Mary Schumacher, and sisters, at 192 Cedar street.
