Carpet Warehouse.

WAS BALD SIX YEARS.

Three Months of the New Scien-
tific Treatment Restored His
Hair.

Baldness is caused by dandruff,
which is caused by a germ. Kill the
germ and it is almost certain that
hair will grow again if the follicle
has not been totally destroyed. No-
Peterson, of Lime Spur, Mont., says:
"I had been bald six years, and had
tried all kinds of cures, but with-
out any benefit whatever, until I tried
Herpicide, and in three months a fine
growth of hair covered my head com-
pletely." Ask your druggist for Her-
picide. Everybody can have luxuri-
ant, glossy hair if Herpicide is used
thoroughly. Take no substitute.
Sold by leading druggists. Send
10c. in stamps for sample to the
Herpicide Co., Detroit, Mich. \$1 bottles
guaranteed. G. W. Mahood, special
agent.

Don't Let This Summer Slip Away Without Your Getting A Home.

If you don't act in this
matter now, the chances are
another year will roll around
before you get a sufficient
grip upon your determina-
tion to take the initial step.

That means that there will
be a whole lot less desirable
locations from which to
choose, for the really choice
selections are going to cost
you more money every year
you wait.

If you intend to build this
year, now is the time to go
about it.

The early buyer gets the
choice.

PROMENADE CONCERT

ON THE Y. W. C. A. LAWN
WAS DELIGHTFUL.

Fine Vocal Numbers Rendered
From the Verandah - 14th
Orchestra Was Present - A
Large Crowd Attended.

A grand promenade concert was
held at the Y.W.C.A. grounds, on
Monday evening, and was one of the
most pleasant and entertaining events
ever arranged by the authorities of
this worthy institution. The spacious
grounds, below the large verandah
running along the side of the building,
were artistically decorated with flags,
bunting and Chinese lanterns. At one
end of the grounds a large table was
laid, and here were dainty things to
eat, prepared by dainty hands and
watched over by a bevy of Kingston's
daintiest young ladies. Many visited
the table during the evening and were
all pleased with what awaited them.

On the west side of the large ver-
andah the piano was placed, and the
chairs for the audience were placed
down on the lawn below, and the ef-
fect was perfect. The musical pro-
gramme was a rare treat. It is many
days since such a group of artists have
been gathered together for a concert
in the city, as assisted last evening,
and every number was greatly enjoyed,
and there was a crowd there to en-
joy it.

To stand on the shore and hear some-
one singing from a boat has a beau-
tiful effect, but to sit away on the
large lawn of the Y.W.C.A., and listen
to one singing from the large veran-
dah cannot be equalled. Every note
struck just as clear as a bell, and be-
ing in the open air, seemed to lend
new sweetness to the voice.

It is only on rare occasions that a
Kingston audience has the pleasure of
hearing one of the city's own sons,
or at least of a visitor, one willingly
claimed as a son, sing his own songs.
The audience had that pleasure on
Monday evening, when Geoffrey O'Hara,
of New York, sang "I'm a
Jolly Old Rover," one of his own com-
positions, and Arthur Craig rendered
another, "Nature's Song." Mr. O'Hara
possesses a very fine tenor
voice, with a baritone quality, of
musical sweetness. His numbers were
the hits of the evening.

A fine, lengthy programme was ren-
dered and every number was greatly
enjoyed. The 14th orchestra was pre-
sent and rendered a few fine selections
between the vocal numbers. The band
orchestra has improved greatly in the
past few months, and was really en-
joyed on Monday evening. The follow-
ing programme was rendered:

- Song, "Mary of Argyle (Adams), W. E. Va; dramatic song, "One Touch of Nature Makes the Whole World Kin" (Felix Maclean), Mrs. Valentine Gedge; song, "The Nightingale's Song" (Nevin), Miss Hazel Massie; song, "Farewell to the King's Highway" (De Koven), Geoffrey O'Hara; piano solo, "Les Rameaux" (J. Leybach), Miss Chiac Abramson; song, selected, Mrs. James Small; song, "Nature's Song" (Geoffrey O'Hara), Arthur Craig; song, "Angus Macdonald" (Roche), Miss Constance Willoughby; song, selected, Miss Hazel Massie; song, "Mona" (Stevenson), W. E. Va; song, selected, Mrs. James Small; song, "I'm a Jolly Old Rover" (Geoffrey O'Hara), Geoffrey O'Hara; song, "Good-bye" (Tosti), Miss Constance Willoughby.

The numbers of Mrs. Valentine Gedge and Miss Constance Willoughby were greatly enjoyed, as was the piano solo of Miss Chiac Abramson. Miss Shaw and Miss Walker were the accompanists.

AFTER SOFT COAL USERS.

Cottagers Among the Islands
Want It Stopped.

Because of the fact that consider-
able soft coal is being used by steam-
boats, freighters and hotels on the St.
Lawrence a campaign is being waged
by a number of prominent owners of
summer homes on the river against the
use of soft coal. For the past few
years and especially this year much
of the pleasant scenery of the
river has been spoiled by its being
continually buried in clouds of misty
coal smoke. It is said that a brick
campaign is to be waged against the
nuisance. Col. O. G. Staples, of the
Thousand Island house, Alexandria
Bay, has placed himself on the list of
those ready to give up the use of soft
coal.

An Unalloyed Joy.

Often the enjoyment of what we eat
and drink is alloyed by doubt as to
its purity and cleanliness. When you
drink Wade's Ice Cream Soda or other
beverages you are freed from all
question as to its purity. Every-
thing used is as dainty and clean as
the glasses are. Wade's Drug Store.

Boys Will Be Boys.

Late last night some boys smashed
a lamp which had been left on Cen-
tre street, where some sewer work is
in progress, and Horace Attwood was
called to put up a new lamp. The
police will have the offenders before
the magistrate if their names can be
ascertained.

The little Candy Cold Cure Tablets
called Preventives, will in a few hours
safely check all Colds or LaGrippe.
Try them! 45c. Sold by all dealers.
The average boy enjoys coasting, but
the average man can go down hill
fast enough without a sled under him.
What a lot of time we waste in
wondering about things that are none
of our business!

Deafness Cannot Be Cured.

By local applications, as they cannot
reach the diseased portion of the ear.
There is only one way to cure deafness,
and that is by constitutional remedies.
Deafness is caused by an inflamed con-
dition of the mucous lining of the
Eustachian Tube. When this tube is in-
flamed you have a running sound or
imperfect hearing, and when it is entire-
ly closed, deafness is the result, and
unless the inflammation can be taken
out and this tube restored to its normal
condition, hearing will be destroyed for-
ever; nine cases out of ten are caused
by Catarrh, which is nothing but an in-
flamed condition of the mucous surfaces.
We will give One Hundred Dollars for
any case of Deafness (caused by Catarrh)
that cannot be cured by Hall's Catarrh
Cure. Send for circulars, free.

Take Hall's Family Pills for Constipa-
tion.

LETTERS TO THE EDITOR.

Children Weep Over The Death of
Their Collie.

Kingston, Aug. 9.—(To the Editor):
Of all the mean sneaks beneath the
skies,
The dog poisoner I despise.
Another valuable dog has been put
to a painful death by a member of the
"Can't-catch-them Assasin Club." A
beautiful collie owned by a resident of
Centre street was the victim. It was
a great favorite with children and
harmless as a lamb. It was found on
the shore of King street, by the chil-
dren, when they went bathing, Satur-
day morning, and many little eyes
were filled with tears, for Jerry play-
ed and swam with them to their de-
light. I cannot understand how any
human being can get so low as to
take the life of a poor dumb creature,
man's faithful friend, the dog. I think
druggists are careless in giving out
poisons, such as strychnine. The dog
poisoner must get it somewhere—A
LOVER OF GOOD ANIMALS.

Help The Blind Vendor.

Kingston, Aug. 9.—(To the Editor):
I noticed in the Whig that the alder-
men have been talking about putting
up a small place for James Craig, the
blind man for his news stand for his
comfort this winter on some conveni-
ent corner. I think that they ought
to be getting around and doing some
thing to help him as it is not far
from the cold weather. If they do not
intend to put some up why not give
him liberty to do so and not keep the
poor man at any disadvantage as
the working class will do all they
can to help him. The city should try
and get him a place like they have
in other cities for their blind people.—
WORKMAN.

IN MARINE CIRCLES.

Arrivals and Departures of Vessels
at This Port.

The steamer North King made her
regular trip to-day.
The steamers Walcondah and Ne-
pawah passed down, yesterday.
The steamer Jessa passed on her
way to Oswego with a cargo of lum-
ber.
The steamer Alexandria and steam-
barge Waterlily passed down last
night.
The steamer Stranger had a large
number of passengers from Gananoque
on Monday.
The steamer Haddington passed up
and will load cement at Belleville for
Port William.
The steambarge Westport arrived
from Belleville on her way to Rideau
canal ports with cement.
The passenger steamer City of Mon-
treal, disabled on Friday night, near
Kingston, by having her cylinder
head blown out, is having the dam-
age repaired at the Toronto Ship
Yards and will be in commission again
in a few days.
M. T. Co.: The steamer Glenmont
will arrive from Montreal to-
night on her way to Port William
with rods; tug Emerson will arrive
from Sodus with two coal barges, and
will clear with two grain-laden barges
for Montreal.

The Frontenac Business College.

The attention of our readers is di-
rected to the announcement of this
school in our advertising columns in
this issue. With four years successful
work to its credit the Frontenac Busi-
ness College will doubtless enjoy even
better success than ever under its
new management, who will conduct it
as the Kingston branch of that well-
known, influential school—the Cen-
tral Business College of Toronto.

Had A Lively Fight.

Two employees at a local hotel had
a lively fight, late Monday afternoon,
and one of the participants was badly
injured. The fight was stopped by
one of the spectators, when the latter
found that the "scrap" had gone far
enough. The police were not called;
no arrests were made.

Engagement Announced.

Mr. and Mrs. C. H. Cooke, of 326
Allied street, announce the engage-
ment of their eldest daughter, Miss
Edith Cooke, to Rev. J. R. Urquhart,
B.A., a recent graduate of Queen's Uni-
versity, formerly of Nova Scotia, now
of Moravia, Ont. The marriage will
take place in the fall.

Was Taken Ill.

Capt. Milligan, of the steamer Kin-
mount, was taken ill when his vessel
was on its way through the canal,
coming to Kingston, and was able to
take the vessel the remainder of the
trip. He suffered from the heat and
will be himself again in the course of
a few days.

"Did you ever notice how much gen-
tine satisfaction you get out of a
good sneeze?" asks the Portsmouth
philosopher.

FOR HEALTH OF CITY

PRIVY VAULTS ARE TO BE
PROHIBITED.

Important Matter Before the
Board of Health—Complaints
About Drainage to be Inves-
tigated.

Resolved, that the local Board of
Health, in the exercise of the powers
vested in it, under the Public Health
Act, enact the following regulations:
"That after May 1st, 1910, no privy
vault, cess-pool or reservoir into
which a privy, water closet, stable or
sink is drained, shall be hereafter es-
tablished or maintained within the
limits of the City of Kingston, bound-
ed as follows:
"North side of Bay street, from
McCaum street to Sydenham, up Syden-
ham to Colborne, north side of Col-
borne to Alfred, from Alfred to wa-
ter front; and that method of disposal
shall be by means of water closets,
sinks and proper fixtures, connecting
and discharging into sewer."

The above resolution was passed
yesterday afternoon at a special meet-
ing of the Board of Health, Chairman
Bailey presided at the meeting and
also present were Messrs. Strachan,
Lennox and McLeod, Mayor Couper,
Medical Health Officer Bell, Inspector
McCaum, and City Clerk Dr. S.
Sands.

The chairman referred to the fact
that the matter in the resolution
could not be taken up at the
last meeting, owing to the fact that
there was no quorum. He considered
the matter of sufficient importance for
a special meeting.

Dr. Bell said that at first he was
of the opinion that there should be
a larger area, but thought the one
outlined would be large enough, for
the first trial.

Mayor Couper said Alfred street
should be the boundary line, as be-
yond that street, there were a great
many workmen's houses, which
were not built for such convenience. It
was needed more for the congested part
of the city.

Dr. Bell said that the time was fast
approaching when this new rule would
have to be general. In many western
cities it was so now.

After some further discussion, the
resolution, moved by A. Strachan and
seconded by J. B. McLeod, was passed
by a unanimous vote.

Dr. Bell stated that it would be
wise to have a proclamation issued in
the local newspapers, setting forth the
action of the board, and on motion
of Mr. Lennox, it was decided to
have the necessary proclamation pub-
lished. Dr. Bell added that the mov-
ing was a most popular one, and that but
for the fact that he would be leaving
the city he would continue to follow it
up.

Several complaints were received re-
water in cellars, and lack of drains,
and they were referred to Dr. Bell
and the city engineer, to be inves-
tigated.

John Hunter, Kaplan Road, com-
plained that he could not put in a
drain for new house. Dr. Bell said all
the houses on the street had drains, with
the exception of Mr. Hunter's house.
This was due to the fact that he
built on solid rock. There were also
complaints about no drains at 111
Wellington street. All the complaints
will be looked after.

A patient during the recent small-
pox epidemic, was granted \$35 of his
bill, as it was shown the board that
he had paid \$35 for the services of a
nurse for seven days.

One account was passed for \$20 for
the cleaning out of the Isolation hos-
pital. The fort was given the city
free of charge, and it was considered
by the board that it should be left
clean and tidy, by the city.

Remedy This Civic Neglect.

Friday's sad accident, by which a
mother lost her life, should bestir peo-
ple to remedy some of the things
which are neglected about Kingston,
says a citizen. With boat's safe and
unsafe, big and little, being taken out
every day by poor swimmers, non-
swimmers, and fools it may be said,
too—the dangers to lives in the city
is very great. There ought, at least,
to mitigate some of these, be boats,
which might be called life-boats, sta-
tioned at different points along the
water front, thoroughly equipped with
all life-saving apparatus. There is
even an uncertainty as to where to
get grappling irons, as Friday's trage-
dy showed. These things ought not to
be. Here is something for his wor-
ship the mayor to consider.

Monday The Hottest Day.

On Monday the highest temperature
of the summer was registered, viz.,
81.9 degrees, reported at Dr. Knight's
observatory. The cool wave which
came Monday night was a delightful
change. However, Kingston has no
thing to complain about as to heat
when other places are considered. Mon-
treal and Toronto temperature was
ten degrees higher.

Frank Cooke's office, 346 King.

CORRIGAN'S.

FIRE AT HOBIERY MILL.

Brigade Put It Out Before It
Gained Headway.

The firemen were called out at 5:07
o'clock, this morning, by an alarm
from box 9. After a record run
men arrived at the hosiery mill where
fire was discovered roaring in a small
wooden building well back from the
street. The structure was connected
with the main building but the flames
were extinguished before going
through.

The fire was caused by a barrel of
sodium sulphide placed in the corner
of the building. The excessive heat
playing on the chemical caused the
trouble. The watchman discovered it
and at once sent in an alarm and
before he was well back in the yard
and from both stations were in the
yard and had a line of hose
strung in. It did not take long to
extinguish the flames.

The building contained a number of
wooden patterns that will be a great
loss to the company as they were
used every day, and were made in
another country. The loss to the
building was about \$40 and about
\$150 will cover the patterns. There
was no insurance on either one.

Chief Armstrong visited the mill
this morning to find the cause of the
fire and the damage. The chief and
his men are to be congratulated on
their quick response.

What You Need For The Country.

You need some handy balm ready
for blistered hands, scurched skin,
cuts, bruises, stings, and the many
little accidents incidental to open-air
life. Zam-Buk is the ideal balm. It
is antiseptic, soothing and healing.
Inset stings or barbed wire scratches
cannot become poisoned wounds if
Zam-Buk is applied. It soothes sore,
aching feet, heals baby's chafed places,
cools patches of sunburn, relieves the
pain of blisters. Mothers should see
that the country cottage is never
without Zam-Buk. Purely herbal, it
may be regarded as nature's own heal-
er. Apply to all skin injuries, rashes,
eruptions and diseases. All druggists
and stores.

Was Not Discussed.

The cost for the care of small-pox
patients was not discussed at the
meeting of the board of health on
Monday afternoon. No mention of
the matter was made. The citizens
billed for the cost will hold a second
meeting at the Iroquois on Wednesday
night.

Bicycle Was Stolen.

The police are looking for a bicycle
stolen by Archibald Smith, which was
stolen from in front of his home, on
Division street, but as yet, no trace of
it can be found. Mr. Smith had the
wheel stolen before.

Here On Their Yacht.

H. Corby and wife, Miss Corby, Miss
Thompson and D. M. Waters and wife,
of Belleville, were visitors in the city
yesterday making the trip in Mr.
Corby's fine yacht, Yagui. They re-
port a fine trip.

No Police Court Session.

Perhaps the warm weather is to
blame but at any rate there was no
business before the police court this
morning and Magistrate Farrell was
even a holiday.

Will Continue Inspection.

Chief Armstrong and Capt. Reid
and Stratford will continue their in-
spections of the different large build-
ings in the city, during the week.
More will be visited on Thursday and
Saturday.

Save The Stomach and Kidneys.

It is the weak nerves that are crying
out for help. Then help them, don't
drug the stomach or stimulate the
Heart or Kidneys. That is wrong.
Vitalize these weak inside nerves with
Dr. Shoop's Restorative and see how
fast good health will come to you
again. Test it and see. Sold by all
dealers.

The first issue of the Canadian Farm, the weekly agricultural journal launched by John A. Cooper, Toron- to, is a capital paper, and if it main- tains the standard of the first num- ber will soon secure national stand- ing.

There are many forms of nervous
debility in men that yield to the use
of Carter's Iron Pills. Those who
are troubled with nervous weakness,
night sweats, etc., should try them.

A solemn month's mind requiem
mass was sung on Monday morning,
in St. James' chapel, for the eternal
repose of the soul of the late Mrs.
John J. Behan.

"The hot days are busy days" at
Gibson's Red Cross drug store fea-
turing Neilson's ice cream and ice cream
bricks are sold there.

Last evening the steamer America
brought up an excursion from Gan-
anoque, consisting of about 150 peo-
ple. It was given under the auspices
of the Citizens' Band, of Gananoque.
"Ice cream bricks" Neilson's from
Toronto, are delicious these hot days.
Sold in Kingston only at Gibson's
Red Cross drug store.
