BACK FROM PETAWAWA

R. C. H. A. BAND RETURNED FROM CAMP.

Members Report a Fine Camp, But Say That Weather Was Very Warm—"A" Battery Will Leave For Home in Another Week—Band to Play at Toronto Fair.

The members of the R.C.H.A. band returned home from camp, at Petawawa, on Thursday afternoon. They arrived at four o'clock, via the Kingston and Pembroke railway. It is just a month ago to-night since the band left Kingston, and although all appeared glad to get back, they say that the camp was a fine one, although the weather was very warm.

"It was a good camp," said one of the men, when asked by the Whig, "but my, it was awful hot, some days, when we were off duty, it was too warm to do anything or go about. However, the weather was fine for camping, and we had a good time."

All the men are in good health, in fact the entire contingent fared well in respect with the exception of the Sergt-Major Gimblett, and he is still very ill at the camp, much to the regret of his many friends, both in the battery and out of it. He was too ill to return to the city with "B" battery, a few weeks ago, and is not yet in a fit condition to be removed. His condition is still very serious. He is suffering from pleurisy, and it appears that he suffered a severe cold, while taking a bath, and pleurisy then set in. It is hoped that a few weeks' time will improve his condition.

"A" battery is still at the camp, but it was reported yesterday, that they would head for Kingston in another week. The R.C.H.A. band will take part in the Toronto exhibition, and will be leaving for the Queen City the last of the month. They will be called upon for several concerts, and from now on, until the time of their departure, will be given some time for practice. The band is now without doubt the best musical organization in the city. Citizens were loud in their praises of the series of concerts given by the band at Macdonald Park. There is yet one more concert to be given, so the people have a fine treat coming to them. It is understood that the band has been given permission to strengthen its number, for the trip to Toronto, and if a few more good men are put under the guidance of the able bandmaster, the Kingston band will certainly have no trouble in holding up its end with any band which will find its way to the big exhibition. While at the camp, the band played every morning, between nine and ten o'clock, and each evening, at the officers' mess.

It is stated that next year, the camp at Petawawa will be much larger than it was this year.

IN MARINE CIRCLES.

Arrivals and Departures of Vessels at This Port.

The steamer Acadia passed down, yesterday.

The steamer Sowards went on Davis' dry dock, to-day, for repairs.

The government steamer Loretta, which plies in the Rideau, is in port.

The steamer Jesca passed up, on her way to Oswego, with a cargo of lumber.

The steamer John Randall, is loading grain for Washburn, at Richardson's.

The steam yacht Ramona, may be taken to the Hudson for use during the Fulton celebration.

The government steamer Loretta arrived to-day from river points, and will remain until Saturday.

The steam yacht Morning Star, owned by Hon. Clifford Sifton, cleared, to-day, after undergoing repairs.

The steamer Philips left Davis' dry dock, to-day, and cleared for Chamoumont, with the schooner Acadia in tow.

The tug Thomson, of the Montreal Transportation company, arrived from Lachine, to-day, with the barge Acadia, loaded with damaged grain for Richardson's.

The steamer Westport is loading package freight for Rideau points.

The steamer Edmonton passed up, Thursday night, to Belleville, to load cement for Fort William.

Heavy engines at Clayton, N.Y., are causing the piers to sag and slide into the river. The engines hereafter will only run on solid ground until new cement piers are built.

The steamer Tagona passed up, Thursday night, to Fort William.

Swift's Steamer Caspian, down and up, to-day; steamer Dundurn, up, to-night; steamer Stranger, for Gananoque.

It is expected that the steamer Advance, in the government dry dock for repairs to the bottom of her stern, will be out to-night. The steamer was grounded at the Galops rapids to prevent collision with another vessel entering the canal.

THURSDAY EVENING FIRE.

An Outhouse Near the Hay Market Destroyed.

The firemen received a call at 7:12 o'clock Thursday evening, to the hay-market, where a shed in the rear of Paul Schepagne's residence, Wellington street, was on fire. The shed, which was full of shingles, was burning away merrily when the firemen arrived, and it took some time to put it out. Holes were cut in the roof and sides, and the building was then flooded with water. The house is owned by Mrs. Rankin. The tenant was sitting on his front door step all unconscious of anything wrong, until told his shed was on fire. Luckily the flames were subdued before they reached the house. The shed was very badly damaged, the roof and sides being all destroyed.

The firemen from both stations made a great run down, covering the distance in fast time. On the way back the king-bolt in the hose wagon from the lower station broke. The cart was roped up until it reached the station.

"Hot water bottles." It pays to buy these at Gibson's Red Cross Drug Store.

Crumley Bros. assigned to Richard Tew, Toronto. The business is a large dry-goods concern, and the reason of the assignment is to adjust partnership interests, one brother having gone away for his health. There will be a meeting of creditors on September 2nd.

Bank Clerk Is Very Ill.

Wilfrid Day, of the Northern Crown Bank, Odessa, is seriously ill in the hospital and slight hopes are held out for his recovery. He was brought in from Odessa some days ago, suffering from typhoid fever and for the past two days has been unconscious.

Little About Again.

The many friends of William Little, King street, are pleased to see him around again, after the severe accident he met with. He was severely burned about the face and hands; but is now making rapid recovery, although it will be some time yet before he is able to go back to work.

Held Jolly Dance.

"The Twilights" held a jolly dance at Lake Ontario Park, last evening, about fifty couples being present. Dancing was kept up from ten o'clock until midnight, when the young people came to the city on a special car. About twenty of the young people came up from Gananoque for the affair. All report having had a good time.

Kids Play Baseball.

Every evening a bunch of young kids play ball in the upper end of the cricket field and if they play on as they are they will be big leaguers some day. They certainly play fine ball, and many a grown man fond of the game has stopped to look and been amazed at the way the kids play. They also have a "choice" store of baseball language, some of which might well be dispensed with in view of the close proximity of churches.

Band in Macdonald Park.

The Salvation Army band will play the following programme in Macdonald park, this evening, commencing at eight o'clock:

March, Pilgrim; selection, Scottish songs; march, Plymouth; march, Ringing song; selection, "Lead Kindly Light" (Sandon); march, Candidate; prize march, No. 1; selection, Echoes From Calvary; march, Cadet; march, Shields; march, Under the Colors; "God Save the King" William Christmas, Bandmaster.

Police Court, Friday.

A. Aylesworth and William Byron, appeared before Mayor Cooper, in police court, this morning, charged with building a walk on Alfred street without a permit. City Solicitor McIntyre represented the city. The men pleaded guilty, pleading ignorance of the law, and as they said they would take out the permit they were dismissed.

The case against a citizen for not cleaning his cellars when instructed was further adjourned for a week.

Victoria Baseball Excursion.

The steamer America left at 7:30 o'clock, Thursday evening, carrying the Victoria baseball club moonlight excursion to Gananoque, and a merry crowd it was. About 500 took advantage of it to visit friends in the Factory Town, and also to have a little dance in Turner's hall, with the Victoria as hosts. A fine meal down was enjoyed, culminated by the 14th orchestra, which rendered fine music, as it also did at the hall for dancing. After a pleasant sail the boat arrived home about midnight.

Kingston Man Chauffeur.

Word has been received of the Granby Consolidated Mining Smelting and Power company, of Grand Forks, B.C., having disposed of their driving horses and rigs, which were used by the officials at the smelter, and having installed automobiles, with J. A. Todd, as chauffeur. Mr. Todd was formerly of Kingston, Ont., and has been in the company's employment for the past three years, and will have three automobiles in his charge. He speaks very highly of the west and has become an extensive land owner in Alberta. It is three and a half years since Mr. Todd and his family left Kingston, but he expects to return about Christmas of this year to renew old acquaintances.

THE SPORT REVIEW

WHO'LL WIN—IRISHMEN OR LOCOS?

The Football Season is Close at Hand—Labor Day Road Race—Kids Who Are Expert at Baseball and Strong Language.

The C.L.C. and Young Irishmen clash at the cricket field on Saturday afternoon in the senior city league series. The Victorias have first place just about clinched, and the other two teams are fighting it out for second. The C.L.C. now lead by two games, the game should be a good one. The Irishmen defeated the Locos 7 runs to 6 in a ten innings game, and that is the only game they have won this year. They say they can trim the Locos again and the Locos say there is no chance, so there you are.

Football Season Near.

Football will soon be on the boards n.e.w. Numerous squads have been out around the city this week, enjoying a few punts of the pigskin. The junior lads are out every evening at the Collegiate grounds and have a good practice. The cricketfield is also used every evening. It will only be a week or two now until the game will be in full swing and teams will be cropping up all over.

Y.M.C.A. Athletic Events.

The athletic field of the Y.M.C.A. will be in full blast next week when some fine events will be pulled off. Many interesting events have been scheduled for this fall, to ensure a good time for the members, senior, intermediate and juniors.

Labor Day Road Race.

The Labor Day road race should draw quite a bunch of good runners, although the local bunch do not appear to take much interest in it, as Robert O'Brien, the Gananoque runner, won the race last year and will probably enter this year again if he is in shape. His stomach has been in bad shape since he was given a dose of liniment instead of medicine by his trainer, just before a recent race. Cummings, Gananoque, and Cole, Deseronto, will likely run, and if the battery is home Stinson will likely enter. Stinson ran a good race here at the grocers' picnic, finishing third.

Wanderers Won.

The Wanderers, a local baseball nine, drove out to Battersen on Wednesday for a friendly game, and won out 29 to 17. The game was witnessed by a large crowd of people. The locals lined up:

Mine, c.; Shultz, p.; Henderson, lb.; Vallier, 2b.; F. Henderson, s.s.; Birmingham, 3b.; Fitz, lf.; Adsit, m.f.; Barry, r.f.

George Veal, umpire. A return game will be played here shortly.

Sporting Notes.

Cleveland has been slumping regularly in the American Baseball League. From June 29th to July 8th, O'Brien, of St. Paul, hit safely in thirteen straight games.

Pitcher Frill, of Newark, will go to the New York Highlanders at the close of the Eastern League season.

Releigh, the nineteen-year-old pitcher of the Reds, held the champion Cubs to two hits, but lost by 1 to 0.

At Omaha, Gurness, an amateur pitcher, fanned thirty-one men in seven innings, giving five hits and passed four men, yet lost his game.

The Pittsburgh National and Chicago American clubs claim the services of Blackburn, the star infielder of the Providence Eastern League team.

Alfred Shrubb will continue his trip to the coast from Winnipeg. He was disappointed in his breakdown against Arcore, owing to the standing of a card of his right leg.

Word comes from Boston that Langford is training harder than ever before for his Ketchel bout. He weighs 162 pounds stripped at the present time, and says he will have no trouble in making the middleweight limit. Langford seems to be confident of success.

DIED AT SAME TIME

PASSING OF TWO CIVIC SERVANTS.

Both W. H. Miller and Ernest T. Roberts Were Soldiers—Likely Applicants For City Auditor's Position.

By the death of William H. Miller and Ernest T. Roberts, Kingston lost two of its civic servants in one afternoon. Both died about the same time. They were both ardent Britishers, and responded to the call to arms when danger threatened their country.

Ernest Roberts had been in feeble health for some years and suffered considerably, though he was at his duties in the city engineer's office two days ago. He served under Wolsey in the Red River rebellion, and was also with the 14th Regiment when it was garrisoned Fort Henry in 1855. Both the city auditor and the veteran clerk of the engineer's office were familiar figures in the city buildings, and their comrades will mourn them many a day.

City Auditor Vacancy.

The city council when it convenes again in September will be called upon to appoint a city auditor, as successor to the late William H. Miller. One thing is certain to those intimately connected with civic business, no more faithful or competent will not be found to fill the office than the man who has been called away by death. The salary is not a large one, being only \$850, but the position just voted Mr. Miller, who was content to labor for the amount allowed by the council for the city audit work. Originally the salary was \$750, but was increased to \$850, although the work is worth \$1,000. There are several applicants for the position. Among those mentioned for the office are T. O. Mines, R. J. McClelland and W. C. Martin.

What They're Suggesting.

In civic circles, it is being suggested that R. J. McClelland, be appointed city auditor, and his place in the engineer's office be filled by a clerk at a salary of \$250 a year. As the city council is equally divided politically, there will no doubt be the usual jockeying.

To make things approximately equal, an alderman suggests that Mr. McClelland be appointed city auditor and the other section of the council name the engineer's clerk to succeed him.
