She was cured completely by Dr. Hamilton's Pills.

## A Terrible Experience With Indigestion.

Another example of the marvellous merit of Dr. Hamilton's Pills comes from Kingston, where Mrs. E. V. Holton was snatched from the grave and restored to sound health by this wonderful medicine.

"Three weeks ago I was taken suddenly ill. My head throbbed and ached and I became so dizzy that I had to go to bed. There was a terrible feeling of weight and fullness in my left side and all the region of my stomach and liver was sore even to touch. I was in a terrible state—had no appetite, in fact I was afraid to eat because of the suffering I had to endure after meals. I got so bilious and had such pains across my eyes that I could scarcely see. My doctor said I had unbearable indigestion."

"As a last hope I used Dr. Hamilton's Pills. I saw clearly they were doing me good and continued the treatment. My appetite and strength gradually returned—my color improved and day by day the stomach and liver derangements were less troublesome. All symptoms of biliousness and indigestion have now passed away. I am cured by Dr. Hamilton's Pills."

The same medicine that so wonderfully cured Mrs. Holton will cure anyone else of biliousness, constipation, indigestion, headache, poor color and stomach trouble. Get Dr. Hamilton's Pills to-day—refuse any substitute. 25c. per box, or five boxes for \$1. By mail from The Catarrhozine company, Kingston, Ont.

As likely as not the man who failed to shovel off his walk last winter is endeavoring to get away from the house these mornings before his wife gets a chance to ask him to pick enough cherries for a couple of pies. One thing every woman is willing to undergo is a new bonnet.

## It Leaves the Skin Tingling With Health

## How to Massage

Shave some *Infants' Delight* into a tub of hot water and let it dissolve. Rub it over your body and remain with it for several minutes. Lather the body thoroughly with *Infants' Delight*—rub it right into the skin, for it is so pure it will only nourish and soothe. Massage well with the finger tips and the palms of the hands and you will find a most pleasant sensation after the bath is finished.

Ceylon is an island in the Indian Ocean, and from there we bring pure cocoanut oil 12,000 miles to our factory. Then we go to France for vegetable oil, and often pay double what we might pay. But our oil is pure enough for your table.

These oils are doubly boiled and then milled by our own special process, after which they fall like flakes of snow into enormous bins.

Then they are crushed under a weight of 30 tons to press out the moisture. Next they pass through granite rollers and come out in miles of silky ribbons. Finally they are dried eight times and then stamped into cakes.

Could you imagine a more delightful soap than this? It lathers into a rich, creamy-foam. It wears as thin as a wafer. It leaves the skin as soft as velvet and as smooth as satin. It is the very utmost in perfect soap.

The perfume is the delicate scent of the roses. We pay \$1.00 a pound for pure *Olive Oil of Roses*, but it requires 3,000 pounds of rose leaves to make a single ounce. The fragrance is simply exquisite—it brings the breath of a million flowers. Use a single cake and learn how delightful it really is—it costs no more than the common, so why not have the best?
