

The Daily British Whig

YEAR 76

KINGSTON, ONTARIO, SATURDAY, SEPTEMBER 4, 1909.

NO. 207.

Sweetens the Stomach
and, best of all, it makes you yourself feel sweet.

Abbey's Effervescent Salt
SOLD EVERYWHERE.

WHY LIVE?

a life of worry, only to pay your tailor fabulous profits, when we, with our Productive Facilities, are able to clothe you for little more than nothing a year. It is no flight of fancy but an actual fact that residents in Canada can be attired in a really comfortable smart and dressy suit, cut and tailored in West End style or latest New York fashion just as you prefer. In either case the cost is the same, though the prices are always dollars cheaper than you pay locally. Besides you can always have the return of your money or the garments remade if they displease you. No expensive shop fronts and glitter, but everything concentrated into the most efficient satisfaction. Fill in a post card and address same to us as below, asking for our latest assortment of materials. Together with patterns, we send you fashion-plates and complete instructions for accurate self-measurement, tape measure, all sent free and carriage paid. We dispatch your order within seven days, and if you do not approve, return the goods, and we will refund the money.

SUITS & OVERCOATS to measure
from \$5.14 to \$20.

CURZON BROS
Go to Curzon

The World's Measure Tailors.
Dept. 108, 60-62 CITY ROAD, LONDON, ENGLAND.

Addresses for Patterns:
For Toronto and East Canada: **CURZON BROS., 60 NIGHT DIRECTORIES, LTD.**, Dept. 108, 74-76 Church Street, Toronto, Ontario.
For Winnipeg and the West: **CURZON BROS., c/o HENDERSON BROS.**, Dept. 108, 270 Garry Street, WINNIPEG. Please mention this paper.

KINGSTON BUSINESS COLLEGE
HEAD OF QUEEN STREET.

For Cemeteries and Lawns and Wire goods of all kinds. Manufactured by Partridge & Sons, Crescent Iron and Wire Works, King St. West, Opposite Hospital.

New Cafe Golden Chinese Restaurant

Open day and night. First-Class meals served at all hours.

LEE SING, Prop.
183 Wellington St.

SECRET OF ARCTIC

BAFFLED EXPLORERS FOR HUNDREDS OF YEARS.

In Quest of the North Pole Daring Men Have Perished and Others Have Suffered Severely—Some Noteworthy Attempts in Recent Years.

The dream of finding the North Pole has for centuries lured explorers, scientists and daring adventurers. This dream has now become a reality by the achievement of Dr. Frederick A. Cook, of Brooklyn.

Some of the most recent noteworthy attempts to reach the North Pole are enumerated below.

Walter S. Wollman, an American, left the Island of Spitzbergen for the pole in a balloon, August 15th, 1900. His airship became disabled after he had traveled thirty miles and he was forced to return.

In 1906 Commander Robert E. Peary, U.S.N., reached eighty-seven

degrees, six minutes, equivalent to about 293 miles from the pole. Commander Peary is now in the polar regions on another expedition. A relief ship was sent out a month ago to endeavor to pick him up. He started from Sydney, N.S., July 17th, 1908.

On September 3rd, 1905, Capt. Roald Amundsen, a Norwegian, completed the first voyage through the North-West Passage. He left Christiania on the Gjoa, June 17th, 1903, and arrived at Merselø Island, in the Arctic ocean, in September of 1905.

In 1904, Baron Toll, a Russian, led a Polar expedition party by way of Siberia, but all the members perished from the cold.

In 1903, Erickson, a Dane, headed an expedition and got as far as Saunders Island, where they were rescued in a destitute condition. In the same year Anthony Smith, a young Brooklyn explorer, sailed on the ship America and proceeded further north than the Duke of the Abruzzi. His party endured great hardships before they were rescued. The Duke of the Abruzzi made his expedition in 1900.

In 1895, Dr. Nansen reached eighty-six degrees, fourteen minutes on the vessel Fram, which left Inger Strait, August 4, 1893.

Prof. Andree made his fatal balloon trip in 1897. He left Tromsø, Norway, in his balloon, the Eagle, bound for the pole. Since his departure nothing authentic has been heard of Prof. Andree.

In 1883, Capt. De Long's expedition, in the Jeannette, was lost near Henrietta Island.

In 1882, the Greeley expedition reached eighty-three degrees, twenty-four minutes, and in 1845 Sir John Franklin made his disastrous attempt to penetrate from Lancaster Sound to Behring Strait.

At a meeting of the Explorers' Club, of New York in October, 1907, a letter from Dr. Cook, dated at Etah, August 26th, gave this information: "I find that I have a good oppor-

unity to try for the pole, and therefore I will stay here for a year. I hope to get to the Explorers' Club in September, 1908, with the record of the pole. I plan to cross Ellesmere Land and reach the polar sea by Nansen Strait. I hope you can induce some of the members of the club to come and meet me at Cape York. Here's for the pole with the flag."

About the same time Herbert L. Bridgman, of Brooklyn, received this letter from Cook, similarly dated: "I have hit upon a new route to the North Pole and I will stay to try it. By way of Buchanan Bay and Ellesmere Land and northward through Nansen Strait over the polar sea seems to me to be a very good route. There will be game to the eighty-second degree, and here are natives and dogs for the task. So here is for the pole! Mr. Bradley will tell you the rest. Kind regards to all."

A man may be too busy at the office to attend a funeral—unless it is that of the home team.

The courtship is a failure if the young man is turned down instead of the gas.

A GUNNING SUIT OF KHAKI

POSED BY MISS RUTH MAYCLIFFE OF GIRLS' CO. PHOTO BY JOEL VEDER.

According to a long established dress tradition, the shooting coat is of the belted Norfolk style, roomy across the shoulders and well padded as the gun rests against it.

The skirt of this neat and practical khaki suit is divided so the sports can move about freely over fields and rough country and even climb fences if necessary. Leather leggings reach to the knees.

More children died during the hot weather than at any other time this year. Diarrhoea, dysentery, cholera infantum, and stomach troubles come without warning, and when a medicine is not at hand to give prompt relief, the delay may prove fatal to the child. Baby's Own Tablets should be kept in every home where there are children, during the hot weather months. An occasional dose of the tablets will prevent deadly summer complaints, or cure them if they come unexpectedly. Mrs. O. Moreau, St. Tit, Que., says: "My baby suffered from a severe attack of cholera infantum, but after giving him Baby's Own Tablets the troubles disappeared, and he regained health splendidly."

Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Won't Have Cars Enough.

Ottawa, Sept. 3.—M. J. Butler, deputy minister of railways, arrived from the west, today, after a tour of inspection of the railways. He speaks glowingly over the crop situation and states that the only transportation difficulties will be in the matter of providing cars.

Some girls sing outwardly in the factor and scold inwardly in the kitchen.

"Live and learn" is a good maxim that is seldom successfully lived up to.

The more lawn some people have to mow the more they hate the mower.

LEARNED WITH SURPRISE

That Education is Not Compulsory in Manitoba.

Winnipeg, Sept. 3.—The cornerstone of the new school to supplement the Aberdeen school in the congested foreign district of Winnipeg was laid, yesterday, Dr. Timmons, superintendent of the London county council schools, delegate to the British Association for the Advancement of Science, was present, and gave an address. He superintends the largest number of schools and pupils in the world. He said he had just learned with surprise that Manitoba had no law rendering attendance at school compulsory. In a civilized country like Canada, the doctor failed to conceive any combination of circumstances which justified this. He vigorously declared that it was the birthright of every child to be given educational facilities, and when parents were unable or unable to secure these, the state should see to it.

J. A. McKechnie, of the school board, stated that the school board was a unit on this subject, and had several times approached the government with requests for a compulsory law, but always had been refused.

Close quarters—in the minor's purgatory.

CATARAQUI VILLAGE.

Wedding of Miss Black—Some Outbuildings Burned.

Cataraqui, Sept. 3.—The gardeners in this locality were afraid of frost, Wednesday night, but no damage was done. School has reopened, with Miss Bernington in charge here. Miss Jean Bowden at Wooding, and Miss Bella McCall at Sarnia.

A pretty wedding took place here, last week, in Christ Church, when Miss Myrtle Black became the bride of W. Lyons, Harrowsmith. The marriage was solemnized at 8 a.m., and soon after the young couple left to spend a few days in Toronto. They will reside in Harrowsmith.

Mrs. (Dr.) Edwards is in the city for medical treatment. Mr. and Mrs. John Hooper are going to Toronto exhibition. Mrs. James Powley and granddaughter, Miss Vida Smith, are visiting friends near Toronto.

Some outbuildings on H. Melver's farm were burned, Wednesday. The house was in danger, but was saved. John Ward is confined to the house on account of ill-health. Dr. Melrose Wright, wife and son, Brantford, N.Y., have been visiting Mr. and Mrs. E. E. Cooke. Mr. and Mrs. F. Valleeau have returned from a short visit to Rochester, N.Y.

A great quantity of broken stone is being put on the roads here. The stone crusher is working at the back of J. Baker's house. They are taking out stone in order that a building may be moved back from its present position.

Miss May Ely has gone to teach school at Clarendon. T. Blair, wife and daughter, Dorothy, are visiting relatives here. B. Lancaster and some friends went fishing at Buck Lake. They brought home some fine bass. W. Watts, Montreal, is visiting C. Clark.

The W.M.S. held a quilting, yesterday, in the basement of the Methodist church. After a busy afternoon, tea was served. Mrs. Clonkey, Hartington, was a welcome visitor. Miss Violet Cooke, Morrisburg, after spending the summer here, returned home, accompanied by her father, J. A. Cooke, M.A., and her cousin, DeWitt Herr, Pennsylvania.

A GOLDEN WEDDING.

Celebrate Fiftieth Anniversary of Their Marriage.

Perth, Ont., Sept. 3.—An auspicious event in the lives of two respected and well-known residents was celebrated yesterday, at their home, in the 7th concession of Drummond township. The occasion was the fiftieth anniversary of the marriage of Mr. and Mrs. Henry McDonald, and many of their relatives and friends gathered to honor them, to extend felicitations on their long and prosperous matrimonial voyage, and to wish them a continuance of the blessings of health and happiness for many years to come.

Fifty years ago on Sunday last, August 22nd, 1859, Mr. McDonald led to the altar Marion Dick, daughter of the late William Dick, of Edinburgh, Scotland, and took his bride to the house which has for half a century been their home. The bride was Miss M. Weir, now Mrs. Gilbert Wilson, of Perth, and the groom, the late Peter Sinclair, of Drummond. The ceremony was performed at Lanark, by the late Rev. J. Fraser. Only two persons who attended the wedding festivities of fifty years ago are now living, and these were present yesterday to join in the merrymaking. They are the bride, Mrs. Wilson, and Mrs. Sylene, of Smith's Falls, sister of Mr. McDonald.

Henry McDonald is one of the best known men in Drummond. His father, the late Henry McDonald, was a British soldier, who, at Lundy's Lane, upheld the honor of old England. On the organization of the township of Drummond, he was made treasurer, and held the office until his death, some twenty-six years ago, at the age of ninety-two years. His mantle fell on the shoulders of his son, and the principal of this sketch is still the capable and faithful guardian of the township Roads.

To Mr. and Mrs. McDonald were born four children, three of whom are living. They are Mrs. William McFarlane, of Prestonville; Henry, at home, and Minnie, a trained nurse, of Ottawa.

YACHT WRECKED.

Went Down Near Entrance to St. Anthony, Nfld.

St. John's, Nfld., Sept. 3.—A message has been received here from St. Anthony, saying that the steamer Prospero, which called there, brought word of the wreck of a steamyacht from New York near the entrance to St. Anthony. It is believed that all on board perished. The yacht is thought to have been the one recently given Dr. Grenfell for missionary purposes. No further news can be had until the Prospero reaches here on Friday.

30 ft. Bowels—

Biggest organ of the body—the bowels—and the most important—It's got to be looked after—neglect means suffering and years of misery. CASCARETS help nature keep every part of your bowels clean and strong—then they act right—means health to your whole body.

CASCARETS 10c. a box for a week's treatment, all drug-gists. Biggest seller in the world. Million boxes a month.

HONG LEE LAUNDRY

All work done by hand.

First-class work guaranteed. Goods called for and delivered.

Send postal card with name and address and will call promptly.

A trial order solicited.

ITALY'S ALPINE TROOPS IN HARD TRAINING.

The troops which protect Italy's frozen frontier in the Alps spend several weeks every summer in hard training among the great mountains, including marches through abrupt and difficult passes. Toward the close of the field drills the soldiers usually make a passage across some very uneven ground broken by glaciers.

In the accompanying picture is shown the Ivrea battalion of the Fourth Regiment Alpini crossing the Glacier Rintor. The men made the passage from La Thuile to Valgrisenche in twelve hours. They encountered heavy fog part of the time and endured a temperature as low as fourteen degrees below zero.

Red Rose Tea

"Is Good Tea" It is always worth the price.

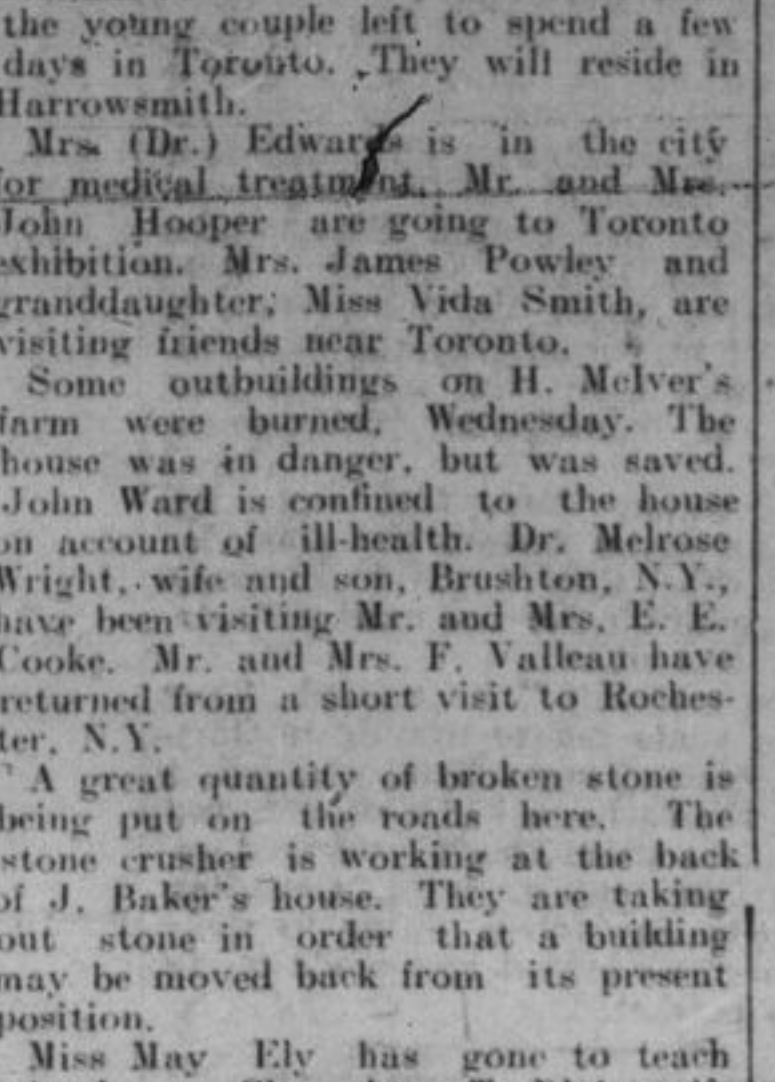

COMELY MATRONS PRAISE PERUNA

The only valuable testimony which any household remedy can have is the testimony of those who have used it. It is worse than useless to discuss Peruna from a theoretical standpoint. It is what Peruna will do, not what people say about it, that constitutes evidence. The housewives of the United States know what Peruna will do. They have tried it. They have realized its benefit in the family. They are the ones that are competent to speak of it. Self-appointed critics know nothing of it whatever.

KENTUCKY

OREGON

OHIO.

The Testimony of These Three Housewives Demonstrates Beyond All Doubt That Peruna is a Safe and Useful Remedy.

Gained Flesh on Peruna.

Mrs. Hattie Hamilton, R. F. D. No. 2, Sparta, Ky., writes: "I have taken two bottles of Peruna and commenced on the third one. I did not really need the third one, but thought it best to take another bottle."

"I have always weighed 102 pounds, but since I began taking Peruna I weigh 120, for the first time in all my life, and I am now thirty-three years old. Your medicine has surely done me a great deal of good, and I have recommended it to several others who have begun taking it."

"My mother, who is seventy-six years old, had grown so weak she could scarcely walk. She took two bottles of Peruna and is fatter and looking well."

Constipation, Torpid Liver.

Mrs. Anthony Rauch, 305 N. Walnut street, Bucyrus, O., writes: "I was suffering from obstinate constipation and torpid liver, when I took your advice and purchased six bottles of Peruna and Manalin. When I had taken only one bottle I felt much better, and since I have taken two more bottles I feel entirely well, but I will continue taking the medicine for a short time to make sure of my cure."

"I think Manalin is one of the finest remedies for constipation that I ever tried. I will never be without it. It has made me so strong. I can do a day's work and never tire. I am so glad I do not get those dizzy spells any more. I haven't had one since I took your medicine."

"I cannot thank you enough for what your medicine has done for me. All sick people should give it a fair trial."

Kidneys and Bladder.

Mrs. Gus. H. Carlson, Box 201, Ortonville, Minn., writes: "I had catarrh of the kidneys and bladder. I have taken Peruna until now, and I do not think I need to take it any longer."

"I feel well, and my tongue is clear, and I have no bitter taste in my mouth. I am very thankful for Peruna."

Internal Catarrh.

Mrs. M. F. Jones, of Burning Springs, Ky., writes: "No family should ever be without Peruna, for it is an unfailing cure for colds, and it is an excellent remedy to prevent and relieve croup."

"And to speak from a standpoint of experience, I can candidly say that it is the remedy for internal catarrh. I shall not hesitate to recommend it, especially to all suffering women."

"Peruna has gained full confidence and a permanent stay in our home."

In a civilized country like Canada, the doctor failed to conceive any combination of circumstances which justified this. He vigorously declared that it was the birthright of every child to be given educational facilities, and when parents were unable or unable to secure these, the state should see to it.

J. A. McKechnie, of the school board, stated that the school board was a unit on this subject, and had several times approached the government with requests for a compulsory law, but always had been refused.

Close quarters—in the minor's purgatory.

LEARNED WITH SURPRISE

That Education is Not Compulsory in Manitoba.

Winnipeg, Sept. 3.—The cornerstone of the new school to supplement the Aberdeen school in the congested foreign district of Winnipeg was laid, yesterday, Dr. Timmons, superintendent of the London county council schools, delegate to the British Association for the Advancement of Science, was present, and gave an address. He superintends the largest number of schools and pupils in the world. He said he had just learned with surprise that Manitoba had no law rendering attendance at school compulsory. In a civilized country like Canada, the doctor failed to conceive any combination of circumstances which justified this. He vigorously declared that it was the birthright of every child to be given educational facilities, and when parents were unable or unable to secure these, the state should see to it.
