KINGSTON, ONTARIO, THURSDAY, SEPTEMBER 9, 1909.

LAST EDITION

PEARY TELLS

Of His Discovery of the North Pole.

PROGRESS OF TRIP

RECORDED AS THE VARIOUS POINTS REACHED.

Prof. Ross G. Marvin Was Drowned Near Cape Columbia—Dr. Cook Declares That He Will Prove His Claim to the World.

London, Sept. 9.—The Times this morning publishes the following messages from Commander Peary dated Battle Harbor, Labrador via wireless to Cape Bay, Sept. 8th:

"As it may be impossible to get my full story through in time for tomorrow's Times, partly as a prelude which may stimulate interest, and partly to stop leaks, I am sending you a brief summary of my voyage, which is to be printed exactly as it is written:

"The Roosevelt left New York July 6th, 1908. She left Sydney, July 17th, at Cape York, Greenland, Aug. 1st; left Etah, Greenland, Aug. 8th; arrived at Cape Sheridan, Grant Land, Sept. 1st; and wintered at Cape Sheridan. The sledge expedition left the Roosevelt, Feb. 15th, 1909, and started north of Cape Columbia, March 1st. It passed the British record on March 2nd, was delayed by open water March 2nd and 3rd, was held up by open water from March 4th to March 11th, crossed the 84th parallel March 11th, and encountered an open lead March 15th; crossed the 85th parallel on March 17th, crossed the 86th parallel March 22nd, and encountered an open lead March 23rd; passed the Norwegian record March 23rd, passed the Italian record March 24th, and encountered an open lead March 26th; crossed the 87th parallel March 27th, passed the American record March 28th, and encountered a lead March 29th; crossed the 88th parallel April 2nd; crossed the 89th parallel April 4th, and reached the North Pole, April 6th.

"On returning we left the pole April 7th, reached Cape Columbia, April 23rd, arriving on board the Roosevelt April 27th. The Roosevelt left Cape Sheridan, July 1st, passed Cape Sabine, Aug. 5th, left Cape York, Aug. 26th, and arrived at Indian Harbor."

"All the members of the expedition are returning in good health, except Prof. Ross G. Marvin, who unfortunately drowned at Prifilo, fifteen miles north of Cape Columbia, while returning from 86 degrees north latitude, in command of a supporting party."

Cook Will Prove Claim.

Copenhagen, Sept. 9.—In reply to Commander Peary's despatch stating that he had not gone out of sight of land, Dr. Cook has issued this statement:

"I have been to the North Pole. As I said last night when I heard of Commander Peary's success, if he says he has been to the pole I believe him."

"I am willing to place facts, figures and worked out observations before a joint tribunal of the scientific bodies of the world. In due course I shall be prepared to make public an announcement that will effectively dispel any doubts, if there can be such, of the fact that I have reached the pole."

Disaster Still Pursues.

Quebec, Sept. 9.—Disaster still pursues the Canadian Government Explorer, who left for the North Pole on the ship Arctic on July 1, 1908, and who has not been heard from. It is thought he has found the Pole.

A Centenarian Dead.

Regina, Sask., Sept. 9.—David Williamson, born on June 15th, 1810, is dead at Pilot Butte, Sask. He was born in Glasgow, Scotland, and well remembers the outbreak of bubonic plague there nearly a century ago. He died ill with the plague and given up for dead. "So fast were the people dying off, when struck by William's coffin was brought to the house, but he cheated the undertaker."

He Wants the Municipality to First Make a General Rule—White Men Gamble, Chinese May Do Likewise.

Vancouver, B.C., Sept. 9.—When the Chinese Chamber of Commerce appealed on a technicality against the decision of the magistrate of Richmond, the temporary platforms which had been erected at either end of her to facilitate the work of breaking up were washed away and destroyed the other day by the huge waves made by the Lafrançais and the Empress in entering the harbor.

Bit, knowing that I am right and that right must prevail, I will submit at the proper time my full story to the court of last resort—the people of the world."

Expedition To South Pole.

Philadelphia, Sept. 9.—Now that the North Pole has been discovered, the explorers are asking what of the South Pole. There will probably be a rush for that region. Among those planning to go south are Dr. Henry E. Wetherill, surgeon

DAILY MEMORANDA.

Board of Education, 8 p.m.

Civic Fire Committee, 4 p.m. Friday.

Band Concert, Macdonald Park, 8 p.m.

Concert, Grand Opera House, 8.15 p.m.

Congregation "At Home," Queen St. Methodist Church, 8 p.m.

Tenders for Plumbing work at Dens & Son Tannery received up to noon, Friday.

Business Sale Real Estate and Furniture at 117 York street, 10 a.m., to-morrow.

Bison Theatre—"A Gipsy Horseshoe," or "Traced by a Kodak"; "Knights of the Road," or "The Tramp." The Railroad President and The Salvation Army.

Broke Airship Records.

London, Sept. 9.—Frederick Cody, the American aeromotist, who is in charge of aviation work of the British war office, broke all records for aeroplane speed, yesterday, by flying across country forty-seven miles in fifty minutes.

The flight was started at Aldershot. The time was caught by several watches. Cody has an aeroplane of his own construction a machine which he says balances itself automatically.

A Big Surprise.

Aways wait at McAlley's book store. Beautiful paintings are given to the first fifty leaving their names. Come early.

From 50c to \$2.50.

Worth twice as much.

"HE'S A LIAR"

Capt. Osborn So Labels Peary.

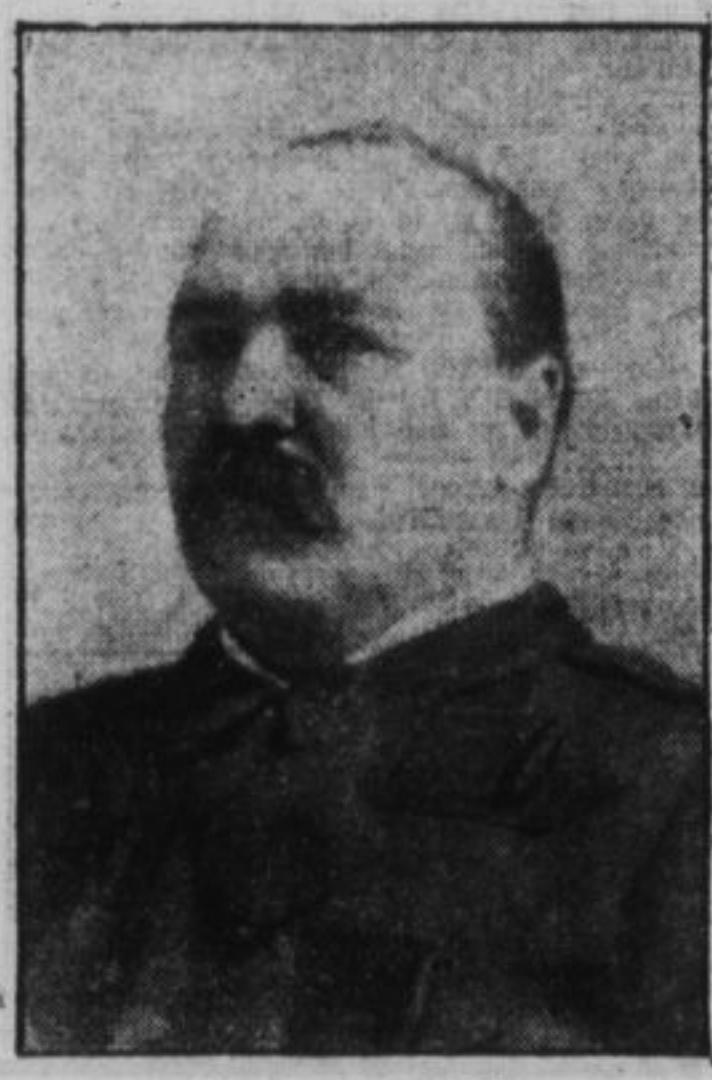

HE WILL TELL HIM SO

WHEN HE SETS FOOT IN NEW YORK.

For Declaring That Dr. Cook Was Never Out of Sight of Land—Says Cook Will Bury Peary When He Replies to Him.

New York, Sept. 9.—Lieut.-Gen. Henry C. Corbin, of the United States army, retired, died in Roosevelt hospital, in this city, yesterday, after an operation for a renal disorder. He entered the regular army May 11th, 1866, as a second lieutenant of the 17th Infantry, and was successively promoted until he reached the grade of lieutenant-general, April 1st, 1906, and retired September 15th of the same year. In recognition of "Gallantry shown in the Spanish-American War," congress, in June, 1900, conferred upon him the rank of major-general. For eight years he served as adjutant-general of the army.

Gen. Corbin was in the company of President Garfield when the President was assassinated, in 1881.

CAPT. BERNIER

The Canadian Government Explorer, who left for the North Pole on the ship Arctic on July 1, 1908, and who has not been heard from. It is thought he has found the Pole.

"I have been engaged to Mr. Kilgour for some time past and I have known Fisher but a few months. He was persistent in his suit and finally in a joking way, I told him to go ahead and get the license, but my friends and acquaintances well know that I was engaged to 'Tommy.' I suppose Fisher took me at my word and that is how the mixup occurred. But I am happy and that is all I have to say."

METHODISTS AND MORALS.

Church Will Take Hand in the Winnipeg Elections.

Montreal, Sept. 7.—The board of the Methodist churches of North Winnipeg, to-night, passed a resolution to the effect that the Methodists of this district will make segregation an issue in the coming municipal elections, and will appeal to electors to support no candidate who is not opposed to the segregation of immoral women.

It also passed a resolution that ignorance of relations of sexes is a menace to health and morals, and urged that qualified persons give lectures in the public schools on sexual relations from a medical and moral standpoint.

Montreal Is Rotten.

Montreal, Sept. 9.—"The city of

Montreal is sinking in the no-trust of its own people, and is becoming the laughing stock of the foreigner." That was the view taken by W. A. Kneeland, of the present condition of civic affairs, at the meeting held at the Engineers' hall, at Point St. Charles, last night. It was a gathering that was in favor of the creation of a board of control.

Purchased In The Flames.

Perth, Sept. 9.—A terrible catastrophe occurred at Hopetown, near here. John M. Gunn, a farmer, was in the fields when his house caught fire and was totally destroyed. His wife perished in the flames. It is supposed she was pasting and in some way or other the turpentine became ignited. The building was insured for \$450.

G.T.R. Board In Canada.

London, Sept. 9.—The appointment

of an advisory board in Canada of the G.T.R. is continually being discussed here, not perhaps with any antagonistic spirit to London directors. It is admitted that opinion appears to be moving in favor of this course.

ADRIET IN CANOE

MEN OF UNKNOWN ORIGIN

PICKED UP BY JUNK.

They Had Suffered Great Hardship, and Cannibalism Had Been Resorted to—Survivors in Hospital at Shanghai, and Their Recovery is Doubtful.

Fisheries Arbitration.

Vancouver, Sept. 9.—The agreement between the United Kingdom and the United States for the submission to arbitration of the questions connected with the fisheries of the North Atlantic coast has been issued.

Article 1 sets out the question which are to be submitted for decision, all of them arising out of the construction of the convention signed at London on October 20th, 1818.

The three subsequent articles relate to procedure. Article 5 provides that the tribune of arbitration shall be chosen from the general list of the permanent court of The Hague within three months.

A Maribank Accident.

Maribank, Sept. 9.—Henry Hartman lost four fingers of his right hand at the cement works on Tuesday night.

He was oiling a rotary pump and his hand was caught in the gearing. Dr. Burrows took the patient to the general hospital, Kingston, on Wednesday morning.

Stanley Reid, of Napanee, was the guest of E. D. Shangraw over Sunday. Master Otto Dehne left for Newburgh on Tuesday, to resume his studies at the high school. Mrs. Garrison, of Colebrook, visited her daughter, Mrs. Edward Shangraw, here last week.

A woman who is weak, nervous and sleepless, and who has cold hands and feet, cannot feed and get like a well person. Carter's Iron Pills equalize the circulation, remove nervousness, and give strength and rest.

Sell Bibby's nobby \$2 hats.
