SENT CAN OF CREAM MEETING OF VETERANS THE SPORT REVIEW TO THE PENITENTIARY FOR A LARGE TURN OUT AT THE YACHT CLUB WON'T HAVE SKIMMED MILK. ARMOURIES. RUGBY TEAM.

The Cream Didn't Reach the Prisoners—Kirk & Lee Discovered the Mistake, But Their Cream Was Nearly All Drunk.

There was quite a sensation at the penitentiary last Saturday, and it was caused by a ten-gallon can of cream being received at the kitchen instead of skimmed milk. It seems that the prisoners sometimes receive the luxury of skimmed milk for their porridge. On Saturday, a mistake was made at Kirk & Lee's, and a big can of cream was sent along with some skimmed milk. The cream was valued at \$14, and just imagine it on its way to the big prison for the convicts' porridge! However, it didn't reach the prisoners. Most of it disappeared, but just where no one can tell. Kirk & Lee's cream makes fine drinking anyway.

Of course the mistake was discovered by the Princess street firm, and the missing can of cream was traced to the penitentiary. The warden was notified, but was unable to return the forty quarts of cream, for it had nearly all disappeared. The penitentiary will be billed for the full value, for it is thought that even penal officers should know the difference between cream and skimmed milk.

COMING TO THE GRAND.
George Guy, Thirty-Six Years a Minstrel.

Speaking of Guy Brothers Minstrels, the Springfield, Mass., Daily News says: "Guy Bros. Minstrel will begin rehearsals for the coming season at the Grand. This will mark the 36th year that George Guy has applied himself to his face, a record that few of his contemporaries can equal, and nobody will believe to look at him that he has been in the business so long. Mr. Guy started in the business young however, so that he is not such a veteran in years as the above statement might indicate. He has witnessed many changes in the minstrel business, many of those who were stars of the semi-circle when he began have cracked their last joke and the curtain of life has fallen about them, enveloping them within its folds. Not a few have hearkened to the call of other branches of the business, and are now to be found in vaudeville or musical comedy. Guy, however, sticks to minstrelsy and he declared to-day that he would continue to do so long as he has the power to entertain."

"A Knight For A Day."

For the second time in this section of the country, theatregoers will have an opportunity to see and hear the sparkling musical comedy success which has been delighting the patrons of Whitney's opera house, Chicago, for so long a period of time, comes to the Grand on Tuesday, Sept. 28th. This piece is the joint work of Messrs. Smith and Hubbell, and has been declared by many critics to be the best musical comedy that has been produced in years. Its plot is collective and consistent, the story opening in a ladies' seminary at Exton, Ill., and the second act laid in the islands of Corsica. The music is tuneful and snappy and delightful in every particular. The song hit if the piece is because I Am Married. There is a solo duet, Life is a See-Saw, prettily enacted with real success, that is always greatly appreciated by the audience. Another song that strikes the popular fancy and calls forth much applause is Whistle as You Walk Out.

BOAT HOUSE SCHEME
Would Be Appreciated By the Boat Owners.

If the waterworks committee carries out its present scheme to erect boat houses, it will be greatly appreciated by the owners of motor boats, because it has been a very difficult matter for owners to secure a place to put their boats. This summer, and a year ago, there was a great scramble for places, and there was not nearly enough room to accommodate all comfortably. In a few cases, several had to go together, in some of the boat houses, and they were very much crowded.

The general opinion is that if the committee will erect boat houses, they will be greatly appreciated, in renting them out, at a reasonable price.

It is one of the best schemes that could be put forth for that property, one citizen was heard to remark yesterday, "I hope it is put through, as I really think it will be all right."

Officers Were Elected for the En-suing Year—Effort to Be Made to Secure Recognition From Government 'For Service' in 1885.

There was a large turnout at the meeting held in the armouries on Tuesday night, of the veterans of 1885. Over forty were present, and the association re-organized for the season, electing new officers, and the greatest enthusiasm was shown. The most important matter discussed was that of petitioning the government for recognition for the service rendered by the Kingston men, who responded to the call to duty. Other regiments have been recognized by the government, each member being given a land grant, and it is held that the Kingstons should also be remembered in a similar manner.

The matter was discussed by the members, and it was finally decided to appoint a sub-committee, and it will be the duty of this sub-committee to look up all the old records, and to secure all the necessary information, and to report at another general meeting, which will be held on Tuesday evening next. Afterward, the government will be petitioned for land grants. Sergt. Samuel McCullough occupied the chair, until the re-election of officers, which resulted as follows:—
Honorary president, C. W. D. Gordon; president, Major W. B. Skinner; 1st vice-president, Sergt. S. McCullough; 2nd vice-president, Sergt. J. S. Robinson; secretary-treasurer, W. H. Dyde.

Williams Will Play.

Contrary to expectations "Jack" Williams, Ottawa's star centre half-back, will be in his place for the first league match. This announcement was made by an officer of the Ottawa rugby football club. Williams will not be out to practice for a while yet, as he is not in a position to take chances with his bad knee, but he will be on hand in uniform as usual when the whistle blows.

Rode Down From Toronto.

"Beet" Robinson, one of Kingston's well-known bicycle riders, and holder of many medals, recently arrived from Toronto, on a fine new English wheel which he purchased in the Old Country. He made the ride down in fine time and did not feel any ill effects from his long grind.

Discipline Fifty Years Ago.

In its "Fifty years ago" notes, the Merrickville Star of the following: Friday, June 3, 1858.—The Methodist Conference has decided that Col. Playfair has under some degree of censure for being present at a Sunday feast given by Mr. Cartier. We find the affair thus mildly disposed of in one of our exchanges:—
"Col. Playfair, M.P.P. for South Lanark, who was charged with attending a dancing party on Sunday evening at Mr. Attorney-General Cartier's, has been arraigned for his offence before a court of the law. He was fined £100, and is an official member. According to a correspondent of the Globe, no evidence was brought against him. He acknowledged that he was at a dinner given by his friend the Hon. G. E. Cartier, on the Sabbath. Dancing commenced before he was aware of the matter, and he abruptly for fear of giving offence, he believed himself to be justified in what he did. The court, on this statement of these facts, did not believe that he would be justified in again granting himself the present time, license as a local preacher."

Who'll Collect Garbage Now?

The garbage collection experiment of two months has come to an end, and \$500 has been expended, many people say for naught. Now there are more complaints than ever. Before the experiment was inaugurated, garbage collectors were to be had. Now, the garbage is piling up in the backyards, and there is a howl from various quarters. The mayor is besieged by people who want to know what is being done to get about their garbage. The city council now has an elephant on its hands. "The council has just wasted \$500 of the people's money. It should have let well enough alone," said an uptown resident this morning.

Guelph Has Cause For Joy.

City Clerk Sands has received from the city clerk of Guelph a small dodger advertising Guelph as the most successful owner of public utilities. It owns its waterworks, which supplies water at an average of \$800 a year for a house holder; it owns its gas plant, which gives gas at \$1; it owns thirteen miles of steam railway, which it leases, and it owns its street railway. Its profits on the utilities are increasing so largely that another reduction will be made on the taxation, which is now 14 mills. Guelph is adding \$2,000 worth of improvements to its water system.

A Child's Birthday Party.

Mr. and Mrs. Corcoran, Bagot street, gave a pleasant party for their daughter, Marguerite, to celebrate her third birthday. She was the little hostess of many friends, and received many beautiful presents. The table was handsomely decorated with white asters, and in the centre sat the birthday cake lighted with candles. After tea, the little tot's friends parted, thanking Mr. and Mrs. Corcoran for their kind reception.

To Judge At Parham.

Dr. Nichol, V.S., will judge the horses at Parham fair this year. Dr. Nichol is considered one of the best judges of horses in this district, and the fair authorities were fortunate in securing his services as it is only rarely his practice will allow him to take a day off.

"Jack" Williams Likely to Play With Ottawa Again—Cape Vincent Motor Boat Club Notes and Comments on Sports.

It is unlikely that the Yacht club will put a team in the junior O.R.F.U. series after all, as some want the team to be composed of members only. There are hardly enough members to pick a last enough team from and as a result the K.V.C. will drop out of the running. It is hoped that some one else will take hold and put in a fast junior bunch.

Cape Vincent Motor Boat Club.

The newly organized Cape Vincent Motor Boat Club bids fair to become a very popular organization. With a present membership of forty and several applications to be acted upon the number is increasing. There are now thirty-five power boats in the club and several more to be added, so that it is likely to be a very lively aggregation. The officers are: Commodore, R. J. J. Newman; vice-commodore, James E. Stanley; captain, R. W. Wenborne; secretary, H. A. Ainsworth; treasurer, W. E. Dudge.

Death of Mrs. Redden—Lighting Plants Installed.

Odessa, Sept. 18.—At Toronto fair were: J. Dawson, G. Hamm and sons, S. Bond, J. H. Babcock, W. Wycott and wife, Mrs. Doctor Mabey, Mr. and Mrs. R. H. Peters, Mrs. Rose and son, H. Toomey and E. Clark are home from Montreal.

The Ernestown Agricultural Society have their new place completed and the building does credit to the village and the committee in charge. A track is being prepared and a record put in fine shape. Every thing tends to make the fair on Oct. 1st a grand breaker.

Spouting Notes.

New Westminster Lacrosse Club is after Pickering and Fitzgerald, of Toronto.

Digeon, the former Toronto pitcher, afterward with Boston and St. Louis, will be an umpire in the American League next season.

Jennette had the better of a six-round bout with Kubik at Philadelphia. McFarland and Bronson fought a twenty-round draw near New Orleans.

Tenny, the veteran first baseman of the New York Nationals, announces that he has played his last game in the major leagues, and left for his home near Boston. He has been injured several times this year, and is convinced that he is practically through with baseball.

WOLF ISLAND NEWS.

Typoid Fever is at Work—One Young Man Dies From It.

Wolf Island, Sept. 20.—Mrs. Kemp an aged lady who died at Alexandria Bay last week was one time a Wolfe Islander and highly esteemed. She was the mother of Mrs. George Friend, Mrs. J. K. ODESSA FAIR ON OCT. 1ST.

Death of Mrs. Redden—Lighting Plants Installed.

Odessa, Sept. 18.—At Toronto fair were: J. Dawson, G. Hamm and sons, S. Bond, J. H. Babcock, W. Wycott and wife, Mrs. Doctor Mabey, Mr. and Mrs. R. H. Peters, Mrs. Rose and son, H. Toomey and E. Clark are home from Montreal.

The Ernestown Agricultural Society have their new place completed and the building does credit to the village and the committee in charge. A track is being prepared and a record put in fine shape. Every thing tends to make the fair on Oct. 1st a grand breaker.

J. H. Babcock and B. A. Booth are repairing their dam. Mr. Anglin is putting in a cement dam. George Burnett and B. Toomey are putting in a pump at the former's mill to water the streets. All the stores and hotels have installed lighting plants. Mr. Monroe has purchased the grocery stock of E. Girdon. Bond's general store is selling out and W. Clark intends taking the store on 1st January. R. H. Peters is putting an addition to one of his houses. A number have painted and improved their places getting ready for the fair. The Ladies Aid society is putting a new roof on the stables; the parson's. Preparations are being made in M.E. church for Rally Day. The Sunday school membership is the largest ever enrolled.

The residents were saddened over the death of Mrs. Cora Redden, formerly Miss Davy. All of the family reached her bedside and were with her at the last. She leaves a husband and little daughter. Deceased was born within a mile of the village and lived here all her life. She was ill for some time. Visitors: Mrs. Peters, Edmonton, Alberta, at her father's, Mr. and Mrs. Millen, Toronto, Mrs. Bell and H. Davy and wife at H. Davy's, Mr. Allan, Hartman's little girl, Mrs. J. Graham and Mrs. Sidney Sproule. Mrs. P. A. Mabey has gone to Williamsport to visit her son, whose wife is in ill-health.
