GEORGE WASHINGTON'S QUEUE.

It Had a Luxuriant Suit of Straight and Very Dark Hair.
The Father of his Country concealed a luxuriant suit of hair beneath his queue wig. Many now wish the old fashion were in vogue to conceal thinning hair or baldness. Yet no one need have thin hair nor be bald if he uses the dandruff that causes both. Dandruff can not be cured by scouring the scalp, because it is a germ of disease, and the germ has to be killed. Newbro's Herpicide kills the dandruff germ—no other hair preparation will. Destroy the cause you remove the effect. There is no cure for dandruff but to kill the germ.

Sold by leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detroit, Mich. \$1 bottles guaranteed. G. W. Mahood, special agent.

"Jimmie" Was A Wise One.
Jimmie giggled when the Victoria school teacher read the story of the Roman who swam across the Tiber three times before breakfast. "You do not doubt a trained swimmer could do that, do you, James?" "No, ma'am," answered Jimmie, "but I wonder why he didn't make it four and get back to the side his clothes were on."

Sprained Wrist and Ankle
After Being Laid Up With Great Pain For Ten Days, Relief Was Gained Instantly by Applying

NERVILINE
One of the most soul-distressing accidents that can befall one is a bad ankle or wrist sprain. "If I had only known of Nerviline earlier, I could have saved myself an enormous amount of pain, and most agonizing amount of sleeplessness." Thus writes P. P. Quinn, a young farmer living near Brockville. "I tumbled from a hay loft to the barn floor and sprained my right ankle and left wrist. They swelled rapidly and caused excruciating pains. It was not convenient to go to the city, and the moment I got home was useless. When I got Nerviline relief came quickly. It took down the swelling, relieved the pain, and gave me wonderful comfort. I can recommend Nerviline for strains, bruises, swellings, muscular pains and sore back. I have proved it a sure cure in such cases. Think what it might some day mean to you to have right in your home, ready for an accident or emergency, a bottle or two of Nerviline. Get it to-day, 25c. or five for \$1, all dealers.

Soap That is Best for the Baby's Bath

Baby's skin is very sensitive to soap; some soaps soothe and nourish, while others inflame and irritate. It is of the utmost importance that you know what soap to use, and to do this you must know what is in the soap.

How to Bathe the Baby
Rinse the body with clear, warm water and then rub in a rich lather of *Infants' Delight*. Then rinse off the lather with a cloth dipped in lukewarm water and wrung out over the skin. Pat the baby's skin dry with a cloth but never rub with a towel for it coarsens the texture of the skin.

So let us explain how we make *Infants' Delight*. We first go for pure vegetable oil to France. There we pay often double what we might pay. But the oil we get is pure enough to use on your table.

Then we go more than 12,000 miles to the Isle of Ceylon for pure cocoanut oil. Both oils are carefully tested by chemists and doubly boiled.

Next they go through our own special milling process and fall like flakes of snow into enormous bins. Then they are crushed under a weight of 30 tons to press out the moisture.

Finally they pass through granite rollers and come out in miles of silky ribbons. Then they are dried eight times and stamped into oval cakes that just fit the hand.

Isn't it worth while to have soap like this for your baby? Why risk using common soaps when this excellent kind costs no more than others?

This lovely soap leaves the baby's delicate skin as soft as velvet and as smooth as silk. Even the baby knows the difference in this delightful soap—so we call it *Infants' Delight*.

Baby will like the perfume too. It is so dainty and fragrant—only the exquisite scent of the rose. If this soap is pure enough for the baby's skin it surely is best for your own. Try one cake—you owe it to baby and yourself.

IF SICK--WHY PAY

Unless Health First Returns.
Here is what should and can be done:
Now you would not willingly pay for food that was worthless—would you?
Then why pay for medicine until that medicine first proves to be actual worth?

Positively knowing what Dr. Shoop's Restorative can do for the sick, I say to all "don't pay unless health first returns." And I back my Restorative with a signed and sealed 30 day "No Help, No Pay" contract.

I positively pledge to the sick everywhere that "Dr. Shoop's Restorative is absolutely free if it fails." Let others do the same—or else pass their prescriptions by.

If you need more strength, more vitality more vigor or more vim, use my Restorative a few days and note the immediate improvement. When the stomach, heart, or kidneys go wrong, then test Dr. Shoop's Restorative. It does not do the stomach, heart, or kidneys, or kidneys, for that is wrong. Years ago I cast away that mistaken idea in medicine. The books below will tell you how I am succeeding.

These books also tell of a tiny hidden "inside nerve," no larger than a silken thread. They tell how that nerve, until it falls, actually gives to the heart its power, its tone, its never-ending action or impulse.

This book will open up new and helpful ideas to those who are not well. They tell how the stomach, and kidneys each have their "inside" or power nerve. They tell how the Restorative was especially made to reach and revitalize those weak or falling inside nerves. All of these facts tell why I am able to say, "It is free if it fails!"

Write me today for the order. I have appointed honest and responsible druggists in nearly every community to issue my medicine to the sick.

But write me first for the order. All druggists sell Dr. Shoop's Restorative, but all are not authorized to give the 30 day test. Do drop me a line please—and thus save disappointment and delays. Tell me also which book you need.

A postal will do. Besides, you are free to consult me as you would your home physician. My advice and the book below are yours—and without cost.

Perhaps a word or two from me will clear up some serious ailment. I have helped thousands upon thousands by my private prescriptions or personal advice plan. My best effort is surely yours, your simple return. So write now while I am here. I feel almost, for tomorrow I leave home. Dr. Shoop, Box 12, Hastings, Wis.
