Perfect Underwear-Fit Means Perfect Gown-Fit

ANY woman knows that no gown can possibly look well if fitted over ill-fitting underwear. Watson's Underwear overcomes this weakness most common in most other underwear. The graceful, snug and perfect fit of Watson's is knitted into the Underwear in the making, instead of being stretched in afterwards. This wonderful glove-fit is permanent, regardless of washings.

Watson's UNDERWEAR

is skillfully made of the finest materials, in a sanitary factory, by clean people. The lovely softness and smoothness of Watson's affords Underwear-Comfort you never even dreamed of. And the wearing qualities of Watson's is worth about two suits of ordinary underwear, yet Watson's costs you no more. Ask to see some of the many different Watson styles.

Another Contest

EVERYBODY STAHTS IN THIS ONE WHICH IS CORRECT. DO WE COOK BY GAS OR DO WE COOK WITH GAS? In the City of St. Louis a general discussion upon the above two sentences has been stirred up and its interest has become widespread, in fact some of the investigators have put it up to the learned heads to solve the problem. It would seem to be an easy matter to settle which expression is correct. Grammatically speaking we are not going to put ourselves on record, but we will say this, that here, that, the one who is cooking either "WITH" or "BY" gas are well up in the running, while those who failed to get the pipes installed in their homes this summer in better time their application at the close of the work, before it is too late to enjoy the benefit derived by the above named sentences.
