## HELD A FINE BANQUET

AFFAIR BY YOUNG MEN OF ST. JAMES' CHURCH.

Rev. Dr. Tucker Made a Strong Appeal on Behalf of Missionary Effort, in An Eloquent Address—Gathering Was Held in the School Room.

One of the strongest appeals ever made on behalf of the missionary effort, was that delivered on Thursday evening, at the complimentary banquet tendered by the young men of St. James' church, to the members of the congregation, by Dr. L. Norman Tucker, M.A., D.C.L., general secretary of the missionary society, of the church of England, in Canada. Dr. Tucker has been heard on several occasions, in Kingston, and always makes a great impression. He is a fine speaker, has the missionary work at his fingers end, and it is no trouble whatever for him to hold the attention of his audience. His remarks of Thursday night ought surely, to bring a great revival of missionary work at St. James' church.

A word as to the banquet. It was the first ever given by the young men, and it was a great success. A fine spread was provided and the best of service was rendered by the young ladies of the congregation, who kindly assisted the young men in the undertaking. The tables were nicely arranged, and the menu was most tempting. The young ladies of the St. James church can always be depended upon for an affair of this kind. They are a most willing lot of workers, and they are deserving of all the thanks that can be given for their part in making the banquet such a great success.

During the evening there was a short musical programme, consisting of solos by J. R. Forester, and selections by the male quartet, composed of Messrs.

## LOCOS ARE CHAMPIONS

DEFEATED THE VICTORIAS BY FOUR TO ONE.

An Immense Crowd Witnessed the Game at the Cricket Field—Victorias Did Not Score Till the Last Innings—The Play Was Close.

At the cricket field on Thursday afternoon, before 2,000 people, the baseball team of the Canadian Locomotive company defeated the Victorias, by 4 runs to 1, and will keep the handsome Baker trophy of the City Baseball League for another year. The game was one of the finest exhibitions ever played at the city, and every spectator went away satisfied, even the strongest supporters of the defeated team. The winners did all their scoring in the two innings, getting three runs in the second and one in the eighth. At other times it was very close ball. The Victorias got their only run in the ninth innings, when Gillespie scored on Crawford's hit. Locos first three runs were scored on a wild pitch and two errors.

At most stages of the game it was a pitcher's battle, both men doing effective work on the mound. The fields of both teams worked well, very few errors being chalked up against them. In this respect the Locos pitched the best.

The Locos won the toss and took the field in the first half of the first

Notes of the Game.  
George Sullivan, the ex-Eastern league pitcher, made a satisfactory umpire at all times. No one was any decision questioned and it was certainly a relief and pleasure to the spectators to see a game handled as Sullivan handled this one.

Vernon Crawford landed out the hit in the ninth innings that scored the run. Hats off to "Buck" who always makes a garrison finish in any game he plays.

"The best game of baseball ever played in any league in Kingston," said one of the old fans, and he should know.

Captain Harold Nicholson, of the Victorias, is one of the best base runners in the league, and has stolen bases to his credit this season on any other player.

McMahon had an unfortunate tumble in the ninth innings, while running after Vanhorn's fly.

Teddy Saunders deserves great credit for the way he has handled the C.L.C. team this season. This snappy little player always has his head in the right place and rarely makes a mistake.

The ladies were greatly interested in the game and asserted their right to stand in front of the male fans and hid the view with their large hats and lovely forms. The fans were very angry, and discoursed on politeness.

A Safe Rheumatic Cure.  
In the effort to find something that would cure rheumatic affections, harsh and harmful remedies have often been used. This is totally unnecessary, as has been proved by results from Dr. Hall's Rheumatic Cure, which is a safe and harmless remedy. It cures because it does precisely what is required to cure in the most natural way. It assists the kidneys and liver to perform their functions properly. It neutralizes the poisonous elements in the blood and expels them from the system. Years ago there was a man who made the world famous "Rheumatic Cure" in a great bottle purifier and spring tonic. In bottles, 50c., at J. B. McLeod's Drug Store, corner King and Brock streets (Wade's old stand), and corner Princess and Montreal streets.

Col. Crowe Guest of Honor.  
Lieut.-Col. Crowe, the new commandant of the Royal Military College, was guest of honor at the House Artillery officers' mess dinner in Tete de Pont barracks, Thursday evening.

The other guests were Capt. de Bury, Prof. Lanos, Prof. Martin, W. Hart, Jr., and J. B. Caruthers. The artillery band played several selections on the barracks square. Col. Crowe won favor with the officers, and gives promise of being decidedly popular at the Military College. He is a military man of note and a man of culture as well, but has the happy combination of a fine and easy manner. Col. Crowe is the first Roman Catholic to command at the Royal Military College.

Don't catch cold, don't catch or incur any disease. You can't if your blood is right. Life and the vital elements that fight disease and weakness are in the blood. Strength and effective resisting power can be had by use of Wade's Iron Tonic Pills (laxative).

They are a great nerve strengthener and blood maker. In boxes, 25c., at J. B. McLeod's drug store, corner King and Brock streets (Wade's old stand), and corner Princess and Montreal streets. Money back if not satisfactory.

W.C.T.U. Meeting.  
The W.C.T.U., at its meeting, on Thursday afternoon, appointed Mrs. (Rev.) Craig and Mrs. T. X. Rogers as delegates to the convention in Belleville, October 19th to 23rd. The mothers' fortnightly meeting will be resumed next Thursday in the Y.W.C.A. building.

WILLIE DUNLAY.

With Geo. M. Cohan's "Honeycombers," as The Grand, on Tuesday, Oct. 12th.

W. Thompson, Allan and Frederick Hoffner, and Frederick Wilson. The programme was a most delightful one. The quartette rendered "The Boys of The Old Brigade," in excellent voice.

Rev. F. W. Sivar, a well-known man of the evening, and also at the guests table, were Francis King, Dr. R. V. Rogers, W. J. C. Allen, G. E. Hague, and E. Partridge, president of the Boys' Club.

Before introducing Dr. Tucker, Rev. Mr. Sivar made a short address, in which he urged that more interest be taken in church work, by the men of the congregation.

Dr. Tucker in his opening remarks, regretted the absence of Rev. Archdeacon Macmorris, who was unable to attend on account of illness. He also paid a warm tribute to the work of Mr. Sivar.

Life, he said, was the most precious thing given men, and he hoped that, all present realized this, and were eager to make some good out of their life.

An effort should be made to make the world better, and along this line, the missionary cause was the greatest. But every good thing must be in a firm foundation. And what should the missionary cause rest on? It should rest on the deepest principles of holy religion. There was no God, no command, "Go Ye Into all the World and Preach the Gospel." Fatherhood of God, was one of the foundations. The church was placed on earth, so that it might be the light of the world. We could not get into a Pullman car, and ride to Heaven. Jesus died, to save His fellowmen, and we should do something to help them.

Missionary work was a good thing, and men could not do better than to
