THE SPORT REVIEW.

Interesting News From the Various Sporting Fields.

Jeffries will sail from England for New York to-day. Pittsburgh Pirates have used eleven pitchers this season. Jennings wants more money if he is to manage the Detroit Tigers next year.

It is said that Hugh McIntosh is prepared to offer \$80,000 for the Jeffries-Johnson fight.

Turner, formerly of Queens, will play outside wing with Hamilton Tigers against Ottawas this afternoon. The Hamilton Spectator thinks that Varsity ought to win the Intercollegiate series. "Think again, old man!" "Nick" Bawlf has not been playing up to expectations this season, so he will not be on the Ottawa's line-up to-day.

Calgary hockey players, who were disappointed last winter through playing against the Edmonton team, seek re-instatement. Detroit players say that Ty Cobb is a mass of bruises from the opening of the season to the close as the result of daring base running.

It is said that the desire to beat the Rough Riders in Ottawa is what brought "Ben" Simpson out with the Hamilton team again this year. Ottawa are out to win to-day from Hamilton and have got "Doc" Heriff, the big scrapper, out again. Martin Kilt will play Snelling at quarter.

In 1907 the Chicago Cubs and the Detroit Tigers, in five baseball games, drew \$101,728.50, and in 1908, between the same teams, in five games, the receipts were \$94,975.

David Tope, last year's renowned full-back of the Hamilton Tigers, was presented with a cabinet of silver by the members of that club Friday afternoon. Davis is to be married on Wednesday next.

Dean Frank Adams, of McGill, has announced that the rugby players who are away on Friday and Saturday evening games, will not be marked about as long as they make up the work at other times.

The other games for the world's championship are: Saturday, Oct. 9th, at Pittsburgh; Monday, Oct. 11th, at Detroit; Tuesday, Oct. 12th, at Detroit; Wednesday, Oct. 13th, at Pittsburgh; Thursday, Oct. 14th, at Detroit.

Ottawa Free Press: Welly Young, formerly one of the best backs in the rugby game, and generally considered the trickiest player that ever laced on a hockey boot, was brought to the city, Thursday, from Cobalt, suffering from typhoid fever.

The latest rumor from Cleveland is that Napoleon Lajoie, the recent manager of the Cleveland team, has played his last game of ball for the fans in that city as a member of the Cleveland team. The statement now believed is that he will secure his release this fall and will sign with some other team, preferably Detroit.

A writer in the New York Sun says it is the general opinion that the Pirates will not have a sweep of four victories in five games, which Chicago enjoyed a year ago. In fact many students of diamond form predict that it will require seven games to decide the ownership of the title, with Pittsburgh taking the odd ball. It is by no means a 2 to 1 shot that Pittsburgh wins the series, however.

Declaring that he did not consider his work in the world's baseball championship series even to be compared with that of Hans Wagner, "Ty" Cobb, Detroit's champion batsman, paid the highest tribute to his rival in batting and fielding honors. "I have never seen Wagner work," declared the Georgian, "but he must be a great player. Nobody could ever expect to excel Hans, and you must not compare my work with his. He is undoubtedly the greatest ball player."

The Coquette of Games.

In Strand Magazine Conan Doyle names golf as one of his favorite games. "A game which takes four miles of country for the playing," says he, "must always have a wistful quality to the quality of a game when a man can be both enthusiastic and indifferent. It is a proof at least that a man plays for the game's sake and not for personal kudos. Golf is the coquette of games. It always lures one on and always evades one. Ten years ago I thought I had nearly got it. I think so to-day. And ten years hence I may still have the same delusion. But my scoring cards will show. I fear that the coquette has not yet been caught. The middle-aged lover cannot hope to win her smile."

The Original.

Everybody's. A lady employing a colored man asked him his name. "Mah name is Poe, ma'am." "Poe? Perhaps some of your family worked for Edgar Allan Poe?" "The daddy yes, opened wide, with great surprise. "Why," he gasped, pointing a dusky forefinger to himself, "why Ah am Edgar Allan Poe!"

National Baseball Finish.

Table with columns: Team, W., L., P.C., P.P.C. Rows include Pittsburgh, Chicago, New York, Cincinnati, Philadelphia, Brooklyn, St. Louis, Boston.

Their gentle action and good effect on the system really make them a perfect little pill. They please those who use them. Carter's Little Liver Pills may well be termed "perfection."

J. Garfield Gillespie, late of Picton, has been made manager of the Canadian Bank of Commerce at Red Deer, Alta.

"Buy Fruitives," 25c and 50c, at Gibson's Red Cross Drug Store. Fresh there. James Fraick and daughter, Kate, of Picton, will leave shortly to make their home in Toronto. See Roney & Co. about your new overcoat. Dry cleaning. My Valet.

the food-drink

The tasty and delicious OXO, so rapidly nourishing, so stimulating and invigorating, is made only from the choicest beef the world can produce. This is the secret of its exquisite flavour and its great difference from all other forms of fluid beef. The goodness of OXO is the goodness of prime beef.

The OXO Cattle Farms are far and away the finest British cattle farms anywhere in the world. They cover an acreage equal to a belt of land over a mile wide stretching from Halifax to Vancouver.

These farms carry over a quarter of a million of the finest cattle, which live in the sunshine and fresh air every minute of their lives. No wonder the dreaded tuberculosis, the ban of cattle life in other countries, is practically unknown on the OXO farms. OXO cattle are as healthy as perpetual sunshine and fresh air can make them.

OXO has a wonderful effect on the vital energies. Without putting any strain on the digestion OXO gives real nourishment to the system, repairing bodily waste and stimulating the mental faculties.

OXO is good for everybody. Children love OXO. It makes them healthy and strong. For delicate children and invalids there is nothing so rapidly nourishing as OXO and hot milk. As a "night-cap" there is nothing to equal OXO. Take it just at bedtime.

In the kitchen OXO saves more than its cost every day. It is so handy for strengthening soups, making sauces, and turning "left-overs" into tempting and delicious dishes.

Canadian Offices: 21-27 Lombard St., Toronto. 41 Common St., Montreal.

OXO is sold by grocers, druggists and general stores.
