**CARPETS**  
We are perfectly justified saying that Kingston was never so well supplied with House Furnishings as it is at the present time. Furniture for every room in the house in artistic designs, at a moderate cost.

In selecting our Carpets for this fall we have been very careful to secure up-to-date designs and colorings. Our Brussels and Wiltons have been most successful. A great deal of the success is due to the quality of the goods. Our new Drapery Department is making new friends every day. The Point Venice-Bruscel, Duchess, Battenberg and Swiss Curtains are here in abundance together with Silks, Verdures, French Tapestry, Monks Cloth, Velour and Serges, for Portiers and over Curtains.

**DEFEAT FOR QUEEN'S BOTH TEAMS RECEIVE A TROUNCING.**

The Defeat of the Senior Team in Ottawa Was Quite a Surprise—The Score Was 11 to 6—Williams Did Not Play.

Ottawa College defeated Queen's I rugby team in Ottawa on Saturday by a score of 11 to 6, but to account for Ottawa's victory is somewhat a problem, for in no department of the game did the Ottawas outshine, or perhaps even equal their opponents, but it may be said that it was a poor exhibition of football. On both sides there was some rather ragged playing for which perhaps the inclement weather was largely responsible. Queen's had the better of the play all round, but were given some very raw deals from the Ottawa line-men. In one instance Smith got away for a touch in the second quarter, but after it was seen he was away the line-man called the ball on the ground. Queen's played a passing game in the earlier periods, but found that owing to weather conditions punting was more effective and it was here that Williams' services were greatly missed. Three hundred loyal, enthusiastic supporters accompanied the team and it is needless to say they were much disappointed with the result.

Queen's kicked off, but soon found themselves decidedly on the defensive, but gradually found the ball down the field. Campbell and Leckie making twenty and twenty-five yard runs respectively. Leckie kicked over the line and Muzant was forced to rouge. Score, Queen's, 2; Ottawa, 0.

The balance of the first quarter found the ball pretty much in Ottawa's territory, although a fifteen-yard run by H. Chartrand relieved things materially, and the period ended without further score. H. Chartrand on the Ottawa half-back line put up a splendid game in this period, catching punting and punting perfectly. "Paddy" Moran received slight injuries in making a flying tackle. Leckie handled the ball well with the line giving him splendid protection.

Second quarter—The play reopened with Queen's again forcing matters, but a heavy shower demoralized scientific play. Dickson was knocked out, but soon recovered and brought the ball down to Ottawa's line. A high punt was beautifully followed up by Smith, who pulled down Chartrand for another rouge. Score, Queen's, 3; Ottawa, 0.

Queen's were now working well and Elliott, on one of Leckie's long punts, followed up and accidentally brought Conway, the Ottawa full-back, into a nasty collision with the goal post, making the score, Queen's, 4; Ottawa, 0. Conway was forced to retire from the game.

Another heavy shower of rain made passing impossible and many of the punts made were fearfully fumbled, the half closed without further score, although it was in this period that Smith got away for his touch, but was called back as the Ottawa line-man chimed Dickson was outside on the previous kick. The line-man was dismissed and his successor soon met with a similar fate, when he robbed Queen's of ten yards on an outside ball.

The third quarter saw Queen's go to pieces. The ball was heavy and hard to handle. Chartrand was punting powerfully, with Queen's miffing badly. The scrimmage seemed to fade away. Dickson and one of the Ottawa men were each given five minutes for a fisty encounter. Ottawa broke through the scrimmage, dodged the half-backs, and then had a clear run for a touch, which was converted. Score, Ottawa, 6; Queen's, 4.

After a series of punts, Campbell was forced to rouge Ottawa, 8; Queen's, 4. The fourth period found the ball in Queen's territory, for the greater part of the period, Chartrand made a clean drop kick, making the score, Ottawa, 11; Queen's, 4. Campbell was injured at four minutes to time and Williams replaced him. A few of his long punts sent the ball over the Ottawa line and Moran brought his man down for a rouge. Ottawa, 11; Queen's, 6. The game ended without further score. The teams were:

Queen's—C. Campbell, full-back; H. Dickson, N. Leckie, P. Moran, halves; C. Moxley, quarter; J. Clark, K. O'Leary, T. Kinsella, scrumming; O. Gallagher, McLeish, McKay, E. Elliott, H. Smith, wings.

Ottawa—P. Conway, full-back; M. Chartrand, H. Chartrand, Courtney, halves; Muzante, quarter; Fleming, Loftus, Dubois, scrumming; Sullivan, White, Conity, Smith, Belanger, Gilligan, wings.

Officials—H. Palford, referee; W. Foran, umpire.

**SNEAK THIEF AT WORK**

STOLE CLOTHING FROM PRINCESS ST. STORE.

Purloined Suit of Clothes and Pair of Trousers in Front of Isaac Zacks' Store—Theft Occurred Saturday Afternoon, When Merchants Were Very Busy.

A sneak thief was at work in the city on Saturday afternoon and as a result Isaac Zacks, clothing, Princess-street, suffered a loss. Mr. Zacks keeps clothing out in front of his store, and late in the afternoon someone passing purloined a suit of clothes and an extra pair of trousers, and made off, and the guilty party has not yet been located. The police were notified and worked on the case but no person appears to have been anyone rummaging away with the clothing. Saturday is always a very busy day with all the storekeepers in this district and on this account the thief had great scope for his work. It was at first thought that the clothing might have been taken by someone by way of a joke but as time passed Mr. Zacks found that it was no joke as no trace of the goods could be found. After the theft Mr. Zacks removed all his goods inside to prevent the thief from making another haul. He should be happy to drop back that way again. Goods left out in front of a store always tends to tempt people inclined to steal and there are many who would steal goods from in front of a store, but who would not touch anything in the inside. There is considerable small time theft going on all the time in the city and it is a very difficult task to stamp it out.

The last case of this kind occurred at the store of George Mills & Co. when two little girls stole an umbrella from a stand in front of the store. They were caught in the act by Mr. Mills, jr., who happened to be looking out at the time and the children did not see him. The girls were so scared that the case was not taken to court.

**Progress Of A Western Settler.**  
The Grand Trunk Pacific advertising department, in collecting data, have come across some interesting experiences of settlers in Western Canada as instanced:

A young Englishman landed in Rapid City some six years ago, and secured a position with a farmer at \$100 a year and his board. After working for some months he secured a position with another farmer at \$25 per month and board. Having ambition, after the first year in Canada he rented a farm, and in the first year of its occupancy he had 100 acres under crop, the second year he had 160 acres, and this year 180 acres. His crop will amount to about 2,000 bushels of wheat and 2,000 bushels of oats. In addition to the shack he erected on the property, he has a number of cattle and horses, and the necessary implements to work his farm and has made sufficient money to purchase the farm.

The young man is not over twenty-one years of age, and it goes to show a young man with ambition and progressive ideas can make a competent man in a very few years in the "Last Great West."

**Expels The Poisons.**  
People who suffer from Sciatica, Neuralgia and other ailments of a rheumatic nature say that if their muscles were being pulled to pieces with red hot pinchers the suffering could be no greater. The nerves affected are in a state of acute inflammation, due to the presence of irritant poisons in the blood. Dr. Hall's Rheumatic Cure relieves these affections promptly, and cures them permanently, because it neutralizes and expels the poison from the system. It is a certain cure and relief is usually given by the first few doses. Dr. Hall's Rheumatic Cure is a great blood purifier and spring tonic. In bottles, 50c., at J. B. McLeod's Drug Store, corner King and Brock streets (Wade's old stand), and corner Princess and Montreal streets.

**Inspector To Investigate.**  
Penitentiary Inspector Dawson is expected here in a day or two. He will investigate the case of Henry Bremner, the Toronto convict, who attempted to commit suicide last week. Bremner will likely be placed on trial at the next court of general sessions for his act.

They are called "Catpaw" rubber heels, because they don't slip; the canvas plug prevents sliding. They are a great comfort and offer a sense of security to the step not found with any other rubber heel. Take none but "Catpaw." All dealers.

**Association Football.**  
One of the finest soccer games that has been seen here, was played at the cricket field on Saturday afternoon. The contestants were the C.L.C.'s and R.C.H.A., the latter winning by the odd goal in three, the score being 2 to 1, in favor of the soldiers. The game was closely contested all the way through, and except for the superiority in weight on the part of the R.C.H.A., there was little difference in the two teams. A Jenkins made a satisfactory referee.

**Collegiate Teams Tied.**  
The Collegiate team played a tie game in Ottawa, on Saturday, with the Ottawa Collegiate team. At full time the score stood five goals each, and no extra time was played. For the past two years the league has won out, but this year the best they could do was play a tie game. The locals lined up as follows: Williams, full-back; McNeil, Goodearle, LaTush, halves; McGowan, quarter; Blackleg, Ellis, Foley, scrumming; McCannion, Hazlett, inside wings; Millan, Stewart, middle wings; Grimshaw, Reid, outside wings.

A return game will be played here on November 13th, when Ottawa College comes to Kingston to meet Queen's.

AT THE GRAND.  
Bernard Daly Will Be Attraction To-Night.

Barney Daly, the successor to Joseph Murphy's well worn shoes as Dan O'Hara in the Kerry Goy, will tour the country this season (going as far as the Pacific coast) in his new play, "Sweet Innisfallen," which he will present at the Grand to-night.

The play, it is said, is one of the most picturesque in scenic effects travelling this season. It gives Mr. Daly a splendid opportunity to display his versatility as an actor, and full advantage is taken of it. He has written a number of new songs for his new play.

**"The Burgomaster."**  
The Toronto Globe, in commenting on a recent performance of "The Burgomaster," has the following to say: "The Burgomaster" does not pretend to have any deep laid plans, or the programme confesses, to be free from anachronism, but it does provide three hours of pretty scenes, sparkling music, and lots of fun combined. The piece was welcomed by a crowded house at the Grand last night, and its reception only forecast the success which will doubtless attend it during the week. In the title role it need only be said that Harry Heinsen was all that his admirers expected him to be, and Miss Phemie McHenry, who was again seen in her original part, "Willis," achieved the success of the evening. As Doodle Vorr Kull, the Burgomaster's secretary, Leo Kendall exhibited a quaint drollery which was irresistible, while Miss Marian Mack's burlesque on the lady Theosophist evoked years of laughter. The charming voice of Miss Marie Grandpre was heard to advantage in the songs which fell to her as Catharine, while the remaining roles were all adequately filled. "The Burgomaster" is excellently staged and the piece went with a swing from start to finish. It will be presented at the Grand in Kingston on Tuesday, Oct. 19th.

**Mme. Blanche Marchesi.**  
The world's greatest interpreter of song, as the musical authorities of Europe delight to call Mme. Blanche Marchesi, is making her second tour of the principal American cities. She will again be heard in the principal cities of Canada before appearing in New York. She comes to the Grand on Wednesday, Oct. 20th. Accompanying her as solo pianist and accompanist will be Brahm Van der Berg, who was so well received in this country last season.

**STREET RAILWAY POWER.**  
Length of Agreement to Be Discussed.  
The light, heat and power committee will meet to-morrow and probably have a conference with representatives of the street railway company regarding the new power agreement. The company does not want a straight three-year agreement, but prefers one for five years with the option to the company of cancelling it at any time. The reason the committee recommended a three-year agreement was because it might be necessary to renew portions of the plant three years hence and the cost of power might be increased. Three years was thought to be a reasonably long enough period. On the other hand the street railway company feels that if it adds improvements to the line, and if it becomes necessary for it to relay its rails by the paving of Princess-street and other streets along which its line passes, the city should give it power at 1.20 cents a kilo-watt hour for a period of not less than five years. This is the chief question. Elliott's committee has to discuss with the company's representatives, who, through their solicitor, J. L. Whiting, K.C., requested a conference on the matter.

**Freedom From Disease.**  
If you are run down start running up towards sound health. Debility means a loss of a portion of life itself. Vitality means new life, new energy, freedom from disease and the power to accomplish things. Wade's Tonic Pills (laxative), build health by supplying the system with rich vital blood.
