Carpets, Curtains Furniture,

CARPETS

We are perfectly justified saying that Kingston was never so well supplied with House Furnishings as it is at the present time. Furniture for every room in the house in artistic designs, at a moderate cost.

In selecting our Carpets for this fall we have been very careful to secure up-to-date designs and colorings. Our Brussels and Wiltons have been most successful. A great deal of the success is due to the quality of the goods.

Our new Drapery Department is making new friends every day. Fine Point Venice-Brussels, Duchesse, Battenberg and Swiss Curtains are here in abundance together with Silks, Velvets, French Tapestry, Manks Cloth, Velour and Serges, for Portiers and over Curtains.

NEW STREET LIGHTS

THE LOCATIONS TO BE RECOMMENDED.

To the City Council—Five Lights Are All the Plant Can Give This Year—New Fire Alarm Boxes.

The fire and light committee met, yesterday afternoon, and decided upon the location of five new street lights to be erected. Five lights are all the light plant can arrange for this year. In attendance at the meeting were Ald. Craig (acting chairman), Nickle, Robertson, Angrove and Chown.

Last spring the city engineer and the manager of the light plant made a careful tour of the city and made a report on the lights that were needed. They reported that to properly light the city fifty more lamps were required, or one-third more than there is at present. These fifty were divided into five divisions, of ten each, in proportion to the darkness of localities.

As there are only five lights available, the city engineer, supported by Ald. Rigby, chairman of the committee, who was absent, recommended that the first five of the first division be chosen. This, however, did not meet with the views of other of the aldermen, as Alds. Nickle and Robertson held that possibly the darkest section of the city was in the vicinity of Carlisle and York streets. In this contention they were supported by Fire Chief Armstrong, who said that at a recent night fire he could hardly see the lights of the fire wagons as they revolved up York street.

There was also a discussion as to placing a light at the corner of King and Union streets, a very dark corner which the cars pass. Ald. Craig held that a light was needed there, while the other members of the committee thought that the light at the corner of Wellington and Union streets or that at the corner of King and Emily streets, might be moved there. City Engineer Craig strongly advised against shifting any of the present lights. Finally the committee decided to recommend to council, that the five new lights be placed as follows:

1. At the intersection of York and Carlisle streets, below Union street.

2. Corner Carlisle and York streets.

3. Corner of Division and Johnston streets.

4. Corner O'Kill and King streets.

5. Corner King and West streets.

This cuts out the corner of Princess and Macdonnell streets, and the corner of Union and Frontenac streets, as recommended by the city engineer.

The former is in Mayor Cooper's Rideau ward locality, and his worship will likely be heard from next Tuesday evening, when the council meets, and he wishes to ask the committee to explain why it ignored the king's highway leading from the York Road into the city.

A report was received from Fire Chief Armstrong stating that the Davis laundry company was purchasing, at its own expense, five alarm boxes, which would be connected by the department. Box 19 will be placed at the Locomotive Works and Box 15 removed to the corner of Princess and Savelham streets.

The Wise Mother.

Nowadays wise mothers do not dose their children with nauseous, griping castor-oil or purgatives, nor do they give them poisonous opiates in the form of soothing medicines. Baby's Own Tablets take the place of these harsh and dangerous drugs, and the mother has the guarantee of a government analyst that the Tablets are absolutely safe, and will cure all stomach and bowel troubles, destroy worms, break up colic and make teething easy. Mrs. Thomas Craft, Pancauth, Man., says: "I have used Baby's Own Tablets for constipation and teething troubles, and do not know of any other medicine that can equal them. They are always satisfactory in their results." Sold by medicine dealers or by mail at 25c. a box from the Dr. Williams' Medicine Co., Brockville, Ont.

Business Changes Hands.

J. R. B. Gage has purchased the grocery business of M. Corkey, corner Montreal and John streets. He will be open for business November 1st. Mr. Gage is well-known in the city, having served his apprenticeship with the late T. H. Johns, and is at present with H. D. Bibby Co. All Mr. Corkey's old customers and all new ones will receive the best of attention.

Have your pillows cleaned by steam; we are the only renovators between Toronto and Montreal. H. Milne, 272 Bagot street.

Mrs. Terence Layden, Belleville, died at Kingston on Sunday last. Deceased was the only daughter of the late Joseph Easton, Belleville.

VETERAN MERCHANT.
Who Has Recently Retired From Business.

WILLIAM ADAMS.

Recently the Whig published a short sketch of the career of William Adams, the veteran boat and shoe merchant, who retired from business on October 1st. Today we present a likeness of this estimable gentleman. No doubt many of our readers will recognize with pleasure the familiar and kindly face.

The store Mr. Adams formerly occupied at 70 Brock street has been entirely altered and renovated by his successor, "Jack" Johnston. Painters and decorators have entirely transformed it, and Mr. Johnston has filled it with an entirely new stock of men's and boys' boots, shoes, etc. He will continue the excellent repair work for which this stand has so long been noted, and will also carry on the order work. Mr. Johnston was with Mr. Adams for over twenty years, and is thoroughly qualified to conduct the business successfully. He has a lot of friends who wish him the best of success in his new position.

Important Facts.

"A quart of milk is practically equal to a pound of beef in food values."

Prof. Dean, of the Ontario Agricultural College.

"The composition of wheat is higher in protein and heat of combustion than any other cereal prepared for human food."

Results of analysis by Bureau of Chemistry, U.S., Department of Agriculture.

Orange meat is simply the whole wheat berry, steam cooked, mixed with malt, baked and toasted. This process develops in each wheat berry the highest percentage of grape sugars. It converts the starches into a form most easily digested and assimilated.

Orange Meat and milk is a perfect food.

Started With Enthusiasm.

The good work which the Y.W.C.A. education classes hope to do began, with much enthusiasm, on Thursday evening. Wind and rain were powerless to keep those anxious to take advantage of them from doing so. The classes will be continued on Monday at 8 p.m., for elementary work, and on Thursdays at 8 p.m. for advanced work. It is hoped that any person wishing to improve, or knowing of those who wish to improve, will take advantage of these classes. There will be a social evening once a month. Call them, residing, etc. will be included in the class work. The classes will be in charge of Misses Lovick, Davis, McLeod and Bureau, and this means that they will be as enjoyable as they are useful, for all four have a way of making work seem play in the doing.

Is Highly Regarded.

All who have come in contact with Lieut.-Col. Crow, commandant of the Royal Military College, are delighted with his grace and courtesy. He is in close sympathy with the college and its demands and is rapidly acquiring full knowledge of the details. His military training fits him so quickly grasp conditions. The entire staff is made to feel at ease at his kindness and agreeable manner, and, as one said, "We are all anticipating a pleasant time with him while he is commandant." He has a sincere desire to take his place in the civic and social life of Kingston. With Mrs. Crow and their charming family, he hopes to realize great happiness during his stay in Kingston and if their goodness of heart, already manifested, is a token of what it is to come, they will find warm welcome from the people of this burg.

Noted Ladies' Choir Coming.

Prof. James Small, the popular organist of Savelham street Methodist church, is bringing to the city the Royal Welsh Ladies' choir, which will give a concert in the church on Monday, Nov. 1st. In Wales, a country proverbially known as "the land of song," this choir is regarded as the leading interpreter of Welsh national music, while every city where it has sung in Great Britain, Ireland, France and the United States it has been acclaimed as a combination of unsurpassed musical talents.

Joseph Cooper, seriously injured by being hit by a street car, on Thursday evening, is much improved. He will be around again in a few days.

We store carpets if you are closing up your house for the winter, and pack them in tar paper, H. Milne, 272 Bagot street, phone 542.

"Harry Limley is in Hamilton. He looks just about as young as he did a hundred years ago."

"On Thanksgiving day," send McConkey's high class sweets. Sold only at Gibson's Red Cross Drug Store.

Miss Marshall, of Kingston, has been engaged as secretary of the Y.W.C.A., of Stratford.

Have your feather beds and pillows cleaned by steam. H. Milne, phone 542.

Rev. C. A. Sykes will preach anniversary sermons in Perth on November 21st.

THE GARBAGE SYSTEM
TO BE RECOMMENDED TO THE CITY COUNCIL.

It Calls For Purchase of Proper Carts By the City—An Inspector Recommended—The Plan Decided Upon.

The city council's garbage committee met on Friday afternoon and discussed the question of future garbage removal. A plan was adopted and will be recommended to the council at its meeting next week. In attendance were Alds. Nickle (chairman), Craig, Hoag and Chown; City Engineer Craig and Dr. Williamson, medical health officer. The committee's findings are as follows:

While the recent collection experiment was not as satisfactory as anticipated yet, this committee recommends that a system of garbage collection is advantageous from the point of view of the health of the city and the convenience of the household as well.

The committee recommends the purchase by the city of four properly constructed single carts or wagons, to be placed at the disposal of the contractor or contractors with the corporation for the removal of garbage and other putrifying matter.

That the time for the system of contract be from April 15th to Oct. 1st.

That the contractor or contractors supply all labor and necessary equipment to carry out the work required. That the right of removal be confined solely to the contractor or contractors.

That a bright, active inspector be secured to superintend the work, under the direction of the medical health officer, and to co-operate with him in improving the sanitary condition of the city and its food supply.

That before the inauguration of the system a circular be left at each house in the city explaining the work to be done and the methods to be pursued.

That during the remainder of the year the contractor or contractors have the exclusive right to enter into contract with householders for removal of the above mentioned materials.

That the rules and regulations be drafted by the city engineer and the medical health officer.

SUNDAY SERVICES.

The Filling of the Pulpits Tomorrow.

Bethel Congregational church, corner Johnston and Barrie streets—Services, 11 a.m. and 7 p.m. Rev. Dr. Torrance will conduct both services.

St. Paul's—20th Sunday after Trinity. Morning prayer, 11 a.m.; evening prayer, 7 p.m.; teacher at both Rev. W. Fitzgerald, M.A., vicar. Thanksgiving Day—Special service at 8 p.m.; preacher, the vicar.
