

Fur Coats

For years we have made a Special Feature of Fur and Fur-Lined Coats, and are so thoroughly confident of value that we invite and urge that you make comparisons before purchasing. These Garments are made in our own Workrooms, of thoroughly matched Skins, and are of exceptional value throughout.

They are made and finished individually, and are much superior to the usual "Factory Made" Coats, with which the Market is flooded.

With fifty years reputation for doing things best, we cannot afford to let a single Garment go out from here that is not in every sense the finest your money can buy.

You get Better Furs from us because we buy directly from the Trapper.

Our exceptionally long experience specially qualifies us in both the selection of the Choicest Skins and their manufacture into Stylish Garments.

Fit and Absolute Satisfaction are Fully Guaranteed. You get the Best Furs by coming to the Best Store. Write for Catalogue.
