Do You Realize?

That despondency in women is a mental condition often traceable to some distinctly female ill!

Women who are well do not have the blues, neither are they irritable and restless. Derangement of the female organism breeds all kinds of miserable feelings such as backache, headache, and bearing-down feelings. Try **Lydia E. Pinkham's Vegetable Compound**. There is no doubt that it has made many remarkable cures of female ills after all other means had failed. There is hardly a day that some woman does not write us that this simple old medicine, made only of roots and herbs, has cured her of a severe illness after several doctors had done their best and failed.

Here are two such letters—read them—they are genuine and reliable.

Belleville, Ont.—"I was so weak and worn out from a female weakness that I concluded to try Lydia E. Pinkham's Vegetable Compound. I took several bottles of it, and I gained strength so rapidly that it seemed to make a new woman of me. I can do as good a day's work as I ever did. I sincerely bless the day that I made up my mind to take your medicine for female weakness, and I am exceedingly grateful to you for your kind letters, as I certainly profited by them. I give you permission to publish this any time you wish."—Mrs. Albert Wickett, Belleville, Ontario, Canada.

Rockland, Me.—"I was troubled for a long time with pains in my back and side and was miserable in every way. I had doctored until I was discouraged and thought I would never get well. I read a testimonial about Lydia E. Pinkham's Vegetable Compound and thought I would try it. After taking three bottles I never was so well in my life. I am recommending Lydia E. Pinkham's Vegetable Compound to all my friends."—Mrs. Will Young, 6 Columbia Avenue, Rockland, Me.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

ASEPTO makes clothes whiter, fresher, cleaner, than any soap can make them. Sterilizes everything it comes in contact with—is perfectly odorless. For washing clothes, bedding and various fabrics, dishes, pots and pans, use one tablespoonful of ASEPTO to a bucket of water. After the wash, pour the wash-water into the sink—and sink and drain pipes will be completely disinfected. Invaluable in cases of infectious diseases, as ASEPTO kills all disease germs present in the bedding and dishes used in the sick-room. ASEPTO costs but 5 cts. a package—but when compared with ordinary washing compounds ASEPTO would be *at least* cheap at double the price.

ASEPTO has been analyzed by eminent physicians and found to be all we claim for it.

Bake Days—what's more disheartening than an unevenly heated oven? You prepare the cake and the pies with great care—and then the oven burns or only half cooks them—not so with the "Imperial Oxford" The small illustration above shows a dividing strip along top of oven extending down side and a long bottom, follow the little arrows and you will see that the fire heat must travel equally over every part of the oven—this guarantees an even baking heat.
