It would be business suicide to put a trademark on poor goods, because everyone would know that such a trademark stood for inferior quality and would refuse to buy these goods.

SAVED FROM AN OPERATION

By Lydia E. Pinkham's Vegetable Compound

Bellefleur, Que.—"Without Lydia E. Pinkham's Vegetable Compound I would not be alive. For five months I had painful and irregular periods and inflammation of the uterus. I suffered like a martyr and thought often of death. I consulted two doctors who could do nothing for me. I went to a hospital, and the best doctors said I must submit to an operation, because I had a tumor. I went back home much discouraged. One of my cousins advised me to take your Compound, as it had cured her. I did so and soon commenced to feel better, and my appetite came back with the first bottle. Now I feel no pain and am cured. Your remedy is deserving of praise."—Mrs. EMMA CHATEL, Valleyfield, Bellefleur, Quebec.

Another Operation Avoided. Adrian, Ga.—"I suffered untold misery from female troubles, and my doctor said an operation was my only chance, and I dreaded it almost as much as death. Lydia E. Pinkham's Vegetable Compound completely cured me without an operation."—LENA V. HENRY, R. F. D. 3.

Thirty years of unparalleled success confirms the power of Lydia E. Pinkham's Vegetable Compound to cure female diseases.

A VIEW OF RECONSTRUCTED SAN FRANCISCO

NICHOLAS COVARRUBIAS AS DON GASPAR DE PORTOLA. San Francisco, Cal., Oct. 30.—Thousands of visitors from all over the world helped San Francisco to-day in the beginning of a brilliant carnival week. The observance, while ostensibly to commemorate the discovery of San Francisco Bay by Don Gaspar de Portola, in reality is more in honor of the rehabilitation of San Francisco after its scourge of fire and earthquake.

Nicholas Covarrubias, a member of one of the most noted horsemen of Southern California, and who, for many years has been one of the most noted horsemen of Southern California, is the Don Gaspar de Portola of the Portola Festival of San Francisco. The accompanying picture shows Covarrubias in the costume of King of the Portola Festival. The costume is copied from the dress worn by Spanish officers in the latter part of the eighteenth century.

The proceeds, \$30, are to be applied to the organ debt. The funeral of the late Alfred Penell takes place to-day from the residence of his son, William D. Penell, Stone street, to the F.R.R. station, hence to Napanee, from whence the family removed to Gananogue seven years ago. The service at the home at 10 a.m. was conducted by Rev. J. T. Pitcher, pastor of Grace church, Gananogue public library, re-inaugurated during the past few weeks through the efforts of Miss Spearman, government specialist, makes its first issue of books under the new regime this afternoon.

The water supply is gradually failing, the shortage being such as to warrant shutting off the supply from the factories on Friday evening, giving only four days supply this week. This is keenly felt by the local manufacturers as business conditions are getting much brisker than they have been during the past two years.

Lame Back

Just the Sort of Case That Proves to the World That the Best Lincture Ever Made Is NERVILINE.

When it comes to determining the real merit of a medicine, no weight of evidence is more convincing than the straightforward statement of some reliable and well-known person that has been cured. For this reason we print the verbatim statement of Juan E. Powell, written from his home in Carleton: "I am a strong, powerful man, six feet tall, and weigh nearly two hundred. I have been accustomed all my life to lift great weight, but one day I overdid it, and wrenched my back badly. Every tendon and muscle was sore. To stoop or bend was agony. I had a whole bottle of NERVILINE rubbed on in one day, and by night I was well again. I know of no liniment possessing one-half the penetration and pain-subduing properties of NERVILINE. I urge its use strongly as an invaluable liniment and household cure for all minor ailments, such as strains, sprains, swellings, neuralgia, sciatica, lumbago, rheumatism, and muscular pain."

No better medicine for curing pain was ever put in a bottle than NERVILINE—over one million bottles used every year—try it yourself, 25c. or five for \$1. At all dealers.

Gananogue, Nov. 1.—Thomas White, sixty-four years of age, a well-known and highly-respected resident of the town, passed away at the Kingston general hospital, whither he had gone for treatment a week or more ago. A few months ago Mr. White met with an accident, a heavy bill board occupying the site of the new Journal office, falling on his head and crushing him to the pavement, from the effects of which he never recovered. He was a machinist by trade, being for several years with the Canada Cabinet company, and since that time with the Ontario Wheel company, an expert and careful workman, and a general favorite. He leaves, besides a widow, Robert, married and settled in Hamilton, one daughter, married and settled in Smith's Falls; Gordon, Eva and Madeline, at home.

John Kirke, a former resident of the town, passed away at the home of his brother, James Kirke, Pine street, on Saturday evening, in the thirty-eighth year of his age.

Quite a nice reception was tendered to George Taylor, M.P., and Mrs. Taylor, on their arrival, at noon, on Saturday, they being met at Thousand Island Junction by a delegation consisting of James McCammon, M.D., W. F. Latimer, O. W. Henner and others. The Citizens' band, on the arrival of the train at the King street pavilion, welcomed the returning members, who passed to a hack in waiting through crowds of his admirers, shaking hands with everybody, irrespective of their political views. The turnout to welcome the South Leeds representative was a most creditable one, and shows the great popularity of "Home rest George" among his constituents.

Street and O'Brien, quarrymen, who have had a large gang of men at work getting out granite paving blocks on the Bell farm, north of the town, have closed down the quarry, their men leaving for Ottawa, on Saturday last, leaving some 50,000 blocks in readiness for shipment.

Mrs. Charles Macdonald, who has been seriously ill in New York for some time, has returned to her home at "Blinkbonnie," to recuperate. Mrs. T. R. Brough, of Brockville, is spending some time here with her.

Fraid and daughters, Charles street, left the latter part of the week for her home in Montreal, to attend the marriage of her sister, Miss Lillie Koller, in that city, on Wednesday.

Miss Fleming has returned after spending Thanksgiving with her parents in the city. Mrs. Southall and little daughter, Ida, returned home, Tuesday, after spending a few days with friends in Kingston. Miss Mabel Hough was the guest of Miss Irene Mosier, on Sunday last. A raffle at Mr. Deek's Wednesday evening, proved a great success.

WARNING

Since its introduction into Canada the sales of Parisian Sage have been phenomenal. This success has led to many imitations similar in name. Look out for them; they are not the genuine. See that the girl with the Auburn hair is on every package. You can always get the genuine at G. W. Mahood's.

Parisian Sage is the quickest acting and most efficient hair tonic in the world. It is made to conform to Dr. San-gerbon's (of Paris) proven theory that dandruff, falling hair, baldness, and scalp itch, are caused by germs. Parisian Sage kills these dandruff germs and removes all trace of dandruff in two weeks, or money back. It stops falling hair and itching scalp and prevents baldness.

And remember that baldness is caused by dandruff germs. These germs hard working, powerful devils that dig into the roots of the hair and destroy its vitality. Parisian Sage is a dainty perfume hair dressing, not sticky or greasy, and any woman who desires luxuriant and beautiful hair can get it in two weeks, by using its 25c. bottle.

Soothes and Heals While It Cleanses

You could eat and relish every ingredient used in making Taylor's Infants' Delight. The Olive Oil is the first pressing from perfect fruit, and is far choicer than is usually served on our tables. Coconut oil, because of its purity and palatableness, is used for butter in warm climates. It is far too expensive to be used for this purpose away from the tropics.

Soaps made from coarse animal fats are rank poison to baby's tender skin. Much of the chafing, burning and discomfort could be avoided if more care were taken in the selection of soap for baby's bath.

Infants' Delight Soap

will be found wonderfully soothing by those whose skin is roughened, chafed or tender from any cause, and so healing in its action that after a few days' use, the skin will be white as snow and soft as velvet.

You owe it to yourself and to the comfort of your little ones to use this soap for baby's bath today.
