ATTACK ON AID. CRAIG YOUNG PEOPLE'S RALLY THE SPORT REVIEW

BUT HE EMERGES WITH COLORS FLYING.

Waterworks Committee Closes the Wharf Deal at Last—Engineer Cullen's Salary Raised—The West Street Main Extension Question.

The waterworks committee indulged in a little family quarrel, yesterday afternoon, when Ald. Craig (chairman), Hoag, McCann and Toys had gathered together. Ald. McCann started the rebellion by declaring that he didn't think it fair for the chairman, at the last city council meeting, to withdraw two clauses from the committee's report, those regarding the superintendent's resignation and the wharf lease, without consulting the rest of the committee.

Ald. Hoag took the same view as Ald. McCann, saying that he objected to any clauses being withdrawn from the report of a committee of which he was a member, without being consulted.

Ald. Toys upheld the chairman, and declared that the clauses complained about had no right to be in the report, for they dealt with unfinished business, and Ald. Craig was right in not presenting them. "When I was chairman of committees, I took charge of the report, and didn't pretend to report to council everything that transpired in committee."

Ald. Hoag—"Do you mean to say, Ald. Toys, that you took upon yourself to act without instructions from your committee and to ignore what it passed?"

Ald. Toys—"That's not what I said. I said that only the business that was finished and was absolutely necessary to go before council found its way into the report."

Ald. Craig said that the business contained in the two clauses under discussion was not finished, as neither Superintendent Hewitt nor Mr. Donnelly had been heard from. He pointed out further that the clauses in the original report were crossed out before the members signed it, and that there was no reason of any ill-feeling whatever. He had not withdrawn the clauses arbitrarily. The discussion then closed.

John Donnelly was present to interview the committee regarding the lease of the waterworks wharf. He had written the chairman accepting the committee to reconsider its decision requiring the West street slip to be kept clear all year, and offered to keep his vessel out of it from June 15th to September 15th, and from December 15th to April 15th. Mr. Donnelly said he thought that his offer, regarding the slip, would cover any objections by small boat owners. To separate their boats would put them to the extra expense of engaging another watchman.

After the consideration of the matter it was decided to recommend to council that the Donnelly company keep the slip free of lay-up vessels from June 1st to October 1st, and from December 15th to April 15th. This will be satisfactory to the company, and the lease will now be drawn.

William Cullen, chief engineer of the waterworks pump house, applied for an increase in salary, and on motion of Ald. McCann, was granted \$50, making his salary \$800 cash, a free house, taxes and water, or a total of \$850.

The chairman asked the superintendent if he was ready, in view of the recent resolution of the committee, to withdraw his resignation. The superintendent said he was not, and asked that the matter be held over for two weeks.

The committee then dealt with the West street main extension, which council referred back for further information as to its object.

Ald. Craig said there was a feeling that the high-pressure fire system should be gone into more carefully, with the idea of seeing if it could not be inaugurated for less than \$65,000, as estimated.

Superintendent Hewitt stated that his figure took into account the use of the best material and the best of hydrants.

Ald. Toys said that some time ago he had moved a resolution asking for a report from the superintendent and the city engineer upon the waterworks main. He thought this report very important at this stage, and moved that the matter be held over for two weeks, until that report was before the committee.

Ald. Craig said that he understood that the city engineer was prepared to report, but he didn't know if the superintendent was ready or not.

Ald. Toys pointed out that he was satisfied Superintendent Hewitt was right about the West street main extension. Prof. Willhoff was agreed that there should be a larger outlet. Now let the city engineer be heard in regard to the matter, and see if he also is in favor of the main extension.

Ald. Toys's motion was considered a wise one, and it was adopted.

Rev. Bruce Wallace Delivered An Address Before the Gathering—Brook Street Church Awarded Banner For the Best Attendance.

There was a fairly good attendance at the quarterly union rally of the Young People's Societies of the different churches, held last night, in Queen street church. The attendance was not as good as at the last rally, but this, no doubt, was caused by the fact that there were several other counter attractions.

The address of the evening was given by Rev. Bruce Wallace, M.A., of London, England, who addressed several meetings here on Sunday. H. W. Newman, the president, occupied the chair, and Rev. Mr. Selley occupied a seat on the platform, and assisted in the devotional exercises.

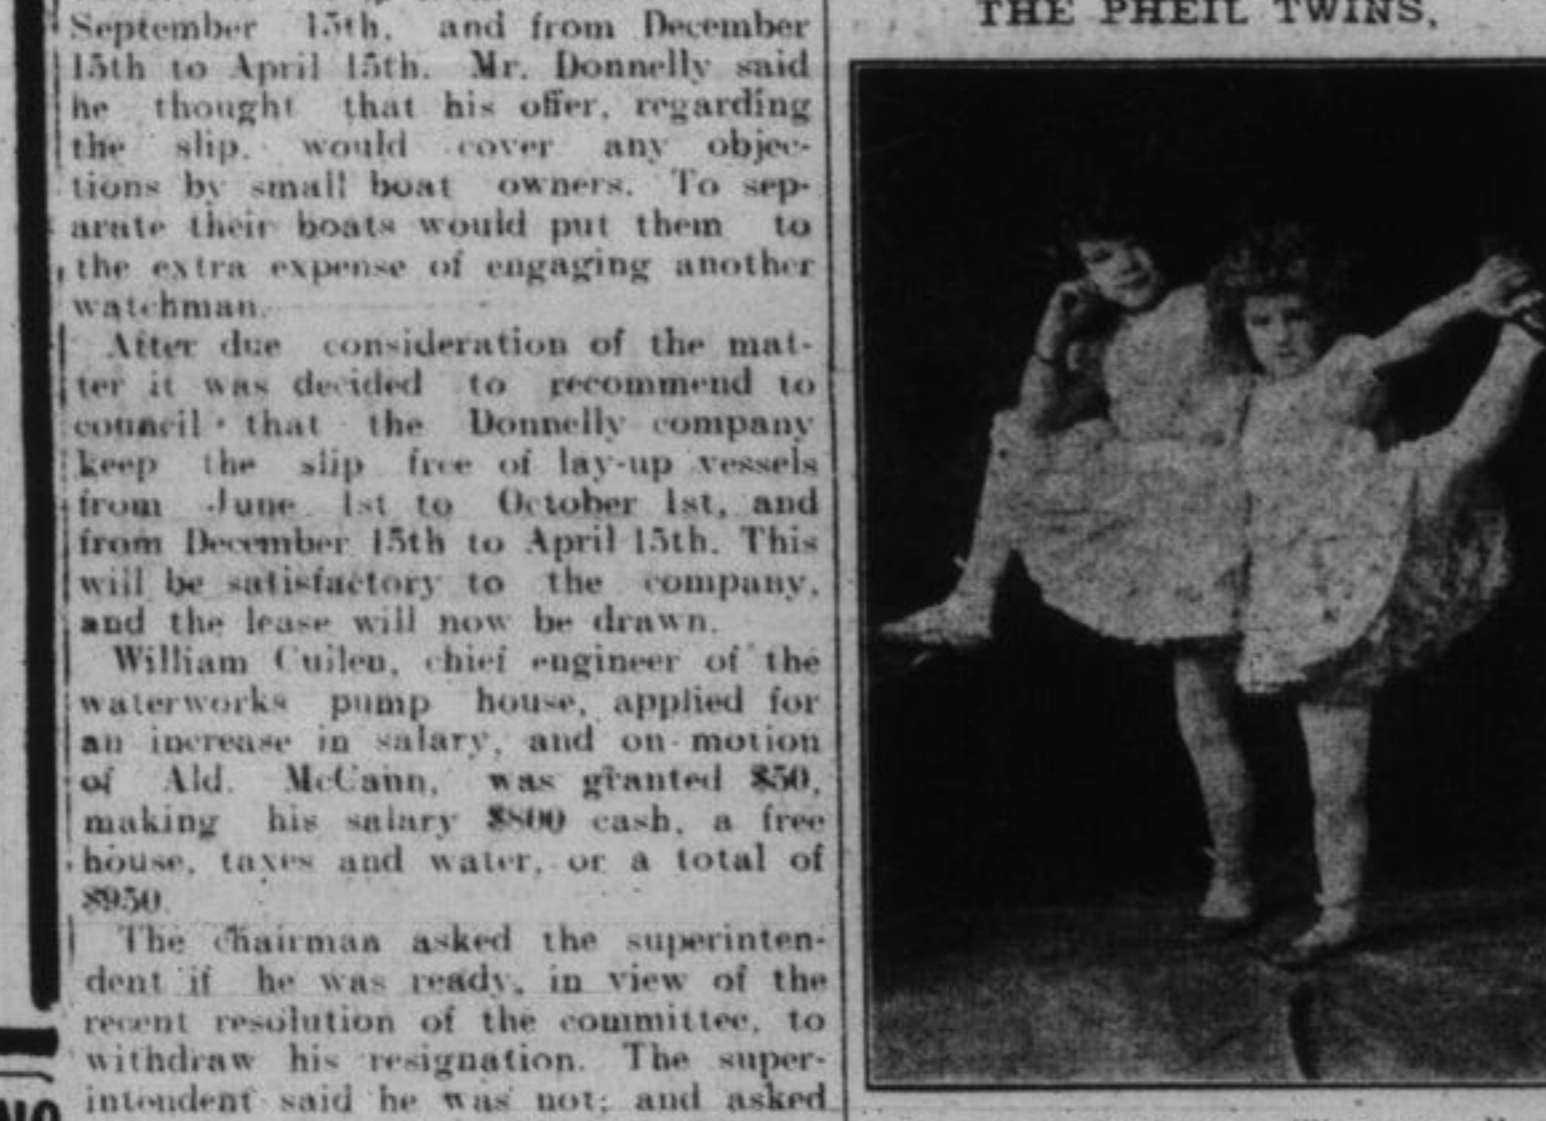

The musical part of the programme included a solo by Miss May Luckley and one by Miss Orser, and a selection from the Bethel church male quartette. The different numbers were highly appreciated.

Rev. Mr. Wallace spoke regarding the opportunities presented for Christian work, and at the close was tendered a very hearty vote of thanks, on motion of Rev. Mr. Selley, who paid a warm tribute to the speaker, referring to the fine addresses and sermons, delivered by him, on Sunday.

Mr. Newman referred to the fact that at the last rally, the meeting was given over almost entirely for the discussion of the early closing of the stores on Saturday night, and a resolution was passed, asking that the executive meet with the retail merchants, association. This conference was held, and the merchants urged that if early closing was desired, that a petition be sent around among the merchants, and sent to the city council. A petition was circulated, but it was met with such strong opposition that it was not considered advisable to press the matter. However, the efforts put forth by the executive had not been wasted, and some time in the future, the question might be taken up again.

The banner for the best attendance at the rally, was awarded to Brook Street Methodist church. Last year, the banner was won by Calvary church.

Boys' Night At Y.M.C.A.

Last night was junior boys' night at the Y.M.C.A., and by seven o'clock there were one hundred and twenty-five boys gathered for the annual spread. The feature of the evening was the "tuffy pull," and Messrs. Javis kindly brought their outfit, who, when the tuffy was made and the hook hung, were the centre of attraction. The boys were each given a small quantity and pulled it to their own satisfaction, being very successful in sticking it all over everything. The bunch then assembled in the gymnasium, and a couple of flash photos were taken, tuffy and all. T. F. Harrison provides ice cream, all were regaled with this until, as one boy said, "he had a pain over his eyes, but wanted more."

A game of basketball was played, between the collegiate boys and business boys, which resulted in a win for the former, by the close score of 13 to 10.

Of Interest To the Public.

The two through trains on the Grand Trunk Railway System between Montreal and Toronto leaving Montreal at 9:45 a. m., and reaching Toronto at 9:45 p. m., and leaving Toronto at 7:15 a. m., arriving Montreal at 7:20 p. m., are trains that relieve the limited expresses and do the local business between these two cities, and up to date have only carried first and second class coaches, but with the idea of the improvement of the service it has been decided that parlor buffet cars, will be added to these trains, commencing Monday, November 1st.

These parlor buffet cars are built in the Montreal shops, and are models of elegance and comfort. In addition to meals and refreshments being served, they are equipped with a library, and have efficient and courteous attendants.

CURED OF CONSTIPATION

Mr. Andrews praises Dr. Morse's Indian Root Pills.

Mr. George Andrews of Halifax, N.S., writes:

"For many years I have been troubled with chronic Constipation. This ailment never comes single-handed, and I have been a victim to the many illnesses that constipation brings in its train. Medicine after medicine I have taken in order to find relief, but one and all left me in the same hopeless condition. It seemed that nothing would expel from me the one ailment that caused so much trouble, yet at last I read about these Indian Root Pills.

That was indeed a lucky day for me, for I was so impressed with the statements made that I determined to give them a fair trial.

They have regulated my stomach and bowels. I am cured of constipation, and I claim they have no equal as a medicine."

For over half a century Dr. Morse's Indian Root Pills have been curing constipation and clogged, inactive kidneys, with all the ailments which result from them. They cleanse the whole system and purify the blood. Sold everywhere at 25c. a box.

QUEEN'S PREPARE TO MEET VARSITY

In Toronto Next Saturday—The Jeffries-Johnson Fight—Ottawa College's Poor Showing Against Varsity.

Queen's rugby seniors will put in hard practices this week, in preparation for the hardest game of the season, when they meet Varsity in Toronto on Saturday next. The men are all anxious for the game and are going to do their utmost to defeat the champions on their own grounds. Queen's is the only team that has given Varsity a close run at all this season, and has a fair chance of coming out on top. If they do win, they will still have a chance for the silverware. To beat Queen's, Varsity will have to work good and hard, for the Presbyterians have a line and scrimmage that the Toronto team cannot better.

Three Teams Busy.

Queen's III team and Cadets I will go to Toronto, on Friday, to play Varsity. The Toronto University will have three teams busy on Saturday. The seniors will play Queen's, the intermediates will play Cadets II, and the juniors will play Queen's III.

Sporting Notes.

Both Jeffries and Johnson can make \$100,000 before the battle takes place. Rochester has secured Cather Blair, whom Newark and Toronto, it is said, were after.

The white race sincerely hope that James J. Jeffries will not be another victim of the Black Hand, says the Toronto Star.

Saturday games makes four straight wins and no defeats for Varsity. They beat Ottawa College 109 to 6 in two games played.

The directors of the Montreal National A.A.A. have decided to make application to the E.C.H.J. for admission this season.

Ottawa College has one of the poorest intercollegiate, while Varsity played a brilliant aggregation.

In Western Canada Baseball League 189,107 saw the games in the right towns. Of these 52,812 were in Winnipeg. The next best was at Calgary, 25,000. The league lost \$511.

Jeffries completely ignored the negro when they were settling upon the articles of agreement for the fight, while Johnson several times addressed the white fighter as "Mistah Joff."

Suit for \$100,000 damages has been started against the Wilkes-Barre Record by Manager Malachi Wittbridge, of the Wilkes-Barre team. He claims defamation of character by slandering statements.

Telegram: And to think Hamilton harbors a man who declares that no athlete can be a decent man, at a season when the Tigers loom so large in their native village that you cannot even see the mountain.

Since the close of the baseball season the Montreal club owners have spent \$2,000 in purchases, the list consisting of Pitcher Hoch, drafted from Harrisburg; Wiggs and Baum, also pitchers, and Mahling, Toronto was paid \$750 for Mahling's release.

Fitzsimmons is on his way to Australia, where he intends to fight the much-abused Squires. The Cornish man needs the money and figures that Australia is a better place to get it than either England, or America, where fight fans know only too well that he has seen his best days.

At Paris, Jeanette, the negro pugilist of Hoboken, N.J., knocked out Kubiak, the Michigan giant of Detroit, Mich. in the tenth round, of what was to have been a twenty-round bout. The pair met recently in Philadelphia, when they went six rounds without a decision. Jeanette, the negro who met Johnson five times with a win and loss and three draws or no decisions.

COMING TO THE GRAND.

The Production of "The Barrier" and Girls.

Rev. Beach, whose Alaskan romance, "The Barrier," will be presented for the first time at the Grand on Wednesday, November 3rd, by the world-famous producers, Klaw and Erlanger, assures his audience that the characters which are depicted on the stage are true portraits of the originals he met in the far North-West. The scene of the play, is laid in a little river settlement on the Yukon, called Flambeau, a small handful of shacks, crowded about a trading post.

"Girls," the Shubert offering that held the attention of theatregoers in New York for nearly an entire season, while at Daly's theatre, will be the attraction at the Grand on Thursday, November 4th. Clyde Fitch, the author of many successes, is responsible for "Girls," and in it we have a play totally different from the others. Surrounded as it is with effective scenery, and competent players, "Girls" may well be classed among the best of the season's offerings.

Xmas Pocket Money.

An opportunity is now presented to earn enough pocket money with which to buy Christmas presents or to start in business.

The Orange Meat company will award prizes to the winners in their contest, which closes November 30th, 1909, in amounts of one dollar cash, up to seven hundred dollars, in cash.

A young man, named David Magee, of Cardinal, Ont., won a seven hundred dollar prize in June last.

You can do the same. Why not start now?

Small Fire On Monday.

About 4:30 o'clock, Monday afternoon, the firemen received a call to the residence of Peter Andie, near the corner of Brock and Division streets. When the department arrived, the men found the house locked; smoke was issuing from the upper windows. An entrance was gained and the men found that a large amount of wearing apparel was burning. Two Babcock extinguishers were brought in and soon put an end to the flames. The loss to the house will be slight, but quite a few clothes were burned up.

Fall and Winter Importations.

Prevost, Brock street, has received all his tweeds, chevots and vicunas for suitings; also a great variety of overcoating for his order department. His \$18 suits and overcoats made to order surpass anything he ever had yet.

His First Arrest.

Police Constable Daniel McCarey made his maiden arrest on Monday evening, about eight o'clock, when he and Constable Naylor gathered in a drunk on Princess street, and brought him to the station. He was a young man, who had a "crying jag" aboard.

Alliance Francaise.

Open meeting of ladies and gentlemen interested in the work of "L'Allyance Francaise" at 8 p.m., Tuesday, November the 2nd, in the Frontenac Business College, to elect officers and committees, and enroll members.

A. W. Gagnon, financial secretary of the local branch of the C.M.B.A., has been appointed superintendent of the Brockville division of the Prudential Life Insurance company, and left for Brockville on Monday.

CORRIGAN'S.

A QUIET HALLOWE'EN.

The Youngsters Out in Force, But Well Behaved.

Hallowe'en passed off very quietly in Kingston. There was plenty of fun out it was all innocent amusement that did not do any one any harm. The early part of the evening was given over to the children, and many paraded the streets in many costumes, going from door to door soliciting contributions, in exchange for their songs and dances. Later on the old or crowd made their appearance in small groups and went singing and shouting around the streets. The city was well patrolled by police all night long, and they found "everything quite peaceable during the long watch."

Many amusing incidents happened around the city. In one case a young chap, with a really good baritone voice, was serenading a certain house where a number of female students reside. Instead of accepting the serenade as it was meant the girls took a different view and, opening a window over the door, threw a pail of water on the singer. What he said we do not know, but he would not look well in print. In another case a bag of flour was dropped from a window on some youngsters, completely covering them. This also only created amusement for the givers, not the receivers.

Many parties were held throughout the city where those well-known and treasured games and love tests sacred to Hallowe'en were played and practised. By midnight most of the revelry had ceased and all had gone home.

LATEST FICTION, \$1.08

THE DANGER MARK

BY ROBERT W. CHAMBERS

Is a characteristically clever portrayal of New York's wealthy last set where to amuse and be amused is the apparent aim of all. The story tragic in its depiction of the shallow feverish desire for unhealthy excitement is told in dialogue, and there are few novelists of today who write better dialogue than Mr. Chambers. Here we have the life of two rich orphan twins, a boy and girl brought up by a Trust Co., and in ignorance of their wealth and without friends. When of age they are launched into the idle rich set, and their fight begins, the girl's against inherited desire for alcohol which alone helps her to overcome. Mr. Chambers has used the financial panic of two years ago with good effect. His characters include all types from the vicious immoralist to the most exquisite flower of refined womanhood. He does not mince words nor leave you ignorant of intended meaning of the "danger mark" in drinking and flirting. At times the story is repellent in its candid revelation of the lack of moral fibre, but it presents a truth that compels the attention. It is a story destined for an immense sale.
