A GUARANTEED CURE

For Indigestion and Dyspepsia

There is no hesitation or quibbling about the claims which the Coleman Medicine Company make for their wonderful "Little Digesters". They come out straight with the statement that "Little Digesters" will positively cure even chronic Indigestion or Dyspepsia, as well as Heartburn and Sour Stomach. They GUARANTEE "Little Digesters" to cure, if they fail, you get your money back, promptly and without question. Of course they would not make such positive statements, or give such a guarantee, if they had not proved, beyond the shadow of a doubt, that "Little Digesters" WILL CURE. "Little Digesters" do it simply and naturally, too, by helping out the weakened stomach—supplying just what it needs in the process of digestion, and enabling it to assimilate the food. Soon the whole system regains its vigor, and the stomach needs no further help. "Little Digesters" are put up in little red boxes, sold for 25c. by your druggist, or mailed by the Coleman Medicine Co., of Toronto.

NEW SCIENTIFIC PROCESS.

A Preparation Discovered That Will Destroy the Dandruff Germ.

For some time it has been known that dandruff is caused by a germ that digs up the scalp into little white flakes, and by sapping the vitality of the hair at the root, causes falling hair, and, of course, finally baldness. For years there have been all kinds of hair stimulants and scalp tonics on the market, but there has been no permanent cure, for dandruff until the discovery of a preparation called Newbro's Herpicide, which destroys the dandruff germ. Destroy the cause, the effect will cease to exist. Kill the dandruff germ and you'll have no dandruff, no itching scalp, no falling hair.

Sold by leading druggists. Send 10c. in stamps for sample to the Herpicide Co., Detroit, Mich. \$1 bottles guaranteed. G. W. Mahood, special agent.

EZEMA AND PILES CURED.

A Magistrate Healed By Zam-Buk

Zam-Buk by its healing power has carried the praise of men and women in the highest stations of life. One of the latest prominent gentlemen to speak highly in Zam-Buk's favor is Mr. C. E. Sanford, of Weston, King's Co., N.S. Mr. Weston is a Justice of the Peace for the county, and a member of the Board of School Commissioners. He is also a member of the Baptist Church in Berwick. Indeed, throughout the county it would be difficult to find a man more widely known and more highly respected.

Some time back he had occasion to try Zam-Buk, and here is his opinion of this great balm. He says: "I had a patch of eczema on my ankle, which had been there for over twenty years! Sometimes also the disease would break out on my shoulders. I had taken solution of arsenic, but applied various ointments, and tried all sorts of things to obtain a cure, but in vain. Zam-Buk, unlike all else I tried, proved highly satisfactory, and cured the ailment."

"I have also used Zam-Buk for itching piles, and it has cured them completely also. I take comfort in helping my fellow-men, and if the publication of my experience of Zam-Buk will lead other sufferers to try it, I should be glad. For the cure of piles or skin diseases, I know of nothing to equal Zam-Buk."

Zam-Buk also cures burns, cuts, ulcers, blood poisoning, ringworm, scald, chapped hands, cold sores, and all skin injuries and diseases. Rubbed well on to the chest in cases of cold it relieves the tightness and aching. All druggists and stores sell at 50c. a box, or post free from Zam-Buk Co., Toronto, for price, 3 boxes for \$1.25.

SHOT IN SELF-DEFENCE.

Officer Who Wounded Indian Committed For Trial.

Brantford, Nov. 2.—Constable Garlow, who shot an Indian in two places while effecting arrests at a Pagan dance near Onawaka, on Saturday night, was this morning committed for trial by Police Magistrate Livingston. He waived examination and elected to be tried by jury. Garlow, who was released on \$200 bail, says he shot in self defence, as it was a case of shoot or take a clubbing from Martin, who came at him with a fence rail.

It develops that the gathering at the Longhouse was a sort of pink tea in aid of funds for carrying on Indian work. Garlow was called to see that no liquor was dispensed. He says he saw no actual liquor, but the effect of booze was apparent.

He is twenty-seven years old, unmarried, and has three years out from England. All the fires took place within a short distance of the place where he boards. He was arrested last Wednesday night after a fire had broken out in the stable of Robert Cockburn, with whom he boards. The townsfolk are kindly interested in the trial.

ANOTHER DEATH IN RUGBY.

Better Than "Bridge."

The latest fad in society is the tub cure. In this the patient arises just as the crisp air of the morning is mellowed by the first sunbeam. An ordinary wash tub is then filled with hot water, and the patient, with various articles of linen are thrown. After they are thoroughly saturated the patient takes up one at a time and rubs them briskly up and down on a washboard placed in the tub. This is kept up until the hands, arms and face are a glowing pink. The patient then goes into an open air and hangs all the linen articles on a line stretched for that purpose. The one completing the treatment announces the time to others over the telephone and is entitled to a prize. It is exciting sport and also invigorating exercise.
