LIKELY ENLARGED

THE INDIAN TROUBLE IN BRITISH COLUMBIA.

Fire Insurance Men Are Likely to Put Up Big Fight—The Conservative Caucus—A Dynamiting Case.

Ottawa, Nov. 12.—Local officials of the Indian department are not worried over the stories coming east about the Indian outbreak in British Columbia. Deputy-Superintendent General Pedley said, to-day, that the reports were probably exaggerated as the department had no notification. The matter so far was one for British Columbia to deal with.

A big fight is expected on the life insurance bill in the senate this session. The fire insurance companies are expected to put up the greatest struggle, the life companies being pretty well satisfied with alterations made in the bill.

The conservative caucus, so far as anything was given out, did nothing of a definite nature to-day. The naval programme was discussed with varying views, but no action was taken, pending more light on the government proposals. The conservative convention of 1910 was also discussed but the date deferred. Mr. Borden was present and the caucus will resume to-night.

A sensational dynamiting case was opened at the high court assizes to-day. Victor Masse and George Delcourt, the defendants, are charged with using explosives with intent to murder. Some months ago, late at night, they blew up a part of the residence of Moise Lapointe, on the Montreal road. Mr. Lapointe and family, fortunately escaped without injury, the part of the house in which they slept not being destroyed.

DENOUNCES SECRET DIVORCE
Babcock Lectures Women For Not Revealing Wrongs.

Cleveland, Ohio, Nov. 12.—The hesitation of Mrs. Violet Baldwin Jones about putting in her petition for divorce, the real facts about her husband's mode of life and his treatment of her was scored by Judge Babcock, yesterday morning, in allowing a decree.

"I wish you had put your real cause of action in your petition," said the court. "The less sealed up divorce proceedings and sub rosa hearings we have in this country the better off we shall be."

A man who treats a woman as we have been treated deserves to have his shame published. His character should be made known so that other girls won't make a mistake like yours.

"You are divorced and you are allowed \$1,000 alimony, payable in monthly instalments of \$25. If you do not collect, or make my husband lose his job, I shall have very little respect for you."

Mrs. Jones charged her husband with abuse and neglect. He had a fondness for poker playing, she testified.

BERTHA SHOT HIM.
Manager of a Farm Seriously Wounded.

Detroit, Mich., Nov. 12.—Samuel F. Norley, aged thirty years, manager of the Cranbrook farm, near Birmingham, twenty miles from Detroit, whose home is near London, Ont., was found lying on the road near the farm, last night, shot through the neck and in the abdomen. The latter wound is a serious one and Norley's death is looked for at any minute. When found he was so weak he could only say "Bertha shot me."

Bertha is supposed to be the cook of that name on the farm. She has disappeared and the sheriff is looking for her. Her surname is not known.

WARNING NOT ENOUGH.
Continued to Steal From Firm's Purse.

Victoria, B.C., Nov. 12.—Charles Richards, traveller for Wilson Bros., wholesale grocers, has confessed to systematic purloinings aggregating \$6,000. He will take speedy trial on Monday. Richards had been detected in shortages of several thousands before and was forgiven. The next month his stealings recommenced.

Brothers Killed on Railways.
Montreal, Nov. 12.—The remains of William Huard, killed yesterday at the Hochelaga yards by a G.T.R. engine, were taken home last night to Theford Mines. He was the last of six brothers, three of whom met their end on the railway. Joseph and William were both killed at the Hochelaga yards, almost at the same spot, two years ago. The third was killed at Quebec.

The negotiations looking to a merger of the Dominion Street and Coal companies are stated in the "street" to have been advanced materially within the past day or two and the negotiators are said to be very close together. James Ross will not leave the city before Sunday for the south and it is believed that, by Saturday, a plan will have been formulated to which both can agree and to submit to the shareholders of the two companies.

NEW WELLAND CANAL

IF BUILT CLOSE TO HAMILTON

Would Be a Great Boom to That City—Julien Boyd, of Toronto, Gets Legacy of \$20,000.

Hamilton, Nov. 12.—W. O. Sealey, for Wentworth, has sent a letter to Mayor McLaren, suggesting that the route of the new Welland canal should follow the Grand River-Hamilton canal survey, which would bring the canal to a point immediately west of Hamilton. Mr. Sealey thinks if the canal was built on this route the population would soon jump to 1,000,000. The civic authorities are trying to induce the government to build the canal with one terminal in the bay. Among other advantages this would avoid the expense of building breakwaters at the mouth of the canal, as the bay is never very rough.

Julien Boyd, boarding at a local hotel, announced this morning that he had just succeeded in securing \$20,000 left to him in England by relatives. He claims he had a hard fight in the English courts to get his legacy.

The Australian Navy.

Toronto News.

The adoption of the Australian fleet bill recently introduced in the Commonwealth parliament will mean building operations on such a scale that by 1912 the Commonwealth fleet will relieve and replace the present imperial squadron in Australian waters. The new fleet is to consist of one armored cruiser of the Indomitable class, three armored cruisers of the Bristol class, and six destroyers with the necessary complement of submarines.

For the time being officers and men are to be loaned by the imperial authorities, but the country aims at eventually furnishing its own crews. To this end training colleges will be established. Sydney probably will be the chief base of the fleet's operations. Its annual cost is estimated at \$3,750,000. The difference between \$2,000,000 and the actual annual cost is to be provided by the imperial government until Australia can assume this entire burden. The new arrangement will save Great Britain from \$1,500,000 to \$2,000,000 annually.

Pleasures Of Solitude.

Harper's Weekly.

Last year there was called to the pulpit of a church in a certain New England town an elderly clergyman, whose dry and unengaging method appeared so little to his congregation that, in due time, many transferred their allegiance to another church, where a more entertaining preacher held forth.

Those Dear Wives Again.

Smart Set.

What is the difference between an old maid and a married woman?
B. I know some difference, of course, but perhaps not the one you have in mind. What is the difference?
A. The old maid looks for a husband every day, while the married woman looks for him every night. Kinder cute one, eh?

Mrs. Benham—Many a man owes his success in life to his wife.
Benham—Yes, Adam would never have been heard from if Eve hadn't given him the apple.

Mrs. Askit—Do you intend to have an Italian garden on your place?
Mrs. Norwich—No, I'm afraid I could never get used to that garlic smell.

Mrs. Askit—When she's abroad, does she hobnob with royalty?
Mrs. Nonageant—Mercy, no! Her behaviour is always extremely proper.

Attended His Sister's Funeral.
Thomas Mullinger, of the local police force, returned, Friday, from Port Huron, where his mother is critically ill. He was also at Dresden, attending the funeral of his sister, Mrs. A. Craig, who died very suddenly on Friday last, after three days' illness. The deceased is survived by her husband and two children. Mrs. Morden, of Kingston, is a sister. Her funeral was under the auspices of the L.O.T.M., of which society she was an honored member. She was also an active worker in Christ Church, Dresden.

A Very Warm Nov. 12th.
This was a decidedly warm day for November 12th. Early in the afternoon the thermometer registered sixty-two degrees in the shade. Cooler weather is promised for the week-end, however. This fall has been a decidedly fine one, with absence of much rain.

TURNED OUT OF BED

BY FIRE WHICH THREATENED THEIR LIVES.

Six Toronto Families Had to Hurry—Smith Mfg. Co., Warehouse on Front Street Was Destroyed.

Toronto, Nov. 12.—Fire early this morning turned six front street families out of bed and some post-haste and destroyed the warehouse of the Smith Manufacturing company, at the corner of Front and Princess streets. The warehouse, which was partly of brick, with wooden addition and tin-sided, was nearly filled with 600 bales of rags and other inflammables, which burned so rapidly that by the time the firemen arrived on the scene the whole building was a dense mass of smoke and flames. Spontaneous combustion was probably responsible for the fire. The loss is about \$13,000, with \$5,000 insurance.

Chronic Insomnia And Indigestion

The One is Almost Always Associated With and Caused By the Other.

Sleep has been fittingly called "fired nature's sweet restorer." It is a condition in which the involuntary functions such as nutrition, circulation, respiration, etc., go on as usual while the voluntary powers are in repose, and the system undergoes needed repairs. No one has ever been known to live longer than three weeks without sleep. It is as necessary in physical economy as food and drink.

Insomnia or chronic sleeplessness is a symptom with which nearly every sufferer from dyspepsia is annoyed, either constantly or infrequently and irregular intervals. This inability to sleep normally is a very prominent manifestation of indigestion and exhibits itself in different forms. In some cases sleep may come at its accustomed time, but it does not bring repose, and the person awakens entirely too soon, and is unable to fall asleep again. In others the victim lies awake practically all night, tossing and rolling, and finally drops into a troubled and unrestful slumber at daybreak. Still others, though they may apparently sleep soundly, are annoyed with the incubus, or nightmare, with its horrors of overwhelming waves, falls from precipitous heights and attacks by infuriated and implacable monsters.

All of these distressing symptoms are traceable to an irritated and enfeebled stomach, and the same is true of grinding the teeth and twitching and jerking of the muscles during sleep.

Insomnia is rarely a disease by itself, but is nearly always a symptom of another disease, such as dyspepsia and in treating this complaint many persons in their efforts to woo the god of sleep, resort to the use of such hypnotics, sedatives, soporifics and narcotics as the bromides, chloral hydrate, Dover powder and even morphia.

No greater mistake than this could well be made, and the reckless use of such drugs has caused many a sudden death, while in other cases, even moderate use has set up an incurable drug-using habit among those who resort to the use of "sleeping powders."

To cure insomnia or sleeplessness the object should be to remove the cause and as dyspepsia is the underlying cause in a large percentage of cases no better or safer remedy can be employed than STUART'S DYSPEPSIA TABLETS. By digesting every particle of food in the stomach the active and exciting cause of insomnia is cut short at its source and removed.

These tablets contain only wholesome ingredients, and there is no danger of falling into drug-using habits from their use. Every sufferer from insomnia should avoid the egregious error of using hypnotic drugs, as they never cure the trouble, but only make matters worse in the end.

Begin taking Stuart's Dyspepsia Tablets at once, using one or two after each meal, and the same number at bed time. It is also well to have a box of these powerful digestives close at hand during the night, so that in case you are troubled with dyspeptic-insomnia, uneasiness in the stomach, or any other symptom of indigestion, quick relief may be obtained.

Purchase a package from your druggist at once for 50c., and get rid of your insomnia and indigestion. Send us your name and address for sample package. Address: F. A. Stuart & Co., 150 Stuart Building, Marshall, Mich.

COURT IS EMBARRASSED.

Placing of Archduke's Morganatic Wife.

Potsdam, Germany, Nov. 12.—The Archduke Franz Ferdinand, Duke Franz Ferdinand, heir-presumptive to the Austro-Hungarian throne, and his wife, the Duchess of Hohenberg, have arrived for their promised visit to the emperor and empress at the new palace. The visit will extend over several days, and it is significant in that, being made at the earnest request of Emperor William, it furnishes further evidence of imperial relenting towards the archduke's course in marrying outside his rank.

According to the newspaper reports, however, the visit has caused no little embarrassment at court, because of the difficulty of placing the former Countess Sophia Chotek Von Chotkowa, who was recently given the title of Duchess of Hohenberg by Emperor Francis Joseph, in order to facilitate her proper ranking in the court at Vienna. It is stated that the difficulty here was overcome finally by the decision to invite no ladies of princely rank to the dinners and other festivities given in honor of the archduke and her grace. Accordingly, upon these occasions the duchess will rank next to the empress.

Dies Of Gunshot Wound.

Trenton, Ont., Nov. 12.—A fatal accident occurred on the Trent canal construction, Wednesday, about three miles up the river. A young Englishman named Rumble, was examining a gun, when it was discharged, and he was killed by an Italian leg, near the knee. The victim died as a result.

Lost 3,000 Gallons Of Oil.

Stratford, Ont., Nov. 12.—Recently some one entered the yards of the Queen City Oil company here and turned the tap of one of the tanks, causing some 3,000 gallons of oil to run off on the ground.
