Don't Work For Too Many

"Work for yourself and a woman," said Kipling.

Rent-payers work for themselves, the woman and the landlord.

Sometimes this fact comes to them with such force that they revolt, and stop working for the landlord.

Even if you are not sure yet that you want to buy a home, you can secure some valuable ideas by examining our lists and looking at some of the places about town we have for sale.

With such bargains as we have within your reach, it is a waste of money to pay rent.

Look at this:

\$10 per month will secure you a nice brick house, with all the improvements, and a stable for \$1,400.

THE CHAMPION CADETS
INTERMEDIATE HONORS GO TO THEM.

Defeated Varsity II By 26 to 6, and Win the Round By 32 to 11—The Varsity Team Outplayed.

On Saturday afternoon R.M.C. senior football team came into their own and once again the handsome silver trophy emblematic of the intermediate championship of the intercollegiate rugby series will rest in the R.M.C. quarters where it has been so close. Varsity II seems down to do battle for the silver cup and were completely outclassed at every point of the game. Not for a minute from first whistle until the victorious soldiers were carried off the field on the shoulders of their happy classmates was Varsity in the running. Cadets took the lead at the start and held it to the finish, winning out 26 points to 6.

From a spectator's standpoint the game was a good one, as good an exhibition of ball as has been seen here this season, and the playing was closer than the score would indicate. The cadets won, and won on their merits, but still they fought for every point. The great team work, great system worked by the soldiers puzzled Varsity. The cadets worked a number of new plays, and nearly every time they were successful. The three and four man bucks were features of the play, the Varsity wings fairly melting away before the fierce onslaught.

The cadets have worked early and late this season and Captain Boswell and his team mates deserve great credit for the fine finish made. It was like old times at the R.M.C. after the game was over to hear the lusty college yell and see the players carried off the field by proud companions, who could hardly hold themselves so happy were they at the success of the college team.

Cadets won the toss and played south for the first quarter. There was very little wind and what there was blew straight across the field. Cadets went in from the first minute and before Varsity had time to collect themselves Ramsay, the full back, was down behind his own goal for two points. All the first quarter the play remained in Varsity end, Cadets securing five points, two safety touches and a rouge. The second quarter was just about the same, only Cadets scored eleven points instead of six. Just after the second quarter started Green punted over Varsity line and before Ramsay could relieve he was down for another punt making the total six to nothing. The play never went beyond half way, as the kick-off from quarters was a short one and Varsity lost the ball. Green punted down to Varsity line, where his brother, Ellis, who is captain of Varsity, made a bad muff, Arnoldi falling on the leather for a touch. Cadets failed to convert. Cadets 11, Varsity 0.

Varsity came back a little stronger after this touch, and on a long run of Green's succeeded in laying hold of one point, and to even up matters, Cadets rushed the ball down to Varsity line and pushed Campbell over for a touch, which Green failed to convert. This ended the scoring for the half. Cadets, 16, Varsity, 1.

Just after the second half commenced, Meredith dropped a nice goal from the twenty-five-yard line, putting Cadets' total up to nineteen. After play had resumed Varsity began to show up a little better, and put Cadets back out of the danger line. Play was about seventy yards from Cadets' goal, with ball in their possession. The ball was scrimmaged, and one of the halves tried a long pass, which was intercepted by Grass, Varsity's inside wing, and before anyone could nail him he was over for a touch, which Mainard failed to convert. This ended the quarter, leaving the score 19 to 6. In the last quarter Cadets scored seven points, a rouge, and a touch, Green carrying the ball over the line after a nice run. The touch was converted, making the final tally, 26 to 6 for the soldiers.

The game was a first class one and the three hundred people present were well satisfied with it. The teams:

Cadets—Meredith, full-back; Smith, Green, Stuart, halves; Campbell, quarter; Holt, Blue, Young, scrumming; Rogers, Arnoldi, inside wings; Parr, Goldie, middle wings; Boswell (captain) Gwynne, outside wings.

Varsity II—Ramsay, full-back; Mainard, Green, Wood, halves; Ferguson, quarter; Carroll, Hopkins, McLelland, scrumming; Thompson, Grass, inside wings; Willison, Rankin, middle wings; Mulqueen, Alexander, outside wings.

For the winners, Meredith, Green and Boswell were the star men, playing the same steady game that has been their habit all season. Meredith especially played a fine game on Saturday, getting in many long runs, and always relieving to good advantage.

The feature of the game came in the third quarter when Grass, of Varsity, secured a long pass of one of the Cadet halves, and galloped away for Cadets' goal, sixty-five yards distant. He proved to be a good punner, and the entire of the team was behind him, he got safely over for a touch, the only one that the visitors secured.

The Cadets won the championship round by 32 to 11, as they won in Toronto by 6 to 5 a week ago.

A Fire On A Verandah.
At 8:25 o'clock, Saturday night, the firemen received a telephone call to the residence of Mrs. McKenzie, 28 Clergy street. Some leaves on the verandah of the house had been set on fire by the sparks from a rocket set off by the students. The leaves quickly burned up and when the firemen arrived the fire was out. The verandah was very slightly damaged.

The Cure Of Kidney Disease.
Weakness or disease prevent the kidneys from cleansing the system of waste matter. Peck's Kidney Pills cure by removing the cause. For acute inflammation, lumbago, diabetes and Bright's disease, they have no equal. In boxes, 25c., at J. B. Saturday At The Grand.
"Peck's Bad Boy" was the attraction at the Grand Opera House on Saturday, both matinee and evening. The play presented was a sparkling comedy and was creditably handled by a capable company. The singing and dancing was up-to-date. At the evening performance Varsity rugby teams occupied the boxes and were liberal in their appreciation of the work of the various members of the company.

"The Wolf."
Next Saturday evening at the Grand, Queen's theatre night, promises to be a notable event, the occasion being the presentation in this city of Sam S. and Lee Shubert's "The Wolf," the play that set all New York "The Wolf" is from the pen of Eugene Walter, author of several dramas, but it is so different from the usual run of plays that it leaves a distinct impression of its own upon the mind of the spectator.

Rich Red Blood.
The blood is the source of all mental, muscular and nervous power. If the blood is weak—you are weak. Have rich red blood and you will not be able to resist disease. The best remedy to tone up health and enrich the blood is Iron Tonic Pills (laxative). They are a great nerve strengthener and blood maker. In boxes, 25c., at J. B. Made Presentation.
Miss Laura Sherett, clerk at Newman & Shaw's dry-goods store, left on Saturday for Port Arthur, where she will reside. Before leaving, Miss Sherett was waited upon by the staff at the store, and made the recipient of two gifts. The members of the upstairs staff presented her with a gold-mounted umbrella, and the downstairs staff gave her a fine alligator purse. Miss Sherett has a wide circle of friends, all of whom were sorry to see her leave, but who join in wishing her every success in her new home.

Glad News From Clayton.
The mayor of Clayton wishes to announce to his Kingston friends that local option does not come into effect in his town until October 1st, 1910, so that they will have all next spring and summer to visit his domains on the river and "honor up." The Clayton people haven't yet recovered from the shock of the local option vote. The summer girls will greatly miss their cocktails and highballs the summer after next. Gananoque and Kingston will benefit when local option comes into effect in Clayton.

Coming, Grand Opera.
The National Grand Opera company is an organization of splendid singers, numbering one hundred in all, with an orchestra of forty. During their recent New York engagement their excellent rendition of the standard operas elicited the highest praise. Lovers of good music are assured a rare treat in this splendid organization. At the Grand on Thursday, November 18th, presenting "Carmen." Viorio-Secci-Corsi has sung in the Manhattan Opera House, New York, under the direction of Hammerstein. Gifted with a splendid ringing voice he is heard at his best in the important role of the Toreador, in "Carmen."

The students were very orderly, on Saturday night, and the police had no trouble whatever. After the procession, the students rushed the theatre. "Direct from England," Cadbury's sweets, in one and two pound boxes, at Gibson's Red Cross Drug Store.

AT CHALMERS CHURCH
REV. LAVERTON HARRIS OCCUPIED PULPIT.

Pointed Out the Many Opportunities For Christian Service in the World—An Appeal to Protect All Dumb Animals.

The many opportunities for doing good in the world were pointed out in a sermon delivered by Rev. Laverton Harris, general secretary of the Federation of Humane Societies, at Chalmers church, on Sunday evening. His text was taken from Mark 10th chapter, 21st verse: "Then Jesus beholding him loved him, and said unto him, one thing thou lackest. Go thy way, sell whatsoever thou hast, and give to the poor, and thou shalt have treasure in heaven, and come, and follow me." There were a great many in the churches who remained idle when they could be engaged in Christian work. God expected us to do His work. A great many attended church regularly, gave their prayers and their money, and so doing, believed that they were doing all they possibly could to advance His kingdom. Was it not true that none were filled with Christian selfishness. We could not see the field in which God wanted us to work. We should work for Christ, and we should give ourselves to the cross, but we were not willing to pay the price. God called us to give ourselves, just the same as He had given Himself. If we did not give ourselves God would hold us responsible. Was there not too much commercialism in the work. And how much would we get out of it. Poor unfortunate humanity, must be considered. We might not see the result, but it was for us to sow the seed. The gathering-up time would be by and bye. Some had the idea that the whole responsibility rested upon the rich, but not so. Everyone was concerned. There was a wealth of mind, body, heart and sympathy, which we could bestow. We could how that we wanted to lead men to something better. We should deal with men as Jesus did.

And how could we bestow this wealth. God has given us the power, perhaps even by a look or a thought. "Visit the sick in your neighborhood, and brighten their lives. Perhaps even by your cooking, you could help some. Speak a word of cheer to some poor unfortunate person. In your penitentiary there is work. Send the inmates letters of sympathy—that kind of sympathy which goes to show that you take an interest in them. God has given you the gift, will you not use it?"

In his closing remarks, the speaker referred to the work of the humane societies, in which he is engaged, and asked that everyone do all they could to protect dumb animals from cruelty. One would have to give an account for cruelty shown. Fashion for horses and birds often brought about a great deal of cruelty, and the speaker asked all to take an interest in dumb creatures. By so doing, they would be helping to make man's mankind better.

FIREWORKS SCARED HORSES
And a Farmer and His Wife Were Thrown From Wagon.

On Saturday evening about 8:30 o'clock, just after Queen's parade, had passed down Princess street, Corbett's ambulance received a call to King street west, near the breakwater. When the wagon arrived on the scene, it was found that a farmer by the name of Young, who was driving home with his wife, had got into trouble with their horses and been dumped out into the road. Fortunately neither he nor his wife was seriously injured, the man escaping altogether and Mrs. Young receiving a few bruises. The latter was removed in the ambulance to the home of a friend on Division street, where she remained for a couple of hours before she continued on her way home. The accident was caused by fireworks in the hands of some boys.

Heed Persistent Backache.
Dull, heavy pains in the back or side, as well as a sudden "stitch" or "stiff" in the back shows some congested or irritated condition of the muscles or kidneys. The trouble is usually called lumbago and may disappear at times. But these troubles are signs of a poisoned condition of the blood that are apt to lead to chronic rheumatism or serious kidney disease. The remedy needed is Dr. Hall's Rheumatic Cure. It removes the source of the trouble. It expels uric acid from the system, helps the kidneys and enriches the blood. Dr. Hall's Rheumatic Cure is a great blood purifier and spring tonic. In bottles, 50c., at J. B. McLeod's Drug Store, corner King and Brock streets (Wade's old stand), and corner Princess and Montreal streets.
