## Had Weak Kidneys For Two Years.

Doctor Failed to Help. Doan's Kidney Pills Cured Him.

Mr. Edmund Assak, New Carlisle, Que., writes: "I feel it my duty to let you know of the great cure I have obtained by using Doan's Kidney Pills. I was troubled with my kidneys for two years. I tried a doctor, but he failed to help me. I read in the B.B.B. Almanac about Doan's Kidney Pills, and began using them, and after the first box began to feel better. I only used four boxes and they completely cured me. I am very thankful to have found so speedy a cure, and would advise everyone suffering from kidney disease to try them."

Perhaps no other organs work harder than the kidneys to preserve the general health of the body and most people are troubled with some kind of Kidney Complaint, but do not suspect it. It may have been in the system for some time. There may have been headache, swelling of the feet and ankles, disturbances of the urinary organs, such as brick dust deposit in the urine, highly colored, scanty or cloudy urine, bladder pain, frequent or suppressed urination, burning sensation when urinating, etc.

Do not neglect any of these symptoms, for if neglected they will eventually lead to Bright's Disease, Dropsy and Diabetes. Price 50 cents per box, or 3 boxes for \$1.25, at all dealers or The T. Millburn Co., Limited, Toronto. In ordering specify "Doan's."

## FOR THE PUBLIC

New Formula Cures Coughs, Colds, Bronchitis and Hoarseness in Five Hours.

Much is being done in these days to stop the ravages of consumption, but probably nothing has been so effective as teaching the public how to break up a cold and cure coughs, bronchitis, tonsillitis, etc., with simple home-mixed medicine. A laxative cough syrup, free from whiskey is the prime need. A cough indicates inflammation and congestion and these in turn are due to an excess of mucus and poison in the system. A tonic laxative cough syrup rids the system of congestion, while relieving the painful coughing. Get the following and mix at home: One-half ounce fluid wild cherry bark, one ounce compound essence cardiol and three ounces syrup white pine compound. Shake the bottle and take twenty drops every half hour for four hours. Then one-half to one teaspoonful three or four times daily. Give children less, according to age. Cut this out and save it for some friend.

McLean. Mrs. E. J. Walker has returned to Mississippi, after visiting a week at Wagarville.

### GEN. BOOTH AT HOME.

An Interesting Sketch By One of His Officers.

GENERAL BOOTH.

Here is an interesting sketch of "General Booth At Home," from the pen of one of his officers, Lieut.-Col. Kitching: "Tea and buttered toast sounds an almost impossible breakfast menu for an old man who knows that before him is a long, hard day, but the general thrives on it, his only variation in luxury at that meal being perhaps a boiled egg. At the general's house, the rule is, 'After breakfast, prayers, the main portion being that he may have strength and wisdom for the day's work before him. The first and most regular visitor—there like clockwork—is Bramwell Booth, chief of the staff. He may bring a hundred and one different matters, but most of them will be problems. For an hour, perhaps a couple of hours, careful and thoughtful discussion follows. Then the general turns to his desk. Before him is a pile of important letters from half the countries of the world; at his right hand the proofs of a book shortly to be passed through the press, at his left manuscript notes to help him in an interview he is to have to-morrow.

"In response to a touch of the bell a secretary enters the room, and the general proceeds with his dictation. Messengers arrive from headquarters, telegrams and the call of a pressman from town on the off-chance of finding the general at home, occupy the rest of the morning. Then dinner, and after the general goes to his room for a short nap. This has been his custom for many years, and his ability to keep at work during the remainder of the day is largely dependent upon it.

"At tea-time a couple of commissioners join him, taking instructions upon matters of policy affecting the happiness and usefulness of perhaps a million souls. Then the general goes to the door. 'Gyp!' he calls, and Gyp bounds and barks, and jumps with delight as the general takes him off for a walk. But Gyp's joy is short in duration, for the general's thoughts are still at his desk, and the unfinished work that lies there. In a few minutes the general is at home again, with the gas lit, the curtains drawn, his slippers on, his pen in his hand, and his mind on his pen. Seven o'clock strikes—eight—nine—but the general works on. The door opens. 'Well, general, what sort of a day have you had?' asks the chief, as he comes in, looking as he though he would drop with fatigue, and, handing him more proofs, more letters, begins at once to talk some more problems. It is often eleven, sometimes later, before the general mounts the stairs and turns in.

### WHIG'S FASHION HINT.

Cerise dinner gown with black tulle waist—Maison Rondeau.

While John Stewart and son, R. M., of Calabogie, were engaged in killing a pig, two fine deer passed through the field beside them. Directly R. M. was all in a flutter; and, running to the house for the gun, with his heart in his shoes, he returned and let fire, regardless of aim, bringing one down in the yard. Turning around he fired on the other one, leaving it also lying some few yards away.

Alfred Craig, eldest son of Adam Craig, Calabogie, passed away at the Red Cross hospital, Cobalt, on Wednesday, at the age of twenty-three. Deceased had only been ill seventeen days with typhoid fever.

Mrs. Hester A. Lake, Liverpool, arrived in Nanawau on Monday, and will spend the winter with her sister, Mrs. Martha Finkle.

### The Old Pretender.

M.A.P., London.

There is a good story told of a visit King Edward once paid as a young man to Warwick Castle. On this occasion his majesty received a reading of history new to himself, as it will be to most legitimate historians. It was a grave and dignified old lady, who had been housekeeper in the family for a number of years, who had the honor of showing the interior of

the Castle to the Royal visitor. At one point she handed him a relic with the remark that it had belonged to King James III. "King James III.?" echoed the King. "Oh, yes, the Old Pretender." The elderly scolder drew herself up sharply. "We don't think so, your Royal Highness," she snapped.

Shady transactions are many times committed in the open.
