THE FRONTENAC
LOAN AND INVESTMENT SOCIETY
ESTABLISHED, 1863.

President—Sir Richard Cartwright. Money issued on City and Farm Properties. Municipal and County Debentures. Mortgages purchased. Deposits received and interest allowed.

S. C. McGill, Managing Director, 87 Clarence street.

You will subscribe to some mighty queer opinions if you try to agree with everybody.

LET GIRL PROPOSE

IF SHE WOULD LIKE TO MARRY A MAN.

Chicago Clergyman Says it is a Useless Conventionality to Stick to the Old-fashioned Way—Men Should Be Compelled to Wed.

Chicago, Nov. 26.—"There is only one good reason for not getting married, and that is ill-health," said the Rev. Frederick E. Hopkins, in Pilgrim Congregational church.

"The state should compel men to marry for the same reason it compels education and in some countries military service. It is for the welfare of the state that there should be the largest number of homes and a normal and regular increase of population.

"If after a suitable acquaintance a girl would like to marry a man, but he does not ask her, then let her ask him. Why not? If she wants him she will probably give him a good many hints anyhow, so why not speak right out and ask for what you want? It is a useless conventionality and a silly custom any way we look at it, to stick to the old-fashioned way."

WHAT IT MEANS.

The Remarks of Lord Balfour of Burleigh.

London, Nov. 26.—"If you win a victory it will be only a temporary one if you lose, you have prejudiced the position, power, prestige and usefulness of the House of Lords, which, I believe, every one of you honors and desires to serve as heartily as I do myself."

In this homely, candid fashion Lord Balfour of Burleigh told the members of the House of Lords, last evening, his opinion of the course they were pursuing with regard to the budget.

Lord Balfour's speech was the real event of yesterday's sitting of the upper chamber. It probably will have even greater influence than that of Lord Rosebery, because Rosebery no longer holds the confidence of any party.

The Bishop of Hereford, who intervened late in the debate, said that while he respected the Archbishop of Canterbury's desire that the bishops abstain from voting on the measure, he claimed the right to the exercise of independent judgment. If the bishops had any function to perform it was, he said, to speak for the multituduous poor, therefore, he supported the budget, which was a social welfare budget, based on sound finance. He was convinced, he declared, that the country's answer to an appeal to the ballot would be in such clear English that never again should the fundamental liberties of the people be endangered by a privileged class.

Many others of the peers spoke but all of them along ordinary party lines. The debate was adjourned until Monday when Viscount Morley, Lord Curzon and Lord Rothschild are expected to address the house.

A great pro-budget demonstration took place, last night, in Parliament Square and that locality. Six thousand persons gathered for the demonstration and sang political songs and cheered for David Lloyd-George, chancellor of the exchequer. Police, to the number of 1,500, were employed in keeping order, but finally the crowd became unmanageable and they cleared the square. There were some slight scuffles and several arrests were made. The demonstration is likely to be repeated on a larger scale Monday and Tuesday.

BURNED TO DEATH.

Aged Kemptville Lady's Clothing Catches on Fire.

Kemptville, Ont., Nov. 26.—The entire community was shocked to learn of the death by burning of Miss Louisa Shaver, an aged and respectable resident here. Miss Shaver resided with her niece, Mrs. Rutledge, and was left alone in the house, Wednesday afternoon, there being a fire in the coal stove. In some unaccountable manner the aged lady's clothing caught fire. Her cries alarmed a neighbor woman about 3:30 a.m. She called to Joshua Purcell, who rushed into the house and found the place full of smoke and the unfortunate woman in flames. At 6:30 she passed away, still unable to tell the story of the terrible accident which had befallen her.

QUEER MAKESHIFTS.

Winnipeg Paper Printed By Use of Traction Engine.

Winnipeg, Nov. 26.—Humorous indeed are some of the expedients resorted to by the users of electric power here following the complete tie-up of the street railway hydro-electric plant. The Telegram is being printed by means of a traction engine backed up near the building, while an ingenious woodworker has an automobile attached to his machinery as motive power.

The wholesale trade, where there is no energy for freight elevators, is in about the worst predicament of all. There is still no definite idea as to when the damage will be repaired, although the inrush of water at the plant is stopped.

$72,500 For "An Old Jew."

London, Nov. 26.—Lawrence's famous portrait of the Duke of Wellington was sold at auction, yesterday, for $10,000. The Agnews have bought in St. Petersburg Rembrandt's portrait of "An Old Jew." The painting was sold to the Agnews by M. Delaroff, a private collector, for $72,500. M. Delaroff bought the picture a few years ago for $20,000 from Countess Adlerberg.

A Hamilton Referee.

Ottawa, Nov. 26.—A Hamilton man will be referee in the Ottawa-Varsity match at Toronto Saturday. McMaster, of Montreal, has been agreed upon as umpire, and the appointment of a referee has been left with President McKeand, of the C.R.F.U., who will likely name Robbins or Hayes, of Hamilton.

"Safety corn planes." Buy them at Gibson's Red Cross drug store.

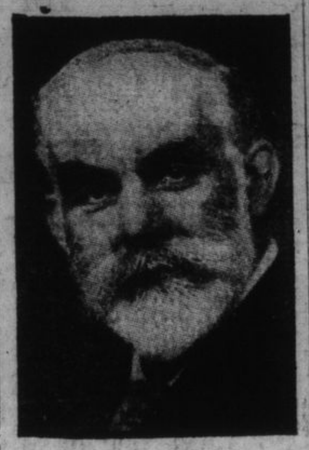
BURNED HERSELF TO DEATH.

Woman Soaked Clothing in Oil and Ignited It.

Niagara Falls, N.Y., Nov. 25.—Mrs. Florence Bishop, sixty years old, committed suicide at her home in Coomer's Road, a few miles from this city. She took her life by soaking her garments in coal oil and incinerating herself. Alexander Gillies found Mrs. Bishop's body in a smoke house. It was a mass of burned flesh and charred bones. A note found among the dead woman's effects told of the writer's determination to end her life by fire.

JOHN BURNS FOR CABINET.

Labor Leader to Replace Herbert Gladstone.



HON. JOHN BURNS.

London, Nov. 25.—It is rumored, today, that John Burns, the socialist-labor president of the local government board, will replace Herbert Gladstone as secretary of state for home affairs.

Finds Child After Years.

Chicago, Nov. 26.—Ephriam Johnson's discovery of his daughter here after a two-year search, has resulted in the arrest of "Tom" Mitchell, known as the "king of all the gipsies," on a charge of kidnapping, and is expected to result in the charging of Mitchell's son, who is sixteen years old, with a more serious offence. The girl, thirteen years old, was taken from her home at Elizabeth, N.J., and her father has travelled all over the United States since in search of her.

When The Stomach Stops

Working Properly, Because There is Wind in it, Use Stuart's Dyspepsia Tablets to Set It Going Again.

A Trial Box Free.

The doctors call it flatulency, but unprofessional folks know it as "wind on the stomach," and a most distressing state of things it is. It is a serious condition of this great motor organ. Always annoying and painful in the extreme, at times often leading to bad and fatal results. The stomach embarrassed and hampered with wind, cannot take care of its food properly and indigestion follows, and this has a train too appalling to enumerate. The entire system is implicated—made an active or passive factor in this trouble and life soon becomes a questionable boon.

All this is explained in doctor books; how undigested food causes gasses by fermentation and fomentation in which process some essential fluids are destroyed—burnt up—wasted by chemical action; followed by defective nutrition and the distribution through the alimentary tract of chemically wrong elements and as a consequence the stomach and entire system is starved. Plenty of food, you see, but spoilt in preparation and worse than worthless.

A Deranged Stomach is the epitome of evil; nothing too bad to emanate from it, but the gas it generates is probably its worst primary effect and the only way to do away with this is to remove the cause. Stuart's Dyspepsia Tablets go to the root of this trouble. They attack the gas making foods and render them harmless. Flatulency or wind on the stomach simply cannot exist where these powerful and wonder-working little tablets are in evidence.

They were made for this very purpose to attack gas making foods and convert them into proper nutriment. This is their province and office. A whole book could be written about them and then not all told that might be told with profit to sufferers from this painful disease, dyspepsia. It would mention the years of patient and expensive experiment in effort to arrive at this result—of failures innumerable and at last success. It would make mention of the different stomach correctives that enter in to this tablet and make it faithfully represent all.

Stuart's Dyspepsia Tablets are not alone intended for the sick, but well folks as well; for the person who craves hearty foods and wants to eat heartily and run no risk of bad effects, they act like a charm and make eating and digestion a delight and pleasure. They keep the stomach active and energetic and able and willing to do extra work without special labor or effort. Don't forget this. Well people are often neglected, but the Stuart Dyspepsia Tablets have them in mind.

A free trial package will be sent any one who wants to know just what they are, how they look and taste, before beginning treatment with them. After this go to the drug store for them; everywhere, here or at home, they are 50c. a box and by getting them at home you will save time and postage. Your doctor will prescribe them; they say there are 40,000 doctors using them, but when you know what is the matter of yourself, why go to the expense of a prescription? For free trial package address F. A. Stuart Co., 150 Stuart Building, Marshall, Michigan.

P.S.—Better send to-day for samples of the tablet. You will get quite a box of them.

NEWBORO MAY GO DRY

A LOCAL OPTION VOTE TO BE TAKEN.

Rev. T. E. Burke, of Kingston, Will Start Kettle Boiling—Good Roads Soon to Lead to This Rideau Village.

Newboro, May 24.—The good roads by-law was passed in Brockville at the county council and $300,000 will be expended on the county roads next year. Part of the money will be expended on the road from Newboro to Westport, a distance of five miles, and from Newboro to Crosby, a distance of three miles. Thus all roads leading to the village will be improved and at no cost to the ratepayers as by the terms of the county by-law incorporated villages will not be taxed.

The steamer Edmund and barge Colonna went to Kingston a couple of weeks ago for wheat but were unable to secure any and returned on Saturday, bringing a cargo of oats from Washburn. The boats will go into winter quarters in the canal here.

Misses C. Fahey, Elgin, and Kathleen Golden, Burridge, and Joseph Dwyer, Elgin, were here on Saturday afternoon. E. Graham, Delta, spent Sunday here, the guest of his brother. H. S. Foster returned on Monday from a trip through Western Canada. Mr. and Mrs. J. T. Gallagher were visitors in Brockville on Tuesday. A. McGuiggan has secured the position as hostler at the new Ontario hotel, vacated by George Bishop. G. Bawden is spending this week in Kingston. Mrs. M. Breeze, Westport, was the guest of Mrs. James Stanton on Tuesday. A. J. Hart, Prescott., was here on Wednesday. Preston McCann, brakeman on the C.P.R., Smith's Falls to North Bay division, is renewing acquaintances in this locality.

An organization meeting of the local optionists was held in the village hall on Wednesday evening and the following officers were elected: Hon. president, Rev. Mr Rondeau, Westport; president, J. T. Gallagher; secretary-treasurer, Rev. G. E. Wood; executive committee, William Spicer, J. T. Graham and D. D. Davidson; voters' list committee, E. G. Leech, Edward Wight and S. Mavety. An invitation has been extended to Rev. T. E. Burke, Kingston, to deliver a lecture about Dec. 10th. A couple of speakers will also be sent by the Dominion Alliance before the close of the campaign. The by-law will receive its first reading at the council meeting on Dec. 6th.

A large number of local parties and several from a distance are fishing for herring in the Rideau. Since the commencement of the stormy weather large catches are reported. A. S. Morton, Athens, was a visitor here on Tuesday evening. Miss Kate Tobin, Westport, is the guest of her sister, Miss Lena. Miss Lou Singleton, who had her arm broken a week ago, is improving nicely. Willard Spicer is able to be out again after a ten weeks' illness from typhoid fever. A number from here intend attending the box social in Westport to-morrow evening. Local poultry raisers are preparing for the fairs next week.

DR. COULTER'S REPORT.

Australia to Withhold Her Support.

Ottawa, Nov. 24.—That Australia, for the present at all events, will withhold its support from the proposal to organize the "All-Red Route" is the principal feature in the report of Dr. R. M. Coulter, deputy postmaster-general, on his recent visit to Australia and New Zealand to interest the governments of these two countries in the scheme. His negotiations with New Zealand, however, were more successful, for he reports that that country is "quite prepared to join with Australia and Canada to inaugurate such a steamship service and assume her share of the cost." Dr. Coulter had the misfortune to land in Australia just at the time of a change of government, and in the interval went to New Zealand and completed his negotiations there. On returning to Australia in January he interviewed the new government known as the labor government, led by Hon. Mr. Fisher. They expressed their sympathy with the object and promised that if a conference were called by the Canadian or British authorities Australia would be represented. In a long letter to Hon. Andrew Fisher, premier of Australia, Dr. Coulter pointed out the benefits which would accrue to the commonwealth by joining in the scheme. "If the All-Red were inaugurated," Dr. Coulter stated in his letter, "Australia, although the smallest contributor, stands easily to become the greatest beneficiary as regards the large expenditure of money necessarily involved in carrying out the scheme. It is estimated that the expenditure of the Pacific end of the service will be somewhat over £600,000, and Australia being the terminus of the road will necessarily receive not less than three-fourths of the amount expended. It will bring London within twenty-seven days of Sydney, or four days closer than under the present mail service." In spite, however, of the tempting facts and figures set forth in Dr. Coulter's letter, which covered several closely typewritten pages, the Australian government, whilst expressing "interest and sympathy" with the object of Dr. Coulter's mission, sent a reply regretting that they were "precluded from entering at present into any definite agreement as to the subsidy to the proposed service," but added, "When the limitation imposed by the constitution on our expenditure expires, as it will do shortly, we may then be in a position to offer some practical aid towards the proposed fleet." In a later letter the Australian authorities announced that should a conference be called the Australian government would be represented. "I may, however, add," the letter proceeds, "that our representative would be instructed to urge that the steamers to be employed in the service should be under the control of the several governments concerned. The main object of the enterprise being to knit together more closely the scattered portions of the empire we are convinced that only by government ownership can this object be attained with the maximum advantage to our respective communities."

TAYLOR'S TUB TALKS

Don't Boil Clothes

It isn't necessary—it's expensive and it means doubling your work. You don't have to boil clothes when you use Taylor's Borax Soap, for it dissolves and removes the dirt in a jiffy—yet it never harms the daintiest textures, nor shrinks woolens.

It leaves everything whiter, sweeter and cleaner than you ever dreamed possible. Try it and see.

TUB TALK No. 2

To wash colored muslins, linens or lawns, first make a strong suds with Taylor's Borax Soap and luke warm water. Wet but one piece at a time. Unless the article is very much soiled, do not run the soap directly on the article. Rub gently with the hands until perfectly clean. Wring out the clothes, and rinse thoroughly in water of the same temperature as that previously used. Never boil colored clothes. A very little Taylor's Borax Soap added to boiled starch will prevent it from sticking, and makes the clothes iron smoother and easier.

Taxicab Stock

The Story of the Dollars

The ideal way of earning money is to make your dollars work for you. Make your dollar work where it will earn the most by seeking for the investment that will pay the best.

The dollar that earns but 2 or 3 per cent. is almost as bad as the idle dollar which earns nothing. We advise Taxicab Stock at $6 per share, par value $5.00, for beginning January 1910, it can pay a dividend of 10% per annum or 2½% quarterly.

The Idle Dollar

The dollar that is tied up in bad investments—

—the dollar that is invested in (conservative) low interest bearing securities, usually sold at a high premium—

—the dollar that is not invested anywhere, reposing in the old stocking under the mattress, or in the tin teapot on the pantry shelf—

—the dollar that buys the things that you would be better without—

—this is the idle dollar.

The idle dollar gives no man comfort in holding, keeping, owning or wasting.

The Busy Dollar

The dollar that is working for you all the time—

—the dollar that brings you a big percentage of returns—

—the dollar that is invested in good commercial stocks or industrial enterprises and earns away above the ordinary bank interest—

—the dollar that by quick turns and clear foresight doubles, trebles and quadruples itself—

—this is the busy dollar.

To keep your dollar busy make it work for you and earn big returns.

An investment in Taxicab Stock will prove the best known medium.

The Ideal Investment

An industry that fills a long felt want, which supplies an insistent and growing demand, which has possibilities of great future expansion, is the ideal investment.

Such a one is Toronto's system of Taxicabs, for in barely six months it has proved its big earning capacity.

What it may do in the future, with an outfit increased many times, you can only surmise.

Taxicab Stock has a great future, and the time to buy Taxicab Stock is now.

SUBSCRIPTIONS will be accepted up to 100 shares in the order received at this office.

MAIL US YOUR CHEQUE AT ONCE if you wish to participate before the issue is exhausted.

Constipation.

No one need expect to be healthy if the bowels are allowed to become clogged up. A free motion of the bowels daily should be the rule with everyone who aspires to perfect health.

Costiveness or constipation clogs the bowels, chokes up the natural outlet of impure matter, and retains in the system the poisonous effete waste products of nature, causing bad blood, dyspepsia, headache, biliousness, foul humors, pimples, boils, blotches, piles, etc. Burdock Blood Bitters has built up an unrivalled reputation as a cure for constipation and all the diseases which arise from it.

Constipation Cured.

Mr. Burns Woodcock, Nashwaak Bridge, N.S., writes: "For over two years my wife was troubled with constipation. She tried several physicians, but could get no relief, but after taking three bottles of Burdock Blood Bitters she was completely cured and is to-day in good health. My wife and I cannot speak too highly of Burdock Blood Bitters."

For sale by all dealers.

Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

OUR ROOSTER BRAND OF TOBACCO

Smoking and Chewing at forty-five cents a pound, is a good tobacco. Why pay eighty-five cents. Andrew Maclean, Ontario street.

WHAT ARE YOU GOING TO DO WITH YOUR FEET?

We carry everything you can think of in warm foot covering. Overshoes, Rubbers, Felt Boots, Moccassins, both Oil Tanned and Moose Hide, Rubber Boots and many lines of Heavy Soled Shoes, in Black and Tan.
