The deceased is a son of Isaac Kert, a well-known contractor, and but a few days ago returned home after completing a contract of his own on the Canadian Northern railway in the Quebec district. He is about twenty-three years of age, and although so young, has been successful in amassing about \$30,000 out of his work in

The makers have such complete confidence in them that they guarantee them to cure any case of Sour Stomach, Heartburn, Indigestion or Dyspepsia—or you get your money back.

"Little Digesters," with this absolute guarantee, cost 25c a box at the drugists', or by mail from the Coleman Medicine Co., Toronto.

THE KING EDWARD.

Jean Valjean lectures from Victor Hugo's "Miserables," are attracting attention throughout Canada and the United States. The King Edward, one secured the best and most pathetic end of the series. It shows the latter's miraculous escape, and the pathetic end of Valjean's noble life. Also "Martyr or Crank," or how innocents are convicted on circumstantial evidence, and a most ludicrous comedy, "The Fingering," in which he receives the first degree in Skidoo lodge. Song, "Under the Irish Moon." This programme is a most superior one. To-night and Tuesday afternoon and evening. Usual admission.

SOCIETY WOMEN'S HAIR

A Simple Treatment That Will Make It Truly Fascinating—G. W. Mahood Guarantees It. Nowadays every up-to-date woman has radiant hair.

What a foolish creature a woman would be if she lost the opportunity to risk to her attractions. Yet in Canada to-day there are hundreds of thousands of women with harsh, faded, characterless hair who do not make any attempt to improve it.

In Paris most women have beautiful hair, and in Canada all women who use Parisian Sage have lustrous and luxuriant hair.

And any woman reader of the Whig can have attractive and lustrous hair in a few days' time by using this great hair rejuvenator, Parisian Sage.

G. W. Mahood sells a large bottle for 50 cents, and he guarantees it to banish dandruff, stop falling hair and itching scalp in two weeks or money back. Parisian Sage is an ideal hair tonic, not sticky or greasy.

TWO WERE DROWNED

WHILE SKATING ON ICE NEAR GRAVENHURST.

Young Brother Helped His Sister Out Once, But She Broke Through Again Before They Reached the Shore.

Gravenhurst, Nov. 29.—A drowning accident occurred at Franklin's Bay, Sparrow Lake, Saturday evening, when Mary (M), aged fifteen years, and her brother, Daniel (D), aged thirteen years, lost their lives. The two, whose father, Hugh Gill, is a highly respected farmer, were skating with a number of others on the lake, when the ice gave way, letting them and two more young people, Miss Mary Jones and Cyril Gill, into the icy water. Cyril Gill managed to get out and assist Miss Jones and also his sister on to the ice, but the latter broke through again before she got to shore. The bodies were recovered.

KILLED THE BABY.

Sprinkled With Powdered Arsenic Instead of Talcum.

Salisbury, Ill., Nov. 29.—A well-meaning neighbor of Mr. and Mrs. Frank Davis came into their home to take care of their twelve-day-old baby while Mrs. Davis was ill, and the well-meant intentions killed the child. Under the impression that she was using talcum powder, the nurse sprinkled her charge with powdered arsenic. The coroner's jury summoned yesterday brought in a verdict of accidental poisoning. The arsenic and talcum powder, although plainly labelled, were in similar packages. Twice Mrs. Davis' neighbor dusted the child, with the powder after she had given it a bath. Death ensued in a short time.

General Hospital Praised.

The board of management of the Kingston general hospital has received an excellent letter from Albert E. Shannon, speaking in glowing terms of "the faithful and skilful care," he received while dangerously ill in that institution during October last. He praises the medical superintendent, the nurses and the whole management. He also states that when convalescent and able to move in and out among the ward and other patients he heard nothing but good words for the hospital. The management were very pleased to get this letter. Every effort is being made to keep the services at the Kingston general hospital satisfactory in every respect and it is always pleasant to know that one's endeavors are appreciated and acknowledged.

TO ACCEPT THE OFFER

Of J. M. Campbell to Settle Gas Tank Dispute.

It is learned that the light, heat and power committee, on recommendation of the city solicitor, will, this evening, report to the city council, advising that the offer of J. M. Campbell, of \$733, in settlement of the city's claims regarding the defective gas tank, be accepted, and that no action be taken against Mr. Campbell. The offer of Mr. Campbell was made last winter, and was at first refused. The committee realizes that an action against Mr. Campbell, would likely fail. It has cost the city \$4,300 to make the defective tank water-tight, and hence the loss will be \$3,567. However, it is pointed out that what was paid for the tank originally was \$2,000 too little for a good job. Hence on the whole, the city's loss will be only about \$1,500.

Bread Drops In Price.

R. H. Toye's announcement in the Whig, on Saturday, that he would to-day reduce bread from six to five cents a loaf, has resulted in all the bakers dropping the price. Family Cough Syrup

Cures Any Cough in Five Hours. NEW PRESCRIPTION HERE.

Here is given the most effective cough prescription known to the medical world. It is a mild laxative, too, and this is what a body needs when suffering with cough and cold on the lungs. A cough or cold indicates poison in the system, causing inflammation and congestion. Nearly all cough syrups relieve, but make the trouble worse by their constipating effects. This prescription not only relieves quickly, but it cures any cough that is curable. Get one-half ounce fluid wild cherry bark, one ounce compound essence cayenne, and three ounces syrup white pine compound. Mix in a bottle. Take for acute cough or bronchitis twenty drops every half hour for four hours. Then one-half to one teaspoonful three or four times daily. Give children less according to age. A few hours' treatment will cure and heal the throat and lungs of all but consumptives. Cut this out and give it to some friend who may need it to be saved from an early death by consumption.
